The Flag and Two Children

We feel sorry for Billie Lee, 8, and Flora Mae, 4, children of the L. D. Shinn of Brazoria. They can't go to public schools...

The American flag is the proud symbol of a people who believe in, among other things, freedom of religion.

The little fellows don't know what it is all about. Let them have the American privilege of a free education.

They are NOT in the American of ours. We are using the Brazilian school board to forget rules and regulations and think of Billie Lee and Flora Mae.

The Lack of Home Demonstration Agent

Tyler County is fortunate in having a good agricultural agent. A proficient home demonstration agent is needed in Tyler county, and it is a generally conceded fact...

The work is valuable as it is varied. The booster would hesitate to tell of all the several different tasks worked on and taught by a capable demonstration agent.

Wherever this work goes on for a term of years, rural homes farm homes are just different. The need for better ways of living are soon to be evidence, and experienced, too.

Preparation of foods and why is taught, and the need for fresh (not canned) milk, butter and eggs and correct their use for both adults and children becomes a common knowledge.

Police and motor vehicle officials in the 48 states are closing their books this week on the bloodiest year of traffic fatalities in the history of the nation.

FRANK H. SPEARMAN

"No matter, Bull. Never mind. She started to walk away. What you got to do, Alley Jane?"

"She turned with a merry smile. 'Gosh, I'll have to walk. Good-by.' She waved her hand to him, for she was fond of poor Bull, and walked on."

"Hold on," he called, hobbling after her. "Hold on. You ain't got to walk clear to Sleepy Cat, not by a derelict sight. Hold on!"

"Bull, I don't want to make trouble for you. I'll walk."

"What do you mean? You ain't got to walk, before you get over to Sleepy Cat. You'll get over to Sleepy Cat. You'll get over to Sleepy Cat."

"Where's Jane's pony?" Van Tumbel demanded. "Where's the cattle delivery hold?"

"Van Tumbel turned and put Van Tumbel's hand into the corral."

"Where's Jane's pony?" Van Tumbel demanded. "Where's the cattle delivery hold?"

"You believe I did?" asked Van Tumbel, grinning. "Why did she get loose out of the corral?"

"Why she came down here to get her pony up herself—so I helped her a little."

"What is it, Quong? What's wrong?" asked Scott.

"With his eyes popping from his head, Quong managed to form a word: 'What!'"

"What do you mean? What killed Quong?"

"Well, he was humped, humped, humped. He looks like a straddle story, boys. That's what you run to town, Quong."

"The girl recognized together. A faint smile appeared on her face. She looked at him with a look of surprise. 'What do you mean? What killed Quong?'"

FOR TEXAS HIGHWAYS

Texas' highways, to date, have cost Texas taxpayers approximately seven hundred and fifty millions of dollars. License fees from motor vehicles have contributed \$202,000,000. Gasoline taxes have accounted for \$176,000,000. Federal aid has donated \$91,000,000. YOUR PROPERTY TAXES HAVE CONTRIBUTED \$281,000,000—MORE THAN ONE-THIRD OF THE TOTAL. Large trucks—those weighing more than 8000 pounds loaded—have paid a total of \$27,000,000 in license fees and gasoline taxes, or 3 1/2 per cent of the total cost. Yet these trucks have been responsible for an additional cost of construction and maintenance, amounting to approximately 50 per cent of the total amount for in excess of their contribution. These wider trucks result in 25 per cent increase in pavement costs. Their bigger loads have required truck payments, costing from 35 to 50 per cent more than their size. New and heavier bridges necessary because of their use and abuse of the highways. Such extra expenditures are almost solely for the benefit of the big trucks and are not necessary for the small trucks and passenger cars. YET THEIR COST IS Borne BY THE OWNERS OF PASSENGER CARS AND SMALL TRUCKS AND BY THE GENERAL TAXPAYER, WHO MAY NOT EVEN OWN A CAR. WHILE THE BIG TRUCKS THEMSELVES HAVE PAID ONLY 3 1/2 PER CENT. Any increase in present truck loads, size or speed limits will further increase the highway costs which all of us, the people of Texas, must pay.

Texas railroads provide and maintain their own right-of-way; afford employment to 50,000 men and women (who are also taxpayers); pay large taxes in support of city, county, state and federal governments; and, in addition, pay annually more than \$900,000 toward state highway costs. The interests of the railroads in highway regulation is precisely parallel to that of the public.

HIGH SCHOOL F. T. A.

A splendidly interesting program was enjoyed at the F. T. A. yesterday. One week in January is set aside as spirit week during which time we also recall the birthday of Benjamin Franklin and one of his best sayings was: "Save the pennies and the dollars will take care of themselves." After the routine of business session, Messames C. V. Compton, J. H. Powell and Ernest Pedigo presented the subject of teaching thrift to our children. In a three-way conversation as they discussed ways and means toward the end. It was of great interest to the association and at its close a roundtable discussion took place which nearly got the crowd into "deep water." An other announcement was made which is of vital interest to all of Tyler County. Beginning Jan. 25 and on through the 29th there will be an art exhibit of some 60 paintings of the Masters in the gym. Some how this exhibit does not yet understand just how much a great opportunity has come this way, and the marvels of the wonders of this age that are given all rich and poor alike, just for the asking. You may not have such an opportunity at your door again in your life time, so take advantage of this and come and see. The decision of the two F. T. A's and the Athletic club to combine the father and son and football banquets into one on the 29th of this month was discussed and committee appointed. This is one of the really great affairs of the school year and all should plan to secure tickets which will soon be on demand.
