**JEFFERSONIAN DEMOCRATS**  
 We recently made charges in this paper that Mr. Roosevelt and his administration were not Democrats, and had no claim to Democratic loyalty. We charged that continuation of his administration would undermine the economy of the nation and threaten its institutions. We charged that he had opened the sluice gates of the federal treasury, and through Boss Farley had Tammanized the nation. We charged that he had surrounded himself with radicals, and had more nearly discharged their radical platforms than his own. We are offering the proof of our charges through our paper, the Jeffersonian Democrat.
