ALMANAC

- 1. The American Clapper Hawk...
2. The first...
3. The first...

WHAT DO YOU THINK OF THE two labor leaders who are making their best to support American business, work and progress. The set-down strikes... millions in materials profits and in wages, too. And the end is not yet in sight.

EVER SINCE the dipping vaze in Tyler county have been completed these...
...of the county...

WITH U. S. Supreme court of seven members will some of you workers in calculus tell us how to get a three-quarter majority in rendered decisions. It will be remembered some of the spellbinders in the present fuss in which the U. S. supreme court this itself ask for a three-quarter majority in decisions.

CAR REGISTRATIONS are different this year. It is against the law to register your car in a county other than the county in which you live. The former regulations for various reasons has been numerous in times past and even in foreign states. The cause of this is that the assessed heavy tax penalties.

ELSEWHERE WILL be found a recent ruling from the U. S. Post Office. It seems a newspaper can be denied the mailing privileges that gives publicity to the Sweetstakes Lottery. It is, in fact, one of the names of winners of any of the chances. So when the Booster wins any of the several prizes, he should keep the card.

ANOTHER DEATH is reported on highway No. 100. This time it is not a little innocent child on the way to Sunday services in the House of the Lord. No, it was the driver himself. It seems he had a car with unlimited (?) speed and he was in a hurry to get nowhere in particular, and he got there. Just as long as these practices continue just so long will strangers be knocking for admittance at the "Early Gates."

MEMBER BACK your William Jennings Bryan and Charles went to the match. Remember in the "monkey trial" believe it or not, Chicago is now all wrapped up in a like case. State of Education, Wm. Johnson is stirring up considerable a row, and it has narrowed down to this statement: "Evolution is Whipping the Devil around the Post" and should not be allowed to move to the front.

THEIR LIVES ARE IN YOUR HANDS!

Feed Starlena and See the Difference at Six Weeks!

EVERY HEALTHY baby chick has the capacity to grow into a big sturdy bird at 6 weeks. Whether or not they develop to the utmost of their ability depends on you.

When you feed your chicks on untried and untried feeds, you get uncertain results at 6 weeks. But if you feed your chicks on Purina Starlena, fortified with Pur-o-cene, then you know that you are bringing out the very best that breeding put into them. At 6 weeks you have big-framed sturdy birds, well-developed and well-feathered. There's no comparison between them and chicks fed on ordinary feeds.

Let no one tell you that ordinary feeds will give Starlena results. Nothing could be farther from the truth. Other feeds may look like Starlena, analyze like it and even contain many of the same ingredients, but will show a vast difference in chick and development at 6 weeks. Best of all, it costs less this year—see us today for your supply of Starlena!

13,000! TEXANS

The Humble Company lists approximately
13,000 Texas men and women on its payrolls.
If you could gather all these folks and their
families into one place, they would make a
city with over 50,000 people. Happily they
don't all live together; they are scattered
through the length and breadth of Texas so
that the work they do, the money they earn
contributes to the building up of a hundred
or more Texas communities. Through them
and through many other activities, the Humble
Company, a Texas institution, plays its part
in the sound development of our commo-

HUMBLE OIL & REFINING CO.

The responsibility of keeping the
quarters clean rests on the shoulders
of the owner. It is his duty to clean
the quarters thoroughly and to keep
them in a sanitary condition. A few
simple rules of sanitation and clean-
liness go a long way to pre-
vent the spread of disease.

HOME MAKING CLUB
One of the greatest events ever
held in Woodville in the field of
homemaking will be held Satur-
day, April 10, at the Woodville
school. We are going to make
this occasion a pleasure to all the
visiting clubs and sponsors. A
cherry menu has been planned to
serve the delegates and sponsors
of each club. Invitations

**IT'S TIME TO
Summerize YOUR CAR!**

For the safety and economy the dry winter
lubricants in your engine, transmission and
axles should be replaced with the new
McMullen. Your engine, transmission and
axles will run smoother and longer.

The State of New York
fully takes the leadership
participation in the Federal
of the Federal Union. The
State World's Fair Commission
pointed by the Governor,
active for some time. Other
already is beginning to ex-
tensive interest in the
more extensively than at
world's fairs.

**STATES HAVE OPPORTUNITY FOR NEW WARPS
IN HUGE BUILDING AT NEW YORK FAIR**

NEW YORK (Special)—Included in the limited edition book of annual
size and beauty which the New York World's Fair 1939 incorporated has sent
to state governors and through diplomatic channels to foreign governments.
is the following text excerpted from the book.

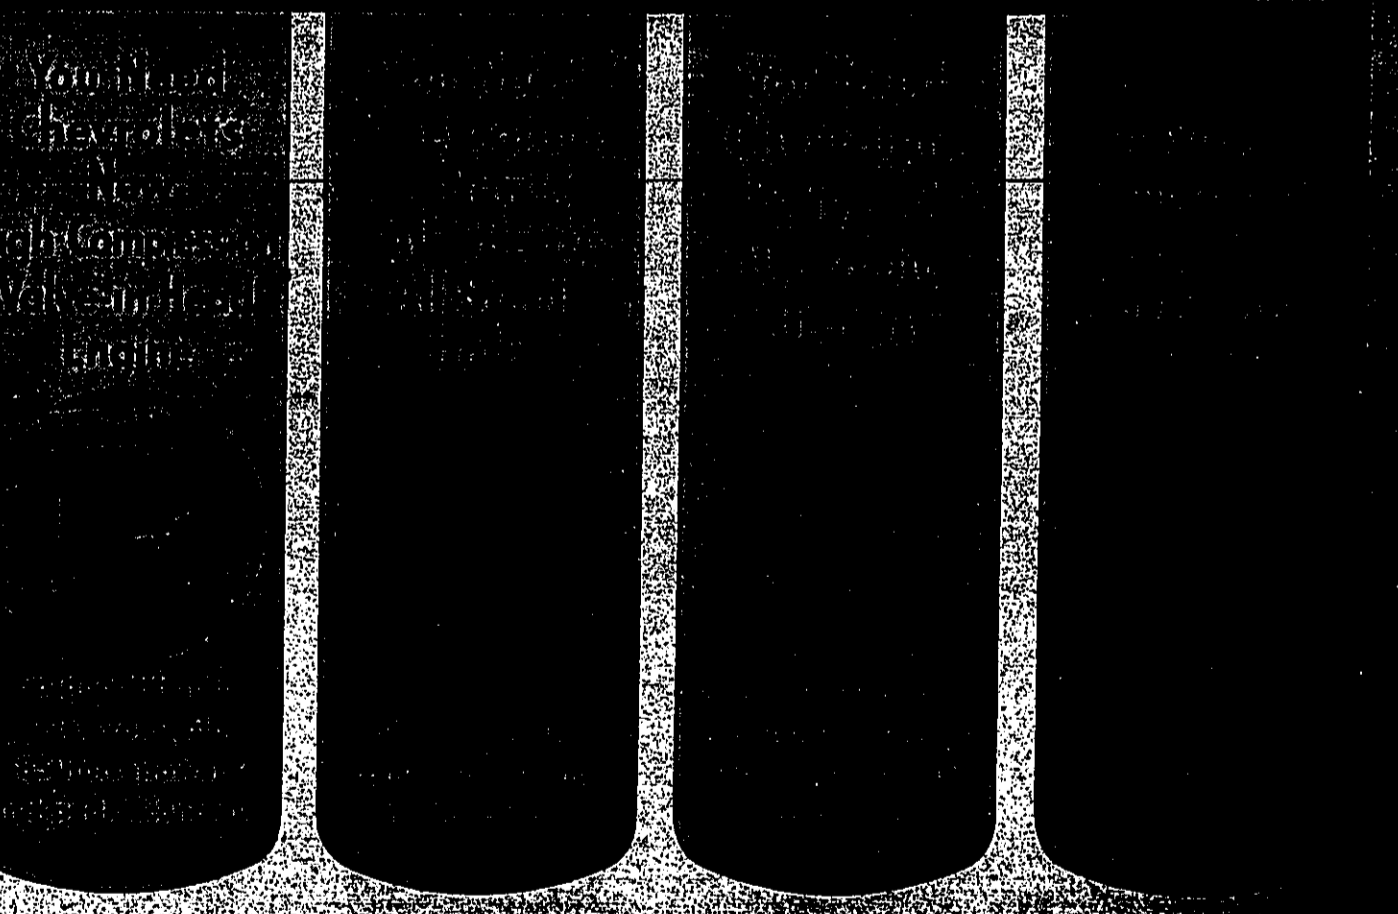

The Sovereign States of the Federal Union
George Washington, in declaring that the public safety and pros-
perity of America depend upon the firm union and the unobscured co-
operation of the several American States, divines the future. The pres-
ently and the greatness of these United States have arisen from the free
and unimpeded circulation of ideas and products in the world's greatest
consumer market.

The Fair gives to each State the appropriate setting and opportunity to
announce to the world its unique and indispensable contribution to
America's rich and colorful civilization. The Fair contemplates a Hall of
States, in the imposing Government group and flanking the structure which
the Fair looks to the United States to build to house the exhibits
of the forty-eight States and the Territories. Those wishing to participate
more extensively will, in addition to their exhibits in the Hall of States,
either erect their own buildings or obtain space to display their products
and attractions in one or more of the exhibit zones.

TALK ON SAFETY
Jay Kelley gave a very inter-
esting talk on Safety at the
high school Friday morning. He
gave us some interesting points
on safety and explained how to
help promote it. Mr. Kelley com-
pared the number of persons killed
in cars last year to the num-
ber killed in one year in the
World War, and the number killed
in cars was found to be many
more than in the World War. He
also warned us about the danger
of walking on the wrong side
of the road and told us the correct
way to hold out the hand when
turning off the road. This
talk was enjoyed by everyone
and we are sure it will be of
great help in promoting the Safe-
ty Drive.

Before the Hall of States at the New York Fair a Brigade Might Pass in Review
