GUM-DIPPED TIRES

WIN INDIANAPOLIS 500 MILE RACE

Saturday Louis Meyer won the Indianapolis 500-mile race, at an average speed of 70 1/2 miles an hour, breaking all track records. Without tire trouble of any kind.

No tires except Firestone Gum-Dipped Tires could have resisted the terrific heat generated at such high sustained speeds on the hot brick track. After a lap, a tire after hour, you can have no greater proof of fireproof protection.

No one of the thirty-two drivers would risk his life on any other tire, for each driver knows that heat is the chief cause of tire failure and blowouts. Firestone cords are soaked in liquid rubber, which saturates and coats every cotton fiber, preventing friction and heat and adding great strength. This is the Firestone patented process of Gum-Dipping, that gives you greatest blowout protection and safety.

Profit by the experience of race drivers. Equip your car today with Firestone Gum-Dipped Tires — it costs so little to protect lives worth so much.

THE New Firestone STANDARD

Designed and constructed by Firestone skilled tire engineers in a first quality steel built of all first grade materials, embodying the many exclusive Firestone patented construction features. In exceptional durability and service, at these low prices, are made possible by large volume production in the world's most efficient tire factories. Made in all sizes for passenger cars, trucks and buses.

Let us show you this new Firestone tire today.

SHERIFF CALLED

Sheriff Nicholson was called to Warren Friday when he located a young man, 23 years of age, suddenly appeared, and he brought his back to the jail. The relatives, when phoned, did not come and his home town sheriff sent word, when he came out of it to turn him loose. Tuesday, the County Judge here was collecting bus fare to send him to the people in Overton. Now it seems that Kauntze raised bus fare for him to Warren, he was put off at Warren and whether crazy from whiskey, dope or pulling over a rickshaw, he got more bus fare he not known but, anyway, it's a good gag, if one hasn't enough pride to pay his way in life and not sleep in jail.

This writer doesn't mind feeding the hungry, helping clothe those who need help, but will not furnish money that she works hard for to give to any man or woman who drink it up, and expect the world to give up and eating.
