

Hyde E. Smith Opened His Campaign in Center Saturday

Center, Texas, April 11.—In a clean-cut, vigorous address, Hyde E. Smith of Tyler county opened his campaign for congress on the opening day of his campaign for congress on the opening day of his campaign...

Texas Should Have 7 or 8 Flags Not 6

Dallas, April 13.—H. Bedford Jones, the magazine writer, contends seven or eight instead of six flags have flown over Texas. "Texas Under Six Flags" is a slogan of the Texas Centennial Exposition opening June 6.

The Women's Democratic Dallas Club Hear Rep. Dies

President Roosevelt has furnished this nation the highest type of fearless and honest leadership. Unlike many office-holders, who are chiefly concerned with their reelection and who spend most of their time building up their political fences, the present occupant of the White House has put the welfare of the plain people above every political consideration.

No Pauper's Oath Shall Be Required

No "pauper's oath" is required to obtain assistance under the new law. Orville S. Carpenter, executive director of the Texas Old Age Assistance commission declared last week.

A Great New Agricultural Program Explained

Plans for the new agricultural program to put into effect the soil conservation and domestic allotment act have been received by M. S. Hyde, agricultural agent of Tyler county. State and district meetings have been held to acquaint all extension agents with the substance of these plans and meetings of farmers will be held all over Texas during the next few days, Mr. Hyde reported.

Region Good Will Troup Are Due in Woodville This Saturday

The Robt. McHenry G. W. will depart with the regional good will troupe in Woodville in celebration of the region good will troupe which is coming to Woodville this Saturday.

A GREATER WOODVILLE: BETTER SCHOOLS. MORE GOOD ROADS. MORE CIVIC PRIDE. DIVERSIFIED FARMING. A NEW COUNTY BUILDING. TAX REDUCTION.

SUCCESS IN TAX PAYMENT. NEW BUSINESS BUILDINGS. BETTER HOME EDIFICES. WELLS. MAKE WOODVILLE A BETTER PLACE IN WHICH TO LIVE.

DID YOU ever try making an airplane of the letters contained in your full name? In doing, it is an interesting calculation.

WOODVILLE PAINTERS seem to be busy. So far, only one sign has been proposed as in regard to remodeling the building up to date. Why not let the painter for your home or business?

WHAT A RELIEF to the country, if the daily press to be able to pick up the papers and find something else but the grimacing face of the man who was executed for the murder of the Lindbergh baby.

WHAT A wonderful time it is springtime. The trees all green, flowers in blossom, sunny sides of the buildings just about the right temperature, and it's time to get out the lawn mower and "weed" you know.

ANYBODY REMEMBER the date of the last killing spring fever in 1918 in East Texas? It is to be hoped that this part of Texas will not be visited this spring by another isolated cold spot. It will be remembered the last spring fever in 1935 was April 25. Can you beat it?

THE BOOSTER regime has had few complaints about subscribers not getting their paper since the close of the circulation campaign some months ago. In our previous contest we were unable to get the list all straightened up for over a year. We are happy about the successful termination of our circulation campaign, and the booster readers like to get their paper regularly.

THEY DO say the road from Woodville to Colmesneil is about ready for contract letting. We've been string along for years now with the same old story to be repeated. That was the line of beautiful sunshine that came by the Ford people when the chains were made and many a dealer went out of business while waiting. However, with the road letting, it is different. Nobody is going broke waiting for the road to be completed.

THE DAILY papers all too often give reports of just incidents on railway crossings. The Lufkin-Beaumont Motor Coaches, Inc., with C. S. McMullen, president and general manager, will never have a like accident as long as the drivers use the stop at all railway crossing order, which practice is now in actual force day and night, and at that on railway crossing, where the train service is not frequent. This is the bus line through Woodville to Beaumont.

SOUTH TEXAS SALESMEN HONORED

Chevrolet Motor Company, through its South Texas zone manager, J. B. Hancock, honored a group of 50 retail salesmen last week. These men were guests at a dinner in the Beaumont hotel, Galveston. An elaborate program was presented after which the men were presented with a substantial cash award and certificate of membership in Chevrolet Salesmen's Club. The award was given to the salesmen in which had the highest number of Chevrolet cars sold during the year. Dr. Gould also presented some Beaumont homes. He

about success like this. The selling records of these 50 men are the result of consistent effort and a knowledge of selling intelligently applied. These men have attained their front position in the realm of salesmanship by hard, systematic and above all persistent work. They were not above these tasks and which are ordinary to a salesman might class as drudgery. They did not work by the clock. They were not wise to, putting in extra hours, and above the equipment, they simply getting the job done. The Lufkin-Beaumont Motor Coaches, Inc., has a blacked, light-colored, salting personnel in 1935 combined with the splendid business conditions of this territory, the achievement of 100 per cent membership is within the reach of more than in any previous year and we confidently expect Chevrolet salesmen in South Texas to qualify in far greater numbers.

COLMESNEIL V. F. A. ATTENDED AREA CONTEST

The Colmesneil V. F. A. plant production team won first place in the 1935 contest for agricultural boys recently in competition with teams sponsored by Deputy State Superintendent M. J. Fields' area. The boys on the team included: Basil Goldstein, Joe Thomas Burchy and Ben Staruck.

The terracing team placed fourth and was composed of Curtis Daniels, Allen Fortenberry and Woodley Davis.

The poultry judging team also placed fourth and was composed of: Allen Staruck, Curtis Daniels, McMullen and Clinton Staruck.

These three teams will enter the State judging contest at Texas A. & M. College on April 22th.

30-INCH OYSTERS BUT PETRIFIED

If prehistoric man had sat down to an order of oysters on the half shell in the Big Bend section of Texas, he could have satisfied an abnormal appetite, judging from reports of a preliminary survey just completed in the area by Dr. Charles M. Gould, regional geologist of the National Park Service.

Dr. Gould reports finding petrified oysters 30 inches in diameter near Boquillas, in the district that would be included in the proposed Big Bend International park. Hills throughout that section, he said, are covered with myriads of oyster shells. He expressed the view that some of the bivalves of that area probably were several feet in diameter. Dr. Gould also uncovered some Beaumont homes. He

Ford - FOR ECONOMY

"The Ford V-8 uses less fuel and oil for the power it gives than any other car we have ever made."

AND ITS UP-KEEP COST IS THE LOWEST

ENTHUSIASTIC sales talk often begins and ends with gasoline mileage. Some salesmen would like you to believe it is the whole story of automobile economy. But drivers ought to know better. For the fact is, it's way down the list.

gallon is less than \$10 for a whole year's average driving (9400 miles at 18 cents a gallon). Here are the big items that make the Ford the most economical car.

More value for every dollar you pay. Lower cost for repairs and service. Long life. Slow depreciation. Quality means economy and the 1936 Ford V-8 gives you more real quality than any other low-price car. No other car under \$1000 has a V-8 engine. No other under \$1000 has a V-8 engine. No other under \$1000 has a V-8 engine.

YOU CAN'T PAY MORE AT H&H CASH SYSTEM
