Vol. 49 No. 47 Thursday, November 18, 1976 WOODVILLE, TEXAS 75979

Kirby JV Beats Wolves For Title

WOODVILLE--The Kirby Junior Varsity edged a tough San Augustine team 9-8 last Thursday at Eagle Stadium to take the District 17-AA title before a cold but happy crowd.

Much as predicted, it was a defensive struggle, and neither team scored in the first half.

The Eagles threatened in in the first quarter when Gerald Dill picked off a San Augustine pass, setting Kirby up at their own 35. A pass to freshman John Hadnot was good for 21 yards to the Wolf 44. Two plays later, Dill threw a screen pass to Victor Hadnot, who raced up the left sideline for an apparent touchdown, only to have the play called back by a penalty which set Kirby back to its own 41.

John Hadnot was forced out of the game after a hard tackle on the next play, and the absence of the fine player did not help the Eagles, who were forced to punt the ball away.

Turnovers also plagued both teams in the third quarter, of this hard-hitting game. The Wolves picked off a Dill pass at the Eagle 36 early in the period, only to have Branch recover another Wolf fumble on the very next play. the Eagles then proceeded to fumble two plays later, giving San Augustine the ball at the Kirby 44.

From there it took the Wolves six straight running plays to hit the endzone. The try for two failed and the score was 6-0 with 2:32 left lin the third period.

Moye took the kickoff at his own 30, dodged one Wolf, then took off up the right sideline until he was finally tripped 37 yards later at the Wolf 33. Fifteen yards against the Wolves for clipping advanced the ball to the 18.

Hadnot ran for three and four yards to the eleven, and Dill added one to the ten, bringing up a fourth and two situations. Dill then took the snap and ran up the middle for the TD with 1:15 left in the third period. Battiste's kick was wide, leaving the score tied 6-6.

The Eagles got the ball back on the Wolf 42 after San Augustine failed on a fourth down try. A personal foul against the Wolves helped move Kirby down to the 20 and Dill passed to Hadnot to the 11. The big halfback then bulled to the six and added one more to the five. Battiste ran for three yards to the two on second down, but Hadnot was stopped for a one yard loss on third down, but Hadnot was stopped for a one yard loss on third down. Battiste then kicked an 18-yard field goal with 6:12 left in the final period to put Kirby out in front 9-6.

San Augustine came roaring back, chewing up 43 yards with six running plays and a personal foul to the Eagles' 13. That's when the Wolf quarterback attempted to dump a pass over the middle, only to have George Midkiff take it in for an interception, killing the drive and saving the Eagles temporarily.

Kirby was not yet out of trouble, however. Three plays saw the Eagles pushed back to their five. On fourth down, Frank Hanna went back to punt standing just in front of the endzone endline. The Wolves put on a strong rush, and Hanna wisely chose to hold onto the ball and be tackled. The Wolves got two points for the safety, but Calvin Cooper free kicked to the Wolf 30 with 1:53 left to play and the Eagles leading 9-8.

Two flea-flicker pass plays failed to connect and a Wolf runner was dropped at the 26 on third down. Neither were the Eagles fooled by a fake punt on fourth down, and Kirby took over on downs at the 23. From there, Dill and Company ran out the clock.

Victor Hadnot was the leading rusher for the Eagles with 40 yards on 16 carries, followed by Dill with 35 yards on nine carries. Dill, however was also sacked four times for a total of 36 yards lost.

Battiste led the Eagles' pass receivers with 27 yards and three receptions, followed by John Hadnot with one for 21, Victor Hadnot with one for 13 and Branch with one for four yards.

Plane Nosed Over In Woods Near Chester

TP&W Officer C. Westbrook Inspects Cockpit

CHESTER--A flight which originated in Reno, Nevada, ended in near tragedy Wednesday as a Cessna two-seater single-engine plane crashed while attempting an emergency landing on FM 2090 five miles east of Chester. The pilot, Javier Alvarado Macias of Mexico City, Mexico, sustained extensive head and shoulder injuries in the accident which saw the plane land upside down after a snapping a guy wire and several telephone wires that were strung across the road. The plane came to rest 25 yards off the roadway on Temple-Eastex land. The pilot was pulled from the wreckage by passers by Odell Seamons and Gordon W. Tolar, both of Chester. They immediatly brought the injured pilot to the Tyler County hospital where he was listed in "fair" condition. Then transferred to a Beaumont facility.

Heart Attack Fatal To Commissioner Parks

CHESTER--Funeral services for Mr. Hilliard Milton Parks, 70, of Chester, Texas were held Monday, Nov. 15, 1976 at 11:00 in the Edwards Funeral Home Chapel in Woodville with Rev. D.F. Monroe and Rev. Jack Minyard officiating. Burial was in the Mt. Zion Cemetery, in Chester.

Mr. Parks died Saturday, November 13, 1976 suddenly in Tyler County Hospital after suffering a heart attack while deer hunting. He was a native and life long resident of Chester, serving his second term as County Commissioner of Precinct No. 2 of Tyler County. He was a member of Mt. Zion Baptist Church, and on Committee of Boys Scouts Troop No. 48 and has been active in scouting for years.

Survivors include his wife, Mrs. Alvena Parks of Chester; 1 son, Milton Parks of Chester; 3 sisters, Mrs. B.B. Barnes of Chester, Mrs. Arvie Turner of Houston and Mrs. Era Spivey of Chester; 11 grandchildren; 2 great grandchilren. Also surviving are James W. Clifton of Vidor and Mrs. Bessie Lynn Evans of Houston and a host of nieces and nephews.

Pallbearers were Delbert Lamb, Webb Ashworth, Bobby Ray Belt, Charles (Buster) Marhsall, Marvis (Pete) Marshall, Arvis Flowers, Alvin Flowers, Calvin Flowers and Everett Neal.

H.M. Parks

'A Sad Day'

Commissioners Laud Parks

WOODVILLE--The Tyler County Commissioners met for a brief special session Monday morning and accepted a bid on a hot water cleaner for Precinct 3.

The meeting was cut short so that the commissioners could attend the funeral of Precinct 2 Commissioner H.M. Parks who died following a heart attack Saturday morning.

"It's a sad day for all of us," County Judge Allen Sturrock told the commissioners. The county fathers unanimously approved a resolution commending the late commissioner for his service to the county.

A replacement for Parks will probably be named by Judge Sturrock in the near future.

The commissioners also opened four bids for the hot water cleaner for Precinct 3, and accepted the low bid of $1184.60 from Jimmy's Auto parts of Colmesneil at the request of Precinct 3 Commissioner Leon Fowler.

The commissioners court then recessed until 10 a.m. this Thursday.

Pageant Leaders Named

WOODVILLE--Maggie Pryor, executive director for the Miss Tyler County Pageant, has released the names of the chairmen for the pageant which will be held February 5, 1977.

All members of the American Business Womens Association which sponsors the pageant are busy planning for the 12th annual pageant, according to Mrs. Pryor. The official pageant program goes to press in mid January, so all advertising and pictures must be ready by then, she added.

The chairmen for the pageant are as follows:

Production: Maxine Carroll.

Entries for Miss Tyler County: Dorothy Britnell.

Entries for Miss Teenage: Ann Ashworth, Fanny Riley, and Janis Moorman.

Entries for Future Miss: Izene Sheffield, Claytie Lee Glow.

Choreography: Linda Allen.

Ticket sales and doorkeepers: Hazel Swearingen, Carla Stewart, Vera Bradley and Margaret Kotiong.

Judges handbook: Lynn Hayes.

Judges: Maggie Pryor, Ruth Stanford, and Dorothy Britnell.

State: Ruth Stanford, Carla Stewart, Gloria Smith, Mabel Kelly, and Claytie Lee Clow.

Book sales: Ollie Hammon, Gwen Jones, and Kitty Wallace.

Posters: Cecile Krause.

Contestants hostesses: Thelma Smith, Juanita Brown Sue Nerren and Cecile Krause.

Ushers and seating: Mabel Utley, Johnnie Mae Best, Ednagaye Vick, and Ruby Smitley.

Visiting queens: Gloria Smith.

Flowers: Ruth Thomas.

Thanksgiving Baskets

Donations of non-perishable food items or cash are needed for a program to furnish Thanksgiving baskets to the needy aged of Tyler County being sponsored by the local office of the State Department of Public Welfare.

The donations should be taken to the Texas Home Health Office on Pecan Street in Woodville, between 8 a.m. and 5 p.m., Monday thru Friday. Those unable to bring their donations by the office may call 283-3714, and arrangements will be made to pick up the donations.

All donations must be in by Monday, Nov. 22.

Crusaders Hatton, Collins, Grimes, Rainey and Jones

Warren 8th Grade Wins District

By ELLEN GAYE FINDLEY

WARREN--The Warren 8th grade Warriors beat the Kirbyville Wildcats 15-12 last Thursday to win the district championship.

In the first quarter both teams played tough, but neither scored.

In the second quarter Kirbyville made their first touchdown making the score 6-0. The PAT was no good.

The Wildcats then intercepted a pass. A pass to Donnie Mark for 65 yards and a touchdown for the Wildcats made the score 12-0.

About halfway into the fourth quarter, the Warriors got tough and started moving the ball. Dale Cormier handed off to Robert White who ran in for the touchdown, making the score 6-12. The PAT was a fake kick, then a handoff to Paul Staggs who ran in to make the score 8-12.

Jay Bertrand ran 14 yards for a second TD making the score 14-12. The PAT kick was good and the Warriors won with a score of 15-12.

DETCOG Thursday

WOODVILLE--The monthly meeting of the Deep East Texas Council of Governments executive committee is scheduled for 3 p.m. at the Woodville Inn in Woodville.

Pitzer Garrison, DETCOG president, announced the 11th Annual Conference on Intergovernmental Affairs will be among business items to be discussed. The conference is set for Dec. 5 through 7 in El Paso.

Tyler County Judge Allan Sturrock will host the meeting, DETCOG officials said.

The A-95 Applications Review Committee will meet at 1:30 p.m. Wednesday, also in the Woodville Inn.

PTA-CB Basketball

WARREN--The Warren PTA and Lucky 13 CB Club will play basketball Saturday, Nov. 20, in the Warren Jr. High Gym. The ladies game starts at 7 p.m. and the men's game follows. Admission will be $1. adults and 50¢ students.

Cancer Crusade Underway

A "Coffee" was held from 4 to 6 p.m. on November 15th, at the Woodville Inn, for this years cadre of Bell-ringers for the Tyler County Cancer Crusade. "Many Volunteers picked up their kits at this meeting", a Cancer Crusader organizer said.

For those Volunteers who were unable to attend, kits may be picked up at the Gift Shop in the Woodville Inn from 9 a.m. to 3 p.m. Mondays thru Fridays, and 9 a.m. to 2 p.m. Saturdays and Sundays.

"It is hoped that all residents and business people will open their doors and purses to our Bell Ringers to help in supporting this very worth cause. We went over our goal last year. Let's do it again this year," the crusaders urged.

For additional Cancer Crusade information persons are asked to call any of the following: Mrs. Matt Collins, 283-2077; Mrs. Lounell Hayes 283-5437; Mrs. Dorothy Swearingen, 283-3088; Mrs. Lawrence Rainey, 283-2111, and Mrs. Virginia Jones 283-3691 or 3668.

"On behalf of the American Cancer Society, John Moore, their District Representative, presented two Golden Achievement Awards to our Tyler County Unit, for exceeding our goal in last year's drive. The first was a Unit award, and the second was the Crusade's Chairman Award to Mrs. Matt Collins.

Conservation Program To Begin

The Agricultural Conservation Program (ACP) for 1977 will begin in Tyler County on November 22, 1976 Sam Bridges, County Executive Director Tyler County Agricultural Stabilization & Conservation Service reported. A National funding level of $190 million was set for the program.

Bridges said ACP provides 50 percent of the cost of carrying out approved soil, water and woodland conservation practices. He explained that all approved practices in effect in the 1976 ACP are eligible. Tyler Counties allocation is $21,347.00.

The objective of the program is to encourage soil and water conservation practices on farmland. "It is designed for those farmers who would not undertake these conservation practices without some economic assistance," Bridges said.

The Tyler County Agricultural Stabilization and Conservation (ASC) committee has full authority in identifying critical farm conservation problems and developing local plans for solving them on a priority basis. According to Bridges, the delegation of authority to the county committee places decision making in the hands of local farmers who are in the best position to evaluate local conservation needs and priorities.

Bridges said USDA announced a 1977 funding level of $15 million for the Forestry Incentive Program. "This program is designed to increase the production of timber products on small, private timber tracts, and will be available in Tyler County."

Applicants for all ASCS programs will be given equal consideration without regard to race, color, sex, creed or national origin.

Thanksgiving Service Tuesday

The Tyler County Ministerial Alliance is again sponsoring an Annual Community Thanksgiving service to be held Tuesday, Nov. 23, 7:30 p.m. at the Lady of the Pines Catholic Church, located on North Pine Street.

According to Rev. David Hutchins, pastor of the Woodville United Methodist Church, and who is the current president of the organization and responsible for delivery of the Thanksgiving Worship spiritual message "Everyone is cordially invited to attend."

Father Bennie Patillo is vice-president of the Alliance and Dr. Raymond Parker is the secretary treasurer of the group, which sponsors the Annual combined worship service.

Santa's Coming

Your local Sears Authorized Catalog Sales Merchant reports to the delight of area Children extensive area-wide "Santa Nights" promotions. Santa's personal visit to the children of Tyler County will be Wed. & Thurs., November 17 & 18, from 6 to 9 p.m.

Dorothy Nettles, your local Sears Merchant, states that a great deal of enthusiasm is being generated and that Santa is expecting children from a wide area.

EDITORIAL

Give Now

The trouble with cancer is that we do not think much about it until it hits us or someone close to us. Only then do most of us wonder why someone has not done something about cancer.

Well, now we can do something. When a volunteer for the Tyler County Cancer Crusade calls on us, we can give a donation to help fight cancer.

The answer may not come tomorrow, or next week or next month or next year, but if we do not keep hammering away by supporting research, it may never come.

Don't be angry tomorrow: give today.

J.S.

Letters TO THE EDITOR

Coaches Issue 'Thanks'

We the coaching staff of the 1976 Woodville Kirby High Eagles would like to express our sincere appreciation to the citizens of Woodville for their support during the past season.

We would especially like to thank the Booster Club and its president Max Graham who have enabled us to have many extras by their contributions and hard work on our behalf. To O.L. Marsh, thanks for providing cokes for the boys during the season and a big thank you to the Woodville Volunteer Fire Department for the use of their heater coats during the last game.

We would like to recognize Miss Sherri George, sponsor of the pep squad and the cheerleaders, and her girls who kept the spirit high at KHS. Also, Kim Fortenberry, head Cheerleader, who went the second mile in all her work, even to being dunked in the coaches booth at the carnival. To the school administration for their cooperation, and the newspaper and radio station KVLL for good coverage in making this a rewarding year.

Space does not permit us to list every name, but a special thanks go to these last two groups. First, to the parents of the football boys, we appreciate your willingness to stand behind us all the way. Last, but most important, to our varsity boys who accepted our program with true dedication. It has been our pleasure to work with you this season and watch you grow as skilled athletes by your hard work and determination. We feel that Woodville has shown it is proud of you by its support this season.

Thanks again Woodville. See you at the basketball games.

Guy Broussard and the
Eagle coaching staff

Carnival A Success

TO THE EDITOR
TYLER COUNTY BOOSTER

The Lucky 13 CB Club wishes to express their appreciation to the following for their donations to our Halloween Carnival:

Warfield's, McClure's Furniture Store, The Furniture Center, J.B. Whites, Gassiott's, Citizens State Bank, Southeast Texas Savings and Loan, Hudson's (Farmers Insurance), Whites Auto, Davis Food Mart, Woody Toys, Leon Electronics, Nolen's Western Wear, Mann's Furniture, Brookshire Brothers, Ace Drive-In Grocery.

Without the aid of these merchants and the many individuals who donated time, energy, and money and prizes the carnival could not have been. We are also grateful for the publicity given us by the Tyler County Booster, KLVI and KYKR radio stations and the Beaumont Enterprise.

T-WHEELER

By ALAN MILLER, Director, Public Information
Temple-Eastex Incorporated

Anybody for a peanut butter sandwich?

When Jimmy Carter cause marching out of Georgia two years ago, not one pollster even identified him as a bona fied candidate for President.

And of course, those same pollsters said Jerry Ford was done for in a landslide after Carter accepted the nomination in Fun City.

They were right in the final analysis, President Ford is an instant elder statesman of the Grand Old Party, and President-elect Carter will have to hold a series of open hearings when he gets to Washington, to meet for the first several hundred Congressmen and bureaucrats that have been around for decades—who he hasn't even met yet.

And my Confederate and Union ancestors would never understand how Georgian Carter put together the coalition that won him the election.

In addition to the Solid South, (minus one), he needed the major industrial states of the North that sent mass Yankees South after General Beauregard blew the bricks off Fort Sumter.

But, that's what makes the American electoral system work.

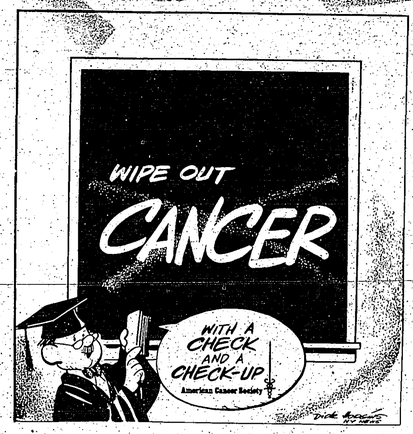
I imagine when President Ford looked at the whole process in hindsight, he was wishing he'd lost his voice about midway through the second debate, and Jimmy Carter, even in winning, probably has second thoughts about certain magazine editors.

The complexion of Congress will remain essentially the same, with the possible exception that those who cast their ballots seemed to be saying "let's not rock the boat too much." Things seem to be getting somewhat better, but it's no time for radical surgery.

Were they sitting at home voting for "none of the above", or are we to continue to elect those who serve us in public office with a twenty-five percent referendum?

Be that as it may—peanut butter will be in vogue for the next four years, and that's a lot better than eating crow. Even if it sticks to the roof of your mouth, as Senator Dole said. Senator Who? See, you forgot already.

Just think of the consternation in the haberdashery field a few years ago if Estes Kefauver had one, Racoons would now be an endangered species.



Answer The Call When Your Local Crusader Comes

Texas Taxe$

By BOB BULLOCK, State Comptroller

AUSTIN—One of the least understood of the taxes I administer is the use tax.

Few people realize that when the Texas Legislature enacted the state sales tax, it also enacted the use tax. Actually, the tax is called the "Sales AND Use Tax."

Essentially, the use tax affects purchases that wouldn't be covered by the sales tax: if one doesn't get you, the other one will. Both are four percent.

We've made some effort to inform the public about the use tax, but it hasn't done the job yet. Out auditors still find that most merchants don't understand the use tax.

As a matter of fact, many of the questions raised about the use tax have come from the news media themselves—many of whom have been audited and required to pay the use tax they didn't know they owed.

Technically, the use tax is a tax on the storage, use, or consumption, within the State of Texas, of taxable items purchased, leased or rented on which the Texas sales tax has not been paid.

The use tax applies to taxable items purchased out of state and later used in Texas. The most frequent examples are boats, aircraft, machinery and equipment.

Many newspapers, radio and television stations have learned belatedly that their printing or broadcasting equipment purchased from out-of-state firms is subject to the use tax.

Other businesses, such as banks—who wouldn't think of themselves as subject to the sales tax—have learned that they owe the use tax on sophisticated equipment they bought out of state and put to work for them.

The use tax also applies to taxable items bought tax-free because they were intended for resale, but later converted to personal use or consumed in the regular course of business.

An example: if a grocery store buys brooms for resale—then uses some of them to sweep out the store, the use tax is due on those used in the store.

IF YOU HAVE ANY STATE TAX PROBLEMS OR QUESTIONS, CONTACT YOUR LOCAL COMPTROLLER'S FIELD OFFICE OR CALL TOLL FREE: 1-800-252-5555.

Vets Missing Benefits

HOUSTON—Many veterans retired from military service and paying premiums for U.S. Government Life Insurance (USGLI) or National Service Life Insurance (NSLI) from monthly retirement checks may be missing annual dividend checks, the Veterans Administration reported today.

The VA insurance center at Philadelphia reported there are several thousand military retirees who each month pay insurance premiums by allotment from their retired pay.

In some cases the monthly deduction becomes so routine the veterans fail to notify the VA when there is a change of address. This is particularly true, a spokesman said, when a retiree's check is sent to a banking institution.

Annual dividends paid on USGLI and NSLI policies often result in some checks being returned to the VA for lack of a current address, the Spokesman said.

Military retirees paying their GI insurance premiums by allotment should send changes of address, with policy number to the Veterans Administration Center, P.O. Box 8079, Philadelphia, Pa. 19101.

you and the LAW

PRESENTED BY THE STATE BAR OF TEXAS

Q: The man I used to live with has been threatening me and won't leave me alone. How can I make him quit bothering me?

A: A peace bond can be used to protect someone from another person who is harassing them. Once a complaint has been sworn out before a justice of the peace, the justice then decides whether to arrest the person to bring them to justice court. Following an arrest in a case of this type, the justice would hold a hearing to determine the probability of future violence; if that probability is found to exist, the justice of the peace can order the person jailed until a peace bond is posted.

Q: I'm a middle-aged man of modest income and savings, married, have three children, and would like to draw up a will. Must I consult a lawyer, or is there another way that may be less expensive?

A: The number of factors involved in drafting a will, ranging from the choice of a guardian for children to coordination of life insurance and other benefits into an estate plan, are so varied for each person that each will should be individually prepared. Your local or statewide lawyer referral service can direct you to a lawyer familiar with estate planning who will provide a 30-minute consultation for a fee of no more than $15 ($10 in some counties); the number is in the Yellow Pages.

Q: I've been living with my boyfriend for almost five years and I'm referred to as his wife. We're living in his home, which is in the name of his brother and mother. Even the checking and savings accounts are in his brother's and mother's name. What rights do I have?

A: A man and woman living together and holding themselves out as man and wife are considered to have a common-law marriage. The wife in a common-law marriage has the same legal rights as a wife in a traditional marriage, including one-half ownership of all property and earnings accumulated during the marriage. Asserting those rights in a legal proceeding, such as a divorce, is a matter of proving ownership through bank deposit slips and other evidence.

Q: If a husband files for a divorce, but wants to raise his daughter, what chance would he have to get custody of the child? What grounds are needed to prove a mother unfit?

A: The Texas Family Code specifically prohibits discrimination on the basis of sex in a judge's decision of which parent should get custody of the children in a divorce. The law requires the judge to give first consideration to the best interests of the children in deciding which parent should be awarded custody. Judges are given full discretion in evaluating the merits of each parent in deciding which would satisfy the law's requirement that the best interests of the children be served first.

Send your questions to "You and the Law," State Bar of Texas, P.O. Box 12487, Austin, 78711. Answer may appear in columns by hypothetical name; personal answers are impossible.

TEXAS PRESS ASSOCIATION MEMBER 1976

YE SHALL KNOW THE TRUTH, AND THE TRUTH SHALL MAKE YE FREE.
—John 8:32

YE SHALL KNOW THE TRUTH, AND THE TRUTH SHALL MAKE YE FREE.—John 8:32. John further records in verse 36 "If the Son therefore shall make you free, ye shall be free indeed."

FREEDOM is the word that we hear over and over, and it rightfully is a very important word to every one of us. As children of God we have many freedoms that we so often take for granted—freedom to worship God as we please, freedom to believe, freedom to learn and freedom to become.

It has been said that the price of freedom is eternal vigilance.

When Christ sets us free from the consequences of sin, we are charged with the responsibility to grow in our knowledge of HIM.

We as Christians need to exercise our freedom in God by acting in faith as his command. We are to act daily in such a way that acts of love and fruits of spiritual growth are forthcoming.

Reading the Bible, meditating, and praying are all freedoms that do require constant vigilance. Our freedom to grow in likeness to Christ is our greatest freedom, our most precious heritage.

OUR EARLY FILES

45 YEARS AGO IN THE BOOSTER Nov. 19, 1931

BARN BURNS NEAR HILLISTER

Robert Neal had the misfortune last Friday night of losing his barn near Hillister by fire. His truck, one horse, a thousand bushels of corn, a quantity of peanut hay and his farm machinery were all burned, with no insurance. This is a heavy loss and a real calamity, especially at this time of the year.

BROTHER'S RANCH IN ARKANSAS MORE INVITING THAN PRINTING OPTIMIST

B.W. Craven, who it will be remembered came here two weeks ago from Arkansas and who was announced as the lessee of the East Texas Optimist, remained in Woodville long enough to get out two issues, and then, seeing the handwriting on the wall, silently departed the last of the week. Craven called on the Booster folks, and, in conversation with the reporter, stated his correspondence with the Optimist owners did not disclose the fact that there was another newspaper here, and that he did not know the Booster was being published even in the county.

WOODVILLE WINS FROM SARATOGA HIGH 25 to 0

The Woodville Eagles defeated the Saratoga Gators 25-0 on the local grid here today in a game that was hard fought all the way.

Triplett of Woodville was the outstanding player responsible for three of his team's scores making the first on a 5-yard run through the entire Saratoga team after catching a punt in midfield.

James and Lee also contributed to the victory in a large way, James making the final score in the last quarter.

The Gators tried numerous passes especially in the last half, but could not get them over the alert Woodville backs.

ANNUAL SQUIRREL DINNER

The squirrel dinner at Fairview on November 11 was well attended. Not so many squirrels were killed as in the former years as the season opened earlier and there had been more hunting than usual before the eleventh. An incomplete list of the visitors attending this year includes the following:

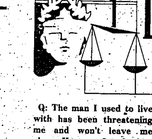
Woodville-Mr. and Mrs. Will Ferguson, Mr. and Mrs. Esca Walker, Tommy Ross and Patsy Evelyn Walker, Mr. and Mrs. Ezra Eaves and Ida Mae Eaves, Mr. and Mrs. Miles Jordan, Mr. and Mrs. Neal Ogden and son, District Attorney Clyde Smith, Joe Wicline, Marlin Sandlin, Mrs. Nettie Walker, Mr. and Mrs. J.R. McCombs, and son Robert, J.P. Clark, Berlin Nash, Mr. and Mrs. Frencil Best and son

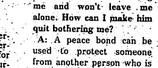
Emilee-Miss Jessie Boyett, Frank and Allen Johnson, Herschel Rawls, R.J. Johnson and Basil Shepherd.

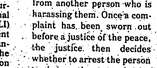
Doucette-Edgar Ogden and Brother Boy, Miss Floy Simms, Mrs. Lee Carrol, Mrs. Vinson Best, Mrs. Texanna Cobb, W.B. Triplett J.H. Kenneson Jr., and Ramon Cruthirds.

Spurger-Miss Catherine Bingham, Miss Julia Douna Sheffield, Miss Ruby Brown, Miss Eva Bingham, Mrs. Parlo Bingham, and Miss Dove Sawyer.

Antioch-Mrs. Cecil Ratcliff and sons, Myrtle Best, Lee Best, Othella Best, Bronson Crosley, Fred Arrington, Miss Erie Nolan and Mrs. Hill Best.







There's a superstition that says if you bite your tongue you will tell a lie!

Friday was regarded by Norsemen as the luckiest day of the week.

Friday—Thanksgiving holidays

Approaching Marriage

Mr. and Mrs. Johnny A. Rawls of Fred, announce the approaching marriage of their daughter Marlene Lechell Rawls to John Dallas Read of Warren, Texas, son of Mr. and Mrs. Marshall Read of Marshall, Texas.

The couple will be married on Nov. 24 at the home of the brides parents at 7:00 p.m.

Only 5 More Weeks Till Christmas!

Cain To Judge Pageant

WOODVILLE—Mrs. Thelma Cain of Woodville has been invited to judge in the Polk County Beauty Pageant on Saturday, Nov. 20.

Mrs. Cain's experience in beauty pageants includes being the first official chaperone for the Miss Tyler County Pageant winner and judging in the Miss Big Thicket Pageant and other preliminaries.

Mrs. Cain has been associated with the Universal Pageant Systems for several years and recently judged the Louisiana State Pageant for that organization.

Annie Mann to Celebrate

COLMESNEIL—The Children of Annie Mann invite all her many friends to a reception honoring her 85th Birthday, to be held in the Colmesneil Community Center Saturday, Nov. 27, from 2 to 5 p.m.

FRONT ROW: Kent Botley, Kendall Barnes, Julius Johnson, Todd Watts, John Barlow, Sylvester Parks and Bradley Spivey. NOT PICTURED: James Freeman.

District 12-B Champions

Jackets Beat High Island, Advance To Bi-District

HIGH ISLAND--The Chester Yellowjackets won twice last Friday, once 28-0 over the High Island Cardinals on the football field, and a second time at a Beaumont restaurant after the game. The first gave the Jackets a tie with Colmesneil and Evadale for the district 12-B title, and the second, a coin flip, advanced Chester to the bi-district clash against Mildred this Friday in Corsicana.

The Jackets unleashed a potent ground attack against the Cardinals in the gridiron encounter, gaining a total of 426 yards, all rushing.

After a scoreless first period, the Jackets broke the deadlock on Anthony Freeman's 85-yard gallop for a touchdown in the second quarter. Ted Watts picked up the two extra points and Chester led 8-0 at halftime.

It was Freeman again in the third period for another touchdown on an 11-yard run. The PAT failed, making the score 14-0. The Jackets talled two more times in the third period, once on a 70-yard run by Wayne Hubert, and finally on a 30-yard run by Freeman. Watts added two points after Freeman's TD to bring the final score to 28-0 as the Cards were held scoreless.

Freeman led the Jackets attack with 216 yards, followed by Hubert with 125, quarterback Julius Johnson with 45 and Kent Botley with 27.

Chester's second victory of the evening came when Coach Larry Blackerby met with Colmesneil's Coach R.B. Moffett and Evadale's Gary Gazzaway at a Beaumont restaurant for a coin toss to decide which team would advance to bi-district.

Blackerby won the three-way toss, thereby advancing the Jackets to bi-district play for the second year in a row.

Chester's opposition Friday will be the class 11-B champs from Mildred High School near Corsicana. Mildred finished the season with a 9-0-1 record using a straight -T and power -I offense. Where the Jackets are young and have only three seniors, Mildred boasts ten or more seniors on its squad, according to Coach Blackerby.

The bi-district clash is scheduled for Friday at 7:30 p.m. at the high school stadium in Corsicana. Admission will be *2 for adults and *1 for students with no advance sales. Mildred will be the home team.

Chester ended its regular season with a 6-2 district record, and a 6-3 mark for the season.

C-Freeman 30 yd. run (Watts run)

Diboll Chops Warriors 26-12 In Final Game

By EDWIN FINDLEY

DIBOLL--The Diboll Lumberjacks chopped down the Warren Warriors 26-12 last Friday in the final game for both teams.

In the second quarter Lumberjack Ricky Conner received a 10-yard touchdown pass from quarterback Dennis Crager. The PAT failed, leaving the score 6-0 with 10:13 left before half-time. With 8:09 left in the half, the Lumberjacks scored again when Crager handed to John Fenley from the 15. The PAT failed again, making the score 12-0. The Lumberjacks defense was tough, holding the Warriors offense on their own 45-yard line four downs. Thomas Goolsbee came through with a 40-yard punt and Lumberjack Conner dropped the punt on the five, where Frank Wolf recovered. Two plays later Wolf ran it in from the five. The PAT failed to leave the score 12-6 at the half. Wolf injured a neck muscle in the same quarter, but was not seriously hurt.

In the third quarter Gary Ellis hit Earl Smith on a 25-yard pass for the Warriors second touchdown. The PAT failed tieing the score at 12-12 going into the fourth quarter.

Conner scored again from the 10 for the Lumberjacks in the final period. The PAT was good putting Diboll ahead 20-12. With 43 seconds left on the clock Crager scored again from the two to make the final score 26-12.

For the Warriors Smith had the most yardage, catching four passes for 108 yards. Quarterback Ellis also had a pretty good night attempting 14, completing seven, for 136 yards with just one interception. The loss gave the Warriors a 3-7 season record and a 1-6 district record.

This game was the last high school football game for the following Warriors: Jimmy Rivers, split end; Gary Ellis, quarterback; Wayne Hall, split end; Earl Smith, split end; Hank Mauer, halfback; Robert Crawford, guard; Alan Graham, guard; Gary Jeffcoat, tackle; Rusty West, split end; Brain McNeely, split end.

The Warriors will start basketball Friday when the Warriors host East Chambers.

IT'S OUR POLICY TO PROTECT YOUR FAMILY

As your family grows so do your insurance needs. We can help you plan sensible, low cost coverage for every need... now and for the future...

FEAGIN INSURANCE
212 W. Bluff
Woodville, Texas
283-2242

This weekend, call both families for practically the price of one.

It's true! This weekend—and every weekend between 11 p.m. Friday and 5 p.m. Sunday—you can place *two* Long Distance calls for practically the price of *one* weekday evening call.

For example, a 10-minute call to someone a thousand miles away weekday evenings (5 p.m. to 11 p.m., Sunday-Friday) would cost you $2.44. Which, you'll admit, isn't bad.

But for practically the same price, you could make two *eight*-minute calls over the same distance...any weekend.

It's almost like getting one call free!

So this weekend, enjoy a couple of Long Distance calls. And make three families happy!

Long Distance. What else is so nice for the price?

Eagles Blitz San Augustine

SAN AUGUSTINE--The Kirby Eagles stunned San Augustine, with a 19-point blitz in the first period, then used a stingy defense to win 25-14 last Friday in their final District 17-AA game of the year.

Unable to move past their 26 on the first possession, the Eagles got new life when the Wolf punt receiver fumbled and Floyd Marsh recovered at the San Augustine 45.

Ricky Hadnot sliced for five yards to the 40 on first down, then Goodman slipped around the right end and down the sideline for a touchdown with 9:31 still left in the first quarter. Ricky Dumesneil kicked the PAT and the Eagles led 7-0.

San Augustine went *from the frying pan into the* fire on the next series. First, the Wolves were penalized halfway to the goal to the 12 following the kickoff, then Sterling Barlow recovered a Wolf fumble at the five on the first play from scrimmage.

Goodman raced into the endzone on the first play and Kirby led 13-0 after Dumesneil's kick was wide. Only 14 seconds had passed since the Eagles' first TD.

The Wolves finally held on the ball, but could go no further than their 29 on the next series. Following the San Augustine punt, the Eagles started on offense from their 34.

Behind the running of Goodman, Hadnot and quarterback Tobin Rainey, the Eagles moved to the Wolf 43, where they faced a fourth and one situation. Hadnot hulled three yards for the first down, but clipping on the next play set Kirby back to its 45.

Rainey then went to the air, finding Steve Hadnot for 18 yards to the Wolf 37. Passing at his best for this season, Rainey threw to Joe Blackmon on the next play for a touchdown. Again the kick was wide, but the Eagles led 19-0 with 4:15 still to play in the first period.

San Augustine advanced to its 42 on the next series, but Joe Conner blocked the Wolves' punt and Kirby once again had excellent field position at the Wolf 33.

Four straight runs by Ricky Hadnot had the Eagles down to the 20, but a fumbled pitchout was recovered by the Wolves to end the threat.

The Eagles seemed almost unstoppable as held the Wolves again and took over after the punt at the Kirby 44. Hadnot broke free for 12 yards to the Wolf 44, but a clipping call bounced the Eagles back to their 37. Rainey displayed more passing ability, hitting Kevin Bastiste for 21 yards to the Wolf 42, and Hadnot ripped for 12 yards to the 31 two plays later.

Rainey kept to the 25, then passed to Blackmon at the 13 as the Eagles continued to drive. The Wolves sacked Rainey at the 20, but a pass interference call gave Kirby a first goal at the two. Hadnot rushed the final couple of yards for the TD with 5:38 left in the first half. A pass for the PAT fell incomplete and the Eagles led 25-0.

John Nunley intercepted a Wolf pass at the San Augustine 40 later in the second period, but the Wolf defense and penalties drove the Eagles back to their 25, where Keith Broom punted. The Wolves made their best effort of the first half on their last possession, gaining their own 46 before a clipping penalty set them back and time ran out in the half.

The Wolves finally broke into Kirby territory in the third period, but Nunley intercepted his second pass and killed the drive at the Eagle 33.

The Eagles were going nowhere fast, however, as three plays lost 20 yards to the 13. Broom boomed another good punt, backing San Augustine to its 36.

Five plays and a 15-yard penalty later, the Wolves were on the Eagle 13 and appeared to be headed for a touchdown. Aided by an off side penalty against the Wolves, the Eagle defense hung tough at the point and held San Augustine for no gain on four straight plays.

Now into the fourth period, the Eagle offense was again unable to move. Rainey lofted a third down pass which was picked off by the Wolves Ronnie Jones who scooted approximately 30 yards for the Wolves first touchdown. San Augustine made the two point PAT with a trick play and the score was 25-8 with 10:11 left in the game.

Apparently stymied again at their 15 on the next series, the Eagles went into punt formation, but Broom, a former fullback, displayed some of his offensive moves and ran for 23 yards and a first down at the 38. The Eagles could go no further than the 42, however, and Broom punted from there four plays later.

San Augustine started at their 39 and in two plays were on the Kirby 27. Then a pass interference call against the Eagles set the Wolves up at the three. Herbert Bickley scored two plays later from the one with 5:26 to play. The Wolves tried to trick the Eagles again on the PAT, but Kirby refused to fall for it twice and the effort failed, making the score 25-14.

It looked as though San Augustine might get another chance when Kirby was forced to punt from its 18 on the next series, but a roughing the kicker penalty gave the Eagles new life. With the help of two more 15-yard penalties and Goodman's running, the Eagles drove to the Wolf 23 as time ran out.

The win evened the Eagles' season record to 5-5 and raised their district record to 5-2, putting them in third place behind Newton (6-1) and Kirbyville (5-1-1). San Augustine ended the season at 6-3-1 and was 3-3-1 in district.

Goodman led the Eagles with 81 yards on 18 carries, followed by Ricky Hadnot with 61 yards on 12 runs (in the first half).

Rainey had a good night thru the airways hitting six of ten passes for 109 yards with one interception. Blackmon was the leading receiver, with two receptions for 49 yards, followed by Battiste with 21, Steve Hadnot with 18, Goodman with nine and Kyle Green with eight yards.

Karen Collier Kirby Corner

FOOTBALL

Well, we did it. Our J.V. defeated San Augustine Thursday night in the district playoff with the exciting score of 9-to 8. We are now the DISTRICT CHAMPS!!! Congratulations boys, we are proud of you.

Our varsity isn't no. 1 but we are ranked high in the district. We won the game Friday against San Augustine with the score 25-14.

GIRLS POWDERPUFF

The junior and senior girls began practice last Wednesday for the powder puff football game to be played November 24th. There's still time to get involved in the fun.

BAND MONEY WINNERS

Three names were drawn from the hand last week. These people sold at least 20 bottles of shampoo for the band trip in December. Andre Mitchell won *10, Novella McCullough, *20 and Suzanne Ogden won *25. Anna Abram won *25 for the high salesman after selling over 40 bottles of shampoo.

Several junior high and high school girls went to little Cypress high school November 6th to participate in the twirling contest. There were 31 entries of solos and ensembles, 30 of those made a no.1 rating. Congratulations, girls.

FHA PARENT DATE NIGHT

The FHA sponsored their annual Parent Date night Tuesday night in the school cafeteria. Entertainment was by the Revelation and the guest speaker was Coach Holiman. Everyone attending had a good time.

VOLLEYBALL

The girls volleyball team had a tournament Monday. We won the first game against Newton, and lost the second to Hudson. Good work girls. Ora Williams, senior, was chosen for "All-Tourney" for her fine ability.

BASKETBALL

Tuesday the girls basketball team played Shepherd and the boys played Anahuac. I don't know those scores, yet. I'll let you know next week. See you next week.

Karen

JACKET JIVE

By Sabrena Priest

TWIRLING CONTEST

CONGRATULATIONS

Congratulations Jackets, the Mighty Jackets captured the district title last Friday night. The Jackets will travel to Crockett this week to play Mildred. The Jackets traveled to High Island for a victory, 28-0. The title was then between Chester, and Colmesneil. The Jackets were well pleased after winning the "Coin Toss" which enabled them for a chance at the Bi-district title. Good Luck Team!

WINNING STREAK

The Lady Jackets are also on a winning streak. The "A" girls have played three games with victories each time. The "A" girls are coached by Steve Evans. The "B" team has played only one game, but were defeated. They are coached by Wayneette Toler. Another group of basketball "Stars" the Jr. High girls have also played games. At this time in the season their record stands 1-2. They too are coached by Waynette Toler. All the girls are doing a tremendous job. Everyone at L.H.S are behind you. So do your stuff.

CUB CANDLES

Cub Cub Scouts are on the march selling candles, if you haven't bought yours they can be purchased for *2 at Lynn's One Stop. Be see Linda Sue Whitsworth. Be prepared for anything buy a Candle.

FOLLOW THE JACKETS

Well that's all the five for this week. Bring out your overcoat and join the Jackets in Crockett. Keep on Truckin Jackets. And the Best of Luck to you. See ya later.

Colmesneil News

by Lou Ella Moseley

The Annual Thanksgiving Supper will be served at the Community Center on Saturday evening, Nov. 20, beginning at 6:30. Cakes and candies will also be for sale. Every one is invited to bring a covered dish and join in the feasting and fellowship.

Also at the Center on Monday, from 1-7 p.m. an opportunity will be given to have a free picture made of anyone who is interested. For appointment call 837-2968.

On the following Saturday, Nov. 27, a birthday party honoring Annie Mann on her eighty-fifth birthday, will be staged with her daughter, Suzy Sutton as hostess. Both Annie and her daughter are formerly of Colmesneil and now of Houston. They request that no gifts be brought just a good time with old friends.

Also at the Community Center on Sunday 28, at 2:00 there will be a wedding reception honoring June Beaman and Michael Ross Sidoric of Austin. Mike is the grand-son of the late Mr. and Mrs. Ross Haralson. He has a camp near Colmesneil and a genuine love for his ancestral home.

A number of ladies of this vicinity and of Groves enjoyed a lovely bridal shower Saturday afternoon at the Education Building of First Baptist Church, honoring Tina Carter of Groves, bride-elect of Rodney Bendy. The wedding will be in the First Baptist Church of Groves, at 7:00 p.m. Dec. 17. Friends are invited through the press.

The couple will make their home in Groves.

Born to Mr. and Mrs. Ronnie Hale of Conroe on Nov. 11, a fine boy, Keven Brent, weighing 8 lb. 1 oz. The mother will be recalled as Charlotte Bell of Colmesneil. The grand-parents, Rex and Corrie Lee Belt, are very happy with their first grandson.

Also on Sunday, the 14th Mr. and Mrs. Leland Schandorff of Woodville became the proud parents of a little son, Richard Lee. The grandparents of the new arrival are Mr. and Mrs. Gordan Schandorff and the great-grandparents are Mr. and Mrs. Floyd Hogsett, all of Colmesneil.

Spending the weekend with Mr. and Mrs. Tommy Svatek, and enjoying a hunting party were Mr. and Mrs. Wayne Cross of Houston. With Mr. and Mrs. H.A. Crews, and spending some time at hunting, were their son-in-law and daughter, Mr. and Mrs. Jim Laird and friends of Conroe. Among the many other out-of-town hunting guests for the weekend was Fred Pratt of Houston who saw his brother, Bro. Ron Walling kill his first deer of the season.

Bro. Walling is holding a revival at Mount Carmel during the present week. Services each evening begin at 7:00 and every one is invited to attend.

Mr. and Mrs. Howard Munday spent the weekend in Anahuac with their son-in-law and daughter, Mr. and Mrs. John Steagall and children.

Cecil Ratcliff, formerly of Sour Lake, and now with his wife in the Beeville Nursing Home, visited his sister, Gertrude Hignett and family Sunday.

Preston McBride of Livingston, son of the late Baxter and Alma McBride of Egypt Community, died recently in his home town of heart trouble and was brought back to Egypt Cemetery for burial Tuesday.

The warmest of sympathy is extended to Blanch Harper, her daughter, Helen Robertson and other members of the family in the loss of their loved one, Marshall Harper whose death occured in a Beaumont hospital Friday following a long illness. Funeral services were in Edwards Chapel on Sunday with burial in Colmesneil Cemetery. Mr. and Mrs. Harper have lived in our community for the past twelve years and have many friends here, as they contributed much to life in this vicinity.

Harold Norton is still in a Houston hospital and Rosa Lee Gibbs is still in a Jasper hospital, both very critically ill. Silas Hebert was rushed to the emergency room at Woodville Hospital Wednesday with a severe cut on his thumb, received while making a picture frame. In Woodville Hospital, also, is Louis Ogden, receiving treatment.

Three Graduate

ORLANDO, FLA.--Three area men have completed recruit training at the Naval Training Center, Orlando, Fla. They are Seamon Recruit Larry G. Sims, Seamon Sheldon K. Sloan, and Fireman Michael T. Williams.

Sims is the son of Mrs. Patsy J. Bundrant of Star Route, Spurger. Sloan is the son of Mr. and Mrs. Ernest D. Sloan of Woodville, and Williams is the son of Mr. and Mrs. W.A. Williams of Hillister.

Sloan and Williams both graduated from Kirby High School in 1976 and entered the Navy in August.

Extended Service Plan Offerred

WOODVILLE--Jack Lane Ford, 104 Pine, is offering an optional Extended Service Plan contract to all purchasers of new 1977-model Ford Motor Company cars. The contract would increase coverage on certain systems of the car from the normal 12 month or 12,000 miles to 36 months or 36,000 miles.

In addition, a 12-month/12,000-mile Extended Service Plan contract will be available at time of purchase on many used Ford Motor Company cars brought through Ford and Lincoln-Mercury dealers.

Both programs provide coverage on certain parts of the engine, transmission, drive shaft, rear axle, steering, brakes, air conditioning and electrical systems.

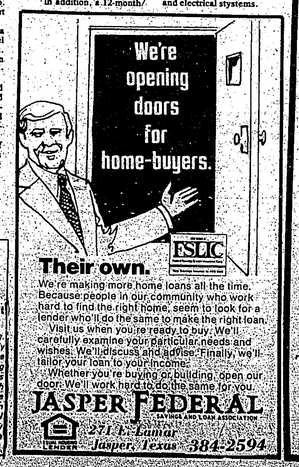
INSUR-MATION
David Horn
Farm Bureau Insurance-Livingston

Which insurance policies pay dividends? Why don't all policies pay dividends?

Life insurance policies are either participating or non-participating. Participating policies pay dividends. The premium is set at a slightly higher amount than is expected will be necessary. Each year, the excess is returned to you as a dividend. Dividends vary, depending on what the company's costs and profits were. You may use the money to pay towards next year's premium, take the money in cash or buy more coverage. The dividend may also be left with the company to accumulate interest. Non-participating policies cost an exact amount and are cheaper at the onset. However, if you feel dividends will be high, participating policies may be cheaper by giving you "investment money" or extra money at the end of the year.



Their own.

We're making more home loans all the time. Because people in our community who work hard to find the right home, seem to look for a lender who'll do the same to make the right loan.

Visit us when you're ready to buy. We'll carefully examine your particular needs and wishes. We'll discuss and advise. Finally, we'll tailor your loan to your income.

Whether you're buying or building, open our door. We'll work hard to do the same for you.

Pirates Pride

By Denise Lindsey and Paul Ramer

HOMECOMING

Jackie Ratcliff was crowned homecoming queen prior to the game against Leggett last Saturday. Although the parade was rained out, the judges looked over the floats and picked winners anyway. At the Ex-student Association assembly it was voted to not have the parade anymore, due to it being rained out or cancelled so many times in the past. Both the boys and girls teams fell to Leggett in the basketball games.

ZAVALLA EAGLES EDGE PIRATES

The girls basketball team made its best showing of the season thus far last Friday night in a close contest with the Zavalla Eagles in the Eagles Gym. The Pirates trailed the home team throughout most of the game but battled back to within one point of the Eagles before Zavalla's sharpshooting forward Karla Edmons dropped in six fourth quarter free throws to put the game out of reach as Zavalla gained a 52-47 victory. Edmons was the game's high scorer with 21 points. Jackie Ratcliff led the Pirates scoring with 25 points while Tina Fredieu, dividing playing time at forward and guard, scored 10 points and led in rebounding with 6.

PIRATES FALL TO LEGGETT

Foot shooting combined with an error prone defense led to the downfall of the Spurger girls basketball team Tuesday night as they were beaten by the Leggett Pirates 36-32 at Leggett. Spurger forwards were able to connect on only 4 of 15 from the free throw line and 14 of 59 from the field. It was the third loss for the Pirates, all on the road. Spurger returns to its home court for a Saturday night homecoming encounter against Leggett and a Tuesday night contest with Burkeville.

The Jr. High Pirates open their season again Lumberton in Spurger Gym.

PIRATES LOSE TO LEGGETT

The Spurger boys were totally out-classed by the Leggett Pirates and lost to the tune of 62-33. Leggett ran the score to 38-4 at the end of the first quarter and then coasted in for an easy win. Leading the scoring for Spurger was Marcus Hale with 17 points. Spurger returns home for a homecoming game with Leggett Saturday night and a Tuesday night game with Burkeville.

Bulldog Growls

By GINA PICKENS

SEASON ENDS GOOD FOR DOGS

The 1976 football season for the C.H.S. BULLDOGS ended very well. The Dogs ended their season with 7 wins and 2 losses. This is a very good record and one the school will always be proud of. The Bulldogs were coached by head coach R.B. Moffett. Other coaches were Ben Stewart and Lee Charles Horace.

One again congratulations on a job well done.

MORE BASKETBALL

Last Tuesday the Girls Basketball teams traveled to Evadale where the Junior High and Junior Varsity were defeated in very close games, and the Varsity came home victorious with a 51-37 win over the Rebels.

PICTURES TO BE WEDNESDAY

All club pictures as well as Basketball pictures will be taken Wednesday. Everyone be sure to dress up and look their best.

F.T.C. MEETING

Fred Elementary School had its regular PTC meeting on Tuesday November 9, 1976. It was reported that we had the best carnival ever. After all the bills were paid there I was approximately $1,900 cleared. Since it had been previously voted to spend this years proceeds on a central library for Fred Elementary School there was a committee appointed consisting of Charlene Pate, Chairman; Kay Ashworth, Pat Holland, Lois Ann Bell, and Marie Drake. This committee will meet with Mr. Hrybchuck our superintendent and Mrs. Roberta Pitts, school librarian before it proceeds in setting up the library.

HALLOWEEN CARNIVAL PICTURES

There are now on display on the bulletin board of Fred Elementary School the pictures taken at the Halloween Carnival. These pictures may be ordered in the school office. They will be 43¢ for a 3 x 5 or *1.85 for a 5 x 7. You may order them through Nov. 22.

PEP RALLY

The Fred Elementary 5th and 6th graders went to Warren Junior High on Thursday, Nov. 4 and attended the pep rally. They got the opportunity to visit the Junior High where our 6th graders will attend school next year. At the pep rally there were two Indian dancers who the students really enjoyed.

WHATS HAPPENING IN 4-H

By CANDY CRAVY

At our last 4-H meeting we met in Miss Lacy's 5th grade room. We made the prettiest necklaces you have ever seen. They are made out of paper. Mrs. Covington had us a pattern and all you did was: first you cut out your pattern in a magazine then you roll one at a time) up on a toothpick almost to the tip and put a little glue on the bottom of it. Second: you slip it off and put it on some elastic and tie a knot. They look real pretty.

BOYS 4-H MEETING

By DON MOORE

In our 4-H meeting we talked about gun safety. How to hold a gun and how to get across a fence when carrying a gun. We told stories about people who got shot by other people who mistook them for wildlife. How to be sure of your target before you shoot. We talked about how to clean a gun. Mr. Currie said to handle a gun as if it was ready to shoot when you were cleaning it.

RATS IN CLASS??????

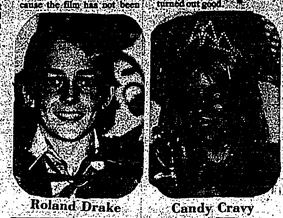
By MARGARET GILCHRIEST

Miss Lacy, fifth grade teacher, brought some hamsters to school. All the students had a lot of fun playing with them. We decided to name them Ashley and Rhett. Raymond Fisher, a student in the fifth grade made a camera from scratch and took a picture of the hamsters. We have been taking care of Ashley and Rhett, we feed them, we water them and we let them crawl around on our desks.

FIFTH GRADE CAMERA

By RAYMOND FISHER

Our fifth grade took some pictures. The pictures were of the fifth grade in front of Fred Elementary, and of Tommy Jenkins and John Calloway holding our two hamsters, and of Mr. Stewart beside his bus. Raymond Fisher, Gordon Heiselbetz, and John Calloway built the camera. It was made of construction paper, a piece of aluminum foil and tape, and of course the film which we bought. We don't know how the pictures turned out because the film has not been developed, but we hope they turned out good.



Roland Drake — Candy Cravy

Gilder Attends Conference

TULSA, OKLA.—Mabelene Gilder recently attended a laymen's seminar on the campus of Oral Roberts University in Tulsa, Okla. Nearly 3,000 persons from across the United States and Canada were guests of the University for the 4-day event. Miss Gilder is the daughter of Mr. and Mrs. Henry Gilder of Doucette.

The seminar was one of several held on the campus this year. In addition to seminar guests, some 175,000 persons tour the campus each year. Oral Roberts is Oklahoma's number one tourist attraction according to the Tulsa Chamber of Commerce.

Kathy Kinnon Writes

Holiday Pinings

Lester Battise brought a very interesting and entertaining program to us from the Alabama-Coushatta Indian Reservation. The Nesikla Dancers, featuring Hobby Williams, Jr. and Douglas Williams performed several native dances which included the difficult "Hoop Dance." Hobby Williams, Sr. set off the dancers with the drums and chanting. The residents loved it and can't wait for our trip to the reservation next Spring.

Tuesday was picture show day at Holiday Pines. Allen Shivers Library presents these movies about once a month. This months film was "The Legend of Johnny Appleseed." Vera Whitson also played a tape of the Golden Days of Radio featuring Bing Crosby, Jack Benny, Amos n' Andy, Bob Hope and Lonely Ranger. The library works very actively with our home. Vera comes by twice a month loaded down with books and recent issues of magazines. She knows what the individual residents of this facility are and sees to details such as bringing large print books to residents with poor vision. We also appreciate the librarians for so patiently teaching us to use their projector for our Staff Inservice Training.

We're working hard this week in preparation for our *Volunteer Services Tea* Thursday the 18th of November. Each member is singing group the "Piney Singers" will be featured in one of our numbers, so their working hard on their songs. We're really excited about doing something special for our volunteers.

Margurettes Flower and Gift Shop gave us boxes and boxes of craft supplies, artificial flowers, holiday decorations, loads of things to use for Christmas and even gave us craft ideas to go along with the supplies. Community interest like this is what's changing the atmosphere of nursing homes. Thank you, Margie, for being so good to us.

Having Kathryn Brodnax's paintings for Bingo prizes made Wednesdays game more exciting. The lucky residents that won them were Bryan Lazenby, Mary Pate, Jurshal Bean, W.B. Sturrock and Mary Willbern. Brad Smith called the game for us and David Dillon donated the cash prize won by Pearl Grindell and Byron Lazenby.

We have a few programs that never get mentioned because sometimes we don't have volunteers to sponsor them. Every morning we have a large group of residents involved in exercises. We have regular contact with the Governors Commission on Physical Fitness and have made up our program from their suggestions and work shop trainings. Many of the residents will tell you the daily exercises are the best thing thats ever happened to them. It makes us feel good to see the residents out of their beds and rooms, visiting with friends and enjoying life.

Mailing Deadlines Posted, Holiday Cooperation Asked

WOODVILLE—The Woodville Post Office reminds all its customers that Thursday, Nov. 18, is the latest suggested date for sending Christmas cards by surface mail to South America and Central America, except Mexico.

The suggested deadline for airmail to these places is December 11. For deliveries to Mexico, the deadlines are December 15 for parcels and December 19 for letters for pre-Christmas delivery.

The post office also reminds its customers not to wait for the deadlines, but to mail early to insure delivery on time. The post office also stressed again the importance of using a correct address on all your mail as well as including your own correct address in the return on each piece of mail. It is also very important that a correct ZIP code be included in both your return address and in the address on each article. By including the ZIP code you help us identify the area to which the mail is going, reducing the times the mail must be handled before delivery.

McGuire Named Director

SAN ANTONIO.—James Patrick McGuire, formerly of Woodville, has been named the Director of Educational Services of The University of Texas at San Antonio's Institute of Texan Cultures.

McGuire had been a research associate at the Institute since its founding in 1967. He became the acting director of Educational Services in March, 1976.

McGuire was born in Austin, but considers Woodville, where his parents, Mr. and Mrs. B.H. McGuire, Jr. still reside, his home. He attended Kirby High School in Woodville, then went to The University of Texas at Austin where he graduated Phi Beta Kappa. He attended the University of London on a Rotary District Fellowship and received his master's degree from St. Mary's University in San Antonio.

Before joining the Institute staff, McGuire taught high school Texas history and civics in Beaumont, Kerrville and Austin.

McGuire is involved in many local and state historical organizations and is an active member of the Episcopal Church choir.

As a research associate, McGuire's areas of study covered the ethnic origins of the state's French, Polish, Lebanese, Greek and Yugoslav population.

Through his work at the Institute, McGuire has developed wide personal contacts with Texans of Polish and German ancestry.

Most recently, McGuire authored the book, "Iwonski in Texas: Painter and Citizen," which provides insights into the art history of this Texas artist and into the daily lives of the German settlers of Texas.

Another book, "Julius Stockfleth: Gulf Coast Marine and Landscape Painter," should be released by the end of this year.

James McGuire

McGuire's interest in German pioneer painters in Texas continues in this historical study of one of the few early Texas maritime painters on the coast. The book will be printed by Trinity University Press and the Rosenburg Library in Galveston.

As the head of the Institute's educational programs, McGuire's immediate plans include the establishment of five informal classrooms on the floor of the Institute and the formation of an educational outreach program to all the schools in the state.

"In the outreach program, we'll be supplying educational information and aids based on the Institute's research on the state's ethnic populations to those classrooms that can't come here," he explained.

Turkey Tips For Holiday Buying

COLLEGE STATION—Turkey and all the trimmings" make th holiday festive for most people.

Mrs. Sally Coble, a foods and nutrition specialist with the Texas Agricultural Extension Service, The Texas A&M University System, offers consumers some tips on buying and storing, along with cooking and serving the turkey.

"Turkeys are a good buy, because they're in season now. Amount to buy depends on the appetites of those eating, but a guide for servings per person may help plan how much to buy. If cooking for persons with hearty appetites, figure the number of servings needed—not how many people are to be fed," she advised.

TURKEY BUYING GUIDE

Roasted: ½ to 3/4 lb. for birds 12 lbs. and over

Roasted, quarter or half: ½ to 3/4 lb. for birds 12 lb. and over

Thighs or drumsticks braised: ½ to 3/4 lb.

Boneless, rolled turkey: ¼ lb.

STORING METHODS

Fresh, ready-to-cook poultry (whole or in parts) is available in plastic wrapping. Remove the wrapping and place the meat on a dish or tray, covering loosely with waxed paper or foil. Refrigerate immediately. Turkey stored this way will keep for a few days.

Frozen turkey should be placed in the freezer and held at 0 degrees F. or below, until time to thaw for cooking. For top quality, do not keep longer than six months.

Commercially frozen, stuffed birds should not be thawed before cooking. Follow one of these recommended procedures for thawing unstuffed frozen turkeys:

Frozen whole turkeys and parts need to be cooked soon after thawing. Frozen turkey also may be placed directly in the oven, but the cooking time will be longer.

COOKING TURKEY

Ready-to-cook turkeys require little cleaning. Wash the bird in cold water and dry with paper towels.

Salt the body cavity well. Grease the skin of the bird with softened fat or oil. Place breast-side-up on a rack in a shallow pan and roast at 350 degrees F. until the internal temperature reaches 180 degrees F. A meat thermometer may be inserted into the thickest part of the breast or thigh muscle. The following chart indicates the approximate cooking time to reach the desired temperature.

Weight	Time (hours)
6-8	3-3½
8-12	3½-4½
12-16	4½-5½
16-20	5½-6½
20-24	6½-7

*The goal of turkey cookery is to have the meat completely done, but still juicy and tender. The skin should have a brownish-yellow color and be moist and tender to the touch. Consumers should pay close attention to cooking instructions on the bag for results," Mrs. Coble said.

STUFFING A TURKEY

A stuffed turkey is an ideal place for harmful bacteria to grow. But if special precautions are followed, stuffed turkey can be safe to eat.

Stuffing should be placed inside the turkey cavity just prior to roasting. Never hold a stuffed turkey at room temperature or in the refrigerator. The roasting time will be longer to reach the desired 180 degrees F. in a stuffed turkey, she said.

After serving, remove the remaining stuffing from the cavity before storing in the refrigerator or freezer.

Remember, you can still bake a dish of stuffing alongside the roasting unstuffed turkey, the specialist said.

SERVING THE HOLIDAY MEAL

Turkey will be the highlight of the holiday meal. Allow the turkey to stand 30 minutes before carving. This makes carving easier and the turkey tastier, she said.

Most families have special foods they serve for Thanksgiving meals. Remember to include foods from the basic four food groups to insure good nutrition, she said.

Take care in storing leftovers so they will be safe to eat and good for another meal. Leftover turkey may be stored in the refrigerator for a few days—or longer in the freezer," she added.

For recipes and further information on turkey and turkey recipes, B-1065, "All-Time Favorites-Chicken and Turkey" is available for 30 cents from the Texas Agricultural Extension Service. Send money and order directly to the Department of Agricultural Communications, College Station, Texas 77843 or pick up an order form from your county Extension agent's office, Mrs. Coble suggested.

THAWING TURKEYS

Pounds	Refrigerator* (days)	Cool Water (hours)	Room Temperature (hours)
4-6	3-4	6-8	
8-12	4-6	8-12	
12-16	6-7	12-14	*In wrapper or covered
16-20	7-8	14-16	
20-24	8-10	16-18	

HEW Grant Worth Much To MHMR

LUFKIN—Congressman Charles Wilson's Office announced this week the awarding of a U.S. Department of Health, Education and Welfare (HEW) staffing grant in the amount of $323,159 to the Deep East Texas Regional Mental Health Mental Retardation Services (DETRMHMRS). The grant will provide prescreening, aftercare and prevention services for mental health clients of DETRMHMRS.

This grant will also provide 22 positions for mental health workers for the 13-county Deep East Texas region. Positions to be filled in the near future include a Coordinator for Volunteer Services, a Coordinator of Casework Services, and a Coordinator of Drug and Alcohol Services. Other positions include full-time Caseworkers for Houston, Polk, Jasper, Tyler, Newton, San Jacinto, and Trinity counties.

Dr. Wayne Lawrence, Executive Director of DETRMHMRS, stated that this grant which could run up to eight years will enable DETRMHMRS to greatly increase mental health caseloads and improve overall mental health services in the 13-county region. DETRMHMRS is currently providing services for approximately 1,500 mental health and mental retardation clients.

The Weather Is The Problem

If someone asked you what activities of man cause the most forest fires, you would be right in saying arson and debris burning. But nature gives these activities a hand. Without dry weather conditions, no fire can get out of hand.

The Texas Forest Service (TFS), in conjunction with the National Weather Service in Ft. Worth produces special daily fire weather forecasts. Since forest fire damage is sensitive to changes in weather, this information helps the TFS stay ready for any fire situation.

Most fire weather occurs in East Texas from December to March, and again in late summer. These periods are characterized by low rainfall, high winds, and dead vegetation. However, a good day for fires can happen at anytime during the year if the weather is right.

Every day at 1 p.m., the seven Texas Forest Service Districts, with headquarters at Linden, Henderson, Lufkin, Woodville, Kirbyville, Conroe, and LaGrange, report local existing weather conditions via radio, to the Texas Forest Service Fire Control Headquarters in Lufkin. This report which includes cloud cover, visibility, and moisture (an indicator of the last precipitation), temperature, humidity, wind direction, speed and precipitation, is phoned by the Forest Service Department to the National Weather Service in Ft. Worth. Richard Lyle, Special Projects Meteorologist for Forestry, combines this information with national and regional information to predict the fire weather for the next 24 hours. His report details the movements of fronts, pressure systems, precipitation probability, wind speed and direction, maximum and minimum relative humidity, plus humidities for three specific hours of the next day.

By 3:45, Lyle has sent this information over the "weather wire" to the Fire Control Headquarters in Lufkin. This forecast is radioed back to the Texas Forest Service Districts. The forecast is related to previous wildfire incidents under similar weather conditions to come up with a fire index. This index is a measure of the risk of wildfire occurrence during the next 24 hours. Dispatchers use this information to help decide how to deploy fire fighting manpower and equipment.

This all sounds complicated and scientific, but according to Kent Burnes, Assistant Head of Fire Control Department in Lufkin, "Weather forecasting is not an exact art that science. However, the efforts of the National Weather Service will help fire fighters respond quickly to wildfires in East Texas."

Minor Home Repairs for Aged Planned

The administration on Aging has been informed of an allocation of monies made available for Tyler County, and at a budget conference meeting, it was decided to use this money in making Minor Home Repairs for Senior Citizens who qualify according to Rev. Jesse Adams.

The objective is to provide, in the form of financial assistance to the senior citizens of Tyler County home repair services to at least twenty-eight (28) homes based on the established maximum of $150. per home, during the year period ending September 30, 1977.

The potential project recipients for the consideration by the Tyler County Committee on Aging must be (a) a resident of Tyler County; (b) age 60 or above; (c) Income level as determined by the Committee; (d) urgent need as it relates to health situation; (e) other factors the Committee deems are necessary in Tyler County.

The Tyler County Committee on Aging will establish the policies and eligibility criteria for selection of project recipients on or before February 1, 1977.

The Committee on Aging will publish through the local news media the purpose of the project, the eligibility requirements for the selection of the potential project recipients, and the responsibilities of both the Committee on Aging and the potential project recipient in keeping with the date of February 1, 1977.

The Committee on Aging will investigate on an on-going basis each application made by potential recipients to determine need and to ensure that the established criteria has been met, said Rev. Adams. The Committee will investigate to determine satisfactory work and that monies are being spent in accordance with the intent of the Project. Applications and any information can be had at 101 Ace Street, Woodville, Texas, telephone 283-3517 or phone Rev. Jesse Adams, Box 67, Woodville, Texas, or 283-2020.

Jasper Courses Offered

JASPER—Course offerings for the spring semester at the extention campus in Jasper of Angelina College will include Accounting 231, Business 131, Business 132, Business Law, English 131 and 132, Government 231 and History 132.

Accounting 231, which will meet on Monday, is an introduction into the theory and principles of accounting applied to the single proprietorship, partnership, and corporate enterprise. Instructor for the course is Mildred Mathis. Mathis is employed by the Jasper Independent School Disrict.

Business 131, Introduction to Business is also taught by a member of the J.I.S.D. faculty. Marilyn Wise teaches business courses at the new Jasper High School. The introduction to Business class covers business organizations in a capitalistic economy. Included in the course is a general overview of management marketing, finance, and financial institutions, risks and insurance, production and law.

Business 132, Business Mathematics covers trade and cash discounts, effective interest and payments, inventories, depreciation, and other topics related to the mathematics of business. This course is accepted by the Texas Real Estate Commission as hours toward a brokers license.

Another business course accepted by the Real Estate Commission is Business Law. Business Law meets on Wednesday nights and is taught by Jack Cole. Cole is a local attorney employed by the Deep East Texas Council oc Governments. Course content includes the general principles of the law of contracts negotiable instruments, agency, bailment, property, and title.

Two English courses are presently underway and both are freshman level programs. Instructor for the course is Lynn Semetko. Semetko has taught at Aims Junior College in Greely, Colorado in the past and has recently moved to Jasper.

Other courses offered will be Principles of Economics, Sociology 241-Marriage and Family, General Psychology, First Aid, Interior Design, Speech, Child Psychology, Introduction to Sociology, not to mention many others.

Classes will be held in the Row Junior High School from 6:30-9:30 p.m. Registration will be held from January 3-5 in the Rowe Jr. High cafeteria from 5 p.m. to 8 p.m.

Pre-registration will be held from December 6-16 at the resource center at Rowe Jr. High from 9-3 p.m.

English 131 (Composition) and English 132 (Forms of Literature) cover the following topics: sentence structure production; development of paragraphs, and the whole composition; major genres of literature, selected poems, short stories, novels, and mythology.

Government 231 (Federal and State Governments) meets on Thursday evenings and is taught by Floyd Addington, a local attorney. Course content covers a study of the origins and development of the American governmental system. Also included are topics concerning federal and Texas constitutions, federal-state relations, parties, politics, and voters. This course will meet the certification requirements for prospective teachers as required by Texas Law.

History 132 (United States to 1865) is taught by Travis Jones on Tuesday evening. Jones has taught both Lamar and Angelina College in the past.

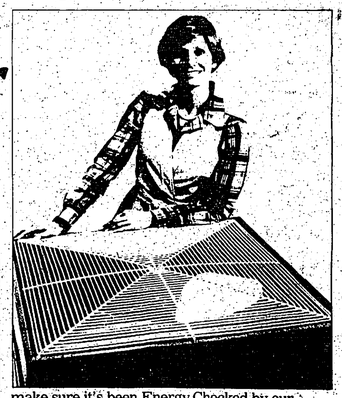
Make the most of your electricity and you'll make the least of your electric bill.

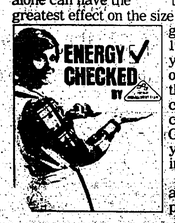


One of the best places to start is with a heat pump. A single, most efficient device that both cools and heats your home. It's one of the most efficient climate control systems available. It takes the place of both an air conditioner and a furnace and probably should in your home. What makes it so efficient? The fact that you can get more out of it than you put into it. And that saves energy and money.

Another way to make the most of your electricity is to properly insulate your home. This alone can have the greatest effect on the size of your bill. Start by giving your attic the R-19 test. Check to see if you have the blown-in or batt type. Measure the thickness. Then call an insulation contractor or dealer, or GSU. You'll learn if your home is properly insulated.

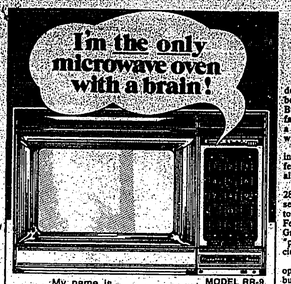
If you're moving into a new home, or planning to build one, make sure it's been Energy Checked by our Energy Management Team. It assures you that things like insulation, dampers, weather stripping, wiring, ductwork and other features of the home are energy efficient. And that means savings on your bill.

We think it's important for you to get answers about your electric service. So if you have a question, just ask us.



Your electric bill. We'll help you make the least of it.

GULF STATES UTILITIES COMPANY



MODEL RR-9

My name is Touchmatic Radarange MICROWAVE OVEN made only by Amana

I make microwave cooking even simpler. I'm so easy to operate.

Amana COOKMATIC Power Shittm puts you in full control of everything you cook.

Pick the operations you want it to perform by touching the numbers and cycle instructions on the smooth, clean face of the control panel. It's that simple. Then push the start button. Solid state reliability.

As you make your selections by touching the control panel, the solid state "brain" records your instructions, remembers and accurately carries out your cooking program. It's that easy.

Of course, you can interrupt the cooking at any time to season, baste, or whatever. The Touchmatic system remembers exactly where it was and resumes cooking as soon as you press the Start Switch.

Radarange Cooking is fast, clean, cool, and saves energy.

It's simple to operate, simple to use — built with solid state reliability. Of course with 675 watts of cooking power, the Touchmatic Radarange Oven still cooks almost everything in one-fourth the usual time. For example:

- a 5 lb. roast takes just 35 minutes;
- a hamburger — 60 seconds;
- a hot dog — 20 seconds;
- Vegetables (from frozen to serving) take 5 or 6 minutes;
- a baked potato — 4 minutes.

The Touchmatic Radarange Microwave Oven: Yes, we've made the greatest cooking discovery since fire even greater. And so simple.

Come in and see me now!

Farm Bureau Head Offers $ Idea

HOUSTON—The president of the 2,500,000-member family American Farm Bureau Federation says that farm and ranch families have a sure-fire plan to do away with federal deficit spending.

The solution? No salary increases for any elected federal official until the federal budget is balanced.

Speaking Thursday (Oct. 28) before an agribusiness seminar called by the Houston Chamber of Commerce, Federation President Allan Grant praised Texas state "pay as you go" fiscal policies.

"If states like Texas can operate on a strict, balanced budget, so can the rest of the state, and so can this nation...," Grant said.

He said that farm and ranch people suggest an amendment to the U.S. Constitution requiring that Congress operate on a balanced budget each year, and that only in extreme national emergencies should this requirement be waived through concurrence of the House, Senate and executive branch.

"And while we're at it, let's knock out legislative authority for wage and price controls. They deal with symptoms and not the causes of inflation. They are a broken crutch, and a temptation for political misuse..," Grant said.

The farm leader noted that the economic climate of Texas has been attractive to industrial growth, and linked this attraction to the fact that Texas is a right-to-work state "known for its fair--but firm--attitudes toward organized labor."

"Agriculture has been concerned about what appears to be the growing monopoly power of labor unions. We see government officials, political candidates and social leaders going out of their way to appeal to, and appease, organized labor.

"If you--as businessmen--were to engage in some of the practices common to organized labor, you would be vulnerable to Federal Trade Commission and Justice Department scrutiny, and possible action.

"While raising food prices through harvesttime strikes of fruit and vegetable processors, through antiquated methods to make work, through featherbedding and slow-downs, union leaders have tried to distract consumer attention by suggesting that farmers cause higher food prices," Grant said.

He added that labor costs now represent more than half of the total food marketing bill, and make up 67.4 percent of the average food store's total operating costs.

Grant said it is unfortunate that repeal of the state right-to-work law has become a major issue in the Presidential campaign. He noted that in 20 states, including Texas, the right of a worker to freely decide whether to join a union or not has been protected by the law.

"In 30 other states, that precious right of free decision has been abridged.

"Farmers believe that the Constitution of the United States guarantees to each individual the freedom to engage in worthwhile work of his choosing. And that this freedom must not be contingent upon paying homage, or union dues."

Don't Believe "Myths"

AUSTIN—Are you a "mything" [illegible] Do you lead people [illegible] with old [illegible] hazards at [illegible]

[illegible]ing like, "Quick, [illegible]ado coming! Get in the southwest corner of the house!" An updated report carried in the National Safety Council's Family Safety magazine tells of a new study carried out—in of all places—the home state of that famous tornado-tossed duo—Dorothy and Toto!

University of Kansas geography and meteorology professor Joe R. Eagleman, after investigating actual tornadoes and conducting wind tunnel test, concluded the northwest corner of the house closest to the approaching tornado (usually the southwest corner) is the first part of the house to be damaged. Debris from the ruined walls and roof is apt to drop straight down. The corner of the house farthest away from the approaching tornado appears to suffer the least damage and to offer more protection from debris, Prof. Eagleman reasoned.

"That's why it's good policy to keep up on new studies and developments to help you make appropriate decisions when danger strikes," advised the Texas Safety Association. Since a "near myth" can be as deadly as a myth, here are some others offered by TSA.

MYTH 1—IF CARBON MONOXIDE WERE LEAKING INTO MY HOUSE, I'D KNOW IT! The facts are carbon monoxide is odorless, colorless, tasteless. You can't feel it or hear it escaping. A gas, carbon monoxide is produced any time a material containing carbon burns. Common sources of CO around the home are ranges, central heating units, space heaters, water heaters and fireplaces. An estimated 900 persons die annually in the U.S. from CO gas in their homes. Many others were sickened by it which suffocates victims by "crowding" out oxygen to the blood supply and, of course, the brain. Persons who have been poisoned often say they knew something was wrong but were so confused and weak they could do nothing about it. Your best defense against this invisible killer? "Have all your home combustion appliances checked and cleaned periodically," TSA counseled.

MYTH 2—YOU CAN KILL YOURSELF BY STICKING YOUR HEAD IN A GAS OVEN. Dramatic film and stage suicide scenes to the contrary, it's not easy to end it all by poking your noggin into a gas stove. Why? Most utility gas piped into homes today is natural gas. Years ago, the gas used was of the more toxic, manufactured variety and some communities may still be using this form of energy. But for the most part, natural has the cooking gas concession. A far greater danger with either type of gas is explosion. Improper stove use, poor maintenance and use of flammable liquids near pilot lights are all set-ups for home tragedy.

MYTH 3—THERE'S NOTHING LIKE A ROARING FIRE IN THE FIREPLACE TO HEAT UP A ROOM QUICKLY.

Fact is, that cozy blaze in the fireplace may be pulling more heat out of the house than it's putting in. Until the masonry around the fireplace is heated through, and that may take some time, the flames may be sending more heat up the flue than they're sending out to you. A medium-sized steady fire is better than a real roarer since high flames and sparks could set the chimney on fire by igniting resins coating the flue lining.

MYTH 4—WATCH OUT FOR THE FLAMES. THEY'RE THE REAL KILLERS IN HOME FIRES.

Studies of home fire deaths prove the majority die from asphyxiation—and poisoning gases with flames ranking last. The secret to living through a fire in your home is to get you and your family out as soon as possible before fire poisons the air and drains life. Smoke detectors, available for $20-$50 and easy to install, help to insure you family gets out safe with plenty of time to spare.

TELL 'EM YOU SAW IT IN THE TYLER COUNTY BOOSTER, Thursday November 18, 1976

"Myths" Continued

MYTH 5—A FUSE IS AN ELECTRICAL "SAFETY VALVE" AND WILL "BLOW" BEFORE ANY DANGER DEVELOPS.

Actually, frayed wires, internal overheating and a multitude of other electrical sins may never show up at the fuse box. That's why it is always good practice to monitor electrical devices as you use them for shabby wires, strange smells, overheating, etc. and other noticible danger signals.

MYTH 6—MEDICINES GET WEAKER WITH AGE.

This is not always true. Some, such as tincture of iodine, get stronger as time passes. Check with your pharmacist or doctor before using medications of questionable age. Vintage may not work to your advantage.

MYTH 7—PEOPLE WITH PACEMAKERS SHOULD AVOID MICROWAVE OVENS.

Only those people with original pacemakers implanted fifteen years ago or more might experience a hazard. Modern pacemakers and microwaves are not incompatible.

MYTH 8—SPOILED FOOD ALWAYS SMELLS OR TASTES FUNNY.

Some food can be overrun with bacteria and still not have an off-taste or detectable odor. Sometimes just the opposite is true. Meat may have a very unpleasant smell yet be perfectly safe to eat. Putrefaction, the decomposition process that produces offensive odor, has nothing to do with food poisoning. Keep hot foods hot and cold foods cold—and throw out any doubtful food without a taste test. Even a tongue flick of foods containing botulism can result in paralyzing death.

"Be in the known about the safety and health of your family," Texas Safety Association urges. "Don't accept a 'myth' statement. Get the facts. It could be a matter of life and death."

Avoid Mail Order Fraud

COLLEGE STATION—If you read ads like "Make easy money at home, send $3 for details," do you obey their command?

If so, you may be defrauded, says Claudia Mitzel, consumer information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

This type of ad may be one of many that defrauds consumers seeking to supplement their incomes at home," she added.

Dishonest ads for business opportunities may promise payment for at-home work only to send the hapless consumer a letter on how to start his own mail order business or inform him he must pass a test or pay a registration fee before qualifying, she explained.

Frequently the victims are homemakers with young children at home, shut-ins, elderly persons and the unemployed.

"Unfortunately, many consumers who fall prey to these schemes never complain because of the small amount of money lost. But these small amounts add up when there are tens of thousands of responses," she said.

Before investing in a work-at-home opportunity, be cautious if:

—the advertisement promises large profits for little work;

—the ad requires you to send money to receive further information;

—the ad tells you that no experience is necessary;

—the company will not supply the names of other employees so that you can check on their experience;

—you are required to buy and then resell a product at a profit (the item may be of poor quality and unsalable).

"If you do plan to invest in a work-at-home plan, call your local Better Business Bureau or Retail Merchants Association to find out if the company has a good reputation. Always think twice before paying for the chance to work," she reminded.

Small Ads... Big Results! CLASSIFIED ADS!

Card Of Thanks

We wish to thank all our friends for the food, flowers, love and kindness during our time of sorrow.

The Family of Bill Richardson

We would like to express our sincere thanks to everyone for the lovely donations and other good deeds we received at the time our home burned some weeks ago. May God Bless you.

Mary Hale & Family

Recent Study Profiles Child Abuse

A recent study shows parents are most likely to abuse male infants, children under age 5, illegitimate children and females age 12 and older.

The same study also points out high-risk families.

"A fairly high rate of unemployment and an extremely high rate of marital discord characterized abusing families," said William Friedrich, a researcher at The University of Texas School of Public Health. About 65 percent of the abused children in the study did not have both natural parents living with them. The study appears in the October issue of Texas Medicine, the Texas Medical Association's monthly journal.

Friedrich's data, drawn from Harris County Statistics, shows that parents of any age, race, educational or economic category abused children. A large percentage seem to be repeat offenders. About 85 percent of the children reportedly abused had been in similar incidents previously.

"A parent who was himself abused, social isolation, unrealistic expectations of the infant, inability to use or seek help and a personality best described as deeply unlikeable" profile a potential child abuser, an article in the JOURNAL OF THE AMERICAN MEDICAL ASSOCIATION states. Parents demonstrating two or three of these characteristics who have or will have young children should be offered help before abuse occurs, said the article's author, David Chadwick, M.D., of San Diego, Cal.

The first step in getting someones help is reporting abuse. Texas law requires anyone who suspects child abuse or neglect to report it to the proper authorities. A person can call the child abuse hotline number, 1-800-292-5400, free of charge and report a potential or suspected case. People can call the nearest welfare office or law enforcement authorities as well. The Texas welfare office department says "as long as your report is made in good faith, you are protected by law from damage suits." A report also can be made anonymously. The law says someone can be prosecuted for not reporting a suspected case.

The information is relayed to the nearest child welfare office and a worker investigates the report. After investigation, parents may get counseling if needed. If a child's safety depends on it, he may be placed in another home at least temporarily.

Welfare department figures for 1973 show there were about 4,000 reports and more than 2,500 confirmed child abuse cases. There were 104 recorded deaths from child abuse. Friedrich's article says there may be as many as 500,000 abuse cases in the U.S. every year. Texas child abuse reports have increased but Friedrich said that the child abuse reports show only a small part of the problem that includes emotional abuse and intentional neglect. Dr. Chadwick said "more support needs to go into identification and care of the high-risk patient who has not yet abused an infant."

Consumers Are Judge Of Objectionable Mail

COLLEGE STATION—The postal service is no longer judge of whether materials sent through the mail are objectionable, Lynn Boutland a family resource management specialist, says.

She is with the Texas Agricultural Extension Service, The Texas A&M University System.

"Formal rules, published July 18, 1976, now make it the consumer's responsibility to determine if the material is 'undesirable'," she reported.

Persons who wish to remove their names from such mailing lists may do so by requesting Form No. 2150 from their local post office. This form calls for a prohibitory order that will be in effect for five years, the specialist explained.

"If consumers find it inconvenient to pick up the form at the post office, they may receive the same service by writing a letter to the post master.

"Philosophy behind the new rule is to enable consumers to have an effective way to decide for themselves what they wish to receive, rather than having a government agency decide for them," she said.

"Say sweetie! It's do yourself-a-shelf time."

"Hey Honey, Do yourself a shelf."

Got a wall that just stands there and peels? Colorful KV shelves can turn it into a focal point.

Installation? It's a cinch. Lamar Jean does it by using his head. You'll probably need a drill, screwdriver and hammer.

Afterward, KV shelves stay up like a jammed zipper. You'll find plenty of KV shelves here by my picture. So, come on down. Get yourself a houseful of help.

Accent On Health

Thousands of Texans who have been hospitalized at one of the three chest hospitals operated by the Texas Department of Health Resources went seeking treatment, cure and hope for the future.

While receiving these things, they have in most cases found something else: a new set of friends in the hospital doctors, nurses and other staff members.

The hospitals do more than just treat tuberculosis. Although noted for the expert specialized treatment which tuberculosis patients must have, hospital personnel deliver it with compassion. They also provide guidance which affects the lives of many patients, particularly alcoholics. This counselling services is important because the recurrence of tuberculosis in many cases is associated with excess intake of alcohol and resultant nutritional deficiencies. The importance of nutrition to health is emphasized.

For patients stricken by tuberculosis, the chest hospitals located at Tyler, San Antonio and Harlingen are always open to receive them. It's the only place many Texans—those without financial resources—can go for treatment of this contagious disease.

The hospitals don't stop at the treatment for tuberculosis. If other medical or dental problems are found, these conditions also are treated while the patient is hospitalized.

In addition to the care given tuberculosis patients! the chest hospitals also provide treatment for persons with chronic respiratory disease (asthma, emphysema bronchiectasis and other chest diseases including some cases sent to the hospital and later found to have cancer.)

The hospitals are accomplishing their extensive programs on a budget of $15.5 million. And, more than a fourth of this is returned to the state's General Revenue Fund. Patients who enter a chest hospital and are able to pay are charged commensurate with this ability to pay. Also, those who have private insurance, or are eligible for federal or other benefits, are charged for the services for which they are covered. These payments last year totaled $4.5 million. Since these payments do go into the General Fund the net cost to the state for the operation of the hospitals is some 25 percent less than the money appropriated for their operation.

The three chest hospitals last year admitted 3,200 patients, including most of the 2,600 new cases of tuberculosis diagnosed in the state. The hospitals get the worst cases of tuberculosis, those harder to treat who normally must spend more time in the hospital. Some tuberculosis patients are treated at contract hospitals.

Persons entering a tuberculosis hospital today spend an average of 65 days, while those with milder infections stay an average of 20 days in the contract hospitals.

A decade ago, the average stay in a chest hospital was 200 days.

In other words, said Dr. Fratis L. Duff, Director of Health Resources, patients are receiving better care today than in the past and are having to remain in the hospital only a third of the time they did just 10 short years ago.

Cost of a hospitalization in a state chest hospital is only $48.09 per day, compared to $145 per day for a patient in a full reimbursement contract hospital.

A big bonus provided these Texans by the hospitals said Dr. Duff, is the provision of outpatient care including laboratory work, X-rays and medications, and special treatment for people who have chronic respiratory disease. Certain members of the medical staffs of the hospitals conduct clinics for chest disease patients in the surrounding communities.

All the advances are made possible by better management, improved care programs and the addition of newer methods of treatment of tuberculosis. Comparing the cost of state chest hospitals patients receive care at a fraction of what it would cost in another setting.

Without the chest hospitals, said Dr. Jerome H. Greenberg, Deputy Director for Preventable Diseases, Texans with tuberculosis would have to pay some three times the cost for services at they could afford to pay at all.

TELL 'EM YOU SAW IT IN THE TYLER COUNTY BOOSTER, Thursday, November 18, 1976

OBITUARY

Wanda Lee Brandin

WARREN--Funeral services for Mrs. Wanda Lee Brandin, 50 of Warren, were held Wednesday, Nov. 10, 1976 at 2:00 p.m. in the Edwards Funeral Home Chapel in Woodville with Rev. Kenneth Cauthen officiating. Burial was in the Allison Cemetery.

Mrs. Brandin died Monday, Nov. 8, 1976 at 9:15 p.m. Monday in Woodland Heights Hospital in Lufkin, Tx. after a short illness. She was a life long resident of Warren and a member of First Baptist Church in Warren.

Survivors include 1 son, Rodney Brandin of Warren, Texas; 1 daughter, Mrs. Cheryl Cain of Warren, Texas; 2 brothers, Ottis Allison, of Protho, Utah, and John T. Allison of Harker Heights, Texas; 1 sister, Mrs. Frances Lapetina of Houston, Texas.

Pallbearers were Russel Lapetina, Sr., Cleveland Sontag, Frank Hatton, Emanuel Allison, Russell Lapetina, Jr., Walter Sontag.

Evie Harrison Bennett

PASADENA--Funeral services for Mrs. Evie Belle Harrison Bennett, 67, of Pasadena, Texas were held Thursday, Nov. 11, 1976 at 11:00 a.m. in the Edwards Funeral Home Chapel, with Rev. Wilburn Ansley, of Pasadena and Bro. Lester Roloff of Corpus Christi; officiating. Burial was in the Midway Cemetery, west of Woodville.

Mrs. Bennett died at 8:30 a.m. Tuesday in the Tyler County Hospital after a lengthy illness. She was a native of Woodville, Texas. She was a retired school teacher. She taught in Woodville School for 5 years and later teaching in Pasadena, in all 42 years of teaching. She was a member of the Baptist (Trinity) Church of Pasadena.

Survivors include her husband Mr. Leon Bennett; mother Mrs. Ella Harrison of Woodville; 6 brothers, Veston Harrison of Woodville, J.T. Harrison, Jr. of Woodville, Lewis Harrison of Houston, Brown Harrison of Nederland, Clarke Harrison of Port Arthur, and Edward Harrison of Nederland; 2 sisters, Mrs. Neva Evans of Woodville, Mrs. Ella Faye Gallagher of Port Arthur.

Pallbearers were Walter Matthys, Lonnie Keller, Jack McCoy, Miles Bozarth, J.R. Vines and A.E. Crum.

S.D. O'Brien

WOODVILLE--Funeral services for Mr. S.D. "Deke" O'Brien, 71, of Woodville, Texas were held Friday, Nov. 11, 1976 at 2 p.m. with Graveside services held in the Magnolia Cemetery, in Woodville, with Dr. Raymond A. Parker officiating. Burial was in Magnolia Cemetery in Woodville.

Mr. O'Brien died at 1:30 a.m. Thursday, in Diagnostic Hospital in Houston. He was a native of Liberty, a graduate of University of Texas. And after many years as a Geophysicist with Humble Company he made his home in Woodville where he engaged in ranching and timber.

Survivors include 2 daughters, Karen Pfluger of San Angelo and Stephenie Yearwood of Canton, New York; 2 brothers, Berwick and Charles O'Brien of Houston; 1 sister, Felide Robertson of Houston; 2 grand children, Reid and Michael Pfluger of San Angelo, Texas.

Pallbearers were Jeff R. Mooney, Dr. R.B. Barclay, Carey L. Cruse, Leon Morris, Millard Moor, George Tubb, Herbert Sutton and Bill Jarrott.

Marshall Ray Harper

COLMESNEIL--Funeral services for Mr. Marshall Ray Harper, 70, of Colmesneil, were held Sunday, Nov. 14, 1976 at 2:00 p.m. in the Edwards Funeral Home Chapel with Rev. David Hutchins officiating. Burial was in Colmesneil Cemetery.

Mr. Harper died Friday, at 2:00 p.m. in Diagnostic Hospital in Houston after an extended illness. He was a native of Mississippi. He retired from Texaco in Port Arthur after 25 years. Made his home in Colmesneil for the past 12 years and was a member of Yellow Pine Masonic Lodge no. 679 of Colmesneil. He was a member of Woodville United Methodist Church and alos of Texas cattleman's association.

Survivors include his wife, Mrs. Blanche Price Harper of Colmesneil; 1 daughter, Mrs. Helen Robertson of Port Arthur 1 brother, Otis Harper of Oak Grove, La.; and 3 grandchildren.

Pallbearers were Mike Robertson, Pat Robertson, Printice Harper, Mike Kirkpatrick, Jeff Price and Burley Kinsel.

Reading Moses

"For Moses of old time hath in every city them that preach him, being read in the synagogue every sabbath day" (Acts 15:21). How did the people read Moses? To help answer this question let us ask another: Have you ever read Shakespeare? Now you know that I'm talking about reading Shakespeare's writings. In the first century when people read Moses it simply meant that they were reading the writings of Moses or the law of Moses (John 1:17).

Please consider the following verses: "There is therefore now no condemnation to them which are in Christ Jesus, who walk not after the flesh, but after the Spirit" (Rom. 8:1). How does one walk after the Spirit? Verse two: "For the law of Spirit of life in Christ Jesus hath made me free from the law of sin and death." Is it not a fact that if one walks after the Spirit (verse 1) he will walk after the "law of the Spirit.." (verse 2)? In other words to walk after the Spirit is to walk after the Spirit's law. You cannot ignore the Spirit's law and escape condemnation.

Continue by looking at Romans 8:5,6 where Paul mentions walking after "the Spirit"--could that mean that they were walking in harmony with the law of the Spirit? Looking down to verse 9 Paul says the Spirit of God dwells in you. What dwells in man--is it not the Spirit's law? In verse 13 we mortify (put to death) the deeds of body through the Spirit--the Spirit's law.

"For as many as are led by the Spirit of God, they are the sons of God" (Romans 8:14). Let's be consistent. We are led by the law of the Spirit, therefore, we are sons. "The Spirit itself beareth witness with our spirit, that we are the children of God" (Romans 8:16). It is the Spirit's law that bears witness with our spirit.

Men are led by the law of the Spirit of God to obedience. Thereby being children of God. The testimony of the Spirit is in the written word of God (John 16:13; Eph. 3:1-6).

To "read Moses" was to read his law. To be "led by the Spirit of God" is to be led by the Spirit's law--that is, the law revealed by the Spirit. No direct action of the Holy Spirit upon man today.

The Spirit said, that salvation is in Christ (II Timothy 2:10) and one must be baptized to get into Christ (Galations 3:27). Will you be lead by the Spirit or will you rebel?

Send your Bible questions or comments to Glenn Melton, 306 N. Beach, Woodville, Texas 75979, ph. 283-5402.

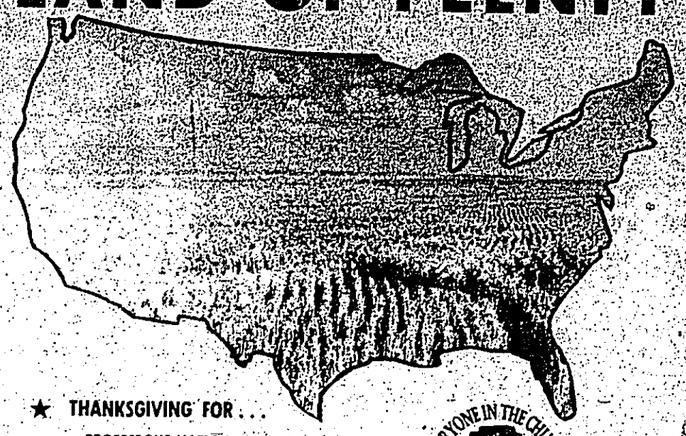
LAND OF PLENTY



★ THANKSGIVING FOR . . .
- PROSPEROUS NATION
- FOOD
- A STRONG NATION
- FREEDOM OF WORSHIP

EVERYONE IN THE CHURCH
THE CHURCH IN EVERYONE

Pages could be filled with ways that God has blessed us, and we should be continually thankful for God's goodness. At this time, however, we should pause from our daily workday habits and in unison, give special thanks to God, that we still have freedom of worship.

Attend church this Thanksgiving weekend

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Coleman Adv. Serv.
