RIOT OF 1917 RECALLED IN NEGRO SURRENDER

The army riot at Houston, in August, 1917, which resulted in the execution of 15 negro soldiers and the sentencing of more than 200 to life imprisonment was recalled in Houston one day last week when one of the convicted rioters, William Burnette, 58, walked into the Maricopa County sheriff's office and surrendered as a parole violator.

The negro said he was among those sentenced to life imprisonment. The term later was reduced to 10 years, he said, and he finally was paroled December 11, 1924.

Sheriff J. R. McFadden said Burnette has refused to disclose in what manner he violated his parole.

"I'm tired of hiding from the law," he told officers. "I know I will be caught sooner or later."

What are you amused at in this letter?

She writes that they had, once they all the way across.

I don't see anything funny in it, but she adds that the first time she had suggested to take his cleaning papers.

GET GULFLUBE—It's "Stripped for action"!

A cheap, poorly refined motor oil is like an over-dressed wrestler. Such an oil is hampered by useless waste which should be removed by further refining. Such an oil, like the stereotyped wrestler, can't do a good job!

Most 25c oils, like this wrestler, are still somewhat hampered. Some of the useless waste has been removed, but not all of it. No refiner of 25c oils could afford to carry refining farther than this until Gulf perfected the Multi-Ref process.

GULFLUBE MOTOR OIL, like this wrestler, is stripped for action by the Multi-Ref process. It's the best 25c oil in America. It's the only 25c oil that's stripped for action. For better lubrication, cleaner motor, less oil consumption—get Gulflube—the Sign of the Orange Disk.
