Viola Meyka: 'County Mother Of The Year'

Tyler County Booster,

I'm writing because I think my mother, Viola Meyka, should be the "Mom of the Year". She is one in a million. She will be 86 years old on July 7. She has lived in Warren all her life. She and my dad had 15 children!

Dad had 15 children!

After my Dad passed away in 1957, there were still 7 of us at home. She had to make quilts and a huge garden to sell these to help feed us and send us to school. She pushed me very hard through school and I was the only one out of 15 who graduated. She has lost 5 of her children and has been very strong through the ordeals. I thank God above to be so lucky to have such a dear and loving mother through all these years. I would lo ve for the world to know how dear she is and to let her have some recognition as to how much we love her.

Her baby daughter,
Sarah Key

Riley To Offer Ambulance

Tyler County will soon have a new ambulance service according to Terry Riley, co-owner of Riley Funeral Home in Woodville.

Riley said the equipment is scheduled for arrival in Woodville on Friday, May 10 and a membership drive will soon be underway. The ambulances and equipment are being provided by Chuck Curtis Ambulance of Pasadena, Texas, which is the largest private ambulance service in Texas.

The new service is scheduled to begin the end of May or the first of June.

It will be known as Chuck Curtis/Riley Ambulance Service and will be equipped with the following Monitors for cardiace activity, I V Therapy for fluid control, Inubation equipment, Cardiac drugs and a form of telemetry which allows hospital ambulance communication. It will be a 24 hour, seven days a week emergency and non emergency service with dispatch board for answering questions.

Curtis Riley will also provide out of town transfers 24 hours a day. An Emergency Medical Technician course will be provided by Chuck Curtis for new employees. Terry Riley is already a licenced EMT.

Membership forms are now available at the Funeral Home on Hwy 190 West and will cost $15 per individual and $25 per family. Membership entitles the member to free ambulance service to and from any area hospital and also transfers. However the service is not limited to members according to Riley. Medicare and insurance claims are also accepted.

Warren Phone Books Near

Delivery of the 1986 Warren telephone directory will be completed May 15, according to Gene Thacker, community relations manager for Southwestern Bell Telephone.

Thacker said 1,397 directories will be delivered to area residents. Delivery started May 8. Each residential customer will receive one directory.

For additional copies, customers can call their Southwestern Bell Telephone business office.

Thacker requested that customers not dial right away.

"If your friend across town gets his directory before you receive yours, you'll probably get one within a few days."

This year 10 white pages and 19 yellow pages make up the Warren telephone directory. There are 1,435 white pages listings.

Emergency numbers are listed on the inside front cover of the new directories. In the all-new "Tele-Help Guide" at the front of the directory, customers will find tips on how to save money on their phone service. Also included is a map illustrating long distance service areas within Texas.

Petition Seeks 'Local Calls'

By Mary eGowan

Residents of Warren, Wildwood and Woodville have petitioned the Public Utility Commission to approve an Extended Area Service which would enable Warren and Wildwood to be able to call Woodville, Kountze, Silsbee, Fred, Hillister and other communities in the vicinity from the 547 and 834 exchange without charge.

At this time the Warren/Wildwood exchanges are a long distance charge when calling to or from any other area exchange. Mrs. Harold Johnson of Wildwood initiated the petition after first talking with Joyce Roddy of Pt. Arthur. Roddy referred Johnson to Don Price, a PUC staff member in the Engineering Division. According to Harold Johnson of Wildwood, father-in-law of Mrs. Johnson, Southwestern Bell held a public meeting with residents in 1976, after buying out the Colmesneil Telephone Company, previous suppliers of phone service to the area. At that time a S.W. Bell representative informed the residents of the company's intention to install this extended service within three years, says Johnson.

Price, in a written message to Johnson, attached the commissions rule regarding Extended Area Service. The rules specify the request must be for contiguous exchanges, in other words, calling into the next immediately adjacent exchange.

One rule for filing a request with the PUC is "that a petition signed by the greater of five percent or 100 subscribers in the exchange from which the petition originates."

Johnson was able to collect over 340 signatures from all over Tyler County. The petition has been sent to the PUC and Johnson is awaiting word on the outcome of the ruling. It's possible a public hearing will have to be held before a final decision can be made. Even if a favorable decision is made it could take up to two years to implement the service, according to Price.

Bannett and Check Texas residents in Jefferson County recently filed a similar request with the PUC. Those exchange customers wish to call toll free to Nederland, Groves, Pt. Neches and Pt. Arthur. They have not yet been informed as to the status of their request.

Triple Tree Opens

A country village, an old grocery store built in 1946, and a 23-year-old chef who knows how to satisfy the palate are all the ingredients needed for an enjoyable evening out. All this can be found in Spurger, Texas at the Triple Tree Restaurant.

The Triple Tree, a landmark of Spurger, re-opened April 30th and provides the same excellent food at lower prices with good service, and a pleasant atmosphere in which to dine. Mother's Day is a grand event. This year the menu will be Prime Rib at $8.95 a plate, along with the regular beffet, and menu items to choose from. If you want to give mom a special treat take her out to dine on Prime rib with all the trimmings at the Triple Tree Restaurant in Sourser, Texas. Hours are 5 p.m. to 9 p.m. Wednesday thru Saturday, and Sunday 11:30 a.m. to 2 p.m. Reservations can be made by calling 409-429-5231, but are not required.

TSTA's Beard In Warren

Charles Beard, president of Texas State Teachers Association, will be the guest speaker at a joint meeting of the Warren, Woodville and Spurger TSTA units at 7 p.m. May 20 at the Warren High School Cafeteria.

The Warren TSTA chapter is hosting the meeting.

Beard will speak on the latest developments in House Bill 72 and the new teacher appraisal system. A question and answer session will follow Beard's speech.

The public is invited to attend this meeting.

ELECT

Robert H. (Bob) Mann

Justice of the Peace, Pct. 2, Tyler County

I would like to thank the citizens of Tyler County in Precinct two (2) for their support and the votes they cast in my favor in the Democratic Primary on May 1, 1986.

Although I received more votes than any of my opponents, I did not receive more than all other votes combined. Therefore, I am now asking for you the peoples support and vote in the RUN-OFF election which takes place on Saturday, June 7, 1986. Absentee voting will be cast May 28, 1986 through June 3, 1986. On Saturday, May 31, 1986, the County Clerk's office will be open from 2 o'clock p.m. until 5 p.m. for absentee voting.

I want very much to serve as the next Justice of the Peace in Precinct two (2) in Tyler County, Texas.

Thank you,

Robert H. Mann

To Mark Mother's Day

Holiday Manor would like to announce that May 11-16, 1986 is National Nursing Home Week. Health Care facilities nationwide proclaim this week as a special time to honor, not only the elderly citizens in nursing homes, but also all of the people in the community that contribute their time and effort to help make nursing facilities a better place for our senior citizens to live. We at Holiday Pines wish to thank everyone of you in Tyler County for your help and support through the years and we look forward to your continued support in the upcoming years.

We have a busy week planned beginning Mother's Day. We have scheduled Sunday, May 11, an Open House from 2 to 4. We will have entertainment and refreshments, ending the afternoon in conjunction with Woodville on-vales Center, residents from both homes will participate in a helium balloon lift off.

Monday, May 12th, our residents are going to Dam B for a fishing trip and Bar-B-Que. That evening, there will be a special party sponsored by Gary Latch and the Volunteer Council.

Tuesday, May 13th, at 10 a.m. we will have a wine and cheese party, with the residents sampling different cheeses. At 1:00 is our birthday party honoring the residents born during the month of May. The party will be sponsored by Genevieve De Loach.

Wednesday, May 14th, at 10:00 we will begin the day with a nondenominational church service with the help of the different churches in the area. That afternoon at 2 Holiday Pines and Woodville Convalescent Center are having a party at the church of Christ fellowship hall on 190W to honor all of the different organizations and individuals that have volunteered their time to help both facilities with activities through the last year.

Thursday, May 15th at 10 a.m., the residents of Holiday Pines will have a "cake walk" with refreshments afterward. Bingo is scheduled for 3 p.m. and at 7 p.m. the Brotherhood Band will be here to entertain our residents with gospel music.

Friday, May 16th is games day. Beginning at 10 a.m. we will play indoor volleyball, guessing games, door prizes and more. Then we will end the busy week with Bible study at 3:00 currently being held by Mrs. H.B. Shepherd and Bornice Underwood.

Mother's Day is one of our newer holidays, it has been observed for a mere 78 years.

Anna M. Jarvis, who was born on May 1, 1984, originated the holiday. Anna was a spinster who remained extremely close to her mother, Mrs. Anna Reeves Jarvis, a minister's daughter who taught Sunday School classes in a small West Virginia church for over twenty years.

Shortly after her mother died in 1905, Anna began discussing her intention of starting a mother's day. She talked it over with friends and inaugurated a letter writing campaign, contacting ministers, businessmen and congressmen.

The first Mother's Day observance was a church service held at Anna Jarvis' request. The service was conducted in West Virginia and was a paid homage to her mother.

Carnations, which today are associated with the holiday, were supplied at the first service by Anna Jarvis because they were her mother's favorite flower. They were immediately accepted in time red carnations became the symbol for a living mother, while white ones were worn as a sign that one's mother had died.

The first Mother's Day proclamation was issued by the governor of West Virginia in 1910. Oklahoma celebrated it the same year. By 1911 every state in the Union had its own observances. It was also being celebrated in Mexico, Canada, South America, China, Japan and Africa.

SAYING IT WITH FLOWERS. It used to be that sending flowers was just that... sending FLOWERS. Now you can send flowers and a gift all in one. It's a perfect idea for Mom on Sunday, May 11.

The Flower Shop, at its new location at 408 West Bluff (between the Methodist Church and Southeast Texas Savings and Loan) is offering two special bouquets for Mother's Day.

The Floral Teapot Bouquet features a white stoneware teapot with hand painted pink flowers. The Victorian-look container is also highlighted by a wicker weave pattern. For Mom on Mother's Day it will be filled with an arrangement of spring blooms.

The Lady Flora Bouquet offers a collectible doll surrounded by fresh colorful flowers. The doll is skillfully crafted and features a delicate hand-painted face.

If Mom is partial to the new looks in country decorating, you'll also want to drop by The Flower Shop. Owner Connie Clark carries a great selection of baskets just waiting to be filled with nostalgic silks or fresh, fragrant blooms. The selection includes the new rainbow baskets in several sizes as well as the new muted blue country baskets.

Connie says to come on by and browse. It's likely, she adds, that the coffee pot will be full and you'll find something tasty to nibble on.

Zorn Gets A Big One

Ken Zorn and guide Hal Wilson were fishing a private lake last week and Ken caught several fish with one being 9 lbs and another big one weighed 4 -.

Ken was throwing a spinner bait (what else) and a yellow one at that when a small bass latched on to it and as he was cranking it in the big one pound struck the fish and bait He finally landed it with the help and advice from guide Hal

I don't know whether the small fish shown in the picture was the one the fish struck or not Could be

Chester Girls To Austin

Antronet Hubert put on a very good performance in the regional meet in Brenham last Saturday. She won the 400 meter dash in a very good time of 58.42 seconds, was second in the triple jump with 36 feet 3 inches and also anchored the 1600 meter relay which won second. Other members of the 1600 meter relay team are Bernadette Hood, Shanna Bennett and Stephanie Johnson. Their time was 4:15.3.

Themile relay team ran 4:25 in the preliminaries and was the 8th team in the finals but they got it all together and really punished themselves for a second place finish. Antronet Hubert ran the anchor lap for Chester and was 15 yards behind Crawford and about 10 yards behind Colmesneil when she got the baton. She ran it all out and managed to pass Colmesneil at the finish line for second place and a trip to Austin for the relay team. They cut over 10 seconds off of their preliminary time. Congratulations girls.

Lake Area Outdoor Report

Hunting, Fishing and Lying

By "Double L" Luther Lowery

Fishing Report

Fishing is still very slow on most lakes and fish are very scattered.

I hear they are catching some at Dam B but those fishermen are keeping it very quiet They want us to continue to go to the big lakes and not crowd them up too much on Dam B

Boots Dean and Alva Cook fished Rayburn last week and brought home very few Alva got his line broke a couple of times but you can't count those Neither can you weigh or cook them Boots and I went Saturday and found the water very rough We finally caught six bass with one getting nearly four pounds

Bass Tourney Set

The Woodville Bass Club will hold its May tournament this Saturday and Sunday May 10th and 11th.

This is a regular 10 hour team tournament It is also on any lake tournament with weigh in on the old high school parking lot You will have 2 hours travel time before weigh in dead line

Hunting Report

As expected, a split weasel for hunting deer with dogs was ratified May 1st in Austin by the Texas parks and Wildlife Commission

A 10 member delegation from the Forest and Wildlife Protective Assn. of Tyler County attended the packed session, with several members among those speaking in defense of the sport

State Rep Allen Hightower, in addressing the commission, noted the need for additional law enforcement personnel

Termed a volatile social and political issue by wildlife biologist Gary Spencer, hunting deer with dogs was described as a cherished East Texas tradition, and conversely, as a trouble-making issue that has caused dissension between hunters and property owners and a waste of wildlife resources

Chester Boys Lose

Chester had three students playing in the regional tennis tournament last week and they all were defeated in the first round. Mark Young playing singles, lost to Nueces Canyon 6-1,6-4 in the first round. The doubles team of Chuck Garaway and Tommy Young lost to Knippa 6-4, 6-3 in the first round.

Terri Langston In Regional

The Warren Lady Warriors were represented in the regional meet by Terri Langston. Terri placed sixth in the discuss with a throw of 102 ft. 1 in. She is a junior and promises to be back next year and plans to go to state.

WOODVILLE J.H. MUSIC DEPT. presents the Middle School Choir, High School Choir, and Fifth Grade Music Classes in Spring Concert at Kirby Auditorium Monday, May 12 at 7 p.m. There is no admission charge.

Foxworth And Minter Win BPW Scholarships

Two outstanding young women have been selected for the 1986 scholarship awards offered by the Woodville Chapter, Business and Professional Women's Club.

Leah Foxworth of Warren High School and Melissa Minter of Woodville High School, will each receive $750 grants.

The announcement, released Monday by scholarship chairman Wana Whitson, cites the recipients as "hard working, efficient go getters."

Miss Minter, daughter of Mr and Mrs. Mike Minter, plans to attend Sam Houston State University as a business major The secretary of the Senior Class, Melissa has enjoyed a stellar year and maintained a 94.64 grade point average

Miss Foxworth will study for a degree in agriculture at Stephen F. Austin University. The daughter of Cotton and sherry Lynn Foxworth, Leah has been extremely active in 4-H, academic, and civic projects.

This year, eleven candidates vied for awards generated by the Big Tucket Arts and Crafts Fair held in conjunction with the Dogwood Festival

Counselor Katherine Patton nominated Melissa, while Leah was recommended by teacher Rex Currie

"Competition was extremely close due to the excellent caliber of the applicants," said Whitson, who was assisted by Janet Brown, elinda Stryker, and others throughout the selection process.

WARREN JUDGING TEAM...Members of the Warren winning Poultry Judging Team are left to right Cliff Haygood, Burt Moore, Robert Moore and Wayne Petitt.

Warren FFA To State Contest

The Warren FFA traveled to Texas A&M University for the purpose of participating in the State FFA Judging Contest. The Warren chapter carried 5 teams ranking all of the teams in the top 25. This accomplishment was out of 50,000 FFA members throughout the Texas Association.

The Poultry Judging Team swept the top honors for the chapter by placing 4th overall in the competition. Cliff Haygood was recognized as the 7th high individual in the state poultry contest. The team consisted of Cliff Haygood, Robert Moore, Burt Moore and Wayne Petitt

The Livestock Team also participated in the state contest placing 10th among the best teams in Texas. These team members were Billie Read, Tonya Monk, Robert Gore, and Chuck McIntosh.

The Meat Judging team, consisting of Jaye Pate, Steven Moore, Bubba Moore, and Mandel Denmon, placed 19th among the 1000 FFA Chapters in Texas.

The Agriculture Mechanics team placed 21st in the state contest. These team members were David Norton, Ricky Moore, and Shane Drake.

The Dairy Judging Team also participated in the state contest. This team placed 24th among the top 10 percent of the chapters participating. These team members were Dennis Moore, Kim Elliott, Denise Olson, and John Poswalsh.

The Forestry team also participated at the state contest held in Carthage. This team placed 8th in the state of Texas. This team consisted of Steven Allen, Robert Culp, Vance Cawley and Scott Parsley.

Congratulations Warren FFA for your success in representing the East Texas area of the state contest.

Robert Ray Richey

Robert Ray Richey of Warren Middle School has been chosen to represent Tyler County in the "Hands Around Texas Sesquicentennial Showcase". His entry in the competition was selected by a panel of judges from among all other entries in his county.

"Hands Around Texas" includes one picture from each Texas County-254 works selected after more than two years of solicitation and competition by HANDS AROUND THE WORLD INTERNATIONAL.

Brenda Wagner, Chairperson of the statewide project, notes, "The Hands Around Texas" project has been much more than an art competition. The program has invited 7th, 8th, and 9th grade students throughout Texas to consider the people, events, and places of historical significance in their county, and that's unusual. County history rarely receives attention.

"Hands Around Texas" officially opened on Saturday, May 3, 1986, at the HANDS AROUND THE WORLD CHILDREN'S MUSEUM, 1010 Pecan Street, Bastrop, Texas, the international headquarters for HANDS AROUND THE WORLD. Among other attractions at the exhibition, is scheduled for the Dallas City Hall beginning September 1st and the opening of Texas Sesquicentennial Celebration in Austin, Texas.

Alan Miller's T-WHEELER

We were what we like to call our "funeral suit" for a big class at the company offices the past week.

The function was the shareholders meeting. A very formalized annual affair where the chief executive officer reports on the state of the company and conducts whatever other business might come before the meeting.

Our "funeral suit" is what might suppose. Dark, conservative, subdued narrow pinstripe. Would believe we have had that suit for at least three years. Wore it on occasions other than funerals to funerals and shareholders meetings. Worn it in New York. Worn it in Houston. Indianapolis. In the company with hundreds of people I know and thousands of strangers.

But only this week at the shareholder's meeting did we notice that the sales tag was still firmly attached to the left sleeve. A piece of cardboard two by three inches. Square firmly stitched to the cloth. The coat had been dry cleaned at least a dozen times. We could tell because the press was practically indecipherable.

If anybody had noticed that tag in the last several months, they probably just supposed there was another rube from the hills loose in their society and if they ignored him he might get back on the turnip truck.

Well we're here to tell you of how think a tag on a funeral suit is the only sartorial disaster that has happened to the T Wheeler over the years. Let us regale you with a few others.

How about going to work in the morning wearing one brown and one black shoe?

How could you do that, you ask? Well, if we knew the answer it wouldn't have happened in the first place, except with the dark brown when you don't want to wake a sleeping spouse you try not to turn on every light in the place. Grope in the closet for the shoe rack and grab the first two shoes you touch. And if you put a black and brown one together, chances are that's what you will put on your feet. You have to appreciate it to know the excitement when you glance down at your shoe tops and realize for the rest of the day you're going to walk around with mismatched feet.

But if you think that's bad let us drop another suit story on you. Important meeting in San Francisco. Group is gathering at the Union Club. You got to know the Pope to get in that place. We plan to wear a new suit. Rush into suit store pick up the garment bag, run for the plane and eventually out hotel. About four thirty we take the suit out of the garment bag. Try on the trousers. Nice fit at the waist, nice crease, but they haven't been cuffed! What to do? The hotel housekeeper is no help. Finally went down to the business office and scotch taped those cuffs at the proper height, and ironed the whole pantleg back to shape. Would you believe that tape stay lasted through the evening? And would you also believe that tailor back home is still in shock from the nasty things we had to say about his alteration department?

Oh, yeah, forgot to mention, we also had forgotten a belt, and even with the cuff treatment, that suit trouser was a little low on the hips as well.

Need another sartorial laugher? Imagine you're on a trip to New York. Folks up there dress kind of tony. So you say to yourself, "Ain't goin' to be no flies on me this trip."

You pack your best French cuff shirts, dazzling cufflinks. New York, you're someone "shooting his cuffs."

In the morning you're headed to the corporate offices then on Rockefeller Center. You pull that powder blue dacron out. Two inch cuffs. Not quite sure how to handle them at first but you quickly get out all that loose material into the cuffs. Pants. Meet pants.

What to do? Run up to the store and buy belt? Hell no, we'll just tuck one cuff back. We'll roll one cuff back. You tuck one through your belt loop and find yourself with one cuff back and one cuff forward. And you carefully pinch those proper slips so that they go through the holes in the French cuff and you have everybody in New York saying at the ends of your sleeves "Good morning, Mr. Rockefeller" and "Lead, Sir, Lead A. Taylor's waiting right behind you."

The cuff other time we really goofed up was when we came in from a morning walk around town to find that our luggage was the tags we left our pajamas on the back of the bathroom door at the Hilton Hotel in New York.

Course that fact wasn't noticed until Sam was taking inventory of the suitcase when we returned.

She says, "I wonder those were Hilton pajamas and you left them on a bathroom door on Blankets Island in New York City."

We said we'd get em back. We called the housekeeper at the hotel and we had laid them the previous Wednesday and we left our pajamas on the bathroom door in Room 1762.

Would she mail them to us? We'd pay the postage.

She says we can stop at the hotel on our next trip to New York. Because she sure isn't going to go through 100 pair of pajamas that were left on bathroom doors and other places by slobs like the T Wheeler.

We just sacked into the tag bag and kept it until the better half called off. And was better before place and no pajamas hanging on bathroom doors anymore.

Also no more scotch tape for trouser cuffs and other tips and tears.

Soil & Water Stewardship Week May 4-11

SOIL & WATER

The Long Leaf Soil and Water Conservation District has announced this will join the national observance of Soil and Water Stewardship Week to take place on May 4-11 1986 according to an announcement by Val Blanchette chairman of the district.

The theme of this year's observance is "Conservation New Frontiers. This focus especially appropriate as our survival depends on each other, other living things and the basic resources of soil and water. Together we must work for the good of all to utilize conserve and properly manage those resources in our care. Participation in Soil and Water Stewardship Week activities offers an opportunity to reflect on the nation's natural renewable resource problems and consider actions to resolve them or reduce their impact.

The Long Leaf SWCD was organized in 1949 for the purpose of offering farmers, ranchers, and the local community a voluntary conservation technical assistance program through which individuals land's capabilities and needs.

"Basically it is the district's responsibility to provide technical assistance when requested relative to proper soil use and treatment, erosion control practices, solve drainage problems and assist farmers and ranchers with crop, range and pastureland management," said Blanchette.

PROCLAMATION

WHEREAS, The well-being of our people depends upon the production of ample supplies of food, fiber and other products of the soil and

WHEREAS, the quality and quantity of these products depend upon the conservation use and proper management of the soil and water resources and

WHEREAS, our people have a mutual interest in the soil and water and share the responsibility of conserving and managing these natural resources properly and

WHEREAS, soil and water conservation districts provide practical and democratic organization through which landowners are taking the initiative to conserve and make proper use of these resources and

WHEREAS, soil and water conservation districts are carrying forward a conservation program in cooperation with numerous agencies and countless individuals

NOW, THEREFORE,

I, Allen Sturrock, County Judge of Tyler County, in full appreciation of the value of soil and water to the public welfare, and desiring to home those who protect it, do hereby designate the week of May 4-11, 1986 as Soil and Water Stewardship Week

Fire Department Seminar Sponsored By Wilson

In view of imminent budget cuts on both local and national levels, Congressman Charles Wilson is making an effort to assist a valuable segment of our society, volunteer fire departments.

250 volunteer fire departments from all over the 2nd Congressional District are invited to participate in a seminar on Saturday, April 26 at the VFW Hall in Livingston. This seminar is designed to acquaint the VFD's with all available assistance financial, equipment, training, etc.

Houston Galveston Area Council, Deep East Texas Council of Governments and the Texas Department of Community Affairs will cover government assistance and the Farmers Home Administration will address financial aid. Equipment, training and benefits will be discussed by the Texas Surplus Property Agency, Texas Forest Service, Texas Engineering Extension Service and the State Firemen's and Fire Marshals' Association.

"With all the reductions in state and federal programs," said Rep. Wilson, "we need to find alternate ways of keeping these organizations alive."

Attendance to the seminar is free, but all those who wish to participate must RSVP to the Congressman's Lufkin office. (409/637-1770).

Fishpond Management

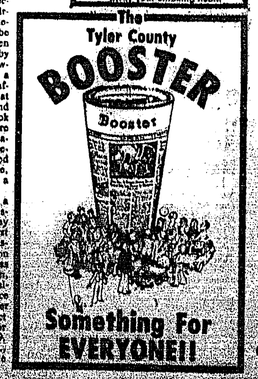
Fresh catfish frying over an open fire. Fishing poles put away, hushpuppies and catsup ready. That's something to really savor and enjoy, especially if you raised the fish and they came from your own pond. We've organized a Fishpond Management Workshop to take you step by step and show you how to do it. The Jasper-Newton and Longleaf Soil & Water Conservation Districts, Agricultural Extension Service and Soil conservation Service have arranged a comprehensive workshop beginning at 7 p.m. May 23, followed on May 24 by demonstrations at 9 a.m. and a delicious fried catfish lunch.

The workshop is designated for farm pond operations so if you have pond weeds you can't control, a question, or any problems, the speakers present will tackle them with you.

The Friday evening session will be held at the Jasper-Newton Electric Co-op bldg. in Kirbyville. Saturday's demonstrations will be held at the old Whitten Fish Farm owned by Charlie Hill. For newcomers this is about a mile north of the traffic light in Kirbyville at the corner of Hwy 96 and the Bon AMI Road. Look for signs posted. Here you will see demonstration of pond measurement, fertilizing, weed control, rotenone use, seining, shocking and a fresh catfish lunch.

We are asking for a $5. per person registration for the Saturday session to cover the cost of the meal. To register send $5. per person with name and address to the Jasper, Newton, or Tyler County Agricultural Extension Service or to the Soil & Water Conservation District Offices in Jasper or Woodville by May 19. (Woodville - S.W.C.D., P.O. Box 248, Woodville, or 283-2753.).

It's now possible to shave away your smoking habit.



Letter To The Editor

Dear Editor

I feel that the media has not been entirely fair with the National Park Service (Big Thicket National Preserve) in presenting the recent news concerning the Chamber of Commerce move to the Woodville Inn. I would like to provide a little more information on this matter.

The information presented only says that the National Park Service did not live up to their agreement. Nowhere did it say that for over eight years the Chamber has received free office space, utilities and most of the time the use of a secretary for an additional 20 hours per week. This had been a mutually beneficial arrangement. There have been no hard feelings or misunderstandings between the two organizations. Chamber Officers have always and still express appreciation for the mutual benefit from our cooperation. It has been a good relationship.

The Chamber stated that the reason for the move was failure of the National Park Service to fulfill their agreement. It is true that the Big Thicket National Preserve due to "Bureaucratic" problems beyond our control has been unable to fill the 20 hour per week position since December. The Chamber Directors feel that they can be more responsive to Chamber needs with the addition of the 24 hour answering service provided by the motel switchboard. This may be valid, and I hope that it is, but those having business with the Chamber should note that secretarial help will still be limited to 20 hours per week and the answering service ll replace the presently nonfunctioning hambe answering machine.

It is only fair that our Tyler County friends know that the National Park Service has provided much more than it has received in our past associations with the Chamber and that we wish them well in their new location.

Sincerely,
Harold Timmons
North District Ranger
Big Thicket National Preserve

Card Of Thanks

I sincerely thank you for your strong support in the May 3 Primary Election. Your vote made it possible for me to be in the run-off election to be held on Saturday, June 7, and I am grateful to you.
Please support me again in the run-off election. Also encourage your friends and neighbors to vote for me. All your votes are needed. I will be campaigning throughout the precinct from now until June 7 and hope to see many of you during that time.
Again, I thank you very much.

A NEATER TWO-SEATER FROM FORD.. A restyled Escort EXP, the two-seat hatchback which returned to the 1986 Ford lineup in March, is now being shown at Knapp Ford Sales, Woodville. It will compete in the largest buyer segment among the 100 domestic and imported cars sold in the U.S. The EXP, available in Luxury Coupe or Sport Coupe models, features a fresh new look in 1986 with fully integrated aerodynamic headlamp and bumper systems, new aerodynamic treatment around the wheel openings and dark taillamp lenses. EXP has more power in 1986 with the addition of the 1.9-liter CVH four cylinder engine with either two-barrel carburetor or electronic fuel injection. Base price of the Luxury Coupe is $7,186, with the Sport Coupe available for $8,235.

NOTICE AFFORDING OPPORTUNITY FOR PUBLIC HEARING

The State Department of Highways and Public Transportation is planning the improvement of U.S. Highway 190, from Woodville, West 3.8 miles. The proposed project will begin at the west end of the curb and gutter in Woodville.

The proposed highway will be a modern two-lane facility with surfaced shoulders and climbing lanes. Right of way width varies from the 120 feet to 200 feet with 200 feet being dominant. There are not any plans for obtaining additional right of way.

Maps and other drawings showing the proposed location and design, preliminary environmental assessment and any other information about the proposed project are on file and available for inspection and copying at the Resident Engineer's Office, at Jasper, Texas.

Relocation Information about the State's Assistance Program, the benefits and services for information concerning the relocation office as well as information about the tentative schedules for acquisition of right of way and construction can be obtained at the Resident Engineer's Office.

Information about tentative construction schedules can also be obtained at the Resident Engineer's Office.

Any interested citizen may request that a public hearing be held covering the social, economic and environmental effects of the proposed location and design for this Highways project by delivering a written request to the Resident Engineer's Office on or before June 9, 1986. The Address of the Resident Engineer's Office is 3 State Street, Jasper, Texas 75951.

In the event such a request is received, a public hearing will be scheduled and adequate notice will be published about the date and location of the hearing.

Suspect Held in Assault

By Mary McGowan

A former coach and bus driver for the Colmesneil School District has been indicted by the Tyler County Grand Jury on a charge of sexual assault.

In connection with the case Lee Charles Horace, 51, of Colmesneil, a 20-year-employee with the school district, was arrested Monday, April 28, by Sheriff's Deputies Jesse Wolf and Kenny Russell. The suspect was being held in the Tyler County Jail Tuesday under $50,000 bond set by Wanda Brasher, Justice of Peace for Pct. 1.

In another case, Phil Edward Garner, 33 of Warren was arrested Friday night, April 25 for alleged aggravated sexual assault and indecently with a child. Garner was also being held Tuesday under $75,000 bond set by Brasher. He was arrested by Deputy James Lee Chapman.

Bobby Ray Arline, 31 of Doucette was arrested Monday, April 28, for allegedly trying to sell stolen goods reported to have been taken during a burglary of International Paper Co. of Doucette several months ago in which three chain saws were filched. The theft was not reported to Sheriff's Deputies until recently when the suspect was reportedly seen trying to "fence" the objects. Arline is being held under $20,000 bond. Deputy Richard Guillory made the arrest.

In other action Willie Robert Martin, Jasper, was arrested by Chapman on a charge of sexual assault. Arthur Eugene Kelley, 25 of Pineland was arrested by Deputy Russell on an alleged misdemeanor marijuana possession charge. Bond was set at $5,000 in the first case and $1,000 bond in the second.

Buckle Up

Spring is here and vacation time is just around the corner. It's time to get our cars, trucks and recreational vehicles in good condition and all drivers thinking about traffic safety.

The Texas Department of Public Safety recommends the following safety tips prior to vacation. Check the belts, hoses and fluid levels under the hood. Under the vehicle, inspect for leaks in the brake and exhaust systems. A close inspection of the tires for a possible separation of the ply or cord from rubber compounds may reveal a possible blowout. Also, check the tread depth and replace any tire with less than 2/32 (1/16) of an inch of tread depth left on any tire.

All defective light bulbs on the vehicle should be replaced. Get a friend to step on the brake pedal to see if the brake lights are operational. Last but not least, make sure your horn, windshield wipers and seatbelts are all in proper working condition to insure the safe operation of your vehicle.

The main cause of accidents and deaths however continues to be driving while intoxicated, speeding and not wearing seat belts. This reflects bad judgement on the part of the driver since each driver must decide if he or she will drink and drive, drive over the speed limit or insist that everyone in the vehicle wear seat belts.

Let's have the best vacation we have ever had this year by keeping traffic safety on our mind each time we buckle up.

Commodities Distribution

The distribution of USDA commodities for certified recipients of Tyler County has been scheduled for Wednesday May 21 1986. The location is to be the Rodeo Arena in Woodville Texas. Gail Hargrove Director of Expanded Services encourages anyone who wishes to receive the food but has not yet been certified to do so for 1986 to contact the Tyler County Expanded Services worker K. Ann Simmons at 283-7867. The distribution will be conducted by Tri County Community Action Inc. of Center with the assistance of the Tyler County Commissioners Court.

Taxpayers will be $700 million ahead if the railroad is sold to the highest bidder

I Remember

I remember when the Spindle Top oil well blew in and made a city out of town of Beaumont. I visited the discovery well at Longview after Dad Joiner brought it in during the depression years and made people wealthy who had been on WPA.

I remember the New London School disaster when gas from the oil wells collected under the school building and exploded and killed two hundred children and teachers.

I also remember when the state penitentiary was at Rusk and when a person was sentenced to death, they were soon executed with no more arguments. I remember at one time there was a rabid prohibitionist whose emblem was a hatchet. Her name was Carrie Nations and she raided saloons with her hatchet and smashed bottles and other property until she was carried to jail. When she was released she would take her hatchet and start another raid.

At one time we had what passed for prohibition and there were still hidden in the woods and hills and sometimes they were raided and destroyed. It was said that the old time booze was aged in wood and bottled in bond, but moonshine liquor was made in the woods and bottled in the barn. Some people made and sold home brew and it was a family drink. Sometimes the home-made booze was poison and was fatal to the consumer. Some people would drink wood alcohol, or hair tonic or cake flavoring, or any other liquid that contained alcohol.

I remember in the year of 1912, the Wright brothers invented and operated their airplane when some of the wise guys were saying that they would never succeed. I also remember when the first lady flyer started on her trip around the earth in an airplane and was never heard of again. Her name was Amelia Earhart. A man named Linberg made history by flying a plane across the sea and he was a hero for risking his life in such a trip and later his baby was stolen and held for ransom and murdered.

I also remember the Galveston flood in the year 1900 when the sea washed over it and the estimated death loss was set at 16,000 people. When the flood occured the place was closed to all traffic and the army moved in and took over and gave orders for any vandal or looter to be shot. At first the Army tried to dispose of the human bodies by dumping them into the sea but the tide would return them back to shore so they were piled up in piles and cremated. No death list was ever published.

At that time the new Kiles rock quarry near the large sawmill of Rockland had started operating and it was busy for several years producing rocks to help build the Galveston seawall and now the old rock quarry is known as the Blue Hole.

I Remember when President McKinley was assassinated by a foreigner and a few years later Teddy Roosevelt was shot but he recovered. From what I read we will soon have another election coming up and in my old age I always vote an absentee ticket as I am ashamed to go to an election after voting for Nixon.

I will be 95 years old on my next birthday in September and I live at Holiday Pines Manor in Woodville.

Hugh Shields

When President Theodore Roosevelt took every morning off to swim, he made it a point to always wear his glasses. Why wear them? If that meant swimming a mile in some of the muddy & slimy stuff.

The full moon is nine times as bright as a half-moon, since the surface of the visible half-moon is extremely rough and mountainous, which makes for more shadows and less reflected sunlight.

The wettest atmosphere on the planet Mars, found in the far north during the summer, is more than 100 times drier than the air we breathe on Earth.

Fire Ants Are Texas Concern

Fire ants have become a tremendous concern for Texas citizens. Relatively mild winters and high rainfall make them a particular problem in East Texas.

Four fire ant species are found in Texas. Three are native to the state, but the fourth, the red imported fire ant, causes the most concern. This species first appeared in the United States near Mobile Alabama around 1940 and has spread over 9 states.

The imported fire ant spreads naturally through flights, however, queens also spread by crawling, drifting downstreams on logs, or by traveling aboard cars, trucks or trains. The queen flight commonly occurs in April, May and June, and usually follows a rain. The fertilized queens then find suitable nesting sites, shed their wings and begin digging underground chambers in which to lay their eggs. Mound building by newly established colonies is not conspicuous for 12 to 18 months after the new queen starts laying eggs.

Mounds constructed by the imported fire ant average 15 inches in diameter and 10 to 12 inches in height. Around stumps, shrubs or posts, the mound may be 3 feet high.

To control the fire ant effectively, an understanding of their habits, especially their mound-building activities, is critical. Fire ant mounds are more common in the spring, summer and fall following rainy periods. These ants do not like extremely wet soils; therefore, they increase the mound size during wet periods and move the brood up into the drier soil of the mound. This makes the colony vulnerable to insecticide control measures.

Regardless of the type of chemical control being used, it is very important not to disturb the mound before or during treatment.

When using an insecticide or drench, treat when most of the ants are in the mound-usually early morning and while the soil is moist. If it is dry, most of the colony will be deeper in the ground and not in the top of the mound.

When using a bait such as Amdro or Logic apply insecticides when there is maximum foraging activity. Generally when the soil temperature is above 60 degrees F), don't disturb the mound, apply in the late afternoon or early evening when the ants are active, keep the bait dry, don't apply in wet weather or on wet vegetation and finally, only purchase the amount that can be used in a 3-day period after opening the bag. For more information, contact Bob Armentrout, your Tyler County Extension Agent, Ag.

Fire Ant Insecticide Offered

The Tyler County Extension Service and the Tyler County Commissioner's Court are going to offer fire ant insecticides at a reduced price. The bait products available are Amdro fire ant insecticide one pound bags are $4.01 per pound and in 2½ pound bags for $6.28 ($2.51 per pound). A new bait product called Logic will also be available in one pound bags for $2.95 per pound.

Each of these baits are slow acting insecticides which should help provide some long range control for the homeowners. Only Amdro may be used in pastures by both broadcast and individual mound application. Logic can be broadcast in a yard.

To purchase either of these pesticides, call the Tyler County Extension Office, 283-2482 and give your name, phone number, and address and how much of either chemical you wish to order. Sign up deadline is May 15, 1986. Delivery will occur in early June or late May.

1986 TYLER COUNTY *Mother* OF THE YEAR

TYLER COUNTY "MOTHER OF THE YEAR" for 1986 is VIOLA MEYKA, 86, pictured 2nd from left, of Warren. Mrs. Meyka was born July 7, 1900 in Warren and has lived there all of her life. She is the mother of 15 children, 10 of whom are still living. "Being named Mother of the Year is the most unusual event of my life. I never expected it." Shown in the photograph with Meyka are six of her children, sitting left to right are: Sarah Key of Warren, Mom, Ruby Christoph of Woodville and Ann Brod of Livingston. Standing left to right: Thomas Meyka of Splendora, Willie Sontag of Spurger and Laura Meyka of Warren. Children not able to be in picture are: Elsie Powers of Ft. Walden Beach, Fl., Robert Meyka of Warren, Johnny Meyka of Livingston and Andrew Meyka of Houston. Mrs. Meyka's grandchildren, great-grandchildren and great-great-grandchildren are too numerous to name, but certainly not to mention.

Special Mom

Always There To Help

My Mom, Billie Breniger, is a very special mom. She has always been there when I needed her. She is kind, sweet and always understands my problems. She is always there to help me when I need her. She is my mom and also my friend.

Her loving daughter
Charlotte Ruth Breniger

'I Love You Mom'

To: Betty Faircloth
From: Ernestine Walters

Mom I want to take time to thank you
For everything that you do
And to let you know that I love you,
and appreciate you too
There are things we take for granted with each passing day,
And I've neglected to show you my appreciation along the way
But as years go by, I began to understand,
How often in my life you lend a helping hand
And as I grow older I can clearly see,
The pain you went through while raising me
So I just wanted to express my feeling and let you know,
that you mean the world to me and I love you so
I want to thank you mom, for all your sleepless nights
While I was a baby and wasn't feeling alright
For stuttering with me while I learned to talk
And standing by my side while I learned to walk
For the times you held me securely in your arms
While trying to protect me from all of life's harm
For cuddling with me while I was afraid,
Til you knew for sure that I was okay
For all the years you put me through school
And for trying to teach me to live by the rule
For all the "I love you's" you said each night,
And standing y my side even though I wasn't right
For helping me with the problems that came my way
And for the sunshine you brought into my life each day
For just standing beside me and showing me you cared,
And for all the times in my life you found time to share
And mom, I want to say I'm sorry, for things I failed to see
And didn't stop to acknowledge during your time of raising me
For all the times that I made you sad
And all the times in which I was bad
For all the pain I may have caused you,
While doing things that I shouldn't do
For not always pitching in during the times I could,
To help make your day a little easier the way I should
For not helping your load to become a little lighter,
While you were making my world seem so much brighter
For failing to show you how deeply I really care,
And how much it means to have your life to share
And mom, I'll never forget the rough times you had
While taking care of us nine kids along with dad
Twenty one years ago, when our house burned to the ground,
You managed to get us nine kids out, without dad around
Even though we were in different rooms and sound asleep,
You waited til we were all safely out before you began to weep
The clothes on our back was all that we had,
But you showered us with love, so things wouldn't look as bad
Then there was the time a car ran over you
Along with one of your kids and unborn baby too
Even though the doctors said Kathy wouldn't make it through the night
You kept fait in God knowing He would make her alright
And when you got out of the hospital, you came home to us kids,
And I found it kind of hard to believe, all that you did
While taking care of us kids with pain still deep within you,
And traveling to Beaumont, to take care of Kathy too
Then the doctors told daddy he had three months to go,
Because the cancer had already eaten his insides so
But you've stood beside him every inch of the way,
Which has given him the will to live day after day
All through your life, money has been a little tight,
And it seemed to your problems, there was no end in sight
But you held your head high and carried on,
Cause you knew God wouldn't let you go it alone
No matter how rough it got, you were so full of love,
And I'm so thankful to God up above.
For sending me a mother who really does care
Whom every time we needed her, she was always there.
My love for you grows stronger as years go by
And it means so very much to have you by my side
I love you and you'll always be my "Mom of the Year".
As long as God sees fit, for me to be here

'But It Was A Gift From God'

To Whom It Concerns,

I think my mother, Wilma Howell Barclay, should be chosen as "Tyler County Mom of the Year" because she is an extaordinary person. She is the mother of three children, Charlene Weeks of Woodvilled, Paul Barclay of Santa Fe, N.M., and myself. To all of us, she is the best mom and grandmother in the world.

One of the things that I remember about our childhood was Mother making our clothes. She sacrificed to buy material and patterns to dress us well. Many times, late in the night, I would hear the sewing machine running, stitching up something for us to wear for a special occasion. Her greatest sewing accomplishment came when she made wedding dresses and attendant's dresses for mine and my sister's wedding. She lived out the scriptur in the 31st chapter of Proverbs which says "She is not afraid for the snow for her household: for all her household are clothed with scarlet."

Very important are the lessons of life we learned frfom her example. She taught us never to make fun of people and to always see the best in others, rather than concentrating on their faults.

Consistency is one of her best qualities. She always took us to church and set an example of being a good leader. She worked with children, and they all loved her. In a way, she was Mother to hundreds. She is a creative person. I remember her sitting at the piano and singing old hymns or one of the many songs she had written. The neighbors spoke of being able to hear her sing and enjoying it. She taught us to play the piano and had us singing together at an early age.

The most important thing about Mother is her praying. I know she has prayed for each of her children many times. She prayed us to marry the right persons and I know God answered that prayer when He gave her two fine sons-in-law. In everything she prayed. When my husband and I were called to the ministry, we went through some trying times, but we know that Mother was standing with us. We children all know that she is always there to give support and encouragement. In our hard times, she draws from her experience in overcoming adversity, and we all are made to triumph.

I wrote a song in tribute toMother. It best expresses why I think she is a spectacular Mom:

I learned my gentleness
From my Mother
through her hands I received gentleness,
But it was a gift from God

She was just a vessel,
Filled with the oil and the wine,
Bearing the fruit of the Spirit,
A Partaker of the Divine

Her price is far above rubies,
In God's sight
He rejoices when He sees,
Her children walking in light

I learned my gentleness
From my Mother
Through her hands I received gentleness,
But it was a gift from God

That's why I cry when I see someone hurting,
Oh, to reach out and touch them with love,
It's not by the works of my righteousness,
But it's a gift from above.

I learned my gentleness
From my Mother,
Through her hands I received gentleness,
But it was a gift from God.

Mom Is Best

I think my mom, Lela Brown, should be "Tyler County's Mom of the Year" because:

First and foremost, my Mom is the BEST in the whole world. She has always been very attentive to her family--they came first.

My Mom has worked most of our lives to supplement the income of my father so that her family could have the better things in life. My older sister would assist with the housekeeping, I would assist with the cooking--that Mom would have already started, and together my sister and I would watch our younger brother--because baby-sitters were unheard of or unaffordable at our house.

There were lots of times in our lives that there was not a variety of food in our house. Mom did her best to dress-up what we did have and make it just as good as it could possibly be. She was and still is a super cook. If there was not enough of any one thing to go around, Mom did without so that her family could have enough.

I remember very vividly one Easter many years ago. Some of my friends at church were getting new Easterf getting new Easter frocks and would talk about now pretty their outfits were. We did not have money for everyone to have new clothes this particular year. I was aware of this but, being the selfish child I was, I got up on Easter morning complaining about not having a new dress. My Mom found a piece of material that I'm sure had been purchased for something else--or perhaps given to us--and made me a new skirt before church on Easter morning so that I could be like my friends. So you see, I was going to church on Easter to be seen--not for what I should have had my mind on. I'm sure there were other young people in the church that were not getting new frocks, but I only told Mom about those that I knew were getting new ones. I'm also very sure that I hurt my Mom's feelings because I complained and made her feel badly about something that she couldn't help. There were more people in the house than me that needed new clothes, I very well know.

Mom always gathered everthing that she could possibly get her hands on from the garden to can. There were many years that we did not own a deep-freeze, so everything that Mom saved had to be canned. Her pantry was always a picture. We always looked forward to fall and winter so we could partake of the goodies that she had so patiently preserved.

Mom not only took care of her family but she has pastored a church for many years, as well as her duties in a public job. She has never indicated to us that she was ready or even thought of retiring from motherhood. She has retired from public work now, but not her church or from being a SUPER MOM.

I've heard my Mom say many times, when one of us was ill, that she would rather be ill herself than to see one of her children ill. Now that I have a son of my own, that statement means much more today than when I heard her say it so many times before.

Now that I am older, I can look back and see that I could have made Mom's life easier in some ways. Through all the experiences, both good and bad, though, I feel that I have grown even closer to my Mom. There is not ANYTHING that I wouldn't do for her. We children are millionaires just for having her for our Mom. So Mom, hang in there--your turn is coming. When the real millionaire comes by my house, you'll never have to can, work, sew skirts on Sunday morning for a "first", or do anything that you do not feel like doing. I'll pay your way for everything--just to repay you for all the heartaches and sacrifices. I know that there has been NO CHARGE all these years, but I want to make you "Queen of Moms" for the rest of your life, because I love you very much.

Happy Mother's Day

Patsy Dickens

'Mama's A Living Angel'

My mama is truly the right person for "Mother of the Year Award".

My Mom is the mos Loving, kindest, warm hearted soul around.

There are five of us and six grand children with one on the way.

She is very special, because she loves us all the same, without showing feavortism.

She has always, and I do mean always, been there for us, whether we were sick or just down in the dumps. When one of us are hurting you can tell she's truly hurting, too. She'll do anything in her power and go that extra mile, just to make sure our lives are better.

My mom was very poor when she was young, but she makes sure we don't do without. She doesn't have a beautiful home or money to throw away, but yet, she has so much love for us, you'd think she's the richest woman in town.

She tells us she loves us. That goes without saying, for you can see it in her eyes and it's wrote all over her beautiful face. This is a quality of our Mama that will stay in our minds forever.

When God made our Mom, He threw the mold away, for she's one of a kind.

Mama's a living angel walking on earth waiting for her wings to Heaven. There's no doubt in our minds that one day this very special lady will have her wings.

We love you, mama

The Children of Bertie Mae Callaway

We would like to nominate our Mother, Hazel Blakeney, for 'Mother of the Year'. To us she has carried this title so well for many years, and we know that she will continue to do so for as long as she lives. Words are inadequate as to why she is so deserving of this honor. She is the mother of six children, and we are so richly blessed to have her in our lives. As the days go by we realize more how many sacrifices she made for each of us as children. She is our "Mother" today as she was yesterday, always there (unless she is fishing with Daddy), and always understanding.

We admire her, love respect and appreciate her, but most of all, we thank God for letting her be OUR Mother. He gave US something very "special". She is one of our greatest blessings.

Mother, we love you.

'I Got The Best Mom When She Gave Me Birth'

Dear BOOSTER,

This mother of mine is bright as the sun shines. She has given her time, love, and money to my brothers and me. My father was a seaman, so he wasn't home all the time. Most of the time she was both mother and father. We went through some difficult times, but we always managed to come out on top. If after bills were paid, a little money left over, she took care of ourneeds so we'd need not worry. My brothers and I always came first no matter if it was for better or worse.

Today my father is at home and she is quite a wife; for this man that she married and gave him her life.

She still worries about us even though we are all grown. She thinks each of her four grandchildren are all no 1.

My mother is the greatest on earth. I got the best mom when she gave me birth

Valerie Phillips

'Blanching Peas, Making Jelly Mom's 'The Best'

My mama is Imogene Stevens. She has been the best friend and mama, grandmother for the last nine years. When I married her son I didn't know the first thing about sick husband babies, blanching peas, making jelly or sewing. Mama has helped me in so many ways and times, everytime I have called her needing help with one of my boys whe always dropped everything and drove to Beaumont. Mama always amazed me because no matter how insane or upsetting the situation is she always keeps calm. Mama has given me the benefit of her experiences and knowledge of life, she always told us we didn't have to take her advise but 99 percent of the time it was more sound advise than what we planned to do. I found out what makes mama so special, not only to me and family but friends, mama has a gift of love, she treats everyone like she wants to be treated. I hope by the time my sons are married, I can make my daughter-in-law as loved as I feel.

Nanette F. Stevens

Spectacular Mom

I think my mom should be the "spectacular Mom"! Because she is spectacular!

I love her very much. Even though she works and comes home tired and still has a lot of work to do she still has time for me. We do a lot of stuff together like cooking, sewing, and lots more.

I can always talk to her and she never laughs at any of my problems. There have been a lot of hard times like when I broke my arm and she was right there helping me through it.

Also when my dad was hurt and was in the hospital for two months my mother somehow found the time to be with my dad, work and be with me. Even though this was especially hard on her she never complained.

She is a wonderful mother, and a wonderful grandmother. Its funny when you see her getting down with my six year old nephew to play trucks and cars. And its sweet to watch her rock my one-month old nephew to sleep.

My mother is always full of surprises and she's like a breath of fresh air.

Words can't really describe my mom. I just know she is fabulous. And if I could have hand picked my mother, she's the one I would have picked over all the mothers in the world.

Tracy Bailey
Tracy's mother is Sarah Bailey.

She Is Mother

ELLA F. GIESEN

She is sweet and she helps other people and I love her and she is kind and she is mother.

Because I don't have a mother I chose her for my mother.

Mother, Grandmother, Great Grandmother Of The Year

Gentlemen:

I recently read of your contest afterf a 5-day stay in Colmesneil with my grandmother. I decided to enter her in your contest since she means so much to all of the family and the older she gets the more I realize how much she means to us and how much she'll be missed when she's gone. It'd be nice just to remind her in some special way.

She turned 84 Feb. 5th and Colmesneil has been her home as long as I can remember. She's visited for a while with some of my aunts, but has always returned to her own place in the country on Hwy 256 where she belongs. She raised her family there, buried her husband 30 some odd years ago in the family cemetery, has a few brothers still living in Colmesneil and a younger sister along with various other relatives and friends.

She has five children, 16 grandchildren and 18 great-grandchildren and we're expecting one more in November. Her name is Mae Flowers. We call her Granny. She can be reached at 837-5444 if you want further details. She can give you a more accurate account on everything.

Even if she doesn't win, I'd appreciate it if you would print the following poem I wrote for her so she'll know she's appreciated and loved. Thank you.

Sincerely,
Paula Stanley

"MOTHER, GRANDMOTHER AND GREAT-GRANDMOTHER OF THE YEAR"

She's more than I ever expect to
be someday
Kind, patient, wise beyond her years
in every way
She's lived a long, hard life
bad times and good
Has survived being a parent, grand
parent and even now great-grand
paronthood

Some days it's hard for her to get around
like she use to do
Aches, pains, just signs of old age she
says she's gotten use to
It's hard to imagine when she talks
of the old days
A much younger woman then with
children of her own to raise

Milking cows, feeding chickens, cooking
and cleaning
Drawing water from the well to heat
and wash clothes in
She's a wealth of knowledge on
cooking, sewing and cures
I can always ask her anything
and she knows for sure

It makes my life seem easy by
a long shot
I can get hot water just by opening
a spout
My milk comes in gallon jugs
from the grocery store
Cleaning is a breeze with automatic
washers, dryers and appliances
galore

We get so wrapped up in our lives
some days
We forget why we're here and
how we got here in the first place
No, they don't make things or
people like they use to
Thank God for that because without
Grannie what would we do

'Across The Miles Grandmother' Is Also Best Friend

TO MY MOM:
MARY ELIZABETH MORRISON-

My mom is a super mom because first and formost she is an upright Christian. She is also my best friend. Oh we fuss sometimes, but later we always makeup. My mom has worked hard all her life postponing a career to raise a family. Even though mom is an "across the miles grandmother" she never forgets a birthday or special event in her grandchildrens lives. I'm sure my brothers share my sentiments about our super mom.

THE CREATION OF MOTHER

One day God made a very special woman
He took the stars from the sky,
And placed them in her eyes.
He took the beauty and purity of gold,
And set them deep into her soul.
Next, He took all the wisdom he could find,
And molded it into her mind
It was by his choice,
He took the beauty of birds singing for her voice
Then he sat and thought for awhile,
And used rays of sunshine for her smile
Finally, to make her whole,
He blew breaths of love and kindness into her soul.
This special woman is like no other--
I should know, for she's my mother.

Dedicated to Bertie Mae Calloway

SPRING AT THE HOME OF MY MOM

Mary Alice [Fredricks] McLeod

Four slender pines
Close to the road-
A circular drive winding through the trees-
The cyclone fence is dotted with pink and white
As the annual blooms of azaleas and bridlewreath
Show off the landscape

Nestled among all this big thicket array
Is a light brick sprawling home
Pleasant to view from all around
But most important to neighbors and friends
Is the person, who dwells therein

For in the house lives my mother
Who has always been a friend-and so kind-
Not only to family-but
Anyone she meets

Her kindnesses has not gone unnoticed-
Everybody in the church community and neighbor hood, Well, they all come and visit
Always feeling at home.
Like me, always feeling loved and important.

For you see, if a person has ever walked an extra mile-
Visited the sick,
Cooked for special occasions or just any occasion,
Listened to a friend's troubles
Entertained the lonely-
Well, words just simply fall short
For, you see my mother loves God and others with all her heart.

Mom Is Special To Me Because She Understands

Mom is special to me because she understands how I feel about my life. A lot of mothers don't give up things for their children My mom does. If we only had a little food in the house, my mom would go hungry to feed me. My mom keeps food on the table.

When I was having problems, I didn't know who to turn to. I was scared to go to my mother. But mom told me if I ever had any problems I could count on her to help me. I finally went to her. She kept her promise.

My mother believes in me. That's what help me through the week. I used to make bad grades on my report card. Mom encouraged me to try harder and I did. The next report card, I improved my grades a lot. That's what you call a great mom, she understands my life.

She depen ds on me to help her around the house and I try to please her. But I don't try hard enough. I'm going to try one more time. She gave me so many chances, she must really love me. I'm going to do it right this time so she will be proud of me. My mom is the most wonderful mother you would ever know.
