County Schools Plan Closing Exercises

Just A Few Words

by Jerry Zurek

Would the reader from Holland please step forward with his sickness? We got this letter:

"Dear Sir:

"We very much enjoy the small old booster over here and think you are doing excellent opportunity in reporting the Netherlands.

"You must excuse my English as it is not always for touching.

"Would you please send it to address below in future, please, and keep up the good opportunity. Thanks so much."

"And that's all. There is no address below and the signature is illegible.

The letter, apparently postmarked from the Netherlands, complete with stamp and stationery from the Anglo-American Hotel, he tried to send you the Booster friend, just tell the where.

Graduation time is just around the corner. Soon thousands of eager, smiling young faces will turn towards the wide, wide world, full of hope, determination and ambition.

Then they'll learn the world's truth.

Schools end, for the century, means summer jobs, camp, and for many, college in the fall.

For you young mothers, it will mean a thousand and one things—small try to iron, bake a dozen miles, peaceful hours between breakfast and supper.

Happy Mothers Day, you all.

Woodville has an uncommon lot of parking space for folks who want to do their shopping and downtown visiting. Noticed this kind of all of a sudden the other day.

Parking is generally a big problem with most small towns and off hand I can't recall a single one as well blessed with parking as Woodville is.

You city folks come see.

The Lions Club is to be congratulated on the political rally Saturday in general and on the barbecued chicken in particular. It was prime.

It was nice that the weather held pretty after the rain earlier washed out the state park ground breaking over at Dam B and almost scotched the Cub Scout Carnival here on the square.

The politicians were in good form too, especially the candidates from Hardin county in the district attorney's race. They furnished the most verbal fireworks of the night and really put the crowd's attention as the meeting drew into its close.

Saturday will be a day of joy for some and one of not so much joy for others. Politics, government, and the folks who indulge therein makes for some mighty interesting talk of a long winter's night.

Be sure to vote!

Candidates Woo Voters In Stretch

With the deadline for calling votes more nearly hours away than days, political candidates were scurrying to and fro in a frenzy this week seeking last-minute votes.

Saturday night's political rally at the football stadium brought out a crowd of several hundred to hear the candidates first hand as they made their pleas for support.

And the rally was not without its moments as two candidates from Hardin county, R. A. Richardson, the incumbent district attorney, and R. S. Geo. Gee, who is trying to unseat him, engaged in a bout of verbal fisticuffs.

Gee attacked the record of his opponent, and vowed that there was something sinister in the fact that the district attorney does not drive a car or have a telephone.

Richardson, on the other hand, had armed himself with affidavits certifying that he had never been charged with a crime and pleaded earnestly with the crowd that this was the first time in numerous campaigns that he had ever been forced to defend his character.

Outnumbering the pair in the district attorney's race, if not not talking, there were the numerous candidates in the running for the legislature—seven in all.

And as each of these made his address in the allotted five minutes he hurried to a waiting automobile for a similar rubbout with the voters in far off Kirbyville in Jasper County.

Tuesday, the last day of absentee voting in Saturday's primary, 134 ballots had been cast, Tom Sawyer, Tyler county clerk said.

In addition, four Republicans had also cast absentee votes for their primary, he said. Proving that the two-party state has come to Tyler county, there will be two voting boxes for GOP party members in the county—one at Warren and one at Woodville.

Allen Coats will preside over the Warren box and Jimmy Houston will man the Woodville precinct for the Republicans. Their ballot lists single candidates for governor, lieutenant governor, attorney general, congressman-at-large, railroad commissioner, associate justice of Texas supreme court, place 4, comptroller of public accounts, state treasurer, commissioner of the general land office, commissioner of agriculture and a four man race for United States senator.

Jack Hightower is on the ballot for Tyler county Republican chairman.

A straw vote for preference for the 1964 Republican presidential nominee also lists Barry Goldwater, Nelson Rockefeller, Margaret Chase Smith, and Harold Stassen.

Harold Anglin Died Tuesday In Houston

Word was received here this Tuesday of the death of Harold A. Anglin in the Veterans Administration Hospital in Houston.

He had been a patient there for several months.

Funeral services will be held here at 11 a.m. Thursday.

Survivors include his father, Arthur Anglin of Baton Rouge, La., a sister, Mrs. Martha Hainger of Texas City, a brother, Arthur Gene Anglin also of Baton Rouge, and two children.

Further details on services are pending.

United Church Women Plan Fellowship Day

The Woodville United Church Women will observe May Fellowship Day at the Woodville Methodist Church May 13 at 9:30 a.m., Mrs. O.H. Phillips, president, said this week.

Mrs. Glenn Dies will act as program chairman and Rev. Joseph Harrison will be the speaker.

A nursery will be provided for babies and women of all churches are invited, Mrs. Phillips said.

Max Hill Wins In Regional, Trains For State Meet

Max Hill, Woodville track star, won first place honors in the regional track meet in Austin on Saturday, April 25.

He placed first in the 220 yd. dash, second in the 100 yd. dash, and third in the broad jump.

Hill will be in Austin next week for the state meet May 9 in that event.

Hill was Woodville's only first place winner in the regional meet.

Coach Charles Willis said that after a couple of days rest that Hill was working out again. He is a member of the two relay teams.

Hill is going to take a day off about May 5 to work in the yard, and I believe Max can do it," Coach Willis said.

Teachers Gather At Spurger For Dinner Meeting

About 100 members of the Tyler county attended the annual banquet meeting of the county unit of the Texas State Teachers Association at Spurger Tuesday.

The unit elected officers for a year, Rufus E. Lawson of Spurger said.

Election of officers for the coming year was one of the main items on the agenda.

The lunchroom ladies of the Spurger school served the meal assisted by the homemaking girls and their sponsor.

$600,000 State Park Site Ground Broken

The first step was taken Monday at Dam B in the construction of over $600,000 in state park facilities when the slab for the construction maintenance building was poured.

Over 100 persons gathered at a clearing on the Jasper county side of the lake to witness ground breaking ceremonies and to hear Weldon Watson, executive secretary of the Parks and Wildlife Board describe what the state had in store for the reservoir area.

Watson said that plans called for expenditures of $811,000 within a two year period around the lake.

However, he said, highway department road construction in conjunction with the Parks and Wildlife funds will bring the total in the above figure.

"This money will all have been spent by August of 1965", Watson told an audience that kept casting nervous eyes on leaden skies that dumped considerable rain as the program drew to a hasty close.

State Sen. Martin Dies Jr., of Lufkin acted as master of ceremonies.

"The program for the development of a state park around this reservoir seeks to accomplish economic stimulation of the area by providing first class recreational area for big urban centers to the south," Sen Dies said.

Watson said that the development of the park by the state was begun mainly through the efforts of local people.

The park area of 841 acres was leased to Tyler county by the Corps of Engineers, then sub-leased to the state for over to the state for development.

GROUND was broken for a half million dollar state park at Dam B Saturday. Left to right are Weldon Watson, of the Parks and Wildlife Board, State Senator Martin Dies Jr., of Lufkin, and O.R. Crawford, of Jasper, who acted as representative for Governor John Connally.

A 10 acre tract on which Byerly's Lakeside Inn is located was excepted. This tract was originally leased by the Byerlys some years ago.

Right of entry to an additional 704 acres was granted by the engineers on April 10, Watson said.

Since that time, 40 acres has been cleared of underbrush by prison labor. It was on this section that the concrete slab for the construction building was to have been poured Monday.

When completed, the park will have 154 campsites, six restrooms, 48 screen shelters, and 50 pull thru sites for trailers.

Other items programmed for construction are a residence for the park superintendent, water, electricity, maintenance building, handicapped building, boat ramp, picnic tables and access roads.

Members in addition to Watson and Senator Dies were [illegible] of Austin, [illegible] of Austin, [illegible] of Austin,

The chances are good that the state will recommend contract netting in Dam II. The purpose of netting most of the time is to remove rough fish which might prey on game fish for its food supply.

However, Charles Ford, game warden here in Woodville is of the opinion that rough fish, too, serve their useful purpose and might come in handy in some way. He believes for instance that they help keep down the insect population, for one thing.

Under control netting a [illegible] the game department gives permits to applicants for sale, location and periods of net use. This way the game department knows where the nets are, who the fishermen are, and when and where the nets are used. Thus both the game and fish are protected.

The contract fishermen are allowed to keep all game fish they catch, selling them to the public. The rough fish they sell to fertilizer companies.

The fishermen are allowed to sell anything they catch except game fish. Game fish must be released alive.

The fishermen are required to keep a record of their catch and report it to the game department. Thus the game department can keep a check on the number of fish taken from the lake.

Dam II is now in its second year of operation. Fishermen who have fished the lake report that fishing has been good.

If the warm spring weather has drawn you out to work in the yard, inspired you to start a fertilization project, or inspired you to plant a garden, and you haven't had a tetanus immunization you are, in fact, giving tetanus an open invitation.

Tetanus, also known as lockjaw, is no respecter of persons. A long-time gardening enthusiast learned this lesson the hard way. Her flower beds were the pasture for other animal. The cows did her a favor, perhaps, by keeping her grass cut. Last year the gardens were her pride and joy. The special fertilizer, and manure, as well as the special fertilizer, from the cows, the water, and the hours cared for the plants paid off.

To friends and family and neighbors, and with daughters and grandchildren, she spoke about the good times spent in her garden. But she failed to mention the cut on her hand which she received while working in the garden.

This was when gardening was a group project. It was fun to be out in the earth and little people appear on the scene who want their hands in and for plants. You see, she died of tetanus.

Tetanus is a killer. Even when treatment is started almost immediately, about one-third of the victims still die.

Fortunately, there is an effective and safe immunization procedure against this disease, but an initial series of tetanus immunizations won't help if given after an injury. A booster will do it if you've had initial protection. Otherwise, only a horse serum, which is hazardous itself, must be used.

Spores of the bacteria which cause tetanus are almost everywhere. They are found in soil, street dust and animal droppings, particularly in manure. A scratch, cut or open sore may allow some of the organism spores to enter the body.

Once inside the body these tough spores form a deep or tetanus germs that may so [illegible] a serious illness or death. One ounce of tetanus toxin is enough to kill 100,000 people. In humans, the toxin causes muscle spasms, convulsions and frequently death. The local lockjaw [illegible] the jaw muscles affect [illegible] the jaw shut.

Unless you have had a series of tetanus immunizations in the recent past, if you have had initial immunization but have not had a booster in the last ten years, you must be immunized. Doing the prescribed for tetanus immunization is not difficult or painful. Immunization is a simple matter of a series of injections.

Responsibility Law Is Now In Effect

NEW PROVISION IN DRIVER RATE RESPONSIBILITY LAW

To make the Texas Safety Responsibility Law effective as possible, the 58th Legislature enacted several amendments. The strengthened law became effective January 1, 1964.

As before, your license is suspended if you are found to be responsible for an accident involving injury or death, or property damage in excess of $100. Now the following facts are added:

If your license is suspended, you must show proof of financial responsibility for the future and maintain it for five years.

The department of Public Safety is required by the law to suspend the driver licenses and all motor vehicle registration plates of both the operator and owner of vehicles involved in an accident coming under the Safety Responsibility Law. (IN-TERIM)

Evidence of liability insurance coverage in the minimum amounts of $10,000 where one person was injured or killed, $20,000 where more than one, and $5,000 for property damage is required to the Department of Public Safety, if a claim is filed.

We're very proud of the accuracy of our records, but we need the worker's help to keep them accurate.

There are two ways a worker can help the Social Security Administration keep his wage records accurate. First, he should make sure his employer has his name and social security number exactly as they are shown on his social security card. When an employer reports the wrong number or name for a worker, there's a good chance the worker won't get any social security credit for his work. It's impossible for social security records to show credit for wages when no number at all is reported.

The second step a worker can take to help prevent errors is to check his record every three years. The social security office has free post card forms that a worker can use to request a copy of his social security record. If the worker spots an error in his record, the social security office will help straighten it out. The Lufkin social security office will send one of these free post card forms to any worker who wants [illegible]

STATE CAPITAL Highlights AND Sidelights

by Vernon Sanford

Official date for casting your vote for president of the United States is November 3, but the only way to be certain you have some way in who is elected president next fall is to become one of the 10 per cent in each political party to participate in a precinct convention.

These conventions in the state's 6,000 voting precincts will be held on Saturday (May 2). They usually are held at 8 p.m. in rural areas and 8 p.m. in cities.

To take part in a precinct convention, you must first become a "qualified member" of a party by voting in the primary Saturday. The election judge will stamp "Republican" or "Democrat" on your poll tax receipt. This qualifies you to attend the precinct convention.

There, a delegate to each 25 votes cast in the precinct for your party's 1964 candidate for governor will be elected to the May 9 county convention.

At that convention, county delegates to state conventions to be held on June 16 and September 15 will be elected. Meeting in June will select delegates to the national conventions. Also, at that time, candidates for presidential elector will be selected.

September convention will write a party platform and select state executive committee which runs your party's affairs between conventions.

To put it briefly, when you go to the precinct convention you elect the county delegate, who elects the state delegate, who elects the presidential elector, who then elects the president.

The 36-member committee, which has held most of its deliberations behind closed doors, is expected to convene between May 8 and May 12 to pass on the draft report.

ANIMAL HEALTH: Members of the Texas Animal Health Commission will tour border inspection stations at El Paso, Del Rio, Laredo and Brownsville and visit the state's screwworm fly factory at Mission this weekend.

The flying tour was called by the commission's executive director, Dr. H. C. Gilcreal, who felt that anyone representing animal health interests for the state should be familiar with the border situation, the factor, and understand the screwworm eradication program by seeing the operation firsthand.

Officials have reported of screwworms were confirmed in March by state and federal animal health officials, which is the culmination of phenomenal success of the screwworm eradication program.

Dr. Ted Ree of the U.S. Department of Agriculture office in Austin said a March total before the program would have come to about 3,000 screwworm confirmations and, back then, reporting was only about 10 per cent. Now, the reporting rate for Texas livestock producers is up to about 90 per cent.

REPORT REPORTS DUE: All owners or managers of shooting preserves or preserves must submit their report blanks to the State Parks and Wildlife Department on May 1, or turn them in to the nearest game warden.

May 1 also is the date when the 20-month quail or chicken season will begin in 24 Texas counties. Austin, Bastrop, Brazoria, Collin, Colorado, Dallas, Ellis, Fayette, Grayson, Gregg, Harris, Henderson, Hopkins, Jackson, Kaufman, Lee, Matagorda, Navarro, Rains, Robertson, Rockwall, Van Zandt and Washington.

DEPUTIES: Larry Gene Wagoner (left) has joined the Texas Ranger force, which he joined in 1961 as a private. Wagoner, a native of Ennis, is married and has two children. He is assigned to the Austin headquarters. Sgt. Wright A. Allen, veteran of 26 years in the service, has been promoted to the rank of captain and assigned to the Austin headquarters. He is a native of Ennis and has been with the Rangers since 1957.

Texas Game, Fish and Oyster Commission (sic) has published a new law under which the Stephens County commissioners court could have called an election to outlaw dogfight sales of hogs, in rural areas of the county in unincorporated.

A defendant who fails to surrender his driver's license when which his conviction or forfeiture of bond is ordered by justice of court.

A commissioner who is unfriendly with an individual in filing an application for the indigent aged or aid and relief or pension.

INSURANCE RATES VARY: North and northwest Texas residents may pay as low as one-half more for homeowners and extended dwelling coverage as a result of hail and tornado losses.

Counties on the gulf will experience a 4.4 per cent hike for the homeowners insurance coverage, but dwelling extended coverage rates may drop 5.6 per cent. Most areas of the state indicated after a hearing with industry representatives.

In other parts of the state, homeowners rates may decline 3.3 per cent and dwelling extended coverage 10.1 per cent.

The home fire insurance experience rate increase was seen as a year ago statewide.

CUNNALLY, DOUGHERTY: Railroad Commissioner Ben Ramsey Cunnally, Jr., of Austin, Texas, as a guest circuit and part of Attorney General Waggoner Carr's staff, participated with all officials from our state in a financial supply for political campaigns. Commissioner Cunnally brought strong political ability to the office of Railroad Commissioner of State Texas.

The fact that the author) was emotionally distressed by the tragedy (President Kennedy's assassination) as so many of us were who were much more directly involved is no excuse to print such an irresponsible distribution in a magazine of this nature," Connally said.

Since the U.S. State Department is directly connected with the publication, the governor said, future articles should attempt "to undo the harm" already done.

SHORT SHOTS: Gubernatorial candidates Connally, Don Yarborough and Jack Crichton all agreed that if elected they would consult a State Bar Committee on qualifications of prospective judicial appointees.

Texas Water Commission has made available (free) bulletin No. 6403, "Fifty Years of Water Development in Texas," to most growing public interest in surface water, ground water and long-range planning.

Texas Railroad Commission reports 801 gas well completions and 3,601 oil well completions to date this year, compared with 740 and 3,601 respectively in 1963. Five hospital administrators received Texas Association for Mental Health awards for outstanding work in public hospitals for the ill and handicapped. Early Jones, Big Spring State Hospital; Walter E. Hoy, Wichita Falls State Hospital; Frank Jackson, Austin State Hospital; Leslie Dillwell, Terrell State Hospital; and Philip M. Coombs, Jr., Public Health Hospital, Galveston.

A state auditor's audit of the county tax office from 1960 through 1963 showed Hillary Brickhouse and Bill Hodge of Tyler had illegally operating a slanted oil well in Harris County.

H. Fletcher Weaver Speaks Out -

Candidate for Representative District 7

To the voters of Tyler County

It is a real pleasure to be in this race for your votes in giving your support I have met so many fine people in the many length of time. By and large the candidates have shown themselves to be fine people too. Your two Candidates from Tyler County have acquitted themselves with honor. And as we the race nears the first primary May 9, I would like to give you my feelings about the proven: loant, work, and commendable effort made by your citizens in progressive effort.

(1) The fine example of progress accomplished in the Community Inn.

(2) The year after year Contributions made in the amusement field by the Rodeo Festival.

(3) The honor you extend to the many fine government officials living within your area through these and many other fine examples prove your value as citizens of this great district.

It is my desire to work with you in further development of this great Area. The next ten years will see more progress and a greater economy than has been obtained in the last 100 years.

I have made two trips to Austin recently seeking ways and means of retaining for this district its fair share of water rights. I am told by the water commission this can be done. I am not one of the candidates making multiple promises to you for well as I know that promises never have the potential for fulfillment. If I am elected I pledge my full powers to support the effort (1) Maintaining fund to secure an increase in benefits Old Age assistance. (2) A vigorous program for more and better roads. (3) Broadening the education program, to secure a more practical education for our high school pupils. (4) Voting for the six major recommendations made by the Texas State Teachers Association. (5) Repeal of Section IVB high interest rate Loan Act. (6) A fair to all approach for improving fish and game laws. (7) Support for Social Security expansion.

These and many other forward looking measures will arise and the challenge must be met by your Representative who must possess basic honesty and flexibility to work with and for others in getting the job done.

My race has largely been accomplished through our joint efforts.

My thanks to you, my loyal friends, White and Colored, we shall win. I am obligated only to you, the voter whom I shall seek to represent to the best of my ability, and in accordance with your wishes.

Sincerely,
Your Candidate for District 7 Representative

Stephen F. Austin Professor Receives Lectureship Award

Dr. Robert Bartlett Haas, professor of English at Stephen F. Austin State College, has been awarded the Lectureship in American Literature and Culture for the academic year 1964-1965, the Administration announced today. The award, made by the Fulbright Commission, is sponsored jointly by the Department of State and the United States Information Agency.

The Fulbright Lectureship is awarded annually by the Department of State and the United States Information Agency to a scholar of distinction who is expected to contribute to the cultural relations between the two participating countries.

Dr. Haas is the first lecturer from Texas to be chosen for the award and is the second SFA professor to receive a Fulbright lectureship in the past two years.

Dr. Haas is a native of Tyler, Texas, and holds degrees from the University of Mississippi, the University of Southampton, England, and Louisiana State University.

J. E. MILLER JR.
for State Representative

- I believe that I have the sincere concern for you, the people of my homeland, which will give you the best representation possible in our state government.
- I have the background and am qualified to represent you.
- I offer you a personal concern in all areas of legislation.
- I give you the promise to stand and fight for honesty, fairness, and progress for all of us in this great section of East Texas.

(Political adv. paid for by J. E. Miller Jr.)

"IS MY OPPONENT REPUDIATED? IF NOT LET HIM QUOTE BOTH COES AND HIS RECORD CORRECTLY!

My opponent has quoted his three figures and some of his rhetoric as usual and as I would expect from an ardent advocate of the status quo. I remember, I am again of a generation that now will be far too young to have fought in WORLD WAR I OR WORLD WAR II.

Here is my record, taken from the record:

Three years ago, I voted against the Coes Report, which was adopted by a majority of the Legislature. Two years ago I voted against the Coes Report, which was adopted by a majority of the Legislature. This year, with other similar amendments, I voted against the Coes Report, which was adopted by a majority of the Legislature.

My opponent's statement is false, for he was sentenced to prison 15 years in Texas and 5 years in Oklahoma.

KELLEY

★ ★ ★ ★ ★ ★

CANDIDATE FOR
STATE REPRESENTATIVE,
DISTRICT 7

★ ★ ★ ★ ★ ★

Kelley Favors:

★

A planned program through positive legislation to promote greater industrial growth and tourism in our district. He knows that EFFECTIVE representation in Austin can reap economic benefits for all the people of our area.

★

Increased educational opportunities for the children of district seven. Kelley says that if this district would unite to receive its fair share of state aid, more available funds could be accomplished with only minimum increases in local taxes.

★

Fair and impartial representation to all of the people, all of the time.

Kelley Says:

My only special interest is in the welfare of all of the people of this district. I pledge myself to maintain a proper balance between the industrial powers and the rights of the people in district seven. YOU, THE VOTER, must decide which candidate really has YOUR interest at heart. I WILL STAND UP AND BE COUNTED FOR YOU.

Area Residential Electric Users Top National Average Says GSU

Gulf States Utilities Company's 46th report, mailed to 16,000 shareholders this month, shows that the average power of residential customers in Gulf States operating area climbed to 5,600 kilowatt hours during 1963.

That's 18 per cent more than the national average.

Increased consumption of electricity caused kilowatt sales to 13.7 per cent, and accounted for a new high in revenues for the year, according to the annual report.

Revenues reached $110,779,000—seven per cent higher than the previous year and two and a half times what they were only 10 years ago.

The annual report revealed that $31,448,000 was spent on additions to Gulf States plant in 1963. It brought the total plant investment up to $561,130,000 at year's end.

Operating expenses and maintenance increased five percent to reach $43,924,000, but taxes increased 11 per cent over 1962 and amounted to $24,476,000. The tax contribution to state and local governments was the company's largest single expenditure.

Wholesale sales climbed 12.7 per cent to reach 16,[illegible] billion kilowatt hours during 1963.

The company expanded its electrical system to meet increased demands for power. Construction expenditures were $[illegible] million.

Gulf States Utilities Company is a subsidiary of Cities Service Company, which has 1,[illegible] million shares of common stock held by 1[illegible] shareholders.

Tyler Jaycees Move To Lease 830 Acre Site For Youngsters

The Tyler Junior Chamber of Commerce is negotiating with the Texas Forestry Service for a lease on approximately 830 acres of land in Smith County north west of Tyler for a camp and game conservation area.

The land, which is part of the Jackson Forest, is being considered for the Jaycees' Youth Project, and the land would be used for Boy Scouts, Girl Scouts, 4-H Clubs, Future Farmers of America, and other youth groups.

The Jaycees would use the land for a camp and game conservation area, with the provision, according to Angel Paper Company's spokesman, that the land would be used for the Jaycees on a volunteer basis.

The Jaycees would improve the property, which is now mostly pine trees, and would be responsible for maintenance.

The Jaycees would also be responsible for supervision of the property, and would be responsible for any damage done to the property.

The Jaycees would also be responsible for any injuries sustained on the property.

The Jaycees would also be responsible for any damage done to the property by the public.

USE OUR CONVENIENT LAYAWAY PLAN

For The Underweight Person

BY MAURINE MOONEY

Better Meal Planning Helps the Underweight Person, Too!

Not all persons worry about losing weight. Quite the contrary, many have trouble just maintaining their present weight. For the seriously underweight person, like the truly overweight, a trip to the doctor is in order.

However, as is the case with the person desiring to lose a few pounds, the Basic Four guide to meal planning can help the person wishing to gain weight. The weight gainer can choose foods of high calorie value from each of the four groups.

Adding just 3500 calories in one week's meal will provide the extra ration for one pound. It's necessary, then, to add pounds in measurements of 3500 calories until an individual maintains his weight and finally begins gaining.

In order to gain weight it isn't necessary to eat foods that will clog foods that may cause an uncomfortably full feeling and prevent a person eating until prevent a person eating all the foods he needs for good health and vitality. Supplementing meals with nutritious snacks may add calories without supplying undue bulk. If eating three large meals is difficult, then the underweight person may undertake five or six smaller meals a day.

Just as increased activity is beneficial for the person trying to lose weight, rest and relaxation are important in gaining weight. The recommended eight hours of restful sleep a night is a good beginning, wherever possible. Taking a 15-minute period a few times a day for rest is helpful, too.

Keep calorie arithmetic for the weight gainer or loser.

To add pounds...

Drink whole milk, half or half-or fruit juice when you're thirsty instead of water, adding nutrients as well as calories.

Keep snack food around the house to nibble—peanuts, bananas, sweet rolls, potato chips and creamy dips, cheese and crackers.

Get into the bedtime snack habit. Polish off the last of the fried chicken or have a glass of milk and cookies or graham crackers.

If possible, keep a peanut butter sandwich tucked in a desk drawer for a tasty, nutritious snack with early morning coffee, in the afternoon have a "milkshake" break instead of the usual coffee break.

Eat slowly and enjoy your meal. Food tolled in a hurry may cause a full and feeling before you're half finished your meal.

To subtract calories...

Keep high-calorie foods out of sight, but have a supply of crisp radishes, fresh fruits or juice easily at hand to ward off hunger pangs.

Begin meals with a glass of low-calorie soup to mix. In most cases, these products are of clear soup. This first course adds charm to meals without excess calories and helps satisfy the appetite.

Embellish foods with low-calorie, edible garnishes like green pepper rings, radish roses, carrot curls. Food can be so attractive by tips will you pay for the added minutes the missing calories.

Forego rich sauce on vegetables and other foods. Experiment with herbs and spices for added flavor, a lot more of calories.

There's no limit that says that you must eat all of a meal the recipe in this least illness at one sitting. Save dessert to eat later as a snack.

Commercially prepared diet

No doubt, you've bought the wide variety of "diet pack" foods on your grocery shelves—everything literally from low-calorie soups to meat. In most cases, these products are wholesome, nutritious foods that can be incorporated easily into reduced calorie diet.

These products are more expensive than the raw product or the higher calorie "regular" processed version. As is the case with most processed foods, you pay for the added convenience.

Of course, anyone—student and homemaker—can concoct low-calorie recipes herself by substitution of ingredients plus a generous dash of fun.

There's no limit that says that you must eat all of a meal the recipe in this least illness at one sitting. Save dessert to eat later as a snack.

What about drugs? Only a physician should prescribe an appetite-curbing drug to help a beneficial for someone trying to lose weight. The dangers of drugs of common diet pills include nervousness, nausea or irregularities, dizziness or fainting, and in many cases reducing pills are ineffectual anyway, and many may even be harmful. No weight reduction is possible unless calorie intake is less than calories energy in the body. Permanent weight control depends upon re-education, harnessing appetite and eating right.

Cemetery Working To Be Held May 2

There will be a cemetery working at Hopewell cemetery, Saturday, May 2, Mrs. Worthy Wilson of Hillister said this week.

Those taking part will bring their own tools and also a lunch, she said.

The cemetery is located three miles west of Warren on the Georgetown Hillister Highway, Mrs. Wilson said.

Scott High Junior Spellers Win First At Prairie View

Scott High School attended the state track and literary meet held at Prairie View A&M College April 25, 1964 and brought back the following places.

The junior spellers, Ida J. Hubbard and Wanda K. Calvert, won first place. Mrs. Dora M. Barlow was their coach.

Johnnie J. Hooper placed fourth in the 100 yd. dash.

RECORD VOTE EXPECTED IN PRIMARY SATURDAY

A record turnout of voters in Saturday's Democratic primary is anticipated by election and Democratic party leaders.

Morris Clemmons, Jr., county Democratic chairman, said the number of poll taxes plus the exemptions will give the vote to well over 3000 persons and most of them are expected to vote.

A total of 2911 paid poll taxes were issued by the county tax office. Eighty-six persons who have reached 21 secured exemption certificates, and the over-age voters who do not require a certificate in this counare an unknown number. However, the total vote cast could run near or over 3000.

Clemmons said that all voters with a poll tax or 21-year-old certificate will have to bring them to the polls. No list of the poll-tax holders will be used at the polls to look up a receipt-holder, and those who come to the polls without their poll tax receipt to show will not be allowed to vote until they can go home and get the receipt.

Candidates in the Democratic primary, as listed on the ballot, are:

R.A. "Dick" Richardson, District Attorney, Discusses Records, Rumors And Plain Falsehoods

To The Voters Of Tyler County:

At the political rally given by the Lions Club in Woodville last Saturday night, since all speakers only had 5 minutes each, I devoted most of my time trying to scotch some false rumors that I had learned had just been circulated in said County, but I did have the records of me and my opponent there with me as taken from the District Clerks' offices in both of these counties, and I promised that I would print them so that you might study them, compare them and draw your own conclusions. Here they are. FIRST my record during the three years and three months since you elected me in 1960, and I took office January 1, 1961, as your District Attorney;

IN TYLER COUNTY

MURDER: One 5 year suspended sentence on a plea of guilty; One "Not Guilty" by reason of insanity; One dismissed for lack of evidence; (This case I inherited from Mr. Coe's tenure in office and in the file was a sworn retraction by the only witness to the offense and this witness swore to a set of facts that made out a plain case of self defense and it was dismissed on the recommendation of your County Attorney.)

RAPE: One dismissed at the request of the prosecutrix. (I inherited this one from my opponent's tenure of office and there was nothing in the file to warrant prosecution).

ROBBERY: One 35 year conviction; two 25 year conviction; one 5 year conviction (as an accomplice), all on pleas of guilty.

(Continued on page 6).

ROTARIANS TO HEAR TALKS ON DISTRICT CONFERENCE

Members of the Woodville Rotary Club will hear reports on the District 591 Conference which was held in Nacogdoches this past weekend.

The club will meet at 7 p. m. in the Christian Church Annex. This will be the final meeting in the annex, since the club will meet after May 1 in Woodville Community Inn.

The reports will be given by members who attended the conference.

INSTALL OFFICERS TUESDAY

The Tyler County Hospital Auxiliary will meet Tuesday at the home of Mrs. Clark Allen at 12 o'clock noon for a covered dish luncheon and installation of officers for the coming year.

New officers are Mrs. L. Gayle Burton, president; Mrs. Charles McGinty, vice president; and Mrs. Willie Eldridge, secretary and treasurer.

Mrs. Ivison Grimes will be the installing officer.

Tyler County pastors at the annual farm and pasture tour which is sponsored by the Long Leaf Soil Conservation District, were shown a different type of soil use this year with a visit to a dude ranch—the Triple D below Warren. Mrs. Cecil P. Kent

Mrs. Cecil P. Kent was honored with an open house when the entire personnel of General Mexia Hospital and members of the Volunteer Auxiliary entertained in Mrs. Kent's new home on Tamarish Drive recently. Mrs. Kent is administration of the hospital in Mexia.

Mrs. Blake Smith, III, Auxiliary president, was stationed at the door to greet the guests and other members of the receiving line were Mrs. Kent, Mrs. Oscar Greer, Miss Priscilla Thompson, supervisor of the nursing staff, and Mrs. Kent's sister, Mrs. Lea Hogan of Dallas.

Springtime in all its beauty and splendor was reflected in the decorations of the lovely new home with mixed flowers used in artistic profusion. A large, low bowl of richly hued pansies graced the coffee table in the living room before a period sofa with twin sofa end tables holding potted cranberry azaleas, Hydrangeas, Chrysanthemums and Easter lilies were used at vantage points throughout the home.

Of special interest in the hallway connecting the bedrooms was a console table holding a decor of Hydrangeas arranged beneath an oil painting of these flowers.

The refreshment table in the attractive den was unusually interesting in appointment. Laid with an ivory lace cloth, the board was centered with a unique "money tree" fashioned of daintily pleated bills, a gift to the honoree-from the hospital personnel and auxiliary members. Presiding at the antique crystal punch bowl to serve the orange ice punch were Mrs. S. F. Napier, Mrs. Harper Miller, Mrs. Bill Murphy and Miss Jackie Davis.

Other members of the house party who assisted in the courtesies were Mrs. Raymond Dillard, Mrs. Eldred Neel and Mrs. John Bennett, officers of the auxiliary.

The gold and yellow theme was carried out in the decorations of the den. The appointment table held a fan-shaped decor of yellow iris and bouquets of roses and daffodils were used at points of interest.

DAM B NEWS

Mrs. Mary Lloyd of Kountze spent a few days with Sue Mo Reynold and the Buddy Lloyds.

Mr. and Mrs. Vinson Overstreet of Kountze are spending a few days at their cabin on the Silk-stocking row.

Mr. and Mrs. Pete Tortorris of Beaumont are spending a part of their vacation at their cabin on Ogden Bluff, enjoying fishing and visiting friends here. Also attending church at Fairview.

Mrs. Maggie Lloyd and Lurah Smith were in Woodville last week with Mrs. Provost.

Mr. and Mrs. Ernest Rawls spent several days and nights up on the river camping with some of their children last week.

Those visiting in the Tortorris home Saturday night were Mr. and Mrs. Buck Morrison and son Danny and friend Jerry Martindale, Mrs. Nellie Fitzgerald, Vann Barnes and Ocie Fitzgerald, all of Fairview community.

Mr. and Mrs. Joe Barlow had as weekend guest their children the R. B. Davis of Nederland. They are also sporting a new pick-up truck. So glad for you folks.

Otto Provost passed away Sunday in the Tyler County Hospital after a very long illness. The Provost have come here from Port Arthur.

Mrs. Stella Barclay has been on the puny list lately. We hope you will soon be your old self again. Missed you folks in church.

In spite of the rain we had a very nice crowd in church and Sunday school Sunday.

We learned the Hartmans will be moving into their new home very soon, on Town Bluff Road. We are very happy for you, Bill and Vergie Hartman.

When it rained on the Ocie Fitzgerald family last week their bowl was runing over. Mrs. Lumpkin fell and broke her shoulder, she is Mrs. Fitzgeralds mother, Jerry Fitzgerald, their son accidently got his foot burned at school. Mrs. Fitzgerald sister, Joy Allen went into the hospital for surgery. Also a brother-in-law had to go to the hospital for traction. Ocie's mother had one of her attacks, all are doing well, considering everything.

John T. Walker is still improving.

Mrs. McKinleys health is improving. She is able to be up and around some.

Mr. and Mrs. J. V. Ogden visited a while with the Bice family Friday evening.

We are all happy about Mr. and Mrs. Bill Hartman's new home. We feel very fortunate to have these fine folks in our midst.

Mr. and Mrs. Curly Seamans made a business trip to Beaumont last Tuesday. This is two more lovely people we love.

Learn to hide your aches with a Smile—nobody is interested anyway.

A stork shower will be given by the Ladies of Fairview Church May 7 at 2:30 p. m. in the home of Mrs. G. B. Bice. You are all invited. This is for our new friend and sister, Mrs. R. L. McEntire. Be looking for you.

Kirby Capers

BY Nancy Robinson

Celebrations have been taking place at Kirby School the past few weeks to honor the seniors and to celebrate the coming of that final day.

The senior class was honored Friday night with a banquet given by the junior class at the Community Inn. The banquet carried out the theme of "Moonlight and Orchids." Charles Blanks, Jr. was master of ceremonies for the evening and the speaker for the occasion was Rev. Wayne Odom of Woodville. A dance followed in the ballroom of the motel.

Thirty seniors left Wednesday night to visit Parde Island on their senior trip. The seniors were given a "launching party before leaving at the home of Mr. and Mrs. B. V. Stanford.

Class yearbooks arrived last Thursday. Mrs. Faye Cruse and her Echo staff deserve praise for their endeavors to preserve memories for the K. H. S. students.

"John Henry" bids you farewell for now.

Colmesneil News Events

COLMESNEIL PITCHER HURLS PERFECT GAME THURSDAY

Ellis Gibbs, Colmesneil High School's ace junior pitcher, hurled a perfect game Thursday of last week as the Bulldogs defeated Deweyville 4-0 in a district game.

Gibbs struck out 12 in the seven inning game, allowing no hits and no walks. One man reached first on an error, but was out on an attempted steal at second base.

At bat, Irving Emerson was two for three. He drove in two runs, and Ronnie Allen drove in the others. All scoring was done in the fourth inning.

Colmesneil took a 4-0 stand in the district with the win.

Colmesneil 4-H news

Eight boys and girls attended the 4-H contest held in Nacogdoches Saturday April 18. The contest they entered were:
Safety at Home-Donna Riley, Thelma Lamb.
Electricity, Jack Ogden and Jill Ogden.
Why Make a Will, Junior Balkeney and Jerry Lamb.
Public Speaking Juniro, Charolette Belt.
Land and Beef Management, Larry Seamans.

The group enjoyed the day very much. We wish to thank the Colmesneil Home Demonstration Club for their lunch money, Mr. Don Riley for the use of his car for the trip, also Mrs. Jack Ogden for her car and help. Roger Ogden, a 4-H club member, also attended the meet with us.

Thelma Lamb,
Reporter

Mrs. Hattie Pittman had her children home Sunday.

Mrs. Minnie Alice Smily and family visited Charles Smith over the weekend.

Lake Tejas is now open and ready for good times for all.

Mrs. Lizzie Riley, Mrs. D. H. Sykes are at home now after spending a few days in the hospital. Those on the sick list at home are Fred Poindexter, Tom Belt, Mrs. Dick Stewart, Mrs. Henry Flowers and Miss Willie Neal.

Miss Willie Neal enjoyed a small birthday party. She has been a shut-in for a long time.

Mrs. Lewis Ogden has been in Lufkin quite a few times lately to visit her sister who is ill.

Sherry Lamb and Candace Fortenberry attended the Favorite Foods Show with Mrs. Maurine Mooney, County Agent.

"THE BEST MAN FOR THE JOB"

JOE "BILL" KELLEY

★ ★ ★ ★ ★ ★

CANDIDATE FOR STATE REPRESENTATIVE, DISTRICT 7

★ ★ ★ ★ ★ ★

Kelley Favors:

★

A planned program through positive legislation to promote greater industrial growth and tourism in our district. He knows that EFFECTIVE representation in Austin can reap economic benefits for all the people of our area.

★

Increased educational opportunities for the children of district seven. Kelley says that if this district would only receive its fair share of state aid now available this could be accomplished with only minimum increases in local taxes.

★

Fair and impartial representation to all of the people, all of the time.

Kelley Says:

"My only special interest is in the welfare of all of the people of this district. I pledge myself to maintain a proper balance between the industrial powers and the rights of the people in district seven. YOU, THE VOTER, must decide which candidate really has YOUR interest at heart. I WILL STAND UP AND BE COUNTED FOR YOU."

R. A. Richardson

ORDINARY FELONIES: One 5 year suspended sentence on a jury conviction; 32 pleas of guilty; 10 dismissals and one "Not Guilty".

IN HARDIN COUNTY

MURDER: Three jury convictions (99years; 15 years; 5 years; One "Not Guilty" by reason of insanity, and sent to Rusk.

RAPE: One 10 year jury conviction; two pleas of guilty (life and 10 years); no dismissals; no suspended sentences.

ROBBERY: Two pleas of guilty (25 years each).

ORDINARY FELONIES: Four jury convictions, 99 pleas of guilty; 71 dismissals, besides 113 cases filed prior to my tenure in office in which no arrests had been made and were more than 5 years old. (I inherited these last mentioned from Mr. Coe).

Mr. Coe, my opponent's record during the four years and two months immediately preceding my taking office:

IN TYLER COUNTY

MURDER: One 5 year conviction.

RAPE: One plea before a jury One "Not Guilty" verdict by jury and one dismissal.

ROBBERY: One 5 year conviction; One 25 year conviction;

ORDINARY FELONIES: 55 pleas of guilty; 37 dismissals.

IN HARDIN COUNTY

MURDER: Five convictions, (one for life); three penitentiary sentences ranging from 35 years down and one suspended sentence, all before a jury); no dismissals.

RAPE: 11 convictions (3 life; 5 suspended sentences); 2 "not Guilty"; 9 dismissals.

ROBBERY: NONE.

ORDINARY FELONIES: 5 jury convictions; 139 pleas of guilty; 111 dismissals.

If these figures reveal any outstanding" record in my opponent's one term and 2 months career as District Attorney it seems to me that that was a record of SOFTNESS IN RAPE CASES. I will say that I have not dismissed any rape cases but the one in Tyler County at the prosecutrix's special request and I have not agreed to any suspended sentences in a rape case and I do not intend to do so. All I have tried in this category have been assessed straight time in the penintentiary. I have only one more comment

to make about my opponent's outstanding record. One of the cases I inherited from him was the Edward C. Robinson case. This defendant was charged by indictment in Tyler County on March 23, 1959, with the burglary of Jack Jordan's Store in Spurger. Your Texas Ranger, the late Harvey Phillips, and Billy Nowlin, your then sheriff, arrested the defendant, Edward C. Robinson, and he signed a confession admitting his guilt. Later, after he had hired a lawyer he raised the old, old cry many times used by defendants in a criminal case that the confession had been obtained from him by force. Harvey Phillips and the sheriff denied this but Mr. Coe, your then District Attorney, chose to believe the defendant qnd dismissed the case on September 14, 1959 for "lack of evidence". Harvey Phillips was out of town at the time this dismissal was entered and upon returning he contacted a new grand jury of said County and on December 28, 1959, after conferring with the judge, they re-indicted Edward C. Robinson and my opponent, the then District Attorney, refused to bring the case up or prosecute it and left it for one whole year laying dormant on the docket until I came into office on January 1, 1961. Deciding that Harvey Phillips' testimony and your then sheriff Billy Nowlin Nowlin's testimony, together with the confession in the file warranted at least a trial of the case, I had the defendant bench warranted back from the penintentiary where

he had gone to from another county for another offense, and he entered a plea of guilty and was sentenced back to the penintentiary on the very same testimony Mr. Coe refused to believe, namely, the confessiom and the testimony of one of the officers. That may be the explanation of my opponent's slogan on his big placards when he says: "Not obligated to prosecute or not to prosecute". So much for the so-called records: NOW FOR RUMORS AND FALSEHOODS.

Everyone in Kountze, including my opponent, and most of the people in Hardin County know that I have not driven an automobile since 1931. I was never a skillful driver, recognized my deficiencies in that regard andso I ceased even attempting to drive an automobile long before a driver's license was required. But I have always, since entering public life, owned an automobile, and have at all times had someone available to drive me any place where my duties called. I did not consider and don't yet consider driving an automobile as a necessary qualification for District Attorney. The late B. A. Coe, my opponent's uncle, who *was County Attorney of Hardin* County for many, many years never drove an automobile but he too had a driver available and was considered by everyone, including myself, as every efficient, skillful prosecutor. So when my opponent placed his ad in the Kountze News and other papers in Hardin County, stating among other things, "I have a license to drive a car and I drive my own car. My opponent does not drive a car; he does not have a license to drive one", very few, if any, of the people around Kountze thought anything about it or didn't attach any significance to it. In fact, I heard many people in Kountze say:"So what? It doesn't seem to have anything to do with his qualifications to be District Attorney". Of course, some people in Tyler County, who were not familiar with the fact that I hadn't driven for many years wondered aloud why I didn't have a license to drive and my opponent seized upon this. He, and/or his hatchet men, and others close to him, have recently come into Tyler County and circulated the false rumor that I lost my license to drive an automobile recently because I had been convicted of DWI or some other driving offense. In fact, it was told in Tyler County that I had a DWI charge pending against me now.

Now since hearing the rumor, I have secured a certificate from the District Clerk of Hardin County, stating that he has searched the records of the District Court since 1887, up until the 25th of April, 1964, and that no criminal charge has ever been filed against me; the County Clerk has also given me a certificate covering the period from 1894 up to the present time stating that no charge has ever been filed against me in that court and the Justice of the Peace at Kountze has also certified that no charge has been filed in his court for any violation. This should take care of the so-called "criminal record" for a period extending back to 8 years before I was born as far as Hardin County is concerned and I also have a certificate from the Department of Public Safety of the State of Texas, stating that they have no record of any conviction against me for any driving offense or any other offense and this should convince even the skeptical that I have not been convicted in any other county in Texas of any traffic or driving offense.

This false, malicious rumor has just recently come to me and I touched upon it and discussed it in Silsbee Saturday afternoon and in Woodville Saturday night, and my opponent, though present, when I did discuss it, didn't deny that the rumors had been circulated or that he, or those acting with or for him, had circulated them. Since my time for discussion was limited and since the great bulk of the voters in this County were not present at the rally, I want all voters of this county to know how far some people will go in order to blast a public official's reputation and secure an office for themselves at the hands of the voters. The fact that such rumor was circulated may be verified by anyone who cares to inquire and I will be glad to tell you where to go to look for such information.

In closing, I ask you to pay no attention to any last minute rumors or whispering campaign that may be instigated by a candidate who is desperate for votes and sees a certain defeat at the polls next Saturday. I ask your support in that election returning me to that office for a second consecutive term.

Respectfully submitted,
R. A. Richardson

KHS STUDENTS TO ATTEND SCIENCE FAIR AT A & M

Kirby High School has accepted an invitation to participate in the fourth annual Texas Nuclear Science Symposium for students and teachers at the University of Texas June 7-10, it has been announced by the co-sponsoring University and the Texas Atomic Energy Research Foundation.

The Foundation is composed of Gulf States Utilities Company and nine other investor-owned electric utility firms.

Kirby High School will send two participants--a science-oriented student and teacher--with expenses to be paid by Gulf States. The local participants will be announced shortly, according to Frank Robinson, Gulf States Utilities local superintendent.

Some of the nation's foremost scientists will be featured speakers at the Symposium and upwards of 500 carefully-selected participants will attend.

"The symposium will bring together students, teachers and outstanding scientists for discussions dealing with basic and frontier nuclear science and for educations guidance in this field, "Robinson said, "The symposiums are part of a continuing program of the Foundation to advance knowledge of nuclear science through research and education.

Gulf States will sponsor 37 participants from its Texas service area.

The Foundation is co-sponsoring with General Dynamics Corporation's General Atomic Division the world's largest privately-financed research effort to control nuclear fusion for the generation of electric power.

The research is being carried out at the General Atomic laboratory in San Diego, Calif.

The Foundation also sponsors fusion research projects at the University of Texas and Texas A & M University.

Reading Club News

Mrs. Sam H. Reid, Jr. was guest speaker for the Woman's Reading Club on Tuesday April 21, held at the Allan Shivers Memorial Library and Museum. Her colorful presentation of Early Texas History was enjoyed by members and guests.

Mrs. Dick Davis was leader of Mrs. Reid. After the review Mr. and Mrs. Davis led the tour of the guests through the new library and museum.

Hostesses for the occasion were Mrs. Jimmy Freeman and Mrs. Stanley Lindsey.

The next meeting will be held on May 5 in the High School library, at which time, members and guests will hear Mrs. Morris Clonninger of Beaumont give a book review, My Darling Clementine, by Jack Fishman.

STUDY CLUB NEWS

The Woman's Study Club met Tuesday in the Allan Shivers Memorial Library. The program, "Art and Youth", was under the direction of the Fine Arts and Education Departments with Mrs. J. E. Wheat and Mrs. L. M. Feagin in charge of arrangments, and Mrs. Charles Smith and Mrs. Curtis Friedrich as hostesses. This was the San Jacinto Day Observance.

Art from the fourth grade, Mrs. Maurine Gassiott, teacher, and sixth grade, Mrs. Doretta Gilchrist, teacher, was displayed. A cash award of five dollars was given each room.

Eight hundred dollars will be given Tyler County Memorial Hospital from the club to furnish a room.

Mrs. Rois Brockman was welcomed as a new member and Mrs. James Bond, Mrs. Edwin White and Mrs. J. F. Stanley were guests. Mrs. H. E. Allison presided.

The concluding meeting of the year will be a luncheon in Communtiy Inn on May 12.

IS MY OPPONENT BEFUDDLED? IF NOT LET HIM QUOTE BOTH COE'S AND HIS RECORD CORRECTLY!

- My opponent has juggled his fuzzy figures and come up with distorted talk about his and my records as district attorney. He used to say that I was a persecutor, instead of a prosecutor, but now that he has no record, he's trying to build one, EVEN SAYING THAT I WAS TOO EASY!
- Here is my record, taken from the court docket:
- Life convictions, 4; penitentiary, 71 for a total of 349 years; probated, 43 for a total of 121 years; suspended sentences, 16 for a total of 57 years; cases dismissed, 109; fines, $3,700; not guilty, 2.
- Cases dismissed included 11 cases against Clyde Mayo, indicted for burglary; sentenced to prison for 21 years in 3 cases and 9 cases against him dismissed;
- Charle Haynes was charged in 8 cases for burglary; he was sentenced to prison 15 years in 3 cases and 5 cases against him dismissed;
- Hershel Gardner was given 4 years for theft and 3 cases against him dismissed. There were other similar dismissals, as well as many dismissals from previous years.
- MY OPPONENT'S RECORD IS THIS:
- 3 CONVICTIONS IN CONTESTED CASES IN HARDIN CO.
- N O N E IN TYLER COUNTY
- Among the distortions my opponent tries to get red in the face about is his ridiculous claim that I was easy on defendants charged with rape—He used to say that I persecuted them! But he has changed his tune now.
- What is my opponent's record on rape? Why has there been so few indictments returned for rape? Is it because it is his policy not to recommend rape indictments?
- Here is my record:
- The Grand Jury returned 16 indictments for rape: 4 were dismissed because complaining witness changed her story; 1 dismissed when he was found to be a juvenile. 2 were found not guilty by a jury, and the rest were found guilty by juries and punished as prescribed by law.
