

Key Election Returns of Interest

The booster goes to greet scattered returns can be... in the following...

Generally speaking Texas voters expressed their approval of the salary system...

The other five amendments on the ballot seem to be approved by even greater majorities...

Strong approval was given both of the amendments concerning with social security...

The other morning by about 11-5, provides for State financial aid to destitute children...

Voters also took advantage of an opportunity to give their views on a little cash by giving slightly less than a third...

Woodville Locals

Mrs. T. P. Olin visited relatives in White City Sunday. Miss Winn Ellen Boyd is visiting the DeQuincy...

Miss J. R. Grison at Spruce has the sympathy of all in the death of her dear mother, Mrs. Elizabeth Lee...

Among the Eskimos in Alaska... a white man... a compliment constituted a great breach of etiquette...

An old Indian salutation to one who sneezed was... 'May you live a long time...'

More About the Western Trip

Early in the morning of Sunday we found an open gate in the fence...

It was nearly noon when the Wasatch mountain could be seen in the distance...

Getting settled, driving down town to supper and over the city...

When one stops to think the great salt beds were once a part of this great body of water...

Back in the city at the school over the city grounds...

One corner is given to the early Mormon settlers and one can almost see these godly men and women who traveled from Kansas City...

Among the Eskimos in Alaska... a white man... a compliment constituted a great breach of etiquette...

An old Indian salutation to one who sneezed was... 'May you live a long time...'
