"THANKS A MILLION" FOR MORE THAN A MILLION

America has bought 1,130,000 Chevrolets during the past twelve months, thereby giving Chevrolet the greatest year in its history and the greatest measure of buyer preference it has ever enjoyed.

The builder of Chevrolet is thankful for many things, but most of all for the warm friendship of the American people.

And so again at this Thanksgiving season we say "Thank you, America," for you have given Chevrolet a measure of good-will without parallel in the annals of modern industry.

Consider for a moment all that you have done to inspire Chevrolet's appreciation during the past twelve months:

You have purchased 1,130,000 Chevrolets; you have made Chevrolet your favorite car for the seventh year in the past ten years; you have given Chevrolet strong preference in every section of the country; you have conferred this same high honor upon Chevrolet trucks by purchasing more than 245,000 commercial units; you have made 1936 the most successful year in all Chevrolet history.

And now to climax these expressions of friendship, you are displaying even more marked preference for the new Chevrolet for 1937.

It is difficult to express adequate appreciation for gifts so great and so generous as these.

All we can say is "Thanks a million" for more than a million cars in 1936, and all we can do to offer you the still finer Chevrolet for 1937 to return for the same generous business.
