WOODVILLE, TYLER COUNTY, TEXAS, THURSDAY, AUGUST 11, 1932

NUMBER 10

Political Calendar Balance of August

August 18—Last day for candidates to file second expense accounts for second primary.

August 22—Tax collector delivers list of voters to chairman County Executive Committee.

August 28—Last day for absentee voting in second primary.

August 25—County Clerk sends absentee votes to presiding judge.

August 27—Second run off primary.

September 2—Date for county and precinct chairmen to assume respective offices following declaration of result of run off primary by county convention by outgoing committee.

September 6—Last day for candidates to file last expense account for second primary.

September 8—Presiding election of floor seals and delivers ballot to the county clerk.

CHESTER VOCATIONAL AGENCY DEPARTMENT MAKES PROGRESS

An extensive farm survey having been completed, a Long-Time Program and annual teaching plan for vocational agriculture work in the Chester school is being worked out by M. J. Fields, instructor. This will be a definite guide by which to work and get results. This program will provide for a three-year set-up or course in the school curriculum, which when affiliated will give the maximum units of credit. The annual plan will be based on the farming practices and conditions as found in the farm survey of the community, and will show what subjects will be taught during each day of the year and how they are to be taught. These plans must be approved by the State office before the opening of school.

In order to insure the greatest degree of success in this work the school board is purchasing the needed equipment so that it will be on hand when school opens early in September and the boys will have the opportunity of receiving the best of vocational training from the start. The equipment ordered consists of a four-drawer filing cabinet, index guides for record keeping, two Boston Farm levels, a Babcock milk testing set, a milk fever instrument, Trocar and canula, a livestock vaccinating set and other necessary veterinary instruments, a spray pump, and orchard pruning and budding equipment.

The department is also adding a nice list of recently published books on every phase of agriculture work to the school library, that the boys may learn the newest and most modern methods in agriculture. These books will be a part of the furnishings of the vocational agricultural room. Several hundred bulletins on agriculture are being secured free from the U. S. Department of Agriculture, Texas Experiment Station, and Texas Extension Service. These bulletins should prove very valuable to the boys and the adult farmers of the community.

Supt. A. D. Rawlinson has just moved on the field and is cooperating with Mr. Fields in making orders for such equipment as will make a department of Vocational Agriculture second to none in this section. The school board was anxious to have this work established in their school and are liberally supporting this department to the limit of their financial ability. M. J. FIELDS.

Miss Jeanette Carter and a couple of friends of Beaumont stopped Monday for a short visit with the grandmother, Mrs. Lucy Spell. They were enroute to Sweetwater for a visit.

Mr. and Mrs. D. M. Munsell spent Sunday in Jasper going on to De Rudder, La. for a business meeting with the Morgan & Lindsey firm. They arrived home Monday night.

Mrs. Jay Kelley will open a kindergarten for the little ones of the Byam the first of September. She has a number now registered and if you want your four or five-year-old to enjoy this opportunity see Mrs. Jay Kelley.

FOR SALE—FIVE NEW HOME MADE BROWN BREADS, 10¢ each. Call on W. A. STEWART, corner Billing station, Woodville.

Mrs. A. W. Harrison of Houston arrived Wednesday to be with her son and daughter-in-law, who are here on a visit. She has a new baby daughter to

Child Unharmd Fondling Rattlers

Black Mountain, N. C., Aug. 3.—Because they allowed themselves to be fondled instead of biting her 2-year-old son, Mrs. Lillian Michael Ledbetter is going to keep two large rattlesnakes she found playing with the child.

Returning after a brief absence, she found the child seated on the ground with one rattler in his lap and another allowing itself to be fondled by one hand as it lay on the ground beside him. Her brother John captured both reptiles. One had 15 rattlers, the other 18. The man said neither showed any inclination to harm the baby.

Good Reports On Roadwork

The contract for graveling on No. 106 from Trinity County line to the Tyler County line was let at the last meeting of the State Highway Commission to J. S. Moore & Son of Lufkin. This contract is for 21 miles—all in Polk County.

For this work a great rock quarry has been purchased by Contractor Westbrook of New Braunfels. He has 1200 acres in his purchase and has nearly as much more in the immediate vicinity.

His contract with the state calls for 500 cubic yards a day of crushed rock. Westbrook will also install a railroad track to his quarries, and as a very splendid quality of base rock has been discovered, which some state will be used in concrete work later, he expects to ship an immense amount of rock to other highways now under course of construction in this part of East Texas.

The contract for 106 in Tyler county is expected to be let this month. Among other specifications for this piece of work is the 9 inches of gravel to a width of 20 feet. When No. 106 is finally completed it will be the beauty road in this part of East Texas.

At the last meeting of the highway department the building used by the department on the road to Doucette for materials, tools, tar, cement, etc., was purchased at a stated price of \$640.

Work on 40 from Woodville to Hillister is progressing rapidly. Bridges and drainage structures are being put in first and the work of widening the thoroughfare through Woodville will be the last work on this contract.

It is not known when the contract on 40 from Colmesneil to Woodville will be let, but the specifications have been prepared and worked up by Resident Engineer C. H. Kendall, and are now in the hands of the State.

It is hoped the contract will be let in September, but there is nothing sure about this. There are several bridges to construct and the Federal Engineers have to have their findings on this before the State Department can advertise for bids.

BLANK APPLICATIONS FOR FEDERAL LOANS HAVE COME TO GOVERNOR STERLING

Austin, Texas, Aug. 8.—Gov. R. S. Sterling announced today he had received from the Reconstruction Finance corporation instructions and blank applications for funds to aid the unemployed.

"Any county or city needing funds should make application to my office, through their officials and in return I will forward same to the corporation at Washington, the governor said. "Complete data relative to unemployment and conditions existing in the various communities seeking aid should be furnished to me along with the application for these funds."

What They Say

The verdict Mr. Hoover hopes to hear in November is: "Well done, though good and faithful servant. Take four years more."—Beaumont Enterprise.

"I don't want amendments. I don't want an investigation. I want to kick the devil out of the farm board."—Mrs. Ida Watkins, Kansas "wheat queen."

Every drop of blood shed (in bonus army riots) can be traced directly to the threshold of the white house.—Walter W. Waters, "Commander" of the bonus army.

One might well draw the conclusion that there was no shortage of magicians in the White House.—Fred H. Young, industrialist and humorist.

The WELL-FED seem not to understand the attitude of the STARS.—INGL—Gov. William H. "Alfalfa Bill" Murray of Oklahoma.

Mexico, Dave and John Thompson and Bruce Slaughter sent the week end to the new baby daughter to

THINK IT OVER

The public is now being regaled with the news that \$10,000,000 will have to be raised to conduct the Hoover-Roosevelt battle for the presidency. In 1928 the two parties spent a total of \$16,000,000.

When the politicians of both parties are telling how much money it will take to care for the needy people this winter, it looks like an economic crime to raise \$10,000,000 to be spent by the two parties largely in blacksmithing opposing candidates.

Let both parties, if they are sincere in their advertised ideas to help the needy, donate their millions of campaign funds for relief work this winter. And let the people vote in a normal manner for their political choice, free from the high-pressure influence of a \$10,000,000 slush fund.

Woodville Loses Baptist Preacher

It is with real regret that Tyler County people see Rev. and Mrs. W. F. Nash and two sons leave the county. The family has been here nearly ten years. Rev. Nash as pastor of the local Baptist church, Mrs. Nash has worked lovingly with the young people who will always feel that she has meant much in their lives, and that her love and interest in them may locate the best wishes of his beautiful experiences of their young manhood and womanhood.

The boys, Berlin and Venus, have been a part of the school life of the town, and have been earnest workers in the B. Y. P. U. and Sunday school. Boys that any town can be proud of.

Rev. Nash is a forceful speaker, honest and earnestly trying to live up to his conception of the Christian life as he sees it from his study of the scripture, and wherever he may locate the best wishes of his church members and many other friends go with him and his family. They will be located in San Augustine until plans for a home can be completed, and a location decided upon.

YOUTHFUL PILOT FLIES HOME—MADE PLANE FROM TREES HIGH UP; BREAKS BOTH ARMS IN FALL

Robert Kerr, 11-year-old Beaumont aviator, suffered two broken arms last night when he took off from a tree top in a low-wing monoplane of his own make and design. It was a tragic ending for the maiden flight of the plane, which was demolished.

The crash occurred near the pilot's house on Lucas drive. He is the son of Mr. and Mrs. R. A. Kerr.

Cause of the crash is problematical. The youngster spent many days in the construction of the ship, checking up on details and making corrections and improvements. There was the suggestion of engine trouble, due, possibly, to the lack of an engine, while one theory is that the ship carried too heavy a fuel cask. Robert will be out of the air for several days, where the daring youthful pilot was taken for treatment. The plane will probably not be rebuilt.—Beaumont Enterprise.

NOTICE

The deacons of the Baptist church are making an effort to have services at the church Sunday. The members are especially urged to be at the church at 8 o'clock that night and should there be no church service the future church work can be planned for, and should a pastor be called at that time, you be there to have a share in the decision.

WILL ATTEND DEM. CONVENTION SATURDAY

Attorneys J. E. Wheat, C. E. Smith, G. C. Lowe, M. E. Sandlin and D. P. Rock, are the Tyler County delegates to the District convention to convene in Beaumont Saturday, August 13th, at 2:30 o'clock p. m., to nominate a chief Justice and two associate Justices of the 9th Circuit of the United States.

Maximum Load Writ Is Limited

Austin, Aug. 3.—An injunction obtained by the Texas attorney general's department recently to restrain certain truck operators and their attorneys from taking further court action to prevent the state from enforcing the 7,000-pound maximum load law against trucks was limited to certain parties Tuesday. It was decided to limit the injunction to the plaintiffs, intervenors and attorneys in the case of C. L. Farmer, pending in Travis county district court in obtaining the injunction to restrain further court action on the part of truck operators, the state alleged that in the fact of a United States Supreme court holding that the law was constitutional, certain operators and their attorneys were obtaining injunctions from courts in remote parts of the state, where court terms will not permit speedy disposition of the cases.

Judge J. E. Sturrock is right busy these days stamping Tyler and Angelina counties. He reports that he is being enthusiastically received and the support he is promised seems to indicate he will receive the winners end in the runoff election.

The following are the dates he now has lined up and in this he is being very materially aided by Attorney Clyde Smith who is doing all he can in the interest of the Tyler County presiding judge, August 16, Zavalla, Tuesday, August 16, Kellys, Wednesday, August 17, Homer, Thursday, August 18, Manning, Friday, August 19, Diboll, Saturday, August 20, Huntington, Tuesday, August 23, Central Consolidated, Wednesday, August 24, Burk, Thursday, August 25, Lufkin, Friday, August 26, Attorney Smith will appear at Lufkin and it promises to be a warm session. Fufkin is the home of the present incumbent, who has made a record as representative in that district several terms he has introduced one bill something about the length of certain fish that can be caught in the waters of Angelina and Tyler counties—they have to be 22 inches in order to be "legal." Up in Angelina county at this time two flickers, fisher-men are laying out their traps for catching a catfish an inch or two under the daily prescribed length. And, folks, a catfish 22 inches long is quite some member of the innu tribe.

Woodville Locals

Mrs. Nettie Walker is visiting at Town and attending the revival at the Fairview church. Rev. A. T. Nash is leading the meeting. Why not attend these services some night?

Clarence Moore of Navisota was a business visitor here early this week. P. H. Powell drove to Shurmer Monday to look over the 112 foot derrick the Reproduction Company is erecting near there.

R. J. Burton and Fred Handley of Bounty were Woodville visitors Wednesday. It was meeting a real friend when we shook hands with Mr. Handley for while we owned the Lavington enterprise he was a part of the business head of the county and is still one of the county commissioners.

John Risinger of Warren was in Woodville Wednesday. The new three-room and screened-in porch house, of J. L. Risinger is almost completed. Mr. Risinger has built just east of their old home, which the Chas. Best family occupy. Dr. J. B. Cruse has built a new porch on the front of his home and expects to paint the house in the next few weeks.

Says Will Rogers

Beverly Hills, California, July 27.—We have a great bunch out here looking around. It's the National Editorial association, composed of editors in smaller towns and weekly publications. They are just getting their way around the country, having a good time, and getting a lot of pleasure out of it. And giving every one that meets 'em a close-up of just about as representative a gang of Americans as would be possible to band together—intelligent, well read, and no national advertising controls their noses.

They are not concerted enough to think they "mold public opinion." They just go along and service their community with the most indispensable article that it has. And yet their real power is greater than all your metropolitan dailies combined. Any person that don't read at least one well-written country newspaper is not truly informed.—Yours

WILL ROGERS

Mr. and Mrs. J. D. Risinger left Tuesday for a few days visit with their daughter, Mrs. C. B. Sandlin in Orange.

Near Tragedy of a Careless Voter

Saturday's primary election demonstrated the possibility of a state wide tragedy of the power of democratic suffrage when placed in the hands of a careless voter. Nothing could have approached nearer real tragedy and state-wide calamity, than the election of Mrs. Ferguson in the first primary.

That voters of the state have gone mad with trouble, caused in no way by state affairs, is very evident. So wide spread has been the cry to put the "ins" out that thousands literally shut their eyes and voted for a return to a regime that is covered with stains which will never be erased from the state's records.

Opponent Sterling may not have suited you nor me, his actions in many instances are certainly subject to criticism, but nothing dishonest has ever been claimed for this man, thing touching graft, dishonesty, favoritism or any such, has been proven in any way against him. He has brought the state punishment which is the state's duty.

was so deeply pushed by Fergusonism; he has reduced the tax rate in the face of all increased expenditures; he has given the people of Texas, rural and higher education which was crushed by Fergusonism; he has spent the money honestly on building and maintaining good roads, securing ample Federal help, as compared with the most stupendous graft of these funds under the Ferguson regime.

Just why any thinking man or woman, sincere with themselves, honest with their family, desirous of good government at the lowest cost with no graft, with no long lists of pardons that cost citizens hundreds of thousands of dollars after an expense of millions by the state to convict, to stand out to blur the fair name of a great state, could or can go to the polls and cast a vote for the Fergusonism is beyond our ken.

We do not believe the thinking people of this wonderful state will all be swayed by a man who has spent August 27th, please Mrs. Ferguson

Kirby Hi School Foot Ball Lineup

The outlook for foot ball at Kirby High school is very bright, according to the town people, but Coach D. M. Telford is very pessimistic because he says he has several players in the lineup that are going to be hard to fill. It is rumored that several out of town boys who have never played any foot ball will be on hand to "beat" the old regular boys out of their places. Several very promising boys are Joe Tucker, Diamond Die of Shady Grove, and Jessie Harper, Coye McMillan, Jack Barclay, Edwin Hatton, Claude Hatton, Walter Kincaid, Warner Sheffield of Warren.

From Shurter—Bill Jordan, Jessie Crosby, Mikes Hooks, C. B. Hicks. Several boys who attended K. H. S. last year but who did not play foot ball are expected to give the old regulars a run for their money. Perhaps the outstanding ones of these boys is Aubrey Grimes. Other promising boys are Teddy Brandin of Harmony, Willard Edgar and Gutherage Lazenby of Hillister.

The old regulars who will be back are Matt McAlister, Bud Lee, Euel Bankston, Lee Norton, Herschel Shivers, Gilbert Wright, Marvin Kelley, Alkie Hopson, R. E. Grammer, Howard Day, Reburn James, Vernon Buskin, Clyde Gillespie.

Buford Miles, a graduate of Doucette grammar school is expected to do "big things" in foot ball next year. Coach Telford reports that he expects to have out at least 40 for football. The number might exceed fifty, which will be the largest delegation that ever turned out for foot ball at K. H. S.

The foot ball uniforms will be issued out Wednesday, August 17th and practice will start at once. Coach Telford and the boys worked hard all summer on a new field and bath house. The bath house will be quite an asset and will be by far the most convenient the boys have ever had.

The uniforms this year will be of a bright blue. The jerseys will be blue with red stripes down the front with red numbers on the back. The sleeve of the jersey will be red. The pants will be red with a blue stripe up each leg. These uniforms will be plenty hot and when they are worn some "There will be a hot time in the old town tonight," it will be true in every sense of the word.

The prospects for a very good are brighter than ever before. Practically because we are going to have some peppy girls added to the already well organized pep squad. It is fitting to say that K. H. S. has the prettiest pep squad in Texas.

J. H. Stark, one of our principals, is going to have a well equipped band to play that old band. When this band, this pep squad and the early formed team come together on a foot ball field some of us are going to think that we are stuck with our noses listening to the Democratic National convention all over again.

Woodville welcomes all of the boys coming in for football and is behind Coach Telford and his team of fifty.

STATE HIGHWAY PATROL
MAN INJURED AT CORRIGAN

State Highway Patrolman, F. N. Martin, who was transferred to Lufkin several months ago from Muskogee, had the misfortune to be injured the past Saturday afternoon when the rear casing of his motorcycle blew out, throwing him from his machine. Martin was riding along near Corriган about 2 o'clock, the casing blowing out and causing his injuries that were thought to be serious until medical examination revealed otherwise.

He suffered a deep laceration over his left eye, had both arms scratched badly, but aside from other bruises and the shock of the impact, his injuries are not serious enough to warrant extreme anxiety. H. Reising, another state patrolman, came along shortly after the accident and had him carried to the Angelina county hospital, where immediate medical attention was given him. He is resting at home on Homer Boulevard at present, and no doubt will be entirely recovered within a few days of a week or two.—Lufkin Daily News.

C. H. Kendall was in Corriган that day and reports the injured man was brought in to the Bergman drug store in an unconscious condition, and that while first aid was being applied he busted himself over the telephone in an attempt to secure an ambulance from Lufkin.

NOTICE TO TRUSTEES

The school law provides that all school district trustees must make a budget before the 20th of August. I have the forms prepared, but I cannot make the budget for you.

The County Board of School Trustees, Tyler County, Texas, will meet at 2:00 p. m., Saturday, August 13.

Mr. and Mrs. Arthur Woolley of Port Neches visited the J. B. Riley family early last week and Miss Mary Riley returned home with them for a week.

Mrs. J. B. Riley enjoyed a short visit early last week from her sister, Mrs. Texas Kimmer of Jacksonville. Roy Sturrock of Beaumont spent Sunday here with relatives and to attend the farewell services of Rev. W. F. Nash.

All look forward to the summer vacation and the pleasure of camping trips, but most every summer hearts are saddened and hearts are broken over accidents. Friends of Miss Hazel Dismukes are rejoicing that she is still with us for last week while at the Eaves camp on the Neches River, she stepped off in a hole while swimming, and after going down the second time Hershel Shivers was fortunate enough to bring her to shore.

Mrs. Lefie Rainey spent part of last week with Mrs. C. C. Pool in Corrigan.

Gus Holloman of Dies visited his brother, J. F. Holloman in Corrigan last week.

Miss Maybelle Easley and brother, Homan of Waco spent last week with the T. C. Rock family at the camp.

Miss Irene Risinger spent from Friday until Monday in Nacogdoches with her sister, Bess Lou, who is attending college there. She also visited Mr. and Mrs. Rufus Miller and Miss Willie Grambling.

Mr. and Mrs. T. K. Goolsbee and son, Thomas Knight, and Miss Matie Risinger, all of Warren are spending a few days this week at Dallas.

Mrs. L. R. Hereford of Donna, Texas, visited Mr. and Mrs. J. E. Gardner last week.

Messrs. Cooper and Jack Young went to San Antonio last week, and Jack stayed for a visit. The mother, Mrs. Charley Young, who has been there some weeks returned home with Cooper.

Miss Jiny Victory of New Willard with Miss Frances Love will spend next week end here with Mr. and Mrs. G. C. Lowe. The girls are both attending Stephen F. Austin College in Nacogdoches.

Mrs. William Prafra of Port Arthur spent last week here with her sister, Mrs. R. E. Pennington who is ill. Plans are being made to take her to the Jasper hospital for X-Ray examination.

red of Woodville. The Evans store is about moved and settled in the new brick building and the old stand is being torn down. The bridge at the Cobb mill is under construction and making fine headway.

J. P. Mann of Colmesneil was a county seat visitor Monday. Messames Roscoe Tolar and O. D. Whittington of Donnette were in town Monday.

THE COMMERCIAL USE OF TEXAS HIGHWAYS IS A PRIVILEGE, NOT A RIGHT

● The highways of Texas are the property of its citizens. They constitute a system of nearly 200,000 miles of road of which 20,000 miles are designated as State highways and the remainder are county roads. All types of road are represented in this system, less than 5% have so-called "permanent" surfaces.

The total cost of these highways is unknown but it amounts to many hundred million dollars. From 1917 to 1930, inclusive, counties and road districts of the State issued \$243,592,834 in bonds for the construction and improvement of roads and bridges. In the two-year period ending August 31, 1930, the State Highway Commission expended \$89,032,825, of which \$22,188,426 was for maintenance of the State highways.

In view of these tremendous costs the preservation of our highways from rapid wear and destruction is a matter of very vital interest to their owners, viz., the public. It is especially important that they be made to outlast the life of the bonds, which run from 20 to 30 years.

The use of the public highways for commercial purposes is not a right but a privilege which may be withheld or granted subject to such restrictions, regulations and charges as the Legislature may see fit to impose. Such regulations are intended to promote safety, preserve the highways and safeguard the interests of the public.

Texas Railroads, which pay the entire cost of construction and maintenance of their own roadbeds and, in addition, make substantial contributions to the cost of Texas highways, are thoroughly regulated with respect to their services, rates, methods and practices. There is no good reason why commercial users of the highways, built and maintained at the expense of the public, should not likewise be regulated to such extent as the public interest requires and pay such charges as will represent proper compensation for the privileges granted them.

● The statutes governing highway transportation as enacted by the Forty-second Legislature represent the wishes of the citizens of this State and express their desire to give equal rights to all and special privileges to none. These statutes should be given a fair trial and their value ascertained. Unless this is done, a chaotic condition in transportation as a whole will surely ensue.

Mrs. Jeff Reagen and sister, Miss Janice Forbes, returned Thursday from a visit in Palestine.

Mr. and Mrs. P. H. Powell and children spent Saturday night and Sunday in Palestine with Mr. Powell's sister, Mrs. Woodruff and family.

Allen Shivers of Port Arthur spent Sunday here with the Dr. Shivers family.

Mr. and Mrs. Jesse Johnson, Mr. and Mrs. Richard Johnson and Mr. and Mrs. Frank Johnson and the Rev. A. T. Nash family of Emilee, were among the many to attend the funeral of Rual Norton.

Messrs. Point Nelms of Waco and James Kelley and Laurence Murphy of Crockett were Sunday guests in the Jay Kelley home. The son, Jack Kelley, was also home from Alto for the day.

Mr. and Mrs. R. J. Burgoyne and son Roy of Jacksonville were here last week to attend the funeral of Rual Norton.

B. B. Martin went on to West Texas from A. & M. short course some few days ago and visited the wonderful Carlsbad Cavern and arrived home Sunday. He finds it hard to put in words the beauties of this miracle of the underground discovery, but says it is well worth the trip.

Messrs. Carey Cochran and Rex Galloway of Livingston were business visitors in Woodville Tuesday.

Mrs. J. A. Williams and Mrs. Addie Pate with Mrs. Forest Pate spent Thursday in Beaumont.

Mr. and Mrs. Jimbo Harrison are rejoicing over the safe arrival on Tuesday morning of a 12-pound baby daughter.

The Misses Cornelia, Claudia and Effie Jones of Livingston spent Sunday here with their sister, Mrs. B. B. Martin.

Mrs. W. A. Johnson is visiting her children and their families in Nederland and Port Neches.

Mr. and Mrs. W. M. Crockett and children of Buna spent Monday night with the sister, Mrs. John C. Davis enroute from a trip to West Texas to their home.

Mrs. Kirkland and the Misses Owens, Fuller and Reid arrived in Washington, D. C. Thursday night and are now enjoying the beauties of our Nation's capital.

Mr. and Mrs. W. T. Gross and four children of Marysville, La., visited Sunday and Monday in the J. T. Kelley home.

Mr. and Mrs. W. J. Davis and son, Fred, of Sibley spent Sunday at Mt. Carmel, stopping enroute home for a visit with the mother, Mrs. Davis and family.

Woodville Locals

Mrs. W. V. Phillips of Hillister spent the week end with her mother, Mrs. W. A. Lindsey. Wednesday she went as far as Beaumont with David and little Miss Gene Lindsey, who started on a trip to their home in Alamo, Mexico. The sympathy of all go out to Mrs. Lindsey who has mothered this nephew and niece most of their lives, and who feel that they are like her own children. The children's school mates will miss them and all wish for them a pleasant trip and very happy life in Mexico.

Messrs. J. H. Coffman and P. H. Powell made a business trip to Houston Tuesday.

Mrs. Herbert Sutton, who has been visiting her parents, Mr. and Mrs. F. L. Peabworth in Athens, La., and Mrs. T. O. Sutton, who has been visiting Mr. and Mrs. F. P. Gipson in Simsboro, La., returned home Monday.

Rev. S. W. Skinner and family left yesterday for their home in Dallas. Mr. Skinner has been in a revival meeting at Camp Ground and at the local fair grounds the past two months.

Wade Thomas, who has been leading the singing at the Fair Grounds will return to his home in Dallas this week.

Mrs. Irvin Walker and daughter, Patsy Ruth, of Colmesneil, spent Sunday with Mrs. Ray Pope.

Mr. and Mrs. J. L. Daniels of Dayton visited the parents, Mr. and Mrs. Ed Pope Sunday.

Mr. and Mrs. E. M. Cobb of Alto came early this week and the sister, Mrs. G. H. Clayton returned home with them yesterday. She will visit the parents at Sacul before joining Mr. Clayton at Lake Providence, La. where he is with the Morgan & Lindsey store.

Messrs. P. H. Powell and Esca Walker made a business trip to Lufkin Tuesday.

Miss Aileta Dismukes returned home Saturday from a visit with Miss Eddie Lee Nash at Emilee.

Rev. and Mrs. L. E. Gower returned Friday from a week's stay with relatives in Houston.

Woodville Locals

Jim Matt Miller of Colmesneil was a county seat visitor Monday. Mr. and Mrs. S. H. Davis of Goose Creek, Mr. and Mrs. Jack Crumpler of Mt. Bellvue, Mr. and Mrs. Dean of Port Arthur, Rev. Gower of Nederland and Rev. Maxwell of Beaumont were among the many to attend the funeral of Rual Norton last week. Mr. and Mrs. Gene Richardson of Port Arthur spent Sunday with Mrs. Rual Norton.

W. H. Stewart has taken over the Sinclair filling station at the Livingston and Doucette corner in west Woodville.

The Baptist people of Colmesneil and community will begin a revival at the church the 4th Sunday of this month. Revs. A. T. Nash, Tom Campbell and Dr. Tate will conduct the services. Woodville people are extended a cordial invitation to attend.

Mr. and Mrs. T. B. Crumpler of Barber Hill expect to come here the last of the week to spend their vacation with Woodville and Town Bluff relatives.

Knex Lee was considerably surprised one morning last week when in getting into the family truck, and upon starting the car to find a huge garden snake rearing up to see what the fuss was about. There were two large snakes calmly in possession of the front end of the truck.

Miss Margaret Young, who left shortly after school closed for a trip into the northern states and Canada, with a party of teachers, returned home about a week ago.

Jay Keiley drove to Emilee Thursday to take Eitel Okum home after a number of weeks in the Shiner Hospital in Dallas. Eitel is son of Mr. and Mrs. August Okum. It is expected he will only need make one more visit to the hospital.

Mrs. Alban W. Harrison arrived home Tuesday from a two week's stay with her people at Palestine. A brother of Mr. Harrison, Wilford Harrison returned home with her for a visit.
