## Crop Production Loans Past Due

With only a few days left before maturity (November 30) of the notes of the farmers who secured money from the Government Crop Production Loan Office to make this year's crop, this county is in very good shape. Many have paid their notes in full, or stored sufficient cotton on the 9-cent basis to fully satisfy their mortgages. Others have almost reached their goal and will before the due date, November 30. Some have held their cotton, thinking that the price would go up and will now either sell and pay up or collateralize sufficient cotton to take care of their notes. This statement was made by the field inspector in this district, who is working in the county this week.

When November 30 arrives, this county will be up toward the top of the list for counties with similar soils and conditions. While all farm products have been low in price, the borrowers of government money have shown resourcefulness in paying up. They are making every effort to protect their credit for another year.

One case was reported of a borrower who lost his team of horses, trained two yearlings to take their place, made a crop and paid his entire government loan of \$72. This encouraged a neighbor who lost one horse and who tied up the other singletree, drove on down the rows with his cultivator, completed his crop and paid a \$45 loan. Other farmers went to the saw mills, to the logging camp, to road work and to other cotton fields when damaged conditions or short crops prevented the paying of their loans; and later, from their working efforts and determination, have already paid their loans in full. The resourcefulness in the determination to repay the government loan and to hold a clean record by the individual borrower has encouraged many neighbors to better provide for their winter supply of food and feed.

It is certainly gratifying to see so many who have provided food and feed this year. Many have sufficient food and feed to go through the winter. Many will make their own meat and have fine turnip patches and winter collards. All agree that more time will be given next year to this—the most important part of farm operation. One farmer told us that he had the first winter garden that had ever seen.

These are the things that the field inspectors of the crop production loan office have encouraged, as well as the replanting of new crops through the year where others fail.

To those farmers who have found it a pretty tight squeeze to get their business straight with the crop production loan office by November 30, you should get in touch with the field inspector, whose business it is to help you solve your problems, looking forward to being financed another year. He can always be reached through your bank or county agent. Talk your problem over with him and do not let your affairs drag and thereby damage your future credit and rating, regardless of where you expect to borrow money for 1933. Act now—justify the confidence placed in you by your local committee when they recommended you for your loan this year.

When making remittances make the checks payable to Secretary of Agriculture, and send immediately to 500 Dallas Power & Light Building, Dallas, Texas.

## 1764 SACKS OF RED CROSS FLOUR ARRIVED SATURDAY

The Red Cross flour which totaled 1764 24½ pound sacks, arrived Saturday and was stored in the county jail.

Judge Elect M. C. Tatum is handling the distribution of this flour and applications are beginning to come in, although not as fast as was expected.

Every effort will be made to see that this flour goes to the actual needy and those in charge of distribution have a thankless task. Good judgment has to be exercised in making the awards and it develops occasionally that the applicants are not deserving in the free distribution.

## ALL-TIME LOW REACHED IN PRICE OF WHEAT

A new all-time low on the board of wheat was reached for wheat No. 2, soft red winter, at 41½ cents per bushel, reported last Friday, Nov. 25.

## Work Continuing On Highway 106

There was considerable excitement in the air Friday when the daily papers had something to say about an injunction some judge had granted to the Texas Elect. Governor's closest friend and work was going to be stopped on several pieces of highway here, there and yonder, and, further, that one of the greatest highway commissions in any state, was being legally propositioned not to let any more road contracts because a recent auction showed the commission to be on the square and not \$50,000,000 in the red.

You see Ma's best friend found out a letting totalling some four and a half millions of dollars was to be pulled Monday of this week, and all that could be done was to tabulate the bids. And the local folks got excited and about 210 men wondered where the ham and was coming from the balance of the winter—all this was on Saturday and Sunday, and when Monday arrived, clear, crisp and cool, about 100 trucks started for the gravel pit and contracted work everywhere seems to be fully 100% active.

Woodvillians perched upon the side lines are wondering if Ma's best friend didn't stub his toe a bit in starting in to fulfill campaign promises before they moved into the governor's Austin mansion.

Anyway, the "mostest" thing local citizens are interested in is the fact work is proceeding on Highway No. 106—the road from Woodville to Chester, and on to the Polk county line, and Chester folks will then have to worry about the Polk county end.

In this regard, however, Editor Pancher of Corrigan intimated in the last issue of the Plain Dealer, that he expected the Nacogdoches contractor on 106 would have to start something soon or the new Texas administration might come to the rescue of Corrigan. Ash, Carmona and Groveton and complete this important piece of highway.

## THE HEIGHT OF FOLLY FOR GLORY

For the next two years the city of New Orleans will have its official printing done for nothing and in addition will receive a bonus of \$3,000.

This unprecedented situation was created by a bidding contest for the contract by the New Orleans newspapers—the States, Times-Picayune and Item-Tribune. The New Orleans States got the contract by overbidding the New Orleans Item-Tribune on the bonus to be offered the city for the privilege of doing the printing. The Item-Tribune had the contract for the last two years.

City Commissioners were astounded when the newspapers started the bidding downward. The bidding opened with each paper offering a line rate. They started coming down until the New Orleans States offered a zero bid and the Item-Tribune retaliated with a zero bid and a bonus of \$250. When the bonus was reached the States and Item-Tribune battled for the contract on bonus bids. When the States reached a \$3,000 bonus the Item-Tribune withdrew.

## KIRBY HI EAGLES TO STAY WHIPPED

Jasper officials, together with the superintendents of Kirbyville, Buna, Silsbee and Burkeville, declare the youth, Clarence Nixon to be eligible to play interscholastic league football. The hearing was held at Jasper Wednesday night, and in spite of a supposedly irrefutable mass of evidence young Nixon was carefully and thoroughly whitewashed, and as The Booster goes to press the Jasper team is about to play off the district game with Liberty.

Those who made the trip to Jasper to attend the hearing included Mr. and Mrs. Marlin Sandlin, Attorney and Mrs. Clyde Smith, Coach Telford and Ezra Eaves.

It is reported that after all the evidence was produced against young Nixon, the lad's mother offered an affidavit showing the boy's age, and that the hearing abruptly ended.

## TYLER COUNTY ROAD BID TABULATED

At the Monday meeting of the Texas highway commission one of the bids offered for tabulation was as follows: "A contract for Highway No. 106 from Woodville to Chester, Texas, for the purpose of widening and improving the same."

## M. W. U. in An All-Day Meeting

Yesterday, Wednesday, the quarterly meeting of the M. W. U. ladies met at the Woodville Baptist church. Some 60 members attended and six churches were represented. Chester, Fairview, New Hope, Beech Creek, Hillister and the local church. The state corresponding secretary, Mrs. J. E. Lee of Dallas, and the district secretary, Mrs. C. T. Singletary of Jasper, were leaders of the day, thoroughly going over the new year book discussing plans for the work. Mrs. Lee brought an urgent message on the "Lottie Moon" Christmas offering which is preceded by a week of prayer in all southern Baptist churches.

Mrs. Martha Hewitt has charge of the week of prayer programs and on next Tuesday, Wednesday and Thursday you are invited to be at the Baptist church. On Tuesday Miss Madgo Dean has charge of the program and as the children will bring the message the service will begin at 3:30 o'clock. On Wednesday, Circle No. 2 will be in charge and will meet at 2:30 o'clock. On Thursday Mrs. Hewitt will be in charge and the service promptly begins at 2:00 o'clock. This is the day the special offering will be brought, so please bear the announcement in mind.

Mrs. Black and Woodall of Jasper accompanied Mrs. Singletary and Mrs. Lee returned home with them. She with Mrs. Singletary, will visit the churches over the district, making ready for the Lottie Moon Christmas offering.

The dinner yesterday was at the community hall and as usual was enjoyed, for these basket dinners are a special feature of all day meetings.

Mrs. M. C. Tatum was very much missed at this meeting, and all are sincerely sorry that she is ill.

## LAST WEEK OF COURT

Monday there was plenty doing at the court house. This last week of court proceeded with a bunch of civil cases, the report not sayeth to the contrary, nine actions will be heard by his honor, Judge Coe.

The first case was cited as Mattie Lee Kirby vs. Houston Oil Co., a suit in trespass to try title. Verdict for plaintiff was instructed by the court. The case took practically all day.

Tuesday the first case was W. Y. Haynes vs. O. A. Norton, a suit for damages for injuries sustained while employed on contract job in the logging industry. The damages in the case appear to be a fractured hip and pelvis bone.

The case was given to the jury Tuesday afternoon and at 11:00 o'clock that night, because they could not agree, adjourned until Wednesday morning, and at noon the jury became the guests of the State for dinner and some time late in the afternoon the jury reported a hopeless disagreement and were discharged.

Norton was represented locally by J. E. Wheat and Haynes had Smith & Sandlin on his staff—the case goes on record as a mistrial.

## RED CROSS RETURNS ARE COMING IN

Wednesday a. m. J. B. Faircloth of Spurger came in with the money and list of 28 members secured in and around Spurger in the membership campaign of the American Red Cross. Mrs. Faircloth was community chairman and the Misses Nita Lee and Hazel McClain, Mary Smith and Kathryn Bingham made the canvass.

We do not have the names of the girls who worked under the other chairmen, and will appreciate it if those who have sent in their money and names of the new members will send in a list of the workers. We feel that these girls need special mention for they each and all worked hard and received many rebuffs and plenty of argument which they dared not and could not combat because of their youth, and lack of knowledge of Red Cross work. We feel that Spurger has responded in a splendid way and congratulate these girls and Mrs. Faircloth on the returns of their work.

## NOTICE

R. B. Smith, contractor will not be responsible for any debts contracted by anyone without a regulation signed by R. B. Smith, R. C. Peck or E. T. Malley.

## Changes Made in Declamation Rule

A copy of the 1932 Supplement to the Constitution and rules of the University Interscholastic League has been received by S. B. Owens, county superintendent.

"There are two important changes in the rules this year affecting the declamation contest," said Mr. Owens. "First, there is a new division provided for in county meets accommodating only high school juniors, that is, pupils under fifteen years of age who have been promoted to the eighth grade or higher. This supplants the old rule which allowed such juniors to compete in the senior division."

"Second, the re-classification of the schools will cause some schools which last year participated in the rural division to be transferred to the high school division."

"In most other respects the declamation rules are the same as those of last year. The junior divisions use standard poetry for declaiming and the senior divisions are confined to prose selections."

"This contest is designed to train boys and girls in the art of sincere and effective speaking and at the same time contribute to their mental enrichment by requiring them to memorize prose and poetry by the great literary masters. It is to be hoped that there will be a large number of entries in this contest at our meet."

## TEXAS HEREFORD STEER WINS CHAMPIONSHIP

Chicago, Ill., Nov. 29—While great crowds stood at the ringside Tuesday afternoon, Judge Walter Bucar of Dalhart, Scotland, chose Texas Special, shown by C. M. Largent & Son of Merket, Texas, for the supreme honors in the world's greatest stock exposition.

The splendid Hereford steer had previously won first place in the class for steers weighing between 1,150 and 1,350 pounds. The smooth, blocky steer weighs 1,241 pounds and was born May 6, 1931. Later this week the steer will be sold to the highest bidder.

Texas Special won over all breeds to interrupt the consecutive wins of three years by Angus steers. This is the first grand championship won at the International Live Stock Exposition by the popular white-faces cattle of the range since 1928.

Largent & Son also exhibited the third place group of three steers, the championship in the steer groups won by Oklahoma A. & M. college.

Texas is well represented at the international this year. Twenty-three boys and girls make up the Lone Star delegation at the national 4-H Club congress.

J. E. Bog-Scott, Coleman, won fifth in the carload feeder calf show. J. P. Mommson of Niles, Iowa, showed the grand champion carload of fat steers, Purdue University, LaFayette, Ind., swept through the grand championship awards in barrows, wethers and pens of both barrows and lambs. Thomas Peterson, Ida Grove, Iowa, exhibited grand championship carload of barrows, winning on a heavy weight carload of Hampshire. Champion wether and pen of wethers shown by Purdue were Southdowns.

## 42 COUNTIES FAIL TO REPORT ELECTION

Austin, Nov. 29—The Texas election canvassing board, trying to declare officially the number of votes cast for presidential electors of the various parties, was up against a stumped today.

Although the law provided for a lapse of three weeks from general election day until the board was directed to open the returns and tabulate the result, 42 of the 254 counties in Texas had not reported.

Mrs. Jane Y. McCallum, secretary of state, appealed to officials of the counties that had not reported, but only four of those responded.

Mrs. McCallum pointed out that a fine of \$1,000 is imposed for failure to report the returns.

Jeff Mooney of Beaumont is expected here this week for a hunting trip.

Mrs. C. M. Whitehead returned Tuesday after a week's visit in Houston. She was accompanied on her return by a sister, Miss Edna Baring, and an infant niece, Frances Mackay.

## Flashy Addendums

Hindenburg is talking of resigning as president of Germany. Suppose he'll join the exiled Kaiser?

Hello, World! You all remember this call? Well, Thursday's papers tell us he has filed a bankruptcy petition. Too bad.

A news story from Cincinnati says labor has declared itself in favor of unemployment insurance. Wonder how a fellow would sell out to such an insurance company.

The City of Beaumont is said to be decorating for Santa. Yep, next thing we know Austin, Tex., will be parading for Ma and Pa if they manage to tie up all highway work.

Lock your back doors. A Victoria, Texas, dispatch to The Booster dated Nov. 29, says 10 prisoners sawed their way out of jail. Gosh, what carpenters that bunch would make.

Hold your breath! The county court has added a bunch of new chairs to the court room for use of the jury when hearing evidence in trial cases—also for members of the Men's Bible class. This was a most needed improvement.

They do say Houston's community chest is not so hot this year, and is short several thousands of the sum named in the beginning. Some of the larger cities of the state should take stock of the methods pursued by the smaller cities, Woodville, Chester and Lufkin, thereby learning how to put over such drives.

## NOTICE TO TEACHERS AND TRUSTEES

All teachers and trustees are invited to attend a teacher-trustee meeting and banquet to be held in the community hall in Woodville, one night next week, probably Thursday night. The exact night of this meeting will be determined later. Our state senator elect, John Redditt of Lufkin, has consented to be the principal speaker, but as yet, doesn't know the exact night that he can be present next week.

All teachers are urged to come and bring as many guests as they care to bring, but it will be necessary for all parties who expect to attend to notify me by Monday, December 5, and all parties who fail to notify me by Monday, December 5, may find themselves in the position of not having a plate prepared for them. You understand it is necessary to know two or three days in advance of the banquet, the exact number of people to expect.

S. B. OWENS, County Sup.

## SOCIETY

Miss Mary Frances Hickman entertained the Eagles on Thanksgiving night, and it was a great disappointment that a few of the Jasper young people could not stay over because of the rain and bad roads. The house was gaily decorated in the football colors of red and blue and after the evening was spent in dancing and 42 sandwiches and punch were served buffet style. The following night the sponsors, maids and cheer leaders gave a ball in the Ezra Faves building, lately vacated by The Booster. The room was festooned with colors, red and blue, the Evans orchestra on the job as it was the night before at the Davis home, and the young people proceeded to enjoy themselves. Punch was served during the evening and all voted the affair was a huge success. Kirby Hi ca feel that it was well entertained.

The P. T. A. met Monday in regular session with some dozen members present. Mrs. Kelley opened the meeting with prayer and Mrs. J. F. Shivers read a very interesting paper, bringing a message to the mothers and teachers, to help them in the understanding of the young people and children of today. Prof. P. I. Hunter asked to have the floor for a few minutes and urged those present to keep their children at home from school, and urge others to do the same, at the first indication that the child was threatened with influenza. This dread disease is raging over East Texas, and Beaumont has some 300 cases. You who read this report of the P. T. A. meeting please pass this request of Prof. Hunter on to your neighbor. If your children have a bad cold, the flu kind, keep them away from school until they are better. The secretary and treasurer's report was heard then Mrs. Kelley said that Dr. Frey of Beaumont had offered to come and examine the eyes of the school children free of charge and it was voted to accept his offer and invite him to come now as the parents would have the Christmas vacation to have the defect looked after. It was also voted to have the children examined that took the diphtheria serum last spring. Dr. Shivers has again been nice enough to offer his services, gratis, which is greatly appreciated. On Dec. 12 the next meeting, Mrs. Allen Pose will bring a message to the association and Dec. 26 Mrs. A. W. Harrison will read a paper. Many compliments were heard on the paper read by Mrs. T. C. Rock the Monday before on the Beauties of Child Life and the Art of Living. These articles are to be a feature of the P. T. A. each meeting for the coming year. Remember the next date Dec. 12 and be there.

### A ROOF THAT NEEDS A LAWNMOWER

It's a fool idea, say farmers in Nassau county.

But Louis Kofeod, placidly lying under his grass-grown roof, smiles at their remarks. He says:

"A grass roof is not a fool idea, just a new idea in this part of the world. In Denmark, where I come from, there are many such roofs." We read further in the New York American:

"Kofeod is an architect. He is an authority on roofs, and of them all he has chosen for himself this roof of grass, grass growing from eight inches of sod laid on a waterproof foundation. He explained:

"It keeps rooms directly under the roof cool in summer and warm in winter. It saves space and money by eliminating the necessity for attics."

Kofeod's wife pointed out another advantage:

"It is a pretty roof. The green looks fine against the red brick walls in summer, and the dried brown grass looks nice in winter, too."

Mrs. Kofeod sees nothing novel in the idea, for she, too, is from Denmark—Copenhagen.

"Kofeod tends to the lawn on his roof as he does the lawn in his yard. He waters it with a special sprinkling system, and he cuts it with a small lawn-mower.

"In Denmark, Kofeod says, it would not be necessary to cut the grass, explaining:

"The goats eat the grass and keep it cut down in that way. The houses there are often built against the mountain-side, so that the goat has simply to step down off the mountain and onto the roof."—Literary Digest.

### Woodville Locals

Mr. and Mrs. Jno. C. Davis and family spent Sunday with the sister, Mrs. William Crockett and family in Buna. This was a family reunion and the sisters, Mesdames J. B. Fargerson of Houston and Clio Cooper of Beaumont, and their families were there, also the brother, J. R. Fuller and family of Port Arthur. The father, W. E. Davis, returned with Mrs. Davis after a two weeks' visit in Buna.

## County Notes

### VOCATIONAL AG. CLASSES IN TERRACING DEMONSTRATION

The fact that vocational agriculture students can perform every operation necessary to successful terracing has been demonstrated by the vocational agriculture classes of Chester high school.

On last Tuesday and Wednesday the two classes in vocational agriculture under the direction of their instructor, undertook the entire responsibility of building three terraces, totalling approximately 600 yards and protecting several acres of land. This work was done on the farm of Mrs. W. B. Carnes, adjoining the school campus. The equipment used consisted of a turn-plow and a V-drag, and one team of mules. The drag was built out of scrap lumber by E. B. Carnes, who has the farm rented. Even though the equipment was light, making the work slow, the proper kind of terraces were built, so far as was possible. They were made more than 20 feet wide at the base and about 18 inches high. At this place is stiff black clay soil a fall of four inches to 100 feet was allowed along the terraces.

Besides the presence of 34 boys and three girls belonging to the classes in vocational agriculture, 12 men from the evening school group inspected the work sometime during the process of construction.

### NEW HOPE VOCATIONAL AG. EVENING SCHOOL CLOSES

The third agricultural evening school for adult farmers of the Warren school district closed Tuesday night of this week, according to A. D. Carson, vocational agriculture teacher of Warren. Forty meetings were held since the work began in July. Much interest was manifest from beginning to close of the three different schools in the Warren school district. Twelve meetings were held at New Hope, 13 meetings were held at Pipe Line, and 15 meetings were held at Neal. The number of meetings were determined by the problems selected by the people of the different communities. Some problems demanded more time than others.

The schools were organized to help solve the local farm problems of the people. A specified time was assigned to each farm problem selected. The meetings were held once each week in each of the communities. More than 200 different farmers of the district attended some of these meetings and about 145 attended a major part of the meetings.

The schools will meet again in March to give a summary report of the improved practices that they have done and others that they might do by that time. Neal community will meet the first Tuesday night in March and the Pipe Line community will meet the first Wednesday night in March and the first Thursday night of that month has been assigned to New Hope.

The ladies dress contest at Warren fair, Nov. 11, created much excitement and interest in evening school work among the women and girls of the Warren school district. The winners of Neal community were Mrs. Nora Willford, Miss Georgia Lee Gant, and Miss Mattie Sue Griffin. Those who won first place of the Pipe Line community were Mrs. Will Richey, Miss Vera Jack Richey, and Miss Wilhelme Pearl Richey. Second place of the contest went to Mrs. Cora Richey, Miss Coltha Richey, and Miss Annie Bell Neal. Miss Vera Toler won first for New Hope community.

The vocational agriculture classes of Warren had two very interesting exhibits at the fair. One was the right and wrong way to save and also distribute barnyard manure. The other exhibit was self-explanatory of how chicken-eating hogs may be cured by proper feeding.

There are other communities in the Warren school district that are now anxious for agricultural evening schools. They will be accommodated in the future as time permits.

### Woodville Locals

Robert McCombs left Sunday to take up his school duties again at Lubbock. His mother, Mrs. J. R. McCombs, went to Jasper the first of the week to be with Mrs. Richard Bumstead a few days.

Miss Mabel Bean of Beaumont spent the week-end here with her family.

Miss Lois Lee Feagin of Colmesneil spent the week-end with Miss Mary Frances Hickman.

Miss Ieta Dismukes and Miss Claytie Lee Shivers returned from a few days' visit in Houston with Miss Ieta's mother, and sister Sunday. Mrs. J. F. Shivers met her daughter in Beaumont.

The P. H. Powell family returned Sunday from the Thanksgiving day trip to the A. & M. football game. They stopped enroute home in San Antonio.

## Colmesneil Public School Notes

Colmesneil second string was beaten by Kountze second string Wednesday night in a hard fought game that was tough and go throughout its entirety. Colmesneil's second string lost to the Kountze second string by the slight margin of 16-14. Both sides played excellent ball. The second string players showed the stuff that basket ball players are made of.

Colmesneil first string scored a victory of Kountze first string Wednesday night by the huge margin of 9 points. The final score was 21-12. The Bulldogs have scored many initial victories this season. They are still upholding the traditional name that they selected.

### GAGS AND SPICY ITEMS

Only the other day in Spanish class Miss Spruiell asked Dovie Domy to conjugate the verb estar in the subjunctive mood. Before Dovie could reply, R. T. Milner answered the question for her. Miss Spruiell said, "All right, Dovie." We understand that R. T. was very much embarrassed at the new name.

### LIFE

An hour of fear;  
An hour of trust;  
A candle burning on the sill;  
A smile, a tear;  
A sudden gust—  
The candle's out and all is still.  
(Elkanah East Taylor, in Poetry Today)

T. E. Howell has resumed his activities in the school after a short illness. Every one except the physical education class seems to be glad of his return.

The following games will be played at Taylor Gym Friday and Saturday nights of this week. Manning will meet the Bulldogs Friday night and Goodrich will meet the Bulldogs Saturday night. Both games promise to be "thumb-dingers" and you will miss it if you miss it.

A special assembly was called Tuesday, November 29, in honor of the 100th anniversary of the great writer, Louisa M. Alcott. A review of the life of Alcott was given by Mollie

### LET'S GIVE

She sauntered through the shops downtown;  
Finally purchased a pretty gown;  
Spent an hour or two at the show,  
Didn't really have time, but she had to go;  
Then thought of her party on Friday night,  
And ruefully said, "That will cost a sight!"

Next afternoon to the church she went  
Where women prayed with souls intent—  
"How much this year; the need is great!  
What shall we do while the millions wait?"  
She, looking so sweet in that brand new dress,  
Said, "Times are so hard we must give less!"

A little widow of many years  
Laid down a greenback with dripping tears;  
"I cannot sleep at night," she said,  
"Hearing the little ones cry for bread!  
What sin to waste or to hoard and store—  
Times are so hard; we must give more!"

—Mrs. George W. Olsen.

Mr. and Mrs. Richard Brampton and family have moved to Jasper. Mr. Brampton was with the Magnolia garage as mechanic.

## Woodville Locals

The friends of Mrs. F. L. Hackney will be sorry to learn that she is suffering considerable in her foot since the cast was removed a few days ago. She plans to go to Jasper for examination as soon as possible.

Mrs. J. H. Pedigo of Town Bluff spent Tuesday night with Mr. and Mrs. Ernest Pedigo enroute home from a trip to Beaumont.

Judge D. P. Rock was a business visitor in Beaumont Tuesday.

Mrs. Irwin Walker and little daughter spent Sunday here with relatives. Herman Pool of Cherokee attended court Monday.

### JOKES

Lloyd: "My ancestors came over on the Mayflower."  
Imogene: "It's lucky they did. The immigration laws are a little stricter now!"

—  
Rex: "Well, Noah, is the ark full?"  
Conductor in street car: "Nope, we need one more mule; come in."

### Woodville Locals

Mrs. Elizabeth Grimes went to Beaumont Monday to visit her daughter, Mrs. Ernie Jenkins. Mrs. Grimes celebrated her 87th birthday a few weeks ago.

Mr. and Mrs. George Hicks of Doucette were business visitors here Monday.

I. N. Mayes of Doucette was a courtesy sent visitor Tuesday.

Mr. and Mrs. A. G. O'Neal have been entertaining Mr. and Mrs. E. G. Fondren of Beaumont, who were married early last week. The groom is a son of Mr. and Mrs. Joe Fondren, former residents of Woodville, where the son attended school and has many friends who extend best wishes to the happy couple.

Miss Pauline Fargerson spent the week-end in Houston with home folks.

The Misses Mattie Allums and Kathleen Alexander of Kountze spent the week-end in the Dr. F. V. Smith home.
