## ROAD OFFICIALS OF NATION VISIT SABINE DISTRICT

Necessity of obtaining ample rights of way for highway improvements to provide for years to come was stressed Friday night by Thomas H. McDonald, Washington, D. C., chief of the bureau of public roads, who was principal speaker at the banquet given at Hotel Sabine in Port Arthur by the chamber of commerce for approximately 175 delegates to the annual convention of the American Association of State Highway Officials, which adjourned in Dallas the day before.

The visitors were the largest group of highway officials ever to visit the Sabine area, and included highway officials from every state in the union, Alaska and Hawaii.

The caravan, consisting of 18 passenger cars and four buses, traveled through east Texas and visited Lufkin, Woodville, Beaumont and other points en route before viewing the Port Arthur-Orange bridge.

While in Woodville, Edward Tin with his school band in new white and orange uniforms welcomed them with music. Charley Davidson, resident highway engineer, acted as host and a group of PTA ladies served coffee and cold drinks under the supervision of Mesdames J. B. Best and Zula Harrison. Mrs. Sam Frizzell and a number of lovely young ladies presented each guest with a sprig of holly. Judge J. E. Wheat went on to Port Arthur with the highway crowd.

## A GOOD EDITOR

A good editor is one who has never made a mistake; who never has offended anyone; who is always right; who can ride two horses at the same time he is straddling a fence with both ears to the ground; who always says the right thing at the right time; who always picks the right race horse as well as the right politician to win; who never has to apologize; who has no enemies; and who has words of prestige with all classes, creeds and races. There has never been a good editor.—Minnesota Press.

## MORE FARMERS ELIGIBLE FOR BETWEEN-SEASON EMPLOYMENT WITH WPA

According to information received from Adam R. Johnson, director of the Texas Relief Commission, all FSA clients who are no longer receiving aid from that organization are now eligible to be employed on the between-season farms. The program is being expanded to include more farms. The program is being expanded to include more farms. The program is being expanded to include more farms.

## Local Parties Wed In Houston

A wedding of wide interest in this part of the state was that of Miss Blanche Baker and Mr. W. H. Risinger. The bride is the attractive daughter of Mrs. John F. Baker of Crockett. The groom is the son of Mrs. J. D. Risinger of Woodville. The wedding took place in the Second Presbyterian church of Houston at twilight, Saturday, Dec. 3, with only the immediate family present. Miss Baker wore a Schiparelli model in desert rose with orchards and winter iris for her flowers.

Mr. and Mrs. John F. Baker Jr. of Houston stood with the couple as their only attendants and after a short wedding trip they returned to Woodville to make their home at the Risinger ranch. Contributed.

## COUNTY NURSE VISITS SCHOOL

Monday morning at 11:40 the faculty and student body assembled in the school auditorium and after several Negro Spirituals were sung by the chorists, Mrs. Enge gave a very interesting lecture on the prevention of diphtheria and the care of the teeth. Many health pamphlets were given to the teachers for their students by the county health nurse. Mrs. Enge plans to come back after Christmas and give a vision test for all pupils and bring other health talks to us. The faculty and students are very grateful to Mrs. Enge for her very helpful and profitable visit to us.

**CHRISTMAS HOLIDAYS** are coming on and we, in company with all other business ventures about town are going at top speed.

**LAST WEEK** we called attention to a story that would be found on page one. In the make-up of page one it got lost and so we are printing it this week.

**THEY DO SAY**, now that the holiday season is at hand, the local representatives in your Uncle Sam's postoffice are reasonably busy, and the volume of mail has just started.

**FOR THE benefit** of all interested in the copy for the 78th annual session of the New Bethel Missionary Association, held at Fairview, Oct. 5-6. The book will be prepared as soon as we can get the same off the linotype.

**BEWARE OF** owls! One of our good friends showed us a good-sized owl on a new fender, and emphatically declared she was not hit by another car, did not run against a fence post nor a garage door, but, get this, it is good, she collided with a owl. Can you beat it?

**IF NEWSPAPER** advertising does not pay, why is it that the editor is besieged by contract men, to print their news items FREE, why does the delinquent subscriber squawk so loudly when the paper is stopped, why do politicians seek the support of the paper, and why are people so anxious to keep their misdeeds out of print? And the echo answers "WHY?"

**THE NEW** parking regulations on the main drag suit about 10/11th of car drivers. For several years parking was in the center of the street. Far too many ignored the recognized rule everywhere of backing out when ready to go and drove out, and thus making it extremely dangerous for all concerned. The parking now is on the curb, and headed in—NOT lengthwise with the curb.

**BUT, YOU** say, what can a little tank of chemical water do to put out a fire? Everyone knows 10 out of every 11 fires can be extinguished with a single pail of water at the RIGHT TIME and that applies to a small chemical tank. In a Missouri town where we operated for several years a large two story home was discovered with a well started fire on a second floor. It happened while morning church services was on. This writer heard the little two wheeler being pushed past the church house. Services were immediately dismissed. The fire was already through the outside wall and it looked bad, however the chemical's hose was strung to its limit and a little small stream of chemical water had the fire under control in less than two minutes. The blaze had been extinguished and willing workers soon had the charred boards and rafters, and doors and floor removed. You all remember the J. A. Williams home fire? Yes? Well Woodville's little chemical rig would have saved the building—if anybody had known where the tank was located, how to operate, and recharge if necessary.

**NEW YORK**—In the World of Tomorrow, there will be no such harsh, forbidding signs as "Keep off the Grass". At least the New York World's Fair 1939 has already introduced, on the Fair grounds, signs reading merely "Please." The young lady in the picture, Miss Betty Rafferty, is regarding the sign with genuine pleasure.

"I never liked those signs 'Keep off the Grass'. It is certainly a happy and considerate thought to use the one word 'Please'. Surely the public will both understand the meaning and will appreciate the friendliness of the request."

**HE KNOWS HOW**

Humble Station salesmen are selected men who have been carefully trained to give your car the care it needs to keep it running right and looking good. The service they render is so competent that many Texas motorists have shifted the care of their cars to Humble's shoulders; they depend on the Humble stations in their neighborhoods to call them when it's time to wash and lubricate their cars, to change oil, to check batteries and tires.

Equipped with every modern facility for servicing your car, Humble stations are truly service stations. See for yourself. Let a Humble Station wash your car, lubricate it, change the oil. Next time you need battery water, or air in your tires, stop at the Humble sign. That's the best way we know to show you how complete, how thoroughly satisfactory, Humble service really is. One stop, and the next thing you know, you, too, will be shifting the care of your car to Humble's shoulders—like thousands of other Texans you'll have the "Humble habit."

CAUSE OF CATTLE STAMPEDE FOUND  
Crosbyton, Tex., Nov. 30 - All hands of the old west dread a stampede with its thundering hooves and, sometimes, blaring horns. The punchers didn't know the exact cause of some of the stampedes but they did know a herd was hard to handle when a sandstorm was blowing. Now, after so many years the exact cause has been discovered.
