1938 Eagle Foot Ball News

The Eagles meet Trinity Friday night at 8 o'clock on the local field. The Eagle play another non-conference game Friday night when they meet the strong Trinity Bulldogs on the local field. After coming back from Burkeville defeated in their first conference play the Eagles will be in much better condition for the Trinity game. Pitts, outstanding back in the district will be ready to go Friday night after a week's rest due to injuries. Pitts was badly missed in the Burkeville game. Cobb is due to be back in the lineup after a week's absence. Pool did not make the Burkeville trip due to the illness of his mother, but returns to add strength to the Eagle team Friday night.

Capt. Henry will probably still be missing from the Eagle backfield against Trinity, but should be ready to play the following game in San Augustine.

The hope is that Trinity will be much heavier than the locals and strong favorites, but the fans may see a different Eagle team Friday night than was presented in Burkeville. It looks like a tough scrap, but a fighting Woodville team can win.

The district 2A-B is led at this time by Kirbyville and Woodville. Silbee also has a perfect record with one win over San Augustine. However their non-conference play has been such that places them the outstanding favorite to take the district again. They have a perfect record in non-conference play with victories over the Carille Indians and Port Neches.

Jasper and Buna have not opened conference play, but promise plenty of competition and should finish high in the district running.

Lets all be Present to Beat Trinity Friday Night.

As further proof that Trinity will be plenty tough compare scores of the Woodville-Corrigan game of 7-6 and the defeat of Corrigan by Trinity to the tune of 20-0. However, comparative scores don't always mean too much.

Two combinations have been seen in the Eagle lineup this season and a third is expected to be seen in Friday night's game. Hopson played end in the Corrigan game and at quarterback in the Burkeville set up. Miller a new comer to the Eagles started the season in the line and shifted to the backfield in the Burkeville game. Work-outs this week seem to show both Hopson and Miller back in the line and Swearingen, left tackle running in the backfield with Pitts, Stanley and probably Pool. Spurlock seems to be shifting from center to the left tackle assignment and Parker to get the call at center.

At the right tackle post will be Cobb. As guards will still be seen-Young and Kirkland. At left end will be Willis or Walker. The changes hope to furnish a combination as we understand it that will break the Eagles into the victory column.

A large crowd is expected to see the fast working Trinity Bulldogs against the Eagles. Word comes that Trinity fans will be here early and in numbers that can be seen and heard.

Come on out Eagle boosters and let's show Trinity that people here are also seen and heard a plenty.

Free Tickets to Lufkin Festival

The Booster has a given number of tickets to the Lufkin Texas Forest Festival for Pioneer day, Oct. 12 for pioneers 65 years of age and older, who wish to attend. The festival starts on Oct. 11 and the last day is Oct. 15. Great plans have been executed for the benefit of all who attend and who are interested in reforestation and at the same time in preservation of the forests of all of East Texas.

SOON DALLAS GRASS TO BATTLE WEEDS

Senora, Sept. 29-Ranchmen in county have sown Dallas and Italian rye in an effort to hasten the choking down of weeds, where it has cropped on the sheep range. A. H. Stockman with bitter rain in the west and rains from 14 to 28 inches over the range, it came early and heavy. It is expected that the weeds will be choked down and the range will be ready for the sheep.

Moscow Has \$50,000 Fire Sunday

The fire which swept through the downtown part of this small town early Sunday morning, leaving most of the business district in charred ruins, caused damage estimated at \$50,000.00.

The blaze was discovered about 2 a. m. in the store of the Moscow Mercantile company. Quickly it spread north and east, destroying seven warehouses, two filling stations and three stores.

Moscow, a town of about 800 persons in Polk county, has no fire department. Firemen were called from Lufkin and Livingston to subdue the blaze. The fire was of undetermined origin.

One-fourth of the loss was believed to be covered by insurance.

Local C. of C. Coming to the Aid Not Ladies Aid Either

The Tyler county Chamber of Commerce met Tuesday night in a special membership meeting at the request of Dr. Watt Barclay, mayor.

The meeting was to discuss the city finances and plans for the town with the city commissioners. The organization authorized the president to appoint several committees to work with the city council. These committees will be appointed soon.

Chester Fair Opens Tonight

David; community showing, W. A. Waitt; home party, Mrs. Alf Williams; live stock, Carr Barnes; poultry Alf Williams and Miss Lois Treadway; the home economics display. Tonight the Livingston band will be on hand, and the Fair Queen will be crowned. Friday afternoon ball games will be the main sport, with a carnival at night, and the finals in the Amateur contests which will be held in the auditorium. This is planned for the biggest and best of the fairs of the five years of its life.

H. C. Ellis, president of the fair board is a hustler and the past few weeks has labored day and night to make this a real success. C. H. Caskey is vice president. G. C. Enloe, Sec.-Treas., J. L. Veal, finance chairman, W. H. Lewis, Adv. Mgr., and Jim Lamberty, chairman of committees on school exhibits. Saturday the fair and Trades Day will be a combined affair, with a free picture show in the auditorium at night.

Mrs. J. E. Wheat were in Beaumont Tuesday.

Poll Tax Time Noted at Court House

Many folks have not kept up on the starting date, but it is a fact in the office of tax assessor and collector for the county, Monday was the first day upon which poll taxes could be paid.

Property owners who wish to take advantage of the split payment law must pay their first half of their taxes by Nov. 30, and they will have until next June to pay the balance.

RISINGER REUNION

Next Sunday is the annual Risinger reunion to be held at the Highway park on 106. There will be barbecue, coffee, bread and pickles furnished, but you are asked to bring salad, cakes and pies which will make this a real feast. If you are a friend of the family you are cordially invited to come and enjoy the day. It is hoped that all of the Risingers and their kin folks will be there.

CCC QUOTA FILLED

The local CCC camp is discharging 26 enrollees who have served their term and now have other work they can go into. Lieut. T. A. Houston states that this week 62 others will be enrolled bringing back the original quota of 200 men. There are seven from Tyler county and 55 from Hardin county.

Marlin Sandlin In the Spot Light

A most excellent picture of Attorney or Asst. Secretary of State, Marlin E. Sandlin, appeared last week in The State Observer. Van Kennedy's paper, published in Austin. His host of Tyler county friends will be glad and proud to learn that Marlin has been authoritatively mentioned as Governor-elect nominee, W. Lee O'Daniel's choice for Secretary of State.

INJURIES CLAIM D. J. WILKINS

D. J. Wilkins, 87, well-known retired lumberman of Kountze, died Sunday morning in St. Therese hospital in Beaumont, of injuries suffered last Wednesday when he was struck by an automobile as he walked near his home.

Funeral services were held at 2 o'clock Monday afternoon in family residence at Kountze with Rev. Tom Minyard, Christian minister, officiating.

Interment was in the old Hardin cemetery at Kountze. The Masonic lodge at Kountze was in charge of services and pallbearers were brother Masons.

Mr. Wilkins suffered the injuries that resulted in his death as he walked along the Kountze-Saratoga road from his home to post letters in Kountze. He was struck by a car occupied by three young men from Huntington as they attempted to pass a truck. The accident occurred about one mile west of Kountze. Mrs. J. W. Getzinger attended the funeral. Mr. Getzinger and Mr. Wilkins were boyhood friends, the friendship extending on down the years.

ACTIVITIES PLANNED BY SCOUT LEADERS

One night this week Messrs. Walter Gunn and Ralph Cissne of Beaumont met with the local Boy Scout leaders of the county in the office of Supt. Oscar A. Riley with Prof. Jim Pope chairman directing the round table discussion of activities for the coming year.

P. T. A Membership Drive Now On

The annual drive for members is now on for the P. T. A. association. No doubt you will be called upon by some sweet girl or eager boy to have your fifty cents ready and waiting for the boy or girl who gets the most members will receive a week's pass to the local theatre and the home room group that gets the largest number will receive \$2.50 cash from the P. T. A. to beautify their room. This only lasts until Oct. 10th, Saturday of this week so help all you can. Miss Ollie Risinger is chairman with a working committee to push the workers.

REV. R. L. WELDON HERE LAST WEEK

District Supt. Rev. R. L. Weldon of Houston met with Pastor J. S. Denney and his congregation Friday night in the last conference of the fiscal year. The great question which has been discussed, prayed over and made many newspaper head lines, that of merging the two M. E. churches, north and south, has been settled and Friday night a committee was appointed to meet with a committee from the other local Methodist congregation and make plans for the future in Woodville. Rev. J. S. Denney, who is leading the local congregation even though he is on the supernumerary list of the clergy, will preach his last sermon on Sunday night, Oct. 25th, as the pastor of the so-called North Methodist church. There is a sadness about this but much less than the gladness that God's people are getting together and we doubt not that this splendid man of God has prayed often, that this great church and people might get together and show a solid front to the world in the fight against sin.

Mrs. Jack Lyons of Port Arthur visited Mrs. Annie Lou Gordon Sunday and she and Miss Ruth Coffman returned with them as far as Beaumont and attended a show.

Lightning Hits and Causes Serious Fire

Woodville had considerable of a blow last Thursday evening and fear was felt concerning the heavy wind and stinging flashes of lightning. Later we learned that Doucette was struck in two places, the William Cochran barn, a large building full of straw was burned. The building in a feed lot owned by George Hicks and U. Z. Youngblood was also burned badly but the mules in the lot were brought out safely. It was feared for some time that other buildings would catch but the down pour saved them.

IMPORTANT MEETING OF PTA NEXT WEEK

The regular meeting of each month of the P. T. A. is scheduled for the 2nd Wednesday. Next week just as school closes at 3:30 p. m., you are invited to be present. There will be mass singing of P. T. A. songs set to old familiar tunes, which will give the invocation. This week the final plans were made for the county health nurse and she will be at this meeting. However, Miss Ruth Jane Moore, State Advisory Officer of Public Health of District 4 will also be present and lay before the association the plans and the work to be done.

The second grade pupils under the supervision of the Misses Ima Bean and Evie Belle Harrison will present a special health number for entertainment.

MORE LAND ADDED TO CAMPUS

One and a half acres of land has been added to the school campus just west and north of the new building now being erected. This is part of the Aldridge estate and was purchased by local men who have now sold it to the school district for use by the Woodville schools. There is so little land that can be obtained for the rapidly growing school activities and playground is an essential as buildings or school equipment.

Mrs. Jack Lyons of Port Arthur visited Mrs. Annie Lou Gordon Sunday and she and Miss Ruth Coffman returned with them as far as Beaumont and attended a show.

F. F. A. Boy Saturday

Tyler county boys' club had a more real and interesting work at the annual picnic at the Douglas where some 200 boys over, M. S. Hyde, club judge the exhibits. The boys gave premiums to the winners, the list was in the Booster.

With an instructional control of the picnic Clayton Weeks and George Ley took first place in the educational exhibit. The boys Kelley, demonstrating when harvesting the crop.

BOOSTER

One day last week the word "booster" was used in a bad way. It was used to describe the "booster" who had been killed on Highway 40. While it is true Tyler County has had various car accidents in the years past, none of these affairs cast such a gloom, such a shock. This was because the accident happened among Cobb's friends, his former school mates, and acquaintances. In this, however, we are not alone in our grief. Try and think of the thousands of homes plunged into hopeless despair all over America, because of deaths via that automobile and truck route. Here we grieve for a friend—gone, and for the family—and there is no debatable reason, no excuse, and in a court of human law—no defense. Not for all the wealth of the world would this writer trade places with the driver of that death car. For him there be but the final judgment—whatever the American law as practiced, may be described. Think of the desolate home. Young girls, fathers and mothers sacrificed on the altar of "personal liberty"—the law-given right to purchase and consume liquor to one's heart content—just for the accompanying produced "kick"—kickisright. It's true, not all motor vehicle deaths are attributable to "King Barley Corn," but 100% too many are. Talk about machine guns. What a weapon is a modern, high-speed car in the hands of a driver too drunk to drive straight. It would seem as though there ought to be some way to make the highways safe from accidents caused by a drunken driver. Nearly, if not every, county in America has had just such terrible killings as became a matter of permanent record last week on the road between Woodville and Hillister.

THE STEERING Wheel, a paper of what's doing in the motor world, had a story in last week's issue headed "Most Accidents Caused by 2% of Drivers, Called Highways 'Fools.'" The Booster is reproducing same on page one.

THAT LITTLE rain storm Thursday afternoon was all that could be expected. The pouring down rain was exacerbated by a wind that lacked little of being destructive. There were times vision across the street was obscured. No damage reported.

THE EIGHTEENTH of October falls on a Tuesday and in the evening of that day Spurger plans to entertain visiting Masons of this district, No. 26. A large attendance is expected and those A. F. & A. M. men say they will entertain properly. The program will be a good one. Speakers have not yet been announced.

IN DALLAS the authorities are prosecuting a raft load of soners, those who would sooner buy the car and truck licenses in counties where they do not cost as much as at home. Now these folks are paying the penalty, and, too, purchasing license plates for this year, 1938. It takes just such experiences as this to teach some people to trade at home.

THE STATE fair at Dallas has adopted or resisted the plan of offering \$125.00 to each county with an acceptable display of products. This plan permits each county or region to display its resources or achievements to the best advantage, since it does not require conformation to a definite score card pattern for comparison with other exhibits. The fair is opening in addition to the cash award, free use of the space required for the exhibit.

ANYWAY LIVING here in America has its advantages. The Japs, Russia, or Germany and Italy can not get their heads together and slice off a part of northern Montana and apportion it off to Canada, or a section of New York State for a landing ground for the Hitler planes. The partition of Czechoslovakia by the powers, as an undertaking is going to present problems. This prediction is dated Friday, Sept. 30. And, too, by now it may be all over.

THEY SAY Texans at Fort Worth and other places contiguous to the banks of the Trinity river, are still expecting your uncle Sam to build them a canal, so they can go canoe riding from there to the ocean. Well, some guys at Beaumont and other gulf points expected to get a good supply of water suitable for irrigation purposes from a reservoir made available by a dam at Rockland. Brother licks up in Washington, D. C., dropped his monkey wrench in the engineer's wheels, and that was another b. b.—busted bubble, gone on a one-way trip.

EVERY ONCE in a while something worth while is offered and the public appreciates the soft pedal or takes full advantage of the chance. This time it is accident insurance for grid-iron warriors. We have seen the policy—it covers everything. Injury in spring practice—in games actually played, accidents on the highways when going or returning as well as the boys being taken to their homes. This insurance does not carry great sums of monetary injury, but rather does secure funds so that medical attention is obtainable. In too many cases the injured players are out of luck as they do not possess funds with which to secure the best care. Doctors in many instances have actually donated their services and, too, the public actually expected them to give of their skill and knowledge. The athletic association has been very liberal in its favor of the boys. The Booster, as well as all the thinking men, will hear of this at this blanket in.

Safely Through First Year

Sen. Redditt for A Cash System
Austin, Sept. 21.—Senator John S. Redditt, Lufkin, chairman of the senate finance committee, on Wednesday advanced something new in Texas in the way of ideas on how to promote efficiency and economy in state government.

"We ought to have a budget commission composed of three members," he said. "All appropriations would be made by them and they would dish out the money at three-month intervals as needs of state departments, agencies and institutions become evident.

"The commissioners would be appointed for nine years and therefore no governor could ever appoint more than one.

NOTE TO OVERLOADERS
While doubting the practical value of such a solution, nevertheless we pass on to you this information: In moving a car of helium from West Texas to an Eastern navy yard, it was found that the 210 cubic feet of gas reduced the weight of the car by 32,000 pounds. Empty, the car weighed 208,000 pounds, while loaded, the car weight was 116,000 pounds.—Steering Wheel.

ONE of the essentials of a modern political convention is the adoption of a "platform" upon which the Presidential nominee is to "take his stand" during the campaign. Whether or not he stays on it is quite another matter but few candidates would think of going before the "peepul" without one.

NEW YORK

The largest amusement park in the world, with every conceivable safe and respectable entertainment device and show, will be a part of the New York World's Fair exposition. The 280-acre amusement zone is shown above in an artist's sketch made from the architects' plans. It will form a two-mile loop. So modern is the type of construction that the drawing looks "futuristic."

The Day-and-Byton attractions, however, are only one of a number of dazzling new features as booked for the 1938 fair, while the tried and tested Midway hits of other years, as well as enlarged exhibits in practically every department, are already assured.

The big auditorium is being modeled to provide hundreds of tables for patrons, and a dance floor in the center of the huge chamber will afford 3,000 square feet of floor space for the dancers. Light refreshments will be available and the whole club will be conducted in a thoroughly high class, refined manner.

STRAIT GATE

by Ruth Comfort Mitchell

Sarah Lynn looked at her for a long time. Then she pulled off a glove and tossed it back. It struck the shawled shoulder smartly, but the head did not lift. Then the pilot headed for the coast, over the Santa Cruz mountains to the Pacific and flew low along the shore. After a while she shook the tears out of her eyes and looked into the sunset; she thought she had never seen one so lavish, so jubilant.

She rose and climbed and set out for home and when she circled the field at San Jose she could see the diminished descendants of Sarah Ann Kittredge Duna pioneer, in an anxious huddle, gazing up. When she set her ship down gently her head was high.

Gunnar opened the door, looking closely at her, and the rest came hurrying up. She got out slowly, without speaking, and they stared at her. She wasn't crying, but they could see traces of tears on her face.

"Mother!" some of the elderly daughters called, and "Oh, Grandma!" a middle-aged granddaughter cried out shrilly.

"And I say you gave to her life again. Not choking in blankets but boldly in the sky, as she would wish, that small grandmother. Age closed her in like a trap, you opened the door."

"Oh, I know! But, I keep dreaming of her, huddled down in her seat, swinging over the belt—"

"That is folly. Think of her looking down with pleasure."

"Yes. Only I did so want her at my wedding. It isn't going to be a very nice wedding."

She allowed her plans to stall in level flight, held her joy sick back and her rudder on and went into a violent fallspin.

Sarah Lynn's heart turned over and over. She clutched and clung, thanking her stars that Gunnar was not watching. Could the medicine recover? What were the men thinking down on the field, her friends?

Kit closed her throttle, pulled back on her stick, regarded her flying speed, straightened out smoothly; a brilliant performance. She grinned at her passenger. "All washed up, am I?"

"Of course not! You're marvelous! That was a gorgeous thrill kit, but I believe we'd better go down, now."

"Oh, let's take a little ride!" "Why don't you come up sometime?" She leveled off and headed for the hills.

Sarah Lynn took pains to speak pleasantly, casually. "Kit, this has been great fun, and I'll bear witness that you're a wonder, but I really must be getting back. My brother's waiting and I have a hundred things to do before we leave."

She held the ship doggedly to its course. "Sally, listen. I'd be doing you a big favor if I never flew you back to your freeman. You take it from me; they're all heels. I could write a book about 'em, babe. All alike from that ace of yours to the dirty deuce I drew!"

Sarah Lynn achieved a laugh. "But, just the same, I must be getting home, Kit. She was fighting a swiftly growing anxiety, her eyes on the instrument panel, her ears listening earnestly to the motor. There was something about it she didn't like, an alien sound.

They were flying low over the mountain now. "Remember that night in Fresno, when the freeman baled you out like a sack of mail?"

MYSTERIES OF THE WORLD HAS NEVER SOLVED

BLIND TOM

The Negro Nemes

A NEGRO slave, on a plantation near Columbus, Ga., gave birth, about 1850, to a nearly blind, idiotic boy, "Tom," who at the age of three was sold as a slave to J. N. Bethuna of Fauquier County, Va.

Almost from the time he was an infant in arms the child developed wonderful genius as a mimic. He imitated the cries of animals—the calls of birds and the sound of the elements—with such skill that he was soon called in to entertain the Bethuna household.

When four years of age Tom astonished the Bethuna family by executions on the piano that were truly phenomenal, and his master decided to turn him into a pianist. So, when the lad was eight Bethuna toured the country with him, later taking him to Europe, where Tom played before the crowned heads of the continent.

After J. N. Bethuna had enriched himself on "Blind Tom" he had his son, John G. Bethuna, appointed by the Virginia court curator for the blind idiot's person in 1870, and from that time until his death, in 1883, young Bethuna exhibited the negro phenomenon throughout the country.

"Blind Tom" had a big, uncouth, ungainly frame, and the face of an imbecile. His mannerisms at the piano were grotesque and suggested those of the trained apes that we have seen in recent years. At the conclusion of his performances he would jump about on the stage, wildly clapping his hands for sentiment.

At last, in 1887, came what was reported as "the end" of the "Blind Tom" phenomenon. It was reported that he had been killed near Cincinnati and that he had been drowned in a flood in Pennsylvania.
