## Interesting For 1639 With AAA

Large and small, the year 1639 has been a bad one for farmers. That the AAA itself still has faith in those policies, however, was proven last week when its program for 1939 was announced in Washington.

Essentially identical with this year's the new program aims at a national goal of from 270 to 285 million acres devoted to soil-depleting crops. To attain this objective, the AAA stands armed with \$12,000,000 in Federal funds which may be paid out to co-operating farmers in soil conservation benefits and price adjustments.

First step in parceling out this money is to split the total acreage among the various crops. For 1939, the division of the major crops will be:

Corn 94 to 97 million acres  
Cotton 27 to 29 million acres  
Wheat 55 to 60 million acres  
Rice 850,000 to 880,000 acres  
Tobacco 2,480,000 to 1,580,000 acres

These totals will be further divided by state county and individual farm until every grower of every crop in the nation knows just how much ground his government wants him to plant. Those who refuse to comply with AAA wishes will disqualify themselves from receiving Federal aid. For those who co-operate, the government promises these benefits:

Corn 14 to 15c a bushel  
Cotton 3.6 to 3.8c a bushel  
Wheat 27 to 29c a bushel  
Tobacco 8 to 1.5c a bushel  
Rice 22 to 23c a hundred weight

Major innovations in the 1939 program are designed to aid small farmers. Thus specified amounts of food and feed crops intended for farm consumption and not for market may be grown in excess of AAA allotments, and provision is made for production, without penalties, as of much as three acres of commercial vegetables on small farms.

Under the 1939 program, for the first time, the AAA will permit payments to any one individual, partnership or estate to \$10,000, and payments to an agricultural corporation anywhere in the nation to \$10,000. Under earlier programs, there was no limit to the amount of benefits such units could receive.

AAA officials were hopeful last week their program would meet more success next year than it has this, chiefly because "it offers farmers the first complete test of the farm program." Explaining this hope, AAA Administrator R. M. Evans declared:

"In 1938, the program was not available (because the Agricultural Adjustment Act had been passed too late) until after all of the winter wheat crop had been planted and farmers were

## SANTA CLAUS NEEDS HELP

Old Santa Claus worries that he sometimes misses letters sent to him because some little girls can not afford to put stamps on their letters, and when given to mother or daddy they perhaps haven't the money for the stamps, and dear old Santa then grieves over missing any little boy and girl on this his and Christ's birthday.

So many times little children and older folks help him, and E. W. Bailey and his R. A. boys have decided they can help a lot the next three weeks. They will meet Saturday and two by two they will visit every home in town and ask your children to gather up what old toys you can spare and they will mend them if needs be, you little girls might pass on some of your dolls which will be dressed by the G. A. girls or older ladies, and you will be helping Santa reach everybody. These toys and dolls will be given where needed on Christmas. Begin looking now so when the boys come, Saturday your things will be all ready and if you have them wrapped and ready it will help a lot. Write your name on the package so Santa and the boys will know who divided their blessings with others.

## NEW BETHEL EXECUTIVES

Rev. J. S. Huff, moderator of New Bethel Association announced that the committee to publish minutes of last association is working on them and will have them ready in a few days. All churches who did not meet their quota for Associational minutes are urged to remit to Brother Cruse, treasurer, at their very earliest convenience. The quotas for the ensuing year will be the same as last year: fourth time churches four dollars per year, half time eight dollars, full time churches sixteen dollars. The executive board requests that churches that are able and will go over this amount in order to help out some of our weaker sister churches. The executive board will meet at noon hour in Beech Creek Baptist church December 19, which will be the place and date of our next workers conference. We met Tuesday, Nov. 21, at Pleasant Hill church, everyone reporting a fine time. Everyone on the program was there and spoke inspirationally.

## AM I GLAD I LIVE IN AMERICA?

In the Sequim Press of Sequim, Wash., this reporter has been interested in reading a report of one of the citizens who has been spending a year in Germany with her husband's people. Yesterday at I read of a day set aside by Hitler, called "Blood Day," to remind all of that Nurnberg Rush which Hitler planned and ordered, killing every man who opposed him. This special day is now observed to keep it before all to fear him if they do not love him. Can you imagine even, what such a fear must be?

—MRS. J. H. WILLARD.

Mrs. J. H. Nail were week end visitors in Dallas.

## IF YOU DRIVE DRUNK HERE'S WHAT YOU ARE

A letter to the drunken driver signed by 118 business men of Taylorville, Ill., appeared in a local daily newspaper the day before turkey day.

The letter, one of the highway safety campaign series, said in part:

"Brother, you're not the big shot you think you are. You're just a fuzzy-brained, liquor-soaked, obstinate ass with about as much right to drive an automobile in the public highway as a monkey from the zoo would have."

The Mens Bible class of the Baptist church is entertaining the two adult classes of women one night last week.

## STATE DEFICIT HITS TWENTY MILLION MARK

Austin, Nov. 26—The state's general fund deficit soared to \$20,056,471.19 Saturday, a record peak.

The next highest deficit was \$18,182,838 on Nov. 19. Prior to that the greatest deficit was \$18,923,586 in December, 1937.

Jeffries, he was stewing with drink. Even so, it took Jeffries eight rounds to beat him down. One night after a meeting in San Jose, Mr. Kramer got a call from the fighter's wife asking him to come to her San Francisco home. He found Fitzsimmons sodden with drink and muttering that "he did not want to hear any of that religious stuff." In an hour he was down on his knees. He rounded up all his bottles and tobacco and gave them to Mr. Kramer and swore off.

At last he uttered a sentence he used so frequently that it is engraved on his tombstone in Chicago. He said "I am a man of my word."

 made in Germany might be  
 another way of forcing the  
 "Me and Got" countries to  
 believe in the German policy.  
 In several ways, which includes  
 the treatment of the Jews and  
 the territorial grab of the  
 Czechoslovakian country.

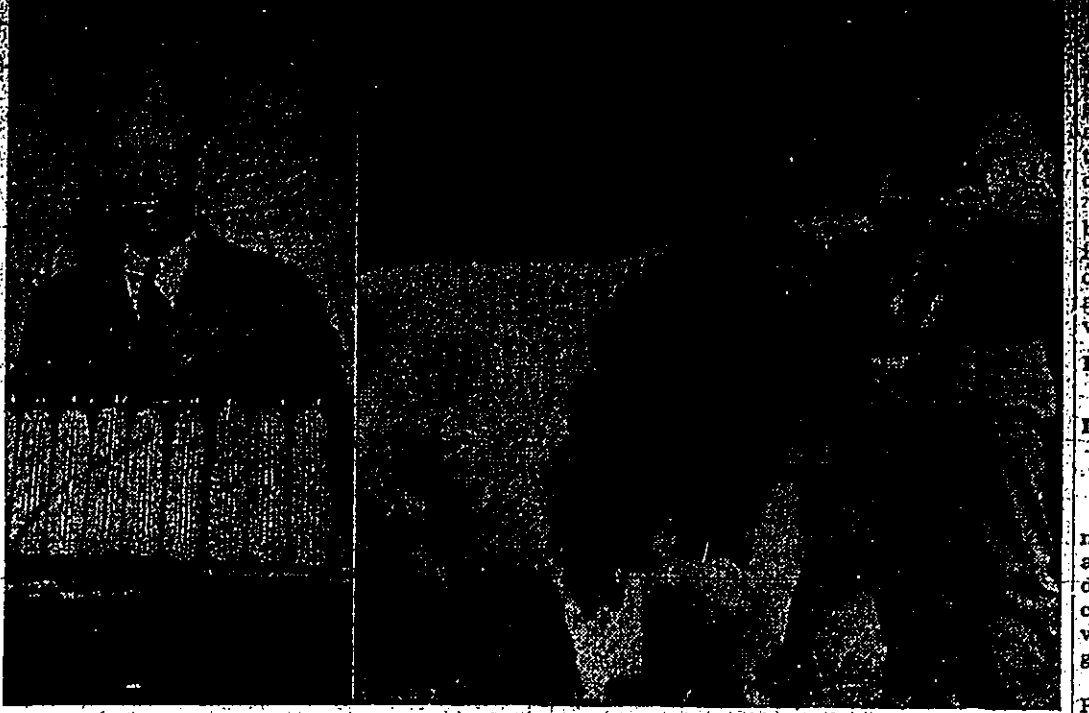

**THERE IS** a crippled, poor,  
 mangy dog hobbling around town  
 that should be put out of his  
 misery. The animal is hopelessly  
 crippled, apparently homeless.  
 We have requested it to be put  
 out of the way, but still it limps  
 around vainly trying to locate a  
 warm place, and a morsel to eat.  
 There ought to be a law prohib-  
 iting such a diseased, unfortu-  
 nate animal running at large.

**TALK ABOUT** some of the  
 doings of the American Indians  
 some time since when the Pur-  
 itans were struggling to carve out  
 homes for themselves. We like  
 to "overlook," and, indeed, forget  
 but, perhaps 175 years from now,  
 how will the German nation view  
 the historical facts now in the  
 making, regarding the massacre  
 of the Jewish inhabitants of the  
 country Hitler calls "Greater"  
 Germany. And it will be impos-  
 sible to draw the curtain and for-  
 getting into the car to drive to

 of a nation, and time fails in  
 its perpetuation.

 gled (?) into this country, al-  
 ready we paid no duty on this  
 All too regularly the town is can-  
 vassed, and actually from house  
 to house. Then, after all the ma-  
 gazine artists have performed  
 their little acts, we mean the ones  
 who are only doing this kind of  
 work to help Frankie through col-  
 lege, we are solicited by the mo-  
 ther and small child for money,  
 food, clothes and gasoline and  
 oil for the car left several blocks  
 away. And we like it. The  
 town's officials like it too, else  
 there'd be an ordinance against  
 panhandling without a permit.  
 We know of a Texas city where a  
 house solicitor must have a per-  
 mit and the same signed by the  
 city secretary and the mayor.  
 This is to protect against profes-  
 sional beggars and come-on ar-  
 tists. In that city a panhandler,  
 who cannot show his permit is  
 reported and the marshal goes  
 out and makes an arrest. How-  
 ever, those who can show be-  
 yond a reasonable doubt they are  
 out of luck and need help, are in  
 no manner refused. Last week  
 the city of Woodville was most  
 thoroughly canvassed. We know  
 because they called on the sec-  
 retary of the war department and  
 she turned them away.

**SALES RECORD MADE**  
 A phenomenal record of 11,  
 837,153 sales has been set by the  
 Chevrolet Dealers of America  
 during the last five years, ac-  
 cording to W. E. Holler, general  
 sales manager and it was brought  
 out in an interview in New York  
 as the Automobile Show started  
 that 4, 187,718 new cars and

trucks were sold by company  
 dealers during his administration,  
 while at the same time they were  
 selling 7, 649,435 used cars.  
 "The volume achieved by  
 Chevrolet dealers during the last  
 five years exceeded the largest  
 company records for any pre-  
 vious five year period, including  
 the boom years of 1929 and 1928  
 by 750,417 new passenger car and  
 truck sales, and 1,849,012 used  
 car sales," said Mr. Holler. "Dur-  
 ing this same five year period  
 Chevrolet dealers sold 822,519  
 Chevrolet trucks, and this exceeds by  
 250, 916 truck sales any previous five  
 year truck sales in the 27 years  
 history of the company."  
 "This outstanding selling re-  
 cord actually obtained for the  
 company six years results in five  
 years of selling, and is a testi-  
 mony to the cooperative selling  
 ability of 8900 Chevrolet dealers  
 in the United States."  
 Asked how this all-time peak  
 selling record was achieved Mr.  
 Holler replied, "When fundamen-  
 tal policies are established that  
 are fair and equitable to a deal-  
 er organization—and then they  
 are carefully and conscientiously  
 administered year by year—  
 accumulated confidence and sell-  
 ing strength bears results not  
 obtained by any other temporary  
 activity or plans. We attribute  
 this six years record of results,  
 obtained in only five years, to  
 the Quality Dealer Program, with  
 its elimination of over-packing  
 of dealers and its scientific ap-  
 pointment of dealer locations,  
 with consequent strengthening of  
 the entire Chevrolet merchandis-  
 ing structure as it deals with the  
 buying public.

 communities; and when these are  
 brought thru the Regions and  
 National Committees in Detroit  
 they become national policies  
 which immediately affect the  
 sales policies making them most  
 practical in field operations.

 or purchaser recognize today out-  
 standing reputation of the Chev-  
 rolet dealer, but everything that  
 the factory organization and the  
 dealers together combine to pro-  
 mote in every local community  
 has survived the test of dealer  
 analysis, dealer thinking and  
 dealer planning. It is a matter of  
 record that 63 per cent of all the  
 recommendations made by the  
 dealers have actually become the  
 Chevrolet retail selling policies  
 nationally.

## AFFIDAVIT OF COMMISSIONERS COURT AS TO COUNTY FINANCES

In the matter of County Finances in the hands of Landon Risinger, Treasurer of Tyler County, Texas.  
 IN THE COMMISSIONERS COURT OF SAID COUNTY:  
 November Term, 1938.  
 We, the undersigned, as County Commissioners within and for Tyler County, and M. T. Tuttle, County Judge of said Tyler County, constituting the entire Commissioners' Court of said County, and each of us do hereby certify that on the 31st day of November A. D. 1938, at a regular term of said Court, we have compared and examined the Quarterly Report of Landon Risinger, Treasurer of Tyler County, Texas, for the quarter beginning on the first day of August A. D. 1938, and ending on the 31st day of October, A. D. 1938, and finding the same correct have caused an order to be entered upon the minutes of the Commissioners' Court of Tyler County, stating the approval of said Treasurer's Report by our said Court.

Which said order recites separately the amount received and paid out of each fund by said County Treasurer during the time covered by said Report, and the balance of each fund remaining in said Treasurer's hands on the 31st day of October, A. D. 1938, and have ordered the proper credits to be made in the accounts of the said County Treasurer, in accordance with our said order.  
 And we, and each of us, further certify that we have actually and fully inspected and counted all the cash, Depository Credit Slips and other assets in the hands of said Treasurer belonging to Tyler County at the close of the examination of said Treasurer's Report on this 21st day of November, A. D. 1938, and find the RECAPITULATION here attached to be correct.

**MEASURABLY CONTROLLABLE**

"Some communicable diseases are controllable from a public health point of view. However, whooping cough is not yet one of them. It appears and spreads rapidly despite every effort to hold it in check. Because of the great difficulty in applying effective measures, many parents consider this childhood trouble as inevitable. They feebly argue that since their child is bound to get whooping cough anyway, the sooner it is history, the better," states Dr. Geo. W. Cox, state health officer.

"It is true that many older children do not appear to suffer serious consequences from this disease, nevertheless in this group pneumonia and tuberculosis sometimes follow in its wake, which is serious enough. But when the attack is experienced by the very young, it is very dangerous. For example, of the whooping cough deaths in the state during 1937, totaling 337, 93 per cent were under five years of age," Dr. Cox pointed out.

While it is impossible to keep children from other youngsters, parents must realize that a cold may be the forerunner of whooping cough. Once this possibility is appreciated, a physician will be summoned when a cold evidences itself and the child prevented from mingling with other children. It should be understood that it is at this period of the attack, usually before a diagnosis has been made, that whooping cough is most contagious. This rule may seem unduly strict. However, if parents would realize there is reason to be that stopping whooping cough incident would decline, it is markedly so, and in connection, the necessity for recognition of the disease among infants cannot be overemphasized.

Parents, in most instances, and health officials, are not aware of the fact that whooping cough is usually spread by the young through the

possible damage to the youngster himself through this delay has been increased.

At best, whooping cough is a mean antagonist. It requires whole hearted and prompt cooperation not only on the part of the physician and public health officials but by parents also. Until this happy combination is more generally recognized the likelihood of definitely diminishing the present power of whooping cough will continue to be slim.

**CHOCOLATE**

Widely known for the Thanksgiving holidays with a special Thanksgiving Day program for the entire school. The program was presented by the children of the first six grades and proved very interesting. Students in the seventh, eighth and ninth grades took their regular six-weeks' examinations Nov. 21, 22 and 23. Report cards were received Wednesday, Nov. 30. The grade pupils received their monthly report cards at the same time. Fred School girls' and boys' basketball teams played Honey Island school teams Nov. 29 at Honey Island. Seventh grade students are glad to have a new classmate, Elzie White, from Liberty. We regret losing Carroll Dulaney of the eighth grade, who is moving to Doucette. The following students from the upper grades have neither been tardy nor absent during the last six weeks: Seventh grade, Joett Cravy, Clyde Dulaney, Mattie Bell, Sammie Lee Gregory, Annie Lee Harvill, Stella Mae Odum, Aline Walters and Christine Foynt. Eighth grade, Addie Bell Cravy, Miriam Calloway, D'Wilda Gregory, and Millard Freeman; Ninth grade Lois Gibson and Artie Mae McInnis. The Shilo community is giving a pie supper Thursday night, Dec. 8, at the church building. The money raised will be used to buy a heater for the church.

**THE CHRISTMAS SEAL SALE**

Widespread support of the Christmas Seal Sale, which finances the work of the national, state and local tuberculosis associations was urged today in the following proclamation issued by Governor James V. Alford at Austin.

"The advent of the Christmas season with all its prospective pleasures brings to mind the joy and satisfaction arising from the ability to make others happy.

"For many years there has been conducted an annual nation-wide sale of Christmas Seals by the National Tuberculosis Association and its affiliate organizations, the proceeds of which furnish the financial sinews that aid and accelerate the triumphant endeavors of the medical profession and benevolent organizations to curb tuberculosis.

"Confronted as we are with the necessity of continuing this important battle, now that the fruits of victory have been achieved in large measure, as is indicated by statistics compiled by the national tuberculosis association and by various public and private instrumentalities that have undertaken in the interest of humanity, to suppress completely this preventable and curable disease, to the end that future generations may profit and benefit by the diligent and determined efforts to regulate tuberculosis to the footnotes of medical history.

Now, therefore, I, James V. Alford, Governor of the State of Texas, do hereby proclaim to all our people the annual sale of Christmas Seals to be conducted from November 25, 1938, to the beginning of the year 1939, at the same time urging them to lend every support to this great humanitarian endeavor by purchasing these 'seals of health' thus insuring that the benevolent work of eradicating tuberculosis may be consummated."

**REAL BOYCOTT OF GERMANY URGED BY A. E. OF L. LEADER**

William Green, president, called on the American Federation of Labor Friday to "redouble efforts" to make effective the federation's five-year-old boycott against German goods and service.

He asked this as evidence of the federations' opposition to the treatment of Jews in Germany.

Green sent a letter to all A. F. of L. affiliates, saying the United States laboring man should make the resentment known, "in a vital and striking way."

"It is not enough to protest," he said "We must supplement protest with action."

The letter said in part:

"In many respects, the atrocities perpetrated upon helpless Jewish people in Germany have been unparalleled during any period of time in all the world's history. The persecution of the Catholic hierarchy and the followers of the Catholic religion in Germany is vicious, indefensible and shocking.

"Save the Jewish people in Germany. Do it by acting at once. Boycott German goods and German service as you have never boycotted before. Do so individually and collectively.

"Set up community organiza-

**STORK CLUB MUST REHIRE WAITERS, PAY YEAR'S WAGE**

New York—Supreme Court Justice Isidore Wasservogel decided last week Wednesday the Stork Club, one of New York's most popular dine and dance spots, must offer to rehire 11 waiters discharged more than a year ago and pay them their "normal wages" for the time they have been out of work.

The amount involved is about \$20,000. It includes tips they would have received had they worked.

The decision upheld an order of the state labor relations board, which specified the club could subtract from the "back wages" any amount the waiters might have received from other employment since October, 1937.

The club's attorney said he certainly would appeal.
