Many young men who have expected to complete their high school education and continue their studies at a college or university are forced for economic reasons to change their plans, curtail their schooling and seek employment prematurely. All marines are encouraged and assisted to continue their education through the medium of the Marine Corps Institute which provides free courses in automotive engineering, drafting, electricity, diesel engines, steamfitting, radio, etc.

Many ex-marines are today filling responsible positions of trust in civil life, the training for which they received through the Marine Corps Institute while serving their country as members of the Marine Corps. An honorable discharge from the United States Marine Corps is a testimonial of loyalty and obedience. It is a certificate of service and character and is always of value to the holder in future years and a remarkable reference in obtaining employment. PETER CONACHY, Major, U. S. Marine Corps

PATSY MARIE HANCOCK
It will be recalled that just two weeks ago The Booster stated there was a case of infantile paralysis in the county and urged parents to watch their children, especially those who were with this case, before anyone knew what was the trouble. What I did not learn until this week was that the little girl died about the time I made that statement in The Booster. Little Patsy Marie Hancock was born in Town Bluff, August 30, 1935, to Mrs. Fred Hancock. She passed on October 13th, at the home of her grandmother in this county. Some three weeks before her death she became ill at the home in Houston and later was carried to Lufkin to the uncle, Dr. Hancock, then brought here. It was only a short time before her death that it was decided her trouble was infantile paralysis. All deeply sympathize with the sorrowing parents and relatives.

From July 1, 1936 to June 30, 1937, Red Cross public health nurses made more than a million visits to or on behalf of the sick. Help this important work to continue.

Robert Hodges arrived home Saturday from a 2 1/2 month tour of duty in the Philippines. He was accompanied by his wife, Mrs. Hodges, who was in the Philippines for the same period. They were in the Philippines for the same period. They were in the Philippines for the same period.

WOODVILLE LOCALS
Mrs. John Ryan spent part of last week in Beaumont. The Red Cross fights disease, destruction and death. If rights for you.
Mrs. J. R. Gray is having a very uncomfortable time just now with a number of broken ribs, caused by a fall from stepping over a board in a neighbor's yard.

MARINE COMMANDER
Brigadier General John C. Beaumont, commander of the second brigade, left on his way to San Diego, Calif., for the Sino-Japanese war area in Shanghai to take command of all United States marines in China. He will be responsible for dispatching troops and equipment to defend America's nationals in the war zone.

UNDULANT FEVER OR MALTOS FEVER
Undulant fever or Malta fever, a disease contracted from cattle, goats or sheep which are infected with contagious abortion, is being reported sporadically throughout Texas and the nation, according to Dr. Geo. W. Cox, State Health Officer. This indicates fever to be a public health problem and the attendant need of more general recognition by the public to the disease.
Undulant fever is so called because of the wave-like variations in temperature. The symptoms include rise in temperature, loss of weight and strength, chills, sweats and joint pains. The disease has rather a low mortality rate, but important because symptoms may persist for a number of weeks and even for months before normal health and strength are restored.
In Texas the goat, horse and cow are the usual spreaders of this disease. The germs of undulant fever enter the body through the mouth or skin. Therefore, care should be used in handling animals known to be infected and dairy products from these animals should be well pasteurized if used. More than 100 cases of this disease than other undulant fevers have been reported in Texas. The disease is not fatal.

Wanted: Saleswoman
Lady of good appearance to assist in handling my local customers. Must be capable of earning at least \$32.50 per week and have A-1 References. Complete details about yourself in letter.
