## Colmesneil Basket Ball Starts Briskly

The Colmesneil Independent school has already started in its 1932-33 schedule. The first game was staged Friday night and the first game was with Big Sandy. Owing to the fact Colmesneil graduated nine of its best players last year, it was expected (by Big Sandy) that the game would prove to be a setup for them. And, too, Big Sandy's team was aided by Duff and Harris of the Warren last year's team.

It will be remembered that Warren was the dearest enemy of the Tyler County contingent that Colmesneil had to contend with.

Colmesneil squad does not pack quite as much weight as last year. The boys are fast enough, however, to make up for the loss in weight. At that the first game was a crackerjack and when the final whistle sounded the score was 21-15—Colmesneil. This is considered good in the first game as the Big Sandy bunch was aided by Warren's veterans.

The Colmesneil practice league schedule follows:

Date	Home Team	Visiting Team
October 7	Warren	Colmesneil
October 14	Colmesneil	Warren
October 21	Warren	Colmesneil
October 28	Colmesneil	Warren
November 4	Warren	Colmesneil
November 11	Colmesneil	Warren
November 18	Warren	Colmesneil
December 2	Colmesneil	Warren
December 9	Warren	Colmesneil

## BEANS FROM AZTEC RUINS GROWING IN NORTHWEST

Tacoma, Wash., Sept. 23.—The agriculture of the Aztec farmers of five centuries ago still marches on. R. E. Warwick, who owns a five-acre farm south of Tacoma, is raising seven hills of beans of a most unusual sort. Their progenitor was a single bean taken from an Aztec tomb in Arizona. They are known as the Giant Aztec. The seed beans cost 5 cents apiece, which is said not to be so much when they grow 18 times as large as the navy bean.

## ATTENDANCE AT EVENING SCHOOLS INCREASING

There were more than 30 adults present at the second meeting at Enon Thursday night, Sept. 15th, according to M. J. Fields, teacher of Vocational Agriculture in the Chester school, who is conducting the evening school. The subject discussed was "Planting and Handling Fall Gardens." A number of the members are now planting a fall garden, as it was decided that it is not necessary any longer to depend solely upon the spring garden. Mr. Marvin put in about 12 acres of fall garden, including some two or three acres of tomatoes.

Tracing will be the subject for discussion on Sept. 22. And on Sept. 29, permanent pastures will be discussed by County Agent E. B. Martin and R. A. Cruse of Woodville. This meeting will be followed by an expansion of the evening school group to the demonstration pasture of Mr. Cruse.

The Tyler County Booster being sound financially does not find it necessary to reorganise, wait for new equipment or make any sort of a bid for leniency from its creditors.

## 1000 Attend Chester Community Fair

The fair at Chester last Saturday was the most successful ever held in that town, according to the opinion of many of its citizens. The exhibits were held in a building 80x60 ft. and all of the space was well filled with exhibits of unusual merit. One exhibition was of particular interest, Mr. Allen displaying several hundred varieties of finished and polished wood collected from all over the world. Mr. Allen says that he has been consistently collecting this exhibit for the past thirty years.

The ladies department was filled to capacity with works of high quality which would have done credit to a much larger town.

The agriculture exhibits made a wonderful display in quantity and quality of farm products, which would have been hard to beat in any community fair.

The day was crowded with events. A speaker's stand was built in the open air near the exhibits building, where the Chester band under the direction of Prof. J. H. Slack, played throughout the day.

Addresses were delivered from the platform by Hon. John H. Kirby, Jim Wheat and Marvin Barnes during the day. An old fiddlers' contest was held in which Mr. Parker won first prize of \$3, and Mr. Kirby won 2nd prize of \$2. Interest was keen in this contest because of the fact Mr. Kirby has not been defeated in one of these contests for several years and the entries evoked the honor of winning from the champion.

Perhaps the most pleasant of all was the barbecue dinner served with a basket lunch on a long table out of doors. About 1,000 people enjoyed devouring 1,000 pounds of well cooked barbecue. Five steers were barbe-

qued under the direction of Henry Priest. The steers were donated by Mr. Priest, Dr. Cade, Bill Lewis, Buck Neal and Malcolm Barnes.

The climax to the program came in the evening at the school auditorium where a large crowd was entertained by a string band, singing and speaking. An impromptu speech was made by Judge Sturrock, while the principal address was delivered by Congressman Martin Dies. The Congressman pictured the deplorable condition of National politics and advised the changing of the Administration in the November election.

The following is a list of the prize winners at the fair:

- Best community booth, Enon, 1st
- Best individual farm exhibit, B. Barnes, 1st and E. B. Platt, 2nd
- Ten ears corn, yellow, J. H. Lowe, 1st, and Lawrence Lee, 2nd

## Membership in the S. T. Association

The Tyler County Schools, reporting 100% membership in the State Teachers' Association so far this year are as follows:

Fairview, Antioch, Beech Creek, Shady Grove, Bethany, Doucette, Warren and Emilee.

In a large number of the other schools of the county, all the teachers except one or two, are members of the State Teachers' Association but the eight schools listed above are the only ones whose enrollment has become 100% so far. However, the report from Colmesneil and Woodville is not in. It is to be hoped that all teachers in the County will join the State Teachers' Association this year and let's make Tyler County 100%.

The schools and their teachers whose membership cards have been received in the county superintendent's office so far, include:

- Rockland, Alta Belle Duke, Jessie Mae Shivers, J. E. McRee

Colmesneil, Elsie Jordan, Superintendent Lee A. Taylor, Colmesneil, advises that his report will be in within the next few days, and that he is trying to make 100%.

It is possible that a number of the teachers whose names are not shown above are already members, and it is also possible that some of the teachers filled out their membership cards during the Institute and they have been misplaced in the county superintendent's office. But you understand the list shown are the ones whose membership cards are now in my office.

## REPEAT AT YOUR RISK

It is a sad thing when a man comes home without arms, legs or eyes. Yes, it is a sad thing when a man loses his eyes. I was out for a wild turkey in the woods when a hand without arms, legs or eyes, came out and took my eye. I was out for a wild turkey in the woods when a hand without arms, legs or eyes, came out and took my eye. I was out for a wild turkey in the woods when a hand without arms, legs or eyes, came out and took my eye.

Well, I shot at the turkey, but I shot so low the ball hit the branch that was standing on causing their toes to slip between it and hold them tight. The gun exploded, one side killing the bear, while the other side killed the lion. The recoil caused me to sit down on the rabbit and my coat to fly over the cover of my gun. My nostril shot into the stream and when I pulled it out there was a string of trout on it and my boots were full of eels. And I hadn't planned it beforehand I might have come home empty handed. ## Tragic Death of Dr. Jasper Grimes

Dr. Jasper Grimes and Mrs. Hazel Berry, Returning From Maternity Case on Farm in Orange County. Victims of Crash; Driver did Not See Locomotive Is Belief.

Dr. Jasper Grimes, 1725 Magnolia avenue, and Mrs. Hazel Berry, nurse, Orange road, were killed instantly yesterday morning at 10:15 o'clock when an eastbound Southern Pacific passenger train struck their automobile at the Connell crossing a few miles southeast of Vidor. Dr. Grimes was 59 years old and Mrs. Berry 26.

Death came to the two a few minutes after they had helped to usher life into the world, having just attended at the birth of a baby in a farm house.

Nurse's Body Badly Burned as Car Catches Fire

The automobile, an Oldsmobile sedan, was demolished, but the debris caught fire immediately after the impact, burning the body of Mrs. Berry, but not the physician, who was thrown several hundred feet from the crossing.

R. L. Grace of Houston, conductor on the train, and E. J. Guldry of Houston, engineer, say it was evident that the two did not see the train approaching, although the view of the track was not obstructed. Doctor Grimes was driving the car.

The two had been at the A. F. Yeager farm, where a son was born to Mr. and Mrs. G. Simmons.

Auto Hurdled Against Telephone Pole

Shortly after the delivery Doctor Grimes and Mrs. Berry departed, driving about half a mile through a pasture to the crossing. Other than the engineer on the train, there was no eyewitness to the tragedy, although several from the Yeager farm, hearing the crash, rushed to the scene.

Swept from the track, the automobile was hurled against a telephone post, the jar breaking the crossbars at the top of the pole. The body of the car was torn from the chassis, broken up and scattered for yards into the high weeds near the track. The engine of the car was thrown about 15 feet from the chassis.

Cause of the fire was not determined, although persons at the scene say the spilled gasoline might have been ignited by sparks from the locomotive.

## Blow on Head Cause of Woman's Death

Mrs. Berry's body was dragged from the flames by early arrivals at the scene. She had been thrown from the automobile against a four wooden post. The injury thus received, a laceration wound in the left side of her head, was responsible for her death. She was burned beyond recognition. The clothes were burned from her body and her entire body seared deeply by the flames.

Dr. Grimes probably died of internal injuries, as it is believed his chest was crushed against the steering wheel of the automobile. He was found dead near a door of the car, several hundred feet from the body of Mrs. Berry.

One of the first to reach the scene finding that the two were dead, drove to Vidor for help. A Roberts ambulance was summoned.

The time of the accident was set at 10:15 o'clock, as the passenger train left Beaumont at 10 o'clock yesterday morning, bound New Orleans.

The train made a brief stop after striking the car, but as both victims were beyond help proceeded on to Orange.

Light Rain Falling

While there was a drizzling rain at the crossing and a heavy mist overcast the day, no other reason has been offered why the physician did not see the oncoming train. It is not believed that the car stalled on the tracks.

Hundreds of persons from Vidor, Beaumont and Orange drove to the crossing yesterday afternoon inspecting the wreckage.

Born in Tyler County

Dr. Grimes was born in Tyler county, and began his practice of medicine about 30 years ago in Warren, Texas. He came here about 17 years ago and began practice. He held a major's commission in the medical reserve corps.

Doctor Grimes had his office at 1899 Magnolia avenue.

He is survived by his wife, Mrs. Annie P. Grimes; two sons, J. P. Grimes of Beaumont and Howell Grimes, who entered the Baylor Medical school at Dallas this year; one daughter, Mrs. Joy Marr of El Paso; one brother, Dr. Iverton Grimes of

ORGANIZATION OF G. A. A. IN CHESTER HIGH SCHOOL

All of the Chester high school girls who were interested in athletics, met at 12:30 o'clock, September 19, in the home room of the eighth and ninth grades. The Misses Lela Starkey and Aline Gaines were elected as sponsors.

Then we elected Miss Crona Barnes for president. She took charge of the meeting and Miss Mona Vinson was elected vice president and Miss Sadie Lee Mann was elected secretary-treasurer. We also elected Miss Viola Durham as captain and manager of the basketball team. No further preparations were made as the time was up.

It is supposed volleyball, tennis, etc., will be organized sometime in the near future. These sports afford each girl who is a member of the athletic association an opportunity to gain so many points. Each point helps "boost the girl" toward the six hundred points required to win a sweater.

Deaths

DEATH OF MRS. W. W. GREER

After four years of suffering Mrs. W. W. Greer passed away early last Saturday at the farm home south east of Woodville.

Mollie Gathlin Greer was born Mar. 22, 1868, in Louisiana, daughter of Ed and Sallie Gathlin. At the age of 18 years she was united in marriage with W. W. Greer and as the years passed she spent the greater part of her life in this home, five of whom with the father are left to miss her loving presence and tender care.

A member of the Methodist church she has lived a consecrated Christian life for years. The past sixteen years Mr. and Mrs. Greer have lived in Tyler county. Mrs. Greer underwent an operation for cancer some four years ago and was relieved for about a year, but since has been a great sufferer.

Up and about only a part of the time. The past year she has been confined to the bed most of the time. She was unusually calm many hours before her death and quietly passed away early Saturday morning. The funeral was held at 10:00 o'clock Sunday morning. Rev. I. E. Gower in charge and she was lovingly carried to the Mt. Pisgah cemetery. The daughter, Mrs. Minnie Labat of Sontag, Miss, with her two children has been with her mother for many months.

The son, Cramer and wife of Houston, have been here a great deal and have built a home near the parents and expect to move here in the near future. The son, Proctor and wife of Sour Lake have both been here as much as possible, although the daughter, Mrs. Georgia Tarver of Beaumont was not here for the funeral, had spent much time at the mother's bedside.

The other son, Claud lives at home. Besides the immediate family she leaves 15 grand children and four great grand children. There are also three brothers living in Louisiana. Ed Gathlin of Alexandria, Will of Colfax and W. J. Gathlin of Jonesboro. The brother Ed only was able to come and be with her.

A few months ago Mr. Greer was called to come to Jonesboro because of the illness of his brother of his, but was unable to go and could not attend the funeral at his death.

The sincere sympathy of many friends go out to the bereaved husband and sorrowing sons and daughters.

CARD OF THANKS
