neil visited Mrs. Gordon Apper-
son Sunday.

**Typoid Fever a
National Disgrace**
Dr. Geo. W. Cox, State Health
officer, characterized typhoid
fever as a national disgrace and
an unnecessary evil, while dis-
cussing this preventable disease. He
said: "each year about 400,000 Tex-
ans die of this disease and approx-
imately 4,000 are sick with it. The
average duration of illness is
the disease is responsible for the
about six weeks; this means that a
loss of 180,000 days in Texas each
year.
Typhoid vaccine is a harmless
solution. This is injected under
the skin in the upper part of the
arm in three doses, usually at
weekly intervals. It ordinarily
protects against the disease from
two to three years or longer, al-
though one who is definitely ex-
posed to infection should be re-
vaccinated more frequently.
Typhoid fever can be control-
led by the use of pure water, pas-
turized milk or clean milk, clean
foods, proper disposal of sewer-
age, screening against the fly and
destroying its breeding places, by
search for and care for human
carriers, and by the general prac-
tice of vaccination.
Certain people, apparently most
healthy, carry germs of typhoid
in their intestines or urinary
tract and cause many cases of ty-
phoid each year through handling
foods with unwashed hands. They
are called typhoid carriers and

**Telephone Office
Moves to New Home**

The office of the Southwestern Bell Telephone Company will be moved to new quarters the end of this week, according to information furnished by N. A. West, District Manager.

The present switchboard will be transferred to the new location but the move will be handled with the least possible interruption to telephone service. Tentative plans call for cutting the switchboard out of service about 11 o'clock Saturday night and a sufficient number of workmen will be used to insure the reconnection of all lines in the new office by Sunday morning.

This move has been contemplated for some time and a new combination office and residence building has been planned. It is felt that Woodville tele-
phone subscribers will find the new lo-
cation more convenient for their busi-
ness and pleasure calls.

If you have some
little folks like these to
