**WHAT A DAY!** What a crowd! And were the old-time present? You tell 'em. And some of them are still here, just a "vintner" round!

**TYLER COUNTY'S** own son, Clyde E. Shilly, was master of ceremonies and what a job he turned in! In the absence of a "vintner" round!

**AND, TOO,** the multitude was "big." No one left the park hungry, and the cars were the kind of folks, anywhere, but in Tyler County know how to prepare.

**OH, FOR THOSE** good old days. In 1916 Jesse H. Jones paid \$950, or \$1.00 a pound for the first bale of cotton. Elsewhere "Houma," 20 years ago! From the Houston Chronicle.

**WONDER HOW** it would be if the newspaper publishers of Texas were to elect a man other than Sam Houston to do their thinking for them? What has Sam done in his exalted position, safe and except feather his own nest? You tell, brother, you tell, if you know.

**THE HOMECOMING** celebration at the State Highway Park Saturday was supposed to be non-political and non-partisan, and in fact was until it popped one John Redditt, Lufkin state senator, who told us who was who and why. After messing up the program, he returned to his seat and folks who knew removed him from their consciousness. Oh, well, there are two from Glass Hill, Texas who are after his job.

**TO FIND ELSEWHERE** a set of resolutions prepared at Lufkin in regard to re-routing the T. & N. O. This is a good prospect for Woodville. However, it has been suggested the powers that be at Beaumont are satisfied with the present arrangement. Dallas is quite a way from Beaumont and neither Dallas nor Beaumont can be any way bringing better train service would attract trade to either territory.

**SOMEHOW THIS** editor cannot imagine good American citizenship includes rotten criticism and more especially coming from an ex-president or former president. Mr. Hoover and Mrs. Hoover are family Sunday. Mr. Hoover and Mrs. Hoover are family Sunday. Mr. Hoover and Mrs. Hoover are family Sunday.

**WITHIN THE** past fortnight, Texas has lost two newspaper men. Editor Wilford Jones, owner and editor of the Lufkin Daily News, and James Mays of the Beaumont Enterprise. It behoves The Booster to pay tribute to these two splendid men. Both of them took part in the growth of their respective cities. Each of these men have been recognized to newspaper heights and the booster can add nothing, but we do pay our respects to two men who filled their places in the world with honor to their families and to themselves.

**IN THE** State Highway park Tyler county has the makings of the finest in the state. Improvements are being made by the State. The boys made it possible to make. Because of this affair clearing up several acres of approach and roads through the park, it appears it is up to some organization of the entire county to improve, undoubtedly the finest location for a park in all of West Texas. There is a deal of ground to do. Trees should be planted, others removed. A walkway, a rock wall should be built, and the hill should be leveled. All these things will be made, and in a few years the park will be a

**AMONG OTHER** things which makes this writer smile clear back behind the ears, are the newspaper men of Texas.

For many years since the press has been recognized by would-be politicians and secretaries for their "big game" man have not had the nerve to submit and demand a pledge from applicants as to how they were going to vote when the question of legal printing came up for action in both houses of the Texas legislature. How comes just this? As a state Texas is a joke, when one strolls up to the front door of a county court house and asks you several of these setting for sales, elections, school board meetings, job openings, or a youth supporting tonight of schools, office all-judicial of publication appearing to prohibit affairs, the official publication of primary and general election ballots. Also for the county publication of the delinquent tax list, county financial statements, showing where and how the tax money was expended. Bankers' notices of stockholders' meetings, etc. Each of the preceding at each meeting of the county commission a showing bills paid and others disallowed, etc. Application for new roads. Notices of bonds for the several county officers. There are several hundred other kinds of legal notices which this writer knows of and which he has now published in the Morning Star, Dallas, Missouri, Washington, Missouri, Texas, and other places mentioned. We have been required to publish these and other notices of what some one has mentioned. The editors of Texas have helped, and we have helped. The State is becoming the best state in the union. From the standpoint of publication it is the best in the country. With a newspaper in every county, the publisher somebody wants to know what is going to cost. There are a few laws governing the cost of an issue, and the laws have been passed and amended and expenses increased. We have lived things up so much that the legal rate for that kind of publication has to be maintained in a county or otherwise designated paper. Find elsewhere, the story. "Alabama likes its newspaper laws, in this week's issue."

**Are YOU HAPPY After Meals**

**Or Do Gas on Stomach and Sour Stomach make you Miserable?**

Too much food or the wrong kind of food, too much smoking, too much beer, make your body over-acid. Then you have distress after eating, gas on stomach, heartburn, sour stomach.

**ALKA-SELTZER** relieves these troubles promptly, effectively.

Use Alka-Seltzer for Headache, Colds, Fatigue, Morning After Feeling, Muscular, Sciatic and Rheumatic Pains.

Alka-Seltzer makes a sparkling alkaline drink. As it contains an antacid (Acetylsalicylate), it first relieves the pain of everyday ailments and then by restoring the alkaline balance corrects the cause when due to excess acid.

Alka-Seltzer tastes like carbonated mineral spring water—works like magic. Contains no dangerous drugs—does not depress the heart—no habit-forming.

Get a drink at your Drug Store Soda Fountain. Keep a package in your home medicine cabinet.
