

Claims He Had Depression Before Pres. Roosevelt Started

Anderson

for Governor

State Senator Anderson, business man of Saturday announced his platform of a substantial reduction of governmental expense and a sales tax.

As the senate speaker, Anderson will be defeated by Gov. James V. Parson in the election. Although he has announced formally, Alfred Anderson said he would seek the office in his second term.

Anderson was campaign manager for C. C. McDonald of Falls Ferguson supporters for governor, defeated in the election. His first term in the senate expires at the end of this year.

"I am elected I shall resign the constitutional rights of people to have a governor who will stay on the job, cooperate with the legislature and neither squander the people's money nor abuse the opportunity for service by continually changing social, political and economic affairs," he said.

Anderson said the power of the office will be exercised on behalf of the people.

W. E. THOMSON
NEW F. O. IN DOCHES

W. E. Thomson, who lives outside the city limits, was arrested Monday in Doches. He is reported to have been looking for a victim for an automobile accident, which he had committed on his way home for nearly a year.

Thomson has been arrested before and will take his case to the courts. He is a resident of Doches and has a record for a very long time.

Thomson was arrested by Warren R. Richey of Warren.

New Year Could Create New Names of Progress and Prosperity

The owner of the land can know, however, if a lease hold is in existence and will agree to a drilling clause, that the land is desirable and the oil company leasing means business.

A drilling clause of from 30 to 90 days means if actual drilling is not started the land reverts back to the owner at the expiration of the time covered in the drilling clause in the lease.

While oil fields all over Texas are being brought in every week as reported in the daily papers, it would seem as though some of the arid oil country that we have thousands of acres of land under lease in Tyler county have either been idle since the county was opened.

According to Ex-President Hoover, the great depression was over in June or July of 1933 and he further assured the country in his St. Louis speech that there was no panic until the imminence of Franklin D. Roosevelt's advent to the White House terrified the business community.

said Senator Joseph F. Guffey of Pennsylvania in a public statement.

"The business crash was alluded to by commentators all over the world as the 'Hoover' Panic. What constitutes a panic? The record shows there were more than 5,000 bank failures during Mr. Hoover's administration, about half of them after the market collapse of October 29, 1929. That was the period during which Mr. Hoover was constantly seeking prosperity just around the corner."

In 1930, 1,352 banks closed their doors. Mr. Roosevelt was not nominated until two years later. In 1931 there were 2,254 bank closings. According to the Ex-President's speech, the New Deal was responsible for that, although the emergency legislation was two years in the future.

"Before President Roosevelt came to the White House 5,322 banks with deposits of more than \$3,460,000,000 had shut up shop under the Hoover regime, bringing poverty to hundreds of thousands of people whose life savings were involved. The Ex-President mentioned, casually that there were 11,000,000 unemployed during the last year of his administration. Probably Mr. Roosevelt is responsible for that also.

"As a further proof of the popular misapprehension in regard to the solvency and security of the banks while he was in office, the Sage of Palo Alto accuses the circumstance of the present solidity of the financial institutions. Now most of us had the idea that it was Roosevelt's drastic action in closing all the banks until the sound could be separated from the unsound and until those that could be saved were braced up, that restored the solvency of the financial structure. Mr. Hoover, however, tells us that they were wrongfully closed."

Rep. Pope Would Investigate the Reports of Communistic Teaching

Annie Oakley

Austin, Tex., Jan. 4.—An investigation of political economy doctrines taught at the University of Texas was proposed today by Rep. W. E. Pope of Corpus Christi.

Mr. Pope said he had been told "certain faculty members in the University of Texas are teaching rank communism."

Asserting "it is too serious to delay," Mr. Pope said the "coming session of the legislature should lose no time in making an investigation of the matter."

"If it is found that communism is being taught there should be a clean-out that will long be remembered. I am not in favor of temporizing with that sort of thing. It should be wiped out so thoroughly that it will be a long time before any attempt will be made to repeat it."

Mr. Pope said there was a trend toward communist teaching in educational institutions, and if facts warranted adequate action should be taken to free the university "from even the slightest taint."

Local Celebrities Take In the Jeffersonian Beaumont Blowout

In Beaumont as in hundreds of other cities the democrats gathered at a banquet and listened to the President who spoke at the great banquet of some 2,000 people in Washington, opening his campaign for 1936, and in some degree putting before the people his aims and plans as the President of this Communist world.

He stated that he would not comment on the decision of the Supreme Court until he had earnestly and honestly read and studied the reasons of the decision, but stated that the welfare of the farmers and the agricultural situation would be his main concern as long as he was in office.

The Beaumont delegation voted to stand behind him to a man. Those attending from the city were:

By the way, reader, use this margin to figure on to see what you would have done had you been the editor-printer on the Booster. Let us know how you would have betared the situation. Thanks, that's all.

36,000 Tuners Banned From the Air

New York, Jan. 7.—The Federal Bureau of Investigation today announced that 36,000 tuners had been barred from the air.

Rep. Pope Would Investigate the Reports of Communistic Teaching

Annie Oakley

Longview, Jan. 8.—J. J. Morgan, president of the National Cottonseed Products association, will address the East Texas Soybean conference at Corsicana, Jan. 15. As a successful grower of soybeans in his Farmville, N. C., cottonseed oil mill, Mr. Morgan will discuss grinding soybeans with present cottonseed oil mill equipment.

The conference has been called by the East Texas Chamber of Commerce to develop exact information and interest in soybeans as a new East Texas farm crop.

The United States can and should produce its own fats and oils, thinks Mr. Morgan. For a number of years he has studied the growing and crushing of oil bearing seeds and nuts.

Entire AAA Program Declared Null And Void By U. S. Supreme Court

Quarter Century In Scout Work

College Station, Tex., Jan. 7.—All agricultural adjustment administration activities in Texas, both at state headquarters here and in the field, were halted today on instructions from government officials at Washington through F. H. Williamson, supervisor of AAA work in the state.

The abrupt suspension came based on the "hacks" of the supreme court's decision invalidating the AAA in its entirety.

"Instructions stopping" control program works were issued by C. W. Warburton, director of the office of extension, U. S. D., and Chester Davis, national AAA administrator.

Program suspended.

Suspension of all control programs, until further notice, was directed with instructions that no further expense in the work be incurred. The order affects all state committees and boards, state field men and county control associations and committees.

County agents, as federal employees, were directed to take charge of all production control association forms, records and property pending further notice.

Bookhead office employees here, numbering nearly 150, were advised on reporting for work this morning that their jobs no longer existed, at least for the present.

Nearly 50 other employees in the the Federal branch, accounting and audit offices recently established here in centralizing AAA work in Texas, received the same advice, bringing the number of employees here directly affected to 200 or more.

Cotton Pooling Halted

C. A. Cobb, director of the cotton division of the AAA, wired instructions to stop all surrender of surplus poundage to the national pool that trust agreements received in Washington and postmarked later than midnight, Jan. 6 would be suspended, to cease all sales from the national pool and forward final sales reports not later than January 8, to stop all transfer of certificate poundage and that final accountability forms for certificates sales would be mailed to the field shortly.

Numerically, the largest group affected in the stoppage orders touching local and county boards and committees for various commodities of the control program is that of local and county commodity committees of farmers—\$300 in cotton, 1200 in corn-hog work, 500 in wheat and 80 in rice—making a total of 676.

City Dads Get Chummy With the Study Club, and Local Kiwanians

Monday night a committee from the Kiwanis and Study Club with the City Council in Judge J. E. Watson's court and plans made for a January 20th meeting at the Kiwanis.

Entire AAA Program Declared Null And Void By U. S. Supreme Court

Quarter Century In Scout Work

Last Saturday marked the completion of 25 years of continuous service by Dr. James E. West as Chief Scout Executive for the Boy Scouts of America. The period has spanned almost the entire life of the organization which unquestionably owes a large part of its progress and its progress and its extraordinary development to the sympathy and leadership of the single man.

Dr. West's career explains the Chief Scout Executive, a Washington orphan with knowledge of no living relative, early victim of an illness that left him a cripple, he made his own way in the world, but never forgot the need of youngsters in guidance, leadership, and help. He made himself a part of Y. M. C. A. work before boy scouting began. The new organization supplied him with a field for his sympathy and his interest. Along side it he has kept on in child guidance and child rescue.

It is unusual for a single organization to have a quarter of a century of one man. The Boy Scouts have, "because that single man has been Dr. West, humanitarian, whose understanding of the problems of boyhood was acquired in the bitterness of experience."

THE BOOSTER BOOSTS FOR
A GREATER WOODVILLE.
BETTER SCHOOLS.
MORE GOOD ROADS.
MORE CIVIC PRIDE.
DIVERSIFIED FARMING.
A NEW COUNTY BUILDING.
TAX REDUCTION.
SUCCESS IN TAX PAYMENT.
NEW BUSINESS BUILDINGS.
BETTER HOME EDIFICES.
HELP MAKE WOODVILLE
A BETTER PLACE IN WHICH
TO LIVE.

January 31 is the LAST day to pay poll taxes if one wants to vote in any of the 1938 elections.

PERHAPS THE BOOSTER is behind the time, but up to now we have received no word as to the giving of sweaters to the school's letter men. We'll publish the list as soon as it is placed on the editorial desk.

WOODVILLE'S SCHEDULE of basket ball is about to be completed. When given to the Booster it will be published. It is reported considerable interest is being displayed in the school circles about this sport.

IF SOMETHING doesn't happen soon the residents of the county seat of Tyler County will have to employ a gang of water well diggers. Friday of last week the water tank was dry, here there and yonder had hard time getting sufficient water to take care of the actual needs.

IF THE winter season of Woodville should happen to fall within Moses and his rod do a bath-tub business hereabouts. How come Moses, you say. Dig up your dust-covered Bible and turn to the fourth book—Numbers and find the 11th verse of the 20th chapter. That's how come Moses, brother—just Numbers 20:11.

THIS BEING the first of the year it would seem a resume of the work of the county agricultural agent would make good reading. In this age more people are attracted one way or the other by the recital of achievement. Then, too, in this alphabetical now and now there are lists of activities never before attempted.

LAST WEEK S. P. Sims Sr. made the first political announcement for the year 1938. He wants to be elected county clerk, and if being first to announce carries any weight, he is already traveling along on easy street. It is understood several other candidates are going to make the run for this office, and the political campaign is going to be interesting.

A NEWS story last Friday stated the interesting fact 30,000-000 soldiers in the old country could be put into the field almost instantly. Quite a bunch of trained fighting men if you ask the Booster—but the same paper gave out another bit of interesting news—something to figure out in how come. In Reno for the year 1938, 3088 divorce cases have been filed, and furthermore more than half this number originated from two states, California and New York. Go on! It grand to live in the Lone Star State.

HERE AND there, about the county, are signs of

...the booster's...
...the booster's...
...the booster's...

ONE DAY last week one of our good friends came in and interrogated us thusly: "Say, what do you mean—all those stories you have had in the Booster about 'getting stamps' in Woodville from some of the merchants when buying for cash—is there a catch in it, or is it just a fact?" And then the further information was given: "they told me up on the main drag that this stamp proposition was just another one of the Willard plans." Well, now, isn't that hot stuff? One of the merchants to whom this party applied for stamps apparently did not know about thrift stamps. The plan being new to him, he imagined it was just something that the Booster folks were trying to put over. Thanks for the compliment. The only thing the Booster owners are trying to put over is a good weekly newspaper for Tyler County and Woodville. As a matter of fact one of the stores in Woodville is giving out Centennial Thrift Stamps with purchases, and as another matter of fact, the advertising put out by this firm some time since carried the announcement they had the stamps to give out with purchases. No, this plan was not originated by the Willards.

JASPER AND Newton counties are apparently about on an even basis with Tyler county on the question of the Tung tree industry. At Kirbyville the Lions roared in unison with the Beaumont Chamber of Commerce last Thursday, and the end it not yet. As far as the Booster can find out, even the talking interest in Tyler county has subsided, and with neither the Woodville Chamber of Commerce nor any department of relief nor the "national" agricultural experts, nor the Kiwanians have responded to the thrice controlling tung publicity. The Booster is reminded in this of the way John answered his teacher when she said, "Kate is not going. Mother is staying at home. Father refuses to go, and now John do you understand what I mean?" Sure, said little John. "They ain't nobody going." And that's what we mean as regards the tung tree interest in Tyler county. They ain't nobody working overtime creating no interest. The Booster pillages all the Tung news obtainable because in the Tung tree product there is a good market not yet designated by any of the alphabetical bureaus run by the Washington white collar dudes, who see no evil, know no evil, nor would recognize it if surrounded by the harmful thou shalt not. However, when they commence we shall expect to find it necessary to label each nut, date grown, by whom and where. Probably these tung nuts will have to be celaphane wrapped for delivery! At this time most people know what that outfit at Washington did to the potato market, and as a respite for producing jobs it is on parity with anything Al Capone ever put over. Just think—over \$2,000,000 to put the potato act in force, counting the inspectors and such like.

THE MURDER of Thomas D. Schall, U. S. Senator from Minnesota, the weapon being a car with a speed nut at the wheel, brought grief to this writer. Back in 1896-97 we had a leased newspaper in Oranville, Minn. It was there we found a youth leading his claims, starting athletically, and a prize winner oratorically. Tom was some wrestler, too. We know and not from hearsay. Speed nuts in cars driving in traffic have got to be regulated. How the question. But it is plain when legislators are against laws that regulate against licensing drivers, and will not work for any law that might make sense, then the law is not worth the paper it is written on.

...the booster's...
...the booster's...
...the booster's...

ROOSEVELT
In England Hauptmann would have been hanged or set free within eight weeks, though he had been a Duke's son. His trial would not have been a national entertainment. The Secretary of Home Affairs would not have interviewed him after his conviction, and the chances of his being pardoned would have been one in a million. Therefore the life of a child is safe in England, and Colonel Lindbergh seeks the safety of his child. The Hauptmann case has not been forgotten.

BETHANY
The Lester Sturrock family of Corrigan spent the week end with their parents, Mr. and Mrs. Tine Sturrock.
R. Ryan returned to his work at Fort Worth Monday after spending several days with his parents.
Uncle John Parsons, daughter and family of Jacksonville spent several days here with them, bringing a fine fat turkey and many other nice things to cheer the aged parents.
The many friends of Mrs. Lydia Herndon will be glad to hear that she has passed the crisis with pneumonia and is rapidly improving. Dr. Barclay is her attending physician and Mrs. Hopson is nursing her.
Word was received Sunday that Mrs. Eugene McBee who is in a Beaumont hospital having undergone an operation is doing nicely. Mrs. McBee's health has been bad for some two years.
Uncle Henry Flowers is very ill. Dr. Miller of Doucette is attending him.
Wanda Fern Crews of Woodville spent from Friday till Sunday with her grandparents here.
We have three new families moved here, two from Nacogdoches county and one from Oklahoma. We always welcome new neighbors. We are proud to say that Bowen Dumas of Sunday Dea and Leonard Foster of Lufkin have moved back to this community.

DOUCETTE
E. A. Beck, druggist at the Long Bell Lumber Co., announced that he had been named by the Houston New Year's parade where the parade committee had the idea of having a parade of the Long Bell Lumber Co. parade. The parade was held on New Year's day and the parade was a success. The parade was held on New Year's day and the parade was a success.

FRED SCHOOL NOTES
Friday night, January 2, the Junior girls' basket ball team met the Fred girls' team at the Fred gymnasium. The Fred girls won the game.

WARREN SCHOOL NOTES
Talk about a club being alive and doing things, and you've got to talk about the Warren School Club. These of the Warren School Club were realy launching out and accomplishing much as we laud.
Do you know when the public speaking class first organized this club there were only 12 members—these of the Warren School Club. Now they have 20 members and each of the new ones joined because they found that this club had something they could not find in any other club—enthusiasm, interest, and entertainment. Each member is proud of the club, and he is justified in his pride.
The club meets every Friday at regular class period, and the program chairman, Leon Hatton, never fails to have something to entertain with. We spend most of our time working within the club trying to show others that it is not in vain, but once in November we had a program in chapel, and it has been judged as the best chapel program before or since.
But now let's talk about the play the club put on New Year's even. Did you see it? If you didn't, you missed the time of your life. The name of it was "Miss Adventure," the leading role Jo Carter, the tomboy, being played by Madeline Metcalf, while Theo Kincaid and Alvera Campbell played the comedy roles of Sarah Haskins and Rebecca Masking, and their country ways kept the audience in an uproar. To create enthusiasm both in the audience and the cast of characters, prizes were given to the best actor and actress. The prizes were sealed up, and when the winners, Theo Kincaid and Leon Hatton, opened them they found a big fat dollar bill. Not bad that, eh? Second and third prizes were given without prizes. Janita Alvera Campbell, Jo Carter, and the other players were given prizes. The actors were H. A. Harper, second, the Janita of the refined young ladies school, called Samson, and W. P. Ray, third, who played Albert Brown.

WARREN SCHOOL NOTES
Another feature of the entertainment was added to the play between the acts. Warren has a new discovery, Boy Scout R. E. Elliott, a first grade, came to the play and for four rows at a time. He is an honorary member of our club, and we intend to keep him in the club. We are very proud of him, and we are sure that he will be a great help to the club.

WARREN SCHOOL NOTES
There are regular services each Sunday night at the Assembly of God church at 7:00 o'clock. The Sunday school meets Sunday afternoon at 2:30 o'clock. You are invited to attend either on both of these occasions.
Mr. J. H. Willard, Editor and Owner, MRS. J. H. Willard, Adv. Mgr.

LUFKIN TRADES DAY
THURSDAY, JAN. 14
The committee in charge is planning to have a trades day on Thursday, Jan. 14.

REP. DIES TO SEEK FOURTH TERM INSTEAD OF MAKING RACE AGAINST SHEPPARD
Washington, D. C., Jan. 6. Out of the turmoil of the new congress already has come a clarification of at least one conjunctural situation of much interest to Texans, and it is that United States Rep. Martin Dies of Orange will not make the senate race this year against Sen. Morris Sheppard but will stand for re-election to the house of representatives from the second district.
The information was gained from authoritative sources which said there is no doubt about Mr. Dies' conclusion to run for his fourth term in the house. Congressman Dies himself, a non-committee, but has not taken occasion to deny this report.
The past few weeks in Washington Mr. Dies has been active in the inner circles of the democratic party preparing for this important season of congress. Otherwise he has taken occasion, as in the case of the Lindbergh's departure for England, to continue his demands for legislation to reduce immigration and deport aliens already residing in this country illegally.
Congressman Dies for several months has been mentioned as a potential candidate to the senate although he has never made a definite announcement.

NOTICE
A special invitation is given to all members of the Warren Chapter of Eastern Star to be present Thursday night, Jan. 16, also the members of Woodville chapter are cordially invited. District Deputy Cynthia Mae Watts of Lufkin will be present.

NOTICE
There are regular services each Sunday night at the Assembly of God church at 7:00 o'clock. The Sunday school meets Sunday afternoon at 2:30 o'clock. You are invited to attend either on both of these occasions.
Mr. J. H. Willard, Editor and Owner, MRS. J. H. Willard, Adv. Mgr.

LAUGH IN THE WILD

CHAPTER I The Chechaboo.

GARTH knelt upon the planks of the small floating wharf to fasten a photograph which he had taken from the bottom of his upturned Birchbark canoe.

A plane was coming down river towards the emergency refueling station at the abandoned wharf.

Through his thoughts lingered on the approaching plane, his eyes and hands turned to the patching of the canoe.

As he finished the patch the long front of the motor swelled into a shape to suit him.

The pilot started to taxi forward. Garth again set about patching the small hole.

How frightful said Garth. You must imagine this is a Wild West show. Please don't shoot until the lady can get outside.

Garth's hand came out empty from inside the jacket. Why couldn't the fool have spoken a warning?

Garth had started up the man. He expected neither an apology for about nor thanks for saving the visitors from possible annihilation.

Garth's hand came out empty from inside the jacket. Why couldn't the fool have spoken a warning?

Garth's hand came out empty from inside the jacket. Why couldn't the fool have spoken a warning?

Woodville people were shocked and sorrowful Thursday morning when it was learned that M. E. Bussey had suddenly passed away in his home at Woodville. Very few people knew he was ill and those that did not know did not realize it was serious. Miss M. E. Bussey, a nurse, Mattie Monger was struck on with pneumonia at the local hospital last week and M. E. Bussey had to be hospitalized at the same time as she felt she wanted to care for her but could not leave Mr. Bussey who was feeling better at that time. Mrs. Monger was being sought for in an adjoining room, by nurses, physicians and oxygen but they could find her no more as she was resting much better this afternoon (Thursday). Mr. Bussey, son of James and Sarah Bussey was born May 22, 1884, in Gaston, Alabama. The family moved to Texas when he was but a small boy, locating at Dallas later moving to Yantis for many years to be their home. Mr. Bussey was a mitchinist, and worked for years on pipe and road work, handling the large machinery. Six years he was in the U. S. A. Coast Artillery Reserve Corps. Some 20 years ago his feet started causing him much trouble and first a toe of his right foot was amputated, then the feet, then all the foot and the fourth operation took the leg nearly to the knee. The past few weeks this has been causing him serious trouble and pain. He married Miss Della Graham here in Woodville August 2, 1922. They were in the cafe business in Houston for some time and the past five years they have been on the farm west of town where he died. He was a kindly friendly man and was respected by all who knew him. The funeral will be tomorrow, Friday, afternoon at the Chester church with Rev. J. D. R. Houch of Brookshire and Rev. H. J. Rushing in charge, with interment in the Hardy cemetery. Deep sorrow is felt for the heart broken wife. Her mother passed away on her wedding anniversary in August, 1924, and she is indeed bereft. He leaves also two sisters and a brother, Mrs. Lillian Bussey, Mrs. R. D. Bidilly, K. A. Ray and Gene Bussey all of north Texas. Yantis and Solimar Springs, Mrs. Bussey's brothers and sisters had been sent for because of the serious condition of Mrs. Monger, and were all here. J. E. Cranon and family, R. E. and family, J. A. and wife, A. C. and family of Houston, and Max, Elton, Bert and family of Port Arthur and Miss Jimmie Graham of Dallas. Special thanks to U. S. Marine Major and

Mrs. Ethel Gordon, 71, died at her home three miles from here at 7:30 a. m. today following a long illness. She was born in Baton Rouge, La. and came to Texas in 1870 where she has made her home since. She is survived by five sons, W. A. Gordon of Dallas, Richard A. Hankins of Port Arthur and Fred, Gerald and L. Haskins, all of Houston, three daughters, Mrs. Dan Murphy, Mrs. John Haywood Durham and Mrs. Jessie Houston, both of Houston, and a sister, Mrs. Harry Lee Hines of Dallas. Funeral services will be held at 11 a. m. Thursday at the Mount Pleasant cemetery with Mrs. J. J. Denny officiating. Burial will be under the direction of the Lee Undertaking company. Pallbearers will be E. H. Miller, Jack Segret, Bertan Durham, Lee Neal, E. W. Phillips and O. A. Norton.

JESSIE LEE HOUSTON - Jessie Lee Houston, aged 41 years passed away Sunday at Hotel Dixie in Beaumont after a week's struggle with pneumonia. Mr. Houston is well known in Tyler county and has worked for the Southern Pacific R. R. in various capacities. Sixteen years ago he married Miss Minnie Gordon and one son, J. L. Houston, was born. His mother, Mrs. Julia Houston, also survives and made her home with Mr. and Mrs. Houston. The funeral will be held at 11 a. m. Thursday at the Mount Pleasant cemetery with Mrs. J. J. Denny officiating. Burial will be under the direction of the Lee Undertaking company. Pallbearers will be E. H. Miller, Jack Segret, Bertan Durham, Lee Neal, E. W. Phillips and O. A. Norton.

BOYS PLAN SHOP WORK - This Colmesneil Future Farmers through the mid-day classes in Vocational Agriculture of the Colmesneil high school have planned recently to give more of their time to the type of shop work which is necessary on the average farm of the community. Tools for doing more of this type of work have been purchased this year and all students will do construction jobs which are needed upon their home farm.

PIPELINE - Mr. and Mrs. W. C. Lindsey and daughters, wife and son of Fort Neches, were visitors in the home of Mrs. J. W. Irby Wednesday. Miss Virginia Cheek of Fort Neches visited her grandmother, Mrs. J. W. Irby, Wednesday and Thursday. Dr. Haley of Warren made a professional call on Grady Lindsey Monday. Miss Collets and Vernon Blaney were in Warren on Monday. Sunday morning, Mrs. J. W. Irby

Beatty returned home with them for the day. Mr. and Mrs. D. O. Blaine and son of Port Arthur, visited his mother, Mrs. J. W. Irby over the week end. Mrs. O. C. Cheney and daughter of Port Arthur, visited his mother, Mrs. J. W. Irby over the week end. Mr. and Mrs. Marvin Pugh an son of Beaumont spent the

family Monday on "Safety". The following members were present: Sgt. Scott, O. L. Senses, Sam, by all, Reading, Wynna Ellen Boyd, song, Ten girls Play, Traffic Court, Reading, Naomi Ogden, Piana selections, Arnold Rhodes.

A TRIP TO THE INDIAN VILLAGE - Mr. and Mrs. Jasper Sheffield have moved back to this community. Mrs. J. L. Gardner, E. L. Irby and son are all reported ill with the flu at this time. Lionel Jordan returned home from New Orleans Saturday. Jack and Sarah Mullins spent a few hours in the home of Miss Hatch Saturday night making and eating candy.

Practical Arts Club - Prof. Thompson gave an interesting talk about the hymen brain cells. Our club has worked out a program for every day at club period. We intend to have the different business men come to our club and tell us about their business. The Practical Arts Club has been selling seeds and we decided we had sold enough and we returned them to the Flower Nursery. We had a profit of \$1.65. The club went out in the fresh air today and enjoyed the sunshine. E. E. A. REPORT - The E. E. A. boys had a few boys absent on account of sickness. Buford Hatton, Lee Turner and James McGraw were sick all of last week and the rest of the boys wrote them a letter each to cheer them up.

SUNNY DELL - Mr. and Mrs. E. H. Starrock of Dixie are visiting in the Alvin Martin home this week end. We are proud to have Mr. and Mrs. Everett King and family of Nacogdoches move in to this community. Mrs. Nannie Carie of Port Arthur is spending this week end with her father, George Starrock. Mr. and Mrs. Farrington Starrock of Nacogdoches visited this community. Mr. and Mrs. Ole Starrock here last week end. Mrs. Claude Crews and son Harley here just returned from a three-week visit. They have been making in Ranger, Alliance and Sweetwater. Dr. John Martin and son of Beaumont visited relatives here last week end. Mrs. Verna McMurtry has returned from a visit in Liberty. Mr. and Mrs. Albert Starrock, Frank McMurtry and the Reeves.

AN APPRECIATION - We wish to take this opportunity to thank Miss Frances Carter of Gates Memorial library of Port Arthur, Texas, for her gift of a set of Theodore Roosevelt's works. The Woodville high school library has received about 40 new books about a week before Christmas. This addition has helped the library greatly.

GRAMMAR SCHOOL - We have several new pupils since the holidays which we are glad to welcome to the school. Work has started in earnest on the county meet work. We thing this is one of the finest things in the school work. We are working on all the contests which include essay writing, speaking, spelling, story telling, singing, music memory, arithmetic and picture memory. We won the grammar school division last year and hope to do so again. The sixth grade made a very interesting trip to the Indian Village last Wednesday to see the inauguration of the new chief. They report a very fine and profitable time. Each student prepared a report on the trip and we are publishing one of them.

Do you Know what the U. S. P. Is? The United States Pharmacopeia is a listing of officially recognized drugs, formulas and processes for the preparation of drugs and chemicals and specifies tests which these listed drugs and chemicals must pass in order to be labeled "U. S. P." It is compiled by a national committee of authorities. Every drug and chemical used in our prescription department, for which the U. S. P. specifies a standard, must fully meet the U. S. P. requirements. This we insure by buying drugs and chemicals in their original packages, bearing the labels of manufacturers whose reputations are established and unquestionable. A medicine can be only as pure and as accurate as its ingredients used in compounding it. Our responsibility to our prescription patrons demands that every prescription we compound be accurately and skillfully compounded from fresh ingredients of the highest degree of quality obtainable. Every prescription entrusted to this store is compounded by an experienced, licensed pharmacist, strictly as your physician prescribes. We select your prescription business on a basis of accuracy and honesty and are proud to have our customers who have tested the quality of our service, and who will give you the same good service as we have given to them. IT IS SAFER TO BUY ALL DRUG STORE NEEDS FROM TYLER COUNTY DRUG STORE

Woodville Locals - Elton Foxworth of the Junior C. C. Camp spent New Year's with his parents in the Harmony neighborhood. The Misses Ollie Rinsinger, Neva and Evie Belle Harrison and Mrs. A. D. Carson visited friends and relatives at Chester Pump Station Sunday afternoon. Mr. and Mrs. Casburn were Beaumont visitors Monday. Mrs. Wallace Shogers is quite ill and her many friends sincerely hope she will soon be recovered.

Woodville Locals - We have missed the news letters from Chester Pump Station and just learned this week that our correspondent, Miss Norma Dietrich has a position in Houston and so is away from home. Mr. and Mrs. J. W. Mills enjoyed a visit from their daughter, Mrs. T. E. Wheeland, husband and children during Christmas week from Centerville. Rev. and Mrs. Jesse Mills held services Saturday night at Camp 11.
