

On Texas Farms
 Bandera county farmers are starting to bud and graft trees of twelve native pecan trees a year. In this way they will be able to take care of the trees and get them to bearing earlier than if they grafted a greater number.

WILLARD, Editor-Magazine
MRS. J. H. WILLARD, Adv. Mgr.

TWO MORE days and the sad details will be known to all friends and foe alike. But how it happened, will consume all the time there is between then and the November elections.

OF COURSE all Texans know where the Panhandle is. But does every native know what part the balance of Texas represents in the so-called Panhandle. Find the answer on page one.

THERE'S A heap of folks not altogether among northerners who know not why June 19 was selected as Emancipation day. Those who have forgotten can brush up their memory in this week's issue of The Booster.

IN DALLAS, according to the daily press, nudgy has been barred to dance halls about the city. Those in charge, however, admit they have no voice in the case as concerns the amusement places within the Centennial grounds. Such a report as that would lead one to believe that most any old dancing was going on inside the dancing places privileged to run during the life of the big show.

IN COMING to the end of the first primary session, the thought presents, but few country editors have had the experience which has overtaken The Booster scribe. We are in the position that, which ever way we jump we will get political too, and by the very force of circumstance have found it convenient to keep you know what we mean to keep you and all citizens from going Zion check. That's what we call playing the game with us on in the hole.

BY LEGISLATIVE courtment the mocking bird is the Texas state bird. And why, by legislative enactment it is absolutely against the law to shoot the mocking bird. In fact one would be more apt to be actually fined for killing one of the State birds than for killing a native Texan. Now a days the law is more particular in defending and clearing a killer of a human—particularly a Texan—than in punishment of any of the state's birds. It is the bird which is hunted out by lake water juries who have become hypnotized by the defense experts of Blackstonian theories. And what do you know about that?

POLES HAVE been read reading a lot about the attendance at the Texas Centennial and have been prone to smile. The silly and average and too common sense can be checked up on by every human who attends the great Dallas show. There is a large building built in the shape of a tank register. Powerful electric lights register those who pass through the gates and the total of each day can be plainly seen and also the grand totals at any time. Too bad it is so hot.

HOUSTON hotel men are grand at once, told us last Sunday that he could see scarcely any difference in the registration at his hotel that could be accredited to the attendance of visitors from out-of-state who were taking in the Texas Centennial. It appears it is just too hot for many of them a linger in Dallas or the State, for that matter. And as for making the drive to San Antonio and other points of interest, it is not being done at this time. Perhaps later in the season these conditions may improve.

IF THE weatherman will be good, why not send the rest of the dust storm area, with the victims of the dust, out west where the early complete, dams and water, with several million acres of land and make of the long ago desert lands. Desert lands which walked have been of adaptability to any thing that can be done.

ATTENTION OF LIVE STOCK FARMERS

The screw worm fly and its damage has been known to ranchmen and farmers of Texas since 1843. At the present time the United States Department of Agriculture, Bureau of Entomology and Plant Quarantine, Division of Screw Worm Control, in co-operation with the Extension Service and Agricultural Experiment Station of the Texas Agricultural Experiment Station is conducting a campaign to combat the screw worm fly.

In general, the purpose of this campaign is to convey to live stock raisers that information concerning the screw worm fly which has been made available by research workers. This information, which has been found to be practical and economical in treating screw worm cases and in controlling the screw worm fly.

A state office has been opened at College Station, Room 337 New Administration Building.

District screw worm supervisors are now in the field and are ready to assist livestock raisers in combating the problem.

Arthur A. Miller, has been appointed district supervisor for Tyler, Hardin, Orange, Sabine, Jasper, Angelina, San Augustine and Shelby counties with headquarters at Newton. He will hold meetings and give demonstrations regarding screw worm control at scheduled places in the above counties.

Four car tag stickers with your district supervisor through your local county agricultural agent.

TROPLETS BORN TO DEER AT KERRVILLE

Birth of triplets fawns to a pet deer at the ranch of Will Ramsey, near Kerrville, created a stir of interest among sportsmen and conservationists.

All three fawns were does. They are the White Tail Variety. One of them died 24 hours after birth, but the remaining two are doing well.

Twin fawns are rather rare and reported only occasionally, but no other case of triplets ever had been heard of in this area, until the present case.

The mother deer trusts her offspring much of the time to the care of the Ramsey household while she feeds nearby. Although the barking of a dog brings the mother deer on a run to the house, a pet dog at the ranch is a hall to the deer and the fawns.

ARIZONA, A GOOD PLACE TO BE FROM

Phoenix, Ariz., July 16.—D. E. Hutchins, superintendent of the motor vehicle division of the State Highway Department, said today he was investigating complaints that tourists have been denied entrance into Arizona because they could not, or would not prove ownership of their automobiles.

"I am sorry the complaints have arisen," Hutchins said. "In the future, we will give tourists the benefit of the doubt. I do not think we will have any more trouble."

Most of the complaints were from tourists seeking to enter the State from New Mexico over U. S. Highway 66. Records showed that 104 tourists from 48 far-away New York were quick to spend \$24 in telephone and telegraph calls during June to prove ownership of their cars.

In a few instances, motorists were denied entrance. The most recent complaint of this nature came from Columbus, Ga. A Kansas City man complained that his wife had to pay \$430 to get her car into the State. He said a certificate of title was being permitted to enter Arizona, he said in this instance a faulty registration was the blame.

The strict enforcement was first called to the attention of the public last week.

SWIMMING HAZARDS SHOULD BE HEEDED

In Texas, during 1935, there were 271 deaths from accidental drowning, according to records in the State Bureau of Vital Statistics. This is an increase of 54 over the number reported for the year 1934, and an increase of 85 over the number for 1933.

While water sports are the greatest of all sports during the summer season, they present certain hazards which should be heeded, said Dr. John W. Brown, State Health officer. "Accidental drowning would not occur if each individual respected the fact that water is not man's natural element, and governed his activities in the water by standards of safety."

Certain precautions should be taken by all swimmers:

1. Never swim alone, especially in deserted places where the rescue is available in case of emergency.

2. Do not let young children get out of deep water even if they know how to swim, unless some older person, proficient in life saving, is with them.

3. Do not go bathing directly after eating. Wait two hours before taking the plunge.

4. Do not dive in unfamiliar places until you are sure of the depth of the water and the absence of rocks.

5. Do not overtax your strength. Work up gradually in a long swim by strengthening the muscles.

BUY the New Firestone STANDARD TIRE

and SAVE the Difference

6.95

4.40-21

HOW YOU SAVE MONEY—Firestone saves money by careful buying of high grade materials—manufacturing in large volume in the most efficient factories in the world—and delivering to you by the quickest and most economical distribution system. These savings are passed on to car owners.

FIRST-CLASS QUALITY—The new Firestone Standard Tire is a first quality tire, built of high grade materials by skilled workmen, embodying Firestone patented construction features—used in no other tire.

TIRE BEARS THE FIRESTONE NAME AND GUARANTEE—Every Firestone Standard Tire bears the Firestone name, your guarantee of greater safety, dependability and economy.

BOOM-DIPPED CORD BODY—Every cotton fibre in every cord in every ply is soaked in liquid rubber. This is the only process known that prevents internal friction and heat, providing greater strength, blowout protection and longer life.

TWO EXTRA LAYERS OF BOOM-DIPPED CORDS UNDER THE TREAD—This patented Firestone feature binds the whole tire into one unit of greater strength, cushioning road shocks, gives extra protection against punctures.

LONGER NON-SKID MILEAGE—The new Firestone Standard tire is wider, flatter, with more air-tight rubber on the road, giving long even wear and thousands of extra miles.

A FIRST QUALITY TRUCK TIRE AT A PRICE THAT SAVES YOU MONEY

The new Firestone Standard Truck and Bus Tire is built in volume production, resulting in big savings which are passed on to truck and bus owners. This new tire is first line quality, built of high grade materials, and is the most dependable tire obtainable at these low prices.

Whatever your trucking or transportation problems, the new Firestone Standard Truck and Bus Tire will give you long, trouble-free mileage, and will save you money.

Come in today and let us show you this new tire. To see it is to buy it—just one tire, but a complete set.

TEXAS 4-H CLUB BOYS
 Texas 4-H club boys showing their best at the Texas Centennial Exposition in Houston.

Considering how fine this railroad transportation is, why not take the train? It's safer, it's more dependable.

You can't but the improved travel comfort in coaches and sleeping cars. It's a good thing you don't have such restful seats - most folks would sure fall asleep.

Ever hear about the new Free pick-up and delivery of less than carload freight? It's a great convenience to shippers and receivers alike. Western railroads pick up at the door, ship by fast freight, and deliver to door at no extra charge.

Railroad trains are running on faster schedules these days. Seems like the iron horse wants to show these new streamlined tracks that mean step out, too. Both passenger and freight schedules have been speeded up.

What's more, the railroads believe in "safety first." Last year no one passenger was killed in a train accident on western railroads.

Talk to your local railroad agent. He's full of information about traveling and shipping.

ennial in these seven day show Nov. 2-15, will share in the most liberal premium list ever offered the organization in the United States; exposition executives announced.

The record sum of \$9,742 will go to cash prizes and incentives. The importance of this exhibition is being stressed by the Texas 4-H club boys.

In the best cattle department limited to Herefords, Shorthorns and Aberdeen Angus, premiums amounting to \$2,765 to be split 164 ways are in store for the contestants. In the Hereford classes for steers weighing more than 900 pounds and less than 1,000 pounds, the premiums will be \$1,100 to be split 10 ways.

The sheep show, including all breeds, has \$1,500 as its premium list with the best carload of 25 fat wether lambs from one county. By drawing a down to \$150, the sum of \$475 will be distributed in five prizes in this class.

The swine show will be made up of Berkshire, Duroc, Hampshire and Poland-China on which \$2,830 will be paid out in premiums. Several of the swine classes carry as high as 15 cash.

In this connection it is stated approximately 5,000 4-H club boys and girls from 35 Texas counties were booked for visits to the Texas Centennial exposition. L. T. Stone of the exposition's rural tours department, reported Home demonstration club women are included in many of the delegations.

Thomas E. Wilson, Chicago meat packer and probably the greatest individual supporter of the 4-H club movement in the nation, has placed his six giant Clydesdale horses, now showing at the exposition, at the disposal of a wagon full of the boys and girls.

WOODVILLE AUTO CO. INC.
 Woodville, Texas

Mrs. John H. Hays, 1515 S. 11th St., Houston, Tex., writes: "I have been reading your paper for some time and I am glad to see that you are publishing the story of the Texas Centennial Exposition. It is a great thing that you are doing for the boys and girls of Texas. I hope you will continue to publish the story of the exposition and the work of the 4-H club boys and girls."

They do these things much more than we do. One daily newspaper published in Spain has a stock letter for such occasions. It runs: "Your manuscript is highly interesting, you were so kind as to let us peruse it. We have read it with enthusiasm and delight. I swear by the Tombs of my Ancestors that never have I read anything more sublime. In awe and fear I am returning it to you. If I ever dared publish this treasure, my President would immediately order me to keep it always before me as a shining example and not to print anything after it."

Literary experience gives me the courage to declare that literary pearls of this kind occur only once every ten thousand years. Therefore I take the liberty of sending it back to you. I entreat your forgiveness. I throw myself at your feet as a slave of your slave. - Publisher's Auxiliary.

TEXAS CENTENNIAL TOUR
 The Beaumont Area Council is supporting a Texas Centennial tour which will start August 10th and return August 20th. The trip will cover 1200 miles routing through Groveland, Palestine, Corsicana and into Dallas. Four days being spent in the Exposition and night setting trip to Dallas. The camp will be set up at Camp Wisdom, the Dallas Boy Scout camp, 15 miles from Dallas. From Dallas the group will motor to Fort Worth and camp at Lake Worth for one day, looking over the Frontier Centennial and Fort Worth. The tour will start at Waco and Union to Austin where tents will be pitched on the Camp Springs. Spangville, Tex., in Wood County, University of Texas and the Capital. The party will leave for San Antonio, encamping at Brackenridge Park. Some time will be spent in the Alamo City and Randolph Field. Motoring west to Houston the party will spend some time there. The tour will be completed August 20th, arriving in Beaumont in the afternoon of that day.

There is a limit of 25 spots making a limit of 25 spots. There are at least one full uniform, one Second Class Scout, and bring a cot, two quilts, or blankets, and necessary clothing for the trip. All clothing should be folded in the quilts. Transportation will be furnished in an 80-passenger 35 model Chevrolet bus in the best condition with an experienced driver.

The cost of the trip is \$14 which covers food, transportation, camp, and equipment. Each person must have a minimum of \$4.00 in cash. The first fee of \$4 will be due in the Boy Scout office, 201 Court House, Beaumont, on or before August 1st. The remaining \$10.00 is due on or before August 8th. The first 25 boys who get in their fee will be admitted. Please see that every Scout has a Scout troop receives this information.

For further information write to the Beaumont Area Council, Executive Roy L. Brittain, Camping Chairman.

To The People of Tyler County
 In an effort to defeat me for re-election for a second term, my opposition published and circulated over my district an unfair and unjust publication written to deceive the voters. The official record and investigations have proven that charges contained in this circular, reflecting upon my good reputation and upon my character as a public official and as a private citizen are absolutely untrue.

The opposition in this campaign has been made through attacks on me and not based upon qualifications, ability, and record of those who oppose me.

I have information that has been talked in the first attempt to discredit me, that this charge will be made. I publish this for the reason that I want the people of my district to be on the lookout if this is done, and not be misled nor deceived by any improper charges.

I will appreciate your support and influence, and promise to continue to do my best for the people of Tyler County.

When you get home, you will find me in the same way. I have been reading your paper for some time and I am glad to see that you are publishing the story of the Texas Centennial Exposition. It is a great thing that you are doing for the boys and girls of Texas. I hope you will continue to publish the story of the exposition and the work of the 4-H club boys and girls."

McINNIS NEWS
 Mrs. Bill Bell of Port Arthur visited relatives here during the week end.

Miss Minna Lee Dickey spent the week end in Childs.

Miss Mae Dickey spent Friday night in the John Baker home.

Miss Virginia Lee, Henrietta Leland and Nellie Baker spent Friday in the J. D. Dickey home.

Miss Naomi Bingham and Arant Grisson of Spurger are visiting Mrs. V. Phelps.

Miss Annie Lee McNeely is visiting her grandparents, Mrs. Tobie McNeely of Wylamoy.

Several from this community attended a dance at Kohnze Saturday.

DEATH WALKS
 The roads of recklessness are devouring thousands of lives each month in this country. Highway deaths are no limit to their appetite, says the Lufkin Daily News.

During the recent Fourth of July week-end, close to 500 people met accidental death, the largest number for that period since 1937. Fireworks were responsible for a smaller number of fatalities than usual, but the careless destroyer of all that is good and beautiful, motor cars, chalked up a grisly record. And every week-end witnesses similar occurrences. If in a single district, such as an earthquake or a fire, as many people were to be killed as have been killed in accidents in the last month, the world would be aghast. But we seem to regard accidents as a part of life, and look upon them with contemptible indifference. But the tragedy is that accidents are not inevitable. Nine out of ten are preventable and easily preventable. Carelessness, recklessness, ignorance and stupidity are the principal causes of accidental injury and death, and surely they can be cured through law, through force of public opinion, and through the most important of all, through education of the individual.

HYATT
 E. C. Lawn of Silsbee is visiting in this community this week.

Miss Evaline Foxworth made a business trip to Woodville on Wednesday.

Miss Inez Baker is visiting near home. Mrs. John Foxworth is also here.

Mrs. J. E. Foxworth is visiting in this community.

Communist being a menace in this country. But unjustified confidence is of no value. When nervous, the speaker, Billings, said: "I have seen the town of Silsbee, Texas, wrecked. Nevertheless, I believe we did it, and the people perished."

Recently I visited a friend who laughed because I looked the cat on leaving it in front of the house. "It won't be bothered there," he assured me. But the very next night the cat was stolen from that identical spot. Cookingham didn't protect his property and it won't meet the challenge of these insidious enemies.

Red writers and speakers, crooked politicians and sneering critics keep the public blinded to facts which should be known concerning the proselytizing propaganda of Communists in our schools, churches and social organizations. Many of these have an influence that is being employed to help drive the dagger of the radicals deep into the breast of America.

They know that "General Intelligence" is a recruiting officer of the devil. If you are inclined to be a scold on this subject, you should not forget that smart people never wait until a house burns down before pulling the fire department.

Let us give you these facts to look in while waiting for further revelations.

There are five times as many Communists industriously active in the United States today as there were in Russia when the Kerensky government was overthrown, and the people of that nation doomed to a hopeless despotism.

God and Liberty have been vanquished from Russia and the aim of Communism is to spread its dreaded disease over the rest of the world. On Christmas day, 1934, when there were thousands of empty benches in the streets of this land, a Communist organization composed of young folks held a rousing anti-religious demonstration in New York City. The purpose of that gathering was to shut out the light of the Bethlehem Star and destroy the faith taught us at a mother's knee. By Austin Callan in LaGrange Journal.

DOUCETTE
 Mrs. F. C. Bowen and daughter of Boling were guests in the Causey home Saturday and Sunday.

Mrs. F. A. Bankston has returned from a two week's visit in Louisiana with relatives.

Mrs. E. A. Beck and daughter spent part of last week in Silsbee and Hull with relatives.

Mrs. A. H. Hopson were business visitors in Lufkin Thursday.

Mrs. M. E. Childers and son have returned from a two week's vacation spent with relatives in Texas and Louisiana.

Guests in the J. H. Kenness home for the week end were Mrs. Frances Gaebert, Charles Davis and John Camp Abney of Lufkin.

Mrs. A. Beck of Jacksonville spent Sunday with her family. Mrs. Beck and Marjorie Lind went with him as far as Cushing Sunday evening to visit with relatives.

Mrs. Jake Beard and children accompanied by Joe Beard and Pauline Duncan of Lufkin visited Mrs. A. Beard Sunday.

Mrs. Joe Burwell of Lufkin spent Sunday with her parents, Mrs. Arthur Burritt.

Miss Lucille Daniels returned to her home in Lufkin after a two week's visit with Miss Myrtle Burnett.

Mrs. A. E. Cowart and son of New Willard were guests of Mrs. S. A. Causey and Miss Annie Belle Causey Sunday.

Mrs. O. B. Barley of Beaumont visited with friends here Sunday.

Johnnie Ray and Ray Parham spent the week end in Brookland with relatives.

Mrs. Ella Geener and son Luther spent Sunday in Rockland with her brother.

Stove Woods and daughter Nadine of Beaumont spent Sunday with friends and relatives.

Mrs. C. A. Shirley of Beaumont spent Sunday with the brother and family, Mrs. Guy Shirley.

Bill Rogers is spending this week in Beaumont where he is having a dental examination.

Mrs. D. C. Gandy of Lufkin spent the week end in Silsbee.

Mrs. J. E. Foxworth is visiting in this community.

Mrs. J. E. Foxworth is visiting in this community.

Mrs. J. E. Foxworth is visiting in this community.

eligible for a Red Cross Life Guard Certificate and a similar Life Guard emblem.

The baseball team had an open date last Saturday but will play the Beaumont camp in a double header Saturday, July 25th. The team can clinch sub-district title by winning both games from Beaumont and one other game from Jasper. The members of the team are in for a lot of practice for the next two weeks as both Lt. Lively, C. O. and Lt. Earl are showing an intense interest in the team. Lt. Lively tells us how a ball should be hit and Lt. Earl demonstrates by knocking them over the railroad track in right field. Between the two of them we get a pretty false conception of how the game should be played.

The officers interest in camp welfare does not end in the baseball team as it also takes in soft-ball, water polo and a watermelon feast to be held in the athletic field July 22nd, as well as other things too numerous to enumerate.

The addition of a band saw to our workshop equipment gives a pretty well equipped shop and the boys will be able to turn out some neat work.

C. C. C. CAMP
 The majority of the members of Company "B" celebrated the second successive win of Best Camp in Lufkin district with a trip to the beach at Galveston Saturday, July 18. All who made the trip professed to have had a good time and the greater number succeeded in acquiring a good sunburn. Those who did not make the trip will make a similar trip Saturday, Aug. 1.

All members of this company eligible to vote will be allowed to do so in the primary election Saturday, July 25.

Paul Davis and Richard Modette have returned from Lufkin where they participated in a Life Guard Training course at Jones Lake under the direction of Capt. R. M. Bacher, District Construction and Substantiation officer and Mr. Newell, camp educational advisor of Nancy. Both passed the Senior Life Guard test and are

eligible for a Red Cross Life Guard Certificate and a similar Life Guard emblem.
