WOODVILLE, TYLER COUNTY, TEXAS, THURSDAY, MARCH 17, 1938

QUESTION S

How deep is an oil well? We were told about a Kern county, Cal., well and gave the... up to and including publication date. This week, Sun... is exact, this hole is over two miles down, 14,100 feet, and...

Did you know Silbee is an incorporated city? It has been for years, and... had forgotten the time when the articles of incorporation became a law...

Are Woodvillians pleased over Best business block? Many are wondering if the building will be a two-story structure. Offices in that building, and the scarcity of suitable quarters for professional men, its close proximity to the county court house, would rent all available space and keep it occupied the year round. We have not seen the plans nor conversed with the owner.

Is modern history coming to the front? You all know what happened to Ethiopia. Also how Hitler grabbed Austria, just by force of might. There was not a reported human casualty. The balance of the world on the 14th day of March, wozehoslovakia would start. And after this little chore has been attended to, will CIO Lewis' prediction—Italy and Germany will throw in with the Japs to completely subdue China. In the mean while all of America is thankful no invading force has as yet attempted to clean up a few old outstanding scores.

Do you believe Rep. Geo. H. Tinkham, Republican, Mass., when he charges Pres. Roosevelt and Sec. of State Hull have consummated a secret pact with England? This news was broadcast by the International News Service—and it does not sound—you finish this sentence.

Clarence Darrow's death will not be mourned by Americans who do not endorse over the results of Darrow's rotten philosophy. Do you believe his brilliant mind, directed in the wrong channels, helped in any way to uphold crime?

Are you backing up, Gipsy Smith, when he said: "Don't give flowers to your friends after their death, but give them in the form of kind words during their lives."

NOTE
To all singers and lovers of Sacred Music the semi-annual singing convention will be at Beach Creek church about nine miles east of Hillister, Tex., on Sunday in April, and will be held from 8 to 5 p.m. Make an effort to attend. You will enjoy it, and these Methodist ladies plan to use the proceeds for their own benefit.

Miss Freda Matthews, Mrs. J. Wob Miller, Miss Madge Schieffarth will be present in song numbers and Freda will dance. Miss Naomi Wimbaker will also give a violin number.

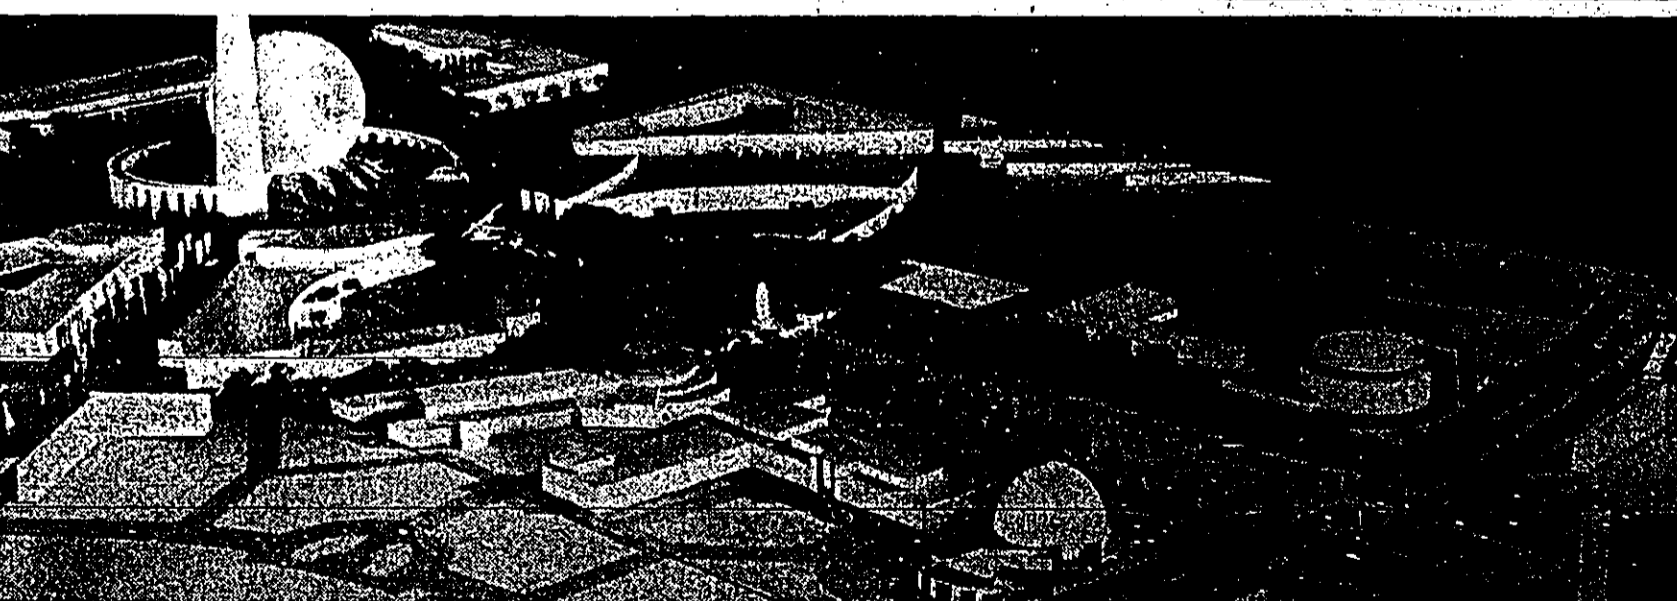

This From an Old Fashion Man

Detroit, March 9.—Protesting jockies (swing fans) got a cool reception Wednesday for their objections to the sudden interruption that cut a swing rendition of "Loch Lomond" to a Detroit radio station. Lev J. Fitzpatrick, general manager of the station, said he had instructed his staff that "from now on there will be no more swinging or jazzing or sweetening of the old and treasured sentimental ballads over this station." He interrupted a broadcast by Tommy Dorsey's orchestra Tuesday night, and announced that "something more refined" would be substituted.

13 CCC Tex.-Camps Are to Be Closed

Washington, Mar. 10.—Thirteen CCC camps in Texas will be closed between May 31 and June 30, Robert Fechner, director, announced today. The camps are at Center, Trinity, Jasper, Bartlett, Wolfe City, Bogata, Amarillo, Brownwood, Madisonville, McGregor. Both Army 1 and Army 2 at Fort Sam Houston, and Fort Bliss, El Paso.

NEW YORK FAIR MALL TO COST \$60,000,000

NEW YORK—Sixty million dollars will be spent to make the mid-long Central Mall of the New York World's Fair 1939 the greatest artistic project in the history of exposition. The middle section of the mall is shown above in a scale model. The tree-lined esplanade will contain (left to right) the largest ball and tallest triangular spire ever built by mankind, the highest fountain, the biggest portrait statue of modern times, soaring George Washington, and four statues dedicated to freedom of press, religion, speech and assembly. Literally scores of fountains, five waterfalls, hundreds of trees and more than a million plants will add to its dignified beauty.

Wet Weather and Less Fires

Weekly fire report for Camp P-50: Monday 3-7-38: 4 fires, two in northeast and two in the southern part of the county; 138 man hours were used and about 80 acres were burned.

Rock Water Stops Removed

Many thousands of people traveling on highway 40, Woodville to Beaufort, have favorably commented on the way the drainage ditches on both sides of this highway have been protected from washing during the rainy seasons.

Woodville Locals

O. E. Lock of Zavalla was in Woodville and added his name to the list of candidates. Cruse Shivers throws his hat in the ring for sheriff. Time is passing rapidly and four months seems a short time to work, but the country is a busy place just now.

New Bethel Assn. At Rockland

Next Tuesday, March 22nd the New Bethel Assn. of Baptists will spend the day at Rockland. Song service will start promptly at 10 a.m., the devotional led by Rev. Jack Minyard of Colmesneil. Rev. W. A. Cochell of Chester and Corriegan will speak on "Growing A Church." Rev. J. C. Boyd of Woodville talks on "Building A House of Worship," and A. E. Ellis of near Lufkin, presents the "Laymen's Responsibility." Rev. Doyle Cowart will lead a song service and Rev. B. F. Harper will deliver the sermon. A basket dinner will be spread at noon. At 1:30 p.m. Rev. Doyle Cowart will lead the song service with Mrs. W. A. Hodges leader of the devotional. The work of the church, of B. T. U. and W. M. S. will be discussed by O. A. Norton and Mrs. O. E. Jones of Hillister and Mrs. E. J. Riley of Chester. It is hoped that every Baptist will put for an effort to attend.

WOODVILLE SCHOOL NEWS

The World's Deepest Hole

Drilling crew running casing (pipe) into the world's deepest hole, Continental Oil Company's No. 1 well in Kern County, Cal., now drilled to 11,220 feet and still drilling. At more than 1000 feet below the greatest depth heretofore reached by man, this well will either strike oil or become a dry hole within the next 100 feet, company officials indicate.

This oil well is a wildcat. It was started June 21, 1937, and on Jan. 31 passed the world's former record of 12,788 feet established in Texas in 1935. Unless oil sand is found under the shale the hole is bolted in and within the next few days further work will be inadvisable.

THE "HOLDING COMPANY"

J. E. Wheat Will Head Road Body

Judge J. E. Wheat was re-elected president of the highway 45 association at the meeting held Saturday night at the forestry tower on the Tyler and Polk county line between Woodville and Livingston. Robert Bobbitt, chairman of the state highway commission, was honored guest.

Dr. C. M. Shaver of Huntsville was made vice president and H. Powell was elected secretary-treasurer.

The business meeting was held following a chicken barbecue at a setting that was impressive against a background of white dogwood and virginia pines with a large log yearning against two American Indians were among those present, making it an occasion reminiscent of the town meetings in old New England.

Honor guests included besides Mr. Bobbitt, Sen. John Redditt, of Lufkin, Sen. Gordon Burns of Huntsville, Marlin E. Sandlin, assistant secretary of state, and George Kirkpatrick of Austin, assistant attorney general.

The nominating committee was composed of A. E. Gerlach of Livingston, Dr. James G. Gee of Huntsville, L. M. Feagin of Woodville, R. W. Curtis of Jasper and Judge N. O. Burnham of Newton.

Political Announcements Still Holding the Spotlights

TO THE CITIZENS OF TYLER COUNTY
After having made considerable inquiry and being strongly solicited, I have decided to make the race for Sheriff of Tyler County, subject to the action of the Democratic primaries.

On May 12th, 1938, I will be 53 years old and on that date I will have lived in Tyler county that many years.

Asking the people of Tyler County for a Tyler County job, hoping that you may see fit to I will appreciate your vote and influence.

TO THE CITIZENS OF ANGEлина AND TYLER COUNTIES
I take this means of presenting to you my candidacy for State representative. It has been my life-long ambition to represent Angelina and Tyler counties in the Texas legislature. With this in mind, I have studied closely the needs of the people of these counties and have tried to work out plans whereby these needs might be satisfied.

If a majority of the voters see fit to leave my name on the ballot, I shall lend my efforts first to the needs of my own counties, and in addition thereto, I shall take my rightful place on one side or the other on all other issues that may arise. I believe that economy should be the keynote of the next legislature. It has always been my

Many Candidate Cards Completed
The job printing department in the Booster plant has been quite busy the past week. Dance circulars, grocery lists, candidate cards as well as other little odds and ends have all helped keep the wheels turning. We know there'll be many more thousands of candidate cards for the several who are already in the county political arena. We brought home from Houston the back end of our car full of cards and other lines of paper stock, and have one of the best and most complete stocks of paper outside of cities many times larger than Woodville. That is the reason we can and do give that right now service.

Highway Department Audit Underway

In preliminary stages of the preparation last week was a long awaited audit of the State Highway Department, which each year spends some \$50,000,000 on the tax payers' money.

But It's True
