**WONDER IF** we are getting younger! It appears we are keeping up with social and other activities easier this year than at any other time since we have made Woodville our home.

**FRIDAY'S PAPERS** is told world the U. S. is not going to sell more scrap iron to Japan. Well, well, well! We'd refer you to the fellow who locked his barn door after the prize-winning Jackass had been pilfered.

**EVEN AT \$5.00** a day which the members of both houses of the present legislature are now getting for overtime, it is a good gamble \$5.00 a day in real money, is more money than a large percentage of these fellows ever received for any appreciable stretch of time for a day's labor.

**MOVEMENT** is on foot whereby several counties can club together and employ an auditor to go over the county's financial condition. This might not be such a bad idea, especially in counties where the oil interests have been exploited and the field is producing and turning in to the county liberal sums of tax money.

**THE HUNTSVILLE** Item numbered last week's issue, Vol. 98, No. 1, in the newspaper World a volume usually is supposed to represent a year. However, in law or postal regulations there is no mention of the frequency with which the volume number must be changed. The item claims to be the oldest weekly in Texas.

**WHAT DO** you consider the necessary implements one must possess to become a good neighbor? And, while asking questions how would you, personally, describe said implements used in the art of proving up on being an undesirable neighbor? Oh, nothing personal we assure everyone, just sort of kidding the public, just for fun.

**THE NEW** Soft ball performers apparently have taken the day, and each evening a business man, if not busy counting up the day's take-in, can be located upon the sidelines watching the game, and they say interest is as keen as is usually found in like positions in the All-American pastime in both the American and National leagues.

**AND NOW** approaches the time when the sweet young graduates appear on the world scene, to do, see and dare and show the world what they have done in being able to accumulate a honest-to-goodness sheep skin. It is a fact, commencement is well named, for upon high school graduation time which in many cases means the end of educational studies, it is commencement time in life's battle for success.

**SOME TIME** in the near future Jacksonville will attempt to put over a tomato festival. Last week The Booster received a couple of pages of publicity stuff advertising dates, activities, etc., from the Jacksonville grafters who seek publicity for nothing. They can't work The Booster for a single line of free publicity. On the other hand, if they want to use a page of advertising at advertising rates we stand ready to accommodate.

**IT SEEMS** Elliott Roosevelt must educate the world, America in particular. He thinks the radio is in danger of dictatorship, and so he counsels the whole caboodle (and that's a good word, too) to actually "impose self-censorship." He goes on to say that the radio is in private hands. The radio is in the government's hands, and the government of the United States under any administration, this is how toward own.

**THE** word SAYS, John Arthur Reed elsewhere in the county. L. A. really says to see year she was.

little while calling the street about Monday night, and we found time to run for the cops. Dad they have not been arrested in the scheme of events, both passing as well as coming, this paper will have something to say about DAD'S DAY.

young man had said newspapers instead of radio, we would take more stock in what he writes. Fact of the matter it just. There is so much rot being sent over the radio these days, it is time something was being done to clean up the air, and we do not mean perhaps.

**WE FIND** the legislature finally passed one good bill, and the only thing that amazes this editor is that any men could be found in either house guilty of opposing this measure known as the Vacancy bill. When a settler has lived on, cultivated and improved his land, and, too, for a series years, all in good faith, fondly imagining the land was sure enough his own, and, also, years before oil or gas was with miles of his holdings, it is unpeakable any set of surveyors and lawyer sharks should be able to take possession by law (?) of his home and farm. Back yonder holders of land under such conditions would oil up their rifles and tell the sharpers to come and get it—if they imagined they were lucky.

**AND THEN** there's the New York World's Fair. The publicity hounds continue to send out stuff they head "fillers," and expect newspapers all over America to contribute to the sucker fund. The Booster has run a lot of illustrated matter concerning the fair. The pictures were good, were sent to us in plate form and we used them for the benefit of our readers who might have been interested or who were debating about the advisability of attending the New York show. But now comes eight to ten pages of single spaced type—writer dopes each week to help fill up the columns of The Booster. Ah, we wonder how the officials would like for us to publish what some of our friends had to say about the New York show, as in comparison with the Dallas centennial!

**UP TO** now we have not heard how Gerald Mann is going to rule in regard to one Jan Anderson, who is garnering dollars from citizens all over the state who would like to get on the old-age pension rolls. This fellow Anderson is sending out long releases to the press fondly imagining the press is willing to aid in making a martyr of him by publishing his dope. This fellow is now out on bond and it is not known how, in any way he is going to help anybody, anywhere in getting on the pension roll, or when or how to get a greater monthly sum of pension dollars. Continually digging and slamming at the legislature will not get anything for anybody. Attempting to bluff the legislature is something like praying to the Lord God in Heaven, petitioning Him to do more than He had already done. As we see it about the best Jan Anderson can do is get a lot cheap publicity for himself to the end he may become a candidate for the legislature in 1940. As a publicity stunt he started off well enough when he sent word to the upper house to sit on a stump, or go to—, which ever stunt might please their individual fancy.

**JUST WHAT** would happen in Texas were the trucking interests turned loose is entirely problematical. Larger trucks would be expected, and then pleasure cars would be anything else but. On a recent trip we were over town winding our way out of town by a truck that plainly showed the driver expected us to GET OFF the black top, to let him pass. We'll tell the world had we been driving we never would have driven off the black top. When the truck did pass we watched the rider and the driver and were their steps working overtime because we just happened to be on the blacktop at all? And if the truckers were given free rein, unlimited weight loads, greater trucks, we'll tell the world there would be on many Texas highways no room except/and when both meeting and passing trucks somebody got one set of wheels off the pavements and on to the shoulders. The passenger cars would be warned by a sharp black get out of my way OR ELSE. The railway men, also, are trying to be the only safe mode of travel. The Booster emphatically the word SAYS, John Arthur Reed elsewhere in the county. L. A. really says to see year she was.

of the pulpit space tall poetic columns of "white" were festooned with garlands of southern smilax and gardenias. Between each column tall Grecian urns held large calla lilies, and flanking the pulpit were cathedral candelabra in which white tapers burned. Garlands of smilax and gardenias marked the center aisle.

As the wedding guests assembled, Grady Hollingsworth, organist played Mendelssohn's "On Wings of Song," Gadsman's "From the Land of the Sky Blue Waters" and "Liebertraum" by Liszt as a pre-nuptial program, and the wedding party entered to the strains of "The Bridal Chorus" from Lohengrin.

The bride, given in marriage by her brother, John Welder, III, was lovely in a gown of white slipper satin. The deep collarlette yoke of seed pearls and open work extended over the puff sleeves, which fitted closely from elbow to waist aid from a low waistline a circular skirt flared into a sweeping train. A coronet of seed pearls and orange blossoms held the three tiered veil of illusion, the shorter length covering the bride's face as she entered. She carried a handkerchief of rose pink and her flowers were white orchards and lillies-of-the-valley.

Mrs. John Welder, III, was matron of honor and Miss Mary Charlotte Hopkins was maid of honor. The bridesmaids included the brides' cousin, Miss Bobbie Welder of San Antonio, Miss Betty Lander of Dallas, Mrs. Nelson Wray of Corpus Christi, Mrs. Lamar Bevil of Beaumont, Mrs. Raymond Todd of Houston, Mrs. Clyde Bauer, Miss Catherine McDowell, Miss Mary Jane Ross, Miss Jamie Ragsdale and Miss Fannie Taggart of this city. Two junior bridesmaids were Patricia Welder and Lucille Welder. They were gowned alike in white tulle over tulle, the full circular skirts flaring from shirred basques and wore large hats of white hair braid, from which fell floor-length streamers of velvet American beauty ribbon. They carried matching arm bouquets of red Better Time roses.

Harry L. Edwards of Houston served as best man, while assisting as groomsmen were Frank Powers, Robert Ford, Tom Blake, James E. Winston, Dick Neuts, W. Howard Lee, Paul Benedict, Harry McCormick, all of Houston, Frank Lander of Dallas, Winston Farber Richmond, and Howard Callaway and Bob Smith of this city. They were attired in summer tuxedos.

A reception at the Victoria County Club was held immediately following the ceremony, the rooms being transformed into a scene of garden beauty. Giving an effect of luminous sky, the walls were draped with a material of pale blue, and festooned with smilax and delicate white flowers. Window boxes at each window were massed with white hydrangeas, and a large tree, covered with white blossoms, formed a background for the bride's table, which was overlaid with flat Venetian lace. Two Georgian candelabra holding white tapers centered the table, and at one end lillies-of-the-valley were massed in a silver epergne and at the other the white ring-shaped cake rested on a plique of gardenias and valley lilies. The cake was cut by Miss Celeste Hopkins and Miss Eleanor Ann Vand. Walter Torres and his orchestra of Houston played throughout the evening.

Mrs. Welder, mother of the bride, wore a Hattie Carnegie model of starched thread lace in poudre blue with matching hat and bag, and a shoulder corsage of white orchids.

Mr. and Mrs. Cliburn left that evening for a short wedding trip, the bride traveling in a Milgrim ensemble of teal blue. Under a slimly fitted coat of woolen sheen the dress of teal blue was patterned in chausseur. Her high crowned hat, a John Frederick model, was fashioned of teal blue antique, and trimmed with violets as a short matching veil. Her accessories were of black. Mr. and Mrs. Cliburn will make their home in Houston.

Among the out-of-town guests present were: Mrs. C. T. Rowland, Mrs. J. W. Lander, Mrs. John T. Croby, Mrs. Harry Hanson, Mrs. Muriel Bell, Mrs. Robert Murchison, Mrs. Joe S. Smith, Mrs. Blain Rowland, Mrs. W. G. Grab, Mrs. W. A. Smith, Mrs. John Arthur Reed elsewhere in the county. L. A. really says to see year she was.

Between each column tall Grecian urns held large calla lilies, and flanking the pulpit were cathedral candelabra in which white tapers burned. Garlands of smilax and gardenias marked the center aisle.

As the wedding guests assembled, Grady Hollingsworth, organist played Mendelssohn's "On Wings of Song," Gadsman's "From the Land of the Sky Blue Waters" and "Liebertraum" by Liszt as a pre-nuptial program, and the wedding party entered to the strains of "The Bridal Chorus" from Lohengrin.

The bride, given in marriage by her brother, John Welder, III, was lovely in a gown of white slipper satin. The deep collarlette yoke of seed pearls and open work extended over the puff sleeves, which fitted closely from elbow to waist aid from a low waistline a circular skirt flared into a sweeping train. A coronet of seed pearls and orange blossoms held the three tiered veil of illusion, the shorter length covering the bride's face as she entered. She carried a handkerchief of rose pink and her flowers were white orchards and lillies-of-the-valley.

Mrs. John Welder, III, was matron of honor and Miss Mary Charlotte Hopkins was maid of honor. The bridesmaids included the brides' cousin, Miss Bobbie Welder of San Antonio, Miss Betty Lander of Dallas, Mrs. Nelson Wray of Corpus Christi, Mrs. Lamar Bevil of Beaumont, Mrs. Raymond Todd of Houston, Mrs. Clyde Bauer, Miss Catherine McDowell, Miss Mary Jane Ross, Miss Jamie Ragsdale and Miss Fannie Taggart of this city. Two junior bridesmaids were Patricia Welder and Lucille Welder. They were gowned alike in white tulle over tulle, the full circular skirts flaring from shirred basques and wore large hats of white hair braid, from which fell floor-length streamers of velvet American beauty ribbon. They carried matching arm bouquets of red Better Time roses.

Harry L. Edwards of Houston served as best man, while assisting as groomsmen were Frank Powers, Robert Ford, Tom Blake, James E. Winston, Dick Neuts, W. Howard Lee, Paul Benedict, Harry McCormick, all of Houston, Frank Lander of Dallas, Winston Farber Richmond, and Howard Callaway and Bob Smith of this city. They were attired in summer tuxedos.

A reception at the Victoria County Club was held immediately following the ceremony, the rooms being transformed into a scene of garden beauty. Giving an effect of luminous sky, the walls were draped with a material of pale blue, and festooned with smilax and delicate white flowers. Window boxes at each window were massed with white hydrangeas, and a large tree, covered with white blossoms, formed a background for the bride's table, which was overlaid with flat Venetian lace. ### MRS. LIZZIE RICHARDSON

Upon receiving a notice from the Pace Funeral Home in Livingston Tuesday, this reporter planned to see Mrs. J. M. Parks in Doucette to get the particulars of the life and death of her sister, Mrs. Lizzie Richardson who passed away last week. However, the heavy rain kept me at home as I had been ill all the night before. With other friends we extend deep sympathy to the sorrowing family. The children, Mrs. Pearl Talkson of Dolly City, Cal., and son, J. F. Morgan of San Antonio, the sisters and brothers, Mrs. Parks of Doucette, Mrs. W. E. Cruse of Colmesneil, Mrs. Ross Hardy of Ft. Arthur, J. A. Mann of Chester, R. L. and Fela Mann of Fort Arthur. Interment was on Tuesday last week at the old Hard Shell Baptist cemetery near Dies with Rev. Tom Campbell of Colmesneil in charge.
