THINK'BOBBIES

Up in Fort Worth a fellow wins poll tax receipt as fellow as a grand juror. 'Pears to us this is splitting hairs.

Today begins Gov. O'Daniels National Health week. The dates, as published in the daily papers are given as of July 13-16.

A fellow in Nashville, Tenn., wrote a letter to Pres. Roosevelt and declared he wouldn't eat until he received a reply. If he dies can the president be sued for something or other?

Somebody is liable for the WPA strike and someone suggested calling on the football player to strain out the mess. Again organized labor seems to be the power upsetting the apple cart.

Glorifying the black-eyed pea is the title of a belly editorial in a Beaumont newspaper. Great Scott! That's what a clever misguiding pen pusher will be offering a sonnet to the lovely angleworm!

Ever since landladies began to be a money crop in Texas buyers in Tramp have paid all the way from one cent to three cents more than could be obtained in the Woodville-La Grange territory. What a price buyers have in the smaller communities.

After the 1939 car models are about marketed labor troubles are again in sight and aren't we glad we have only our own self with which to deal from a labor standpoint? We can't stop any time, and who can stop us? Indeed, there's nothing like being the whole show.

And another thing the spell binding legislators did not do. The automobile driving law was not amended to let all drivers on the Humble-Epson Down road Saturday night one without lights. Two men are dead. That's all—just something to think about.

Woodville Locals

Mrs. Dove Sparger of Glazier is visiting friends and looking after business matters. She has sold her Woodville home to Mrs. Alice Pope and friends are glad Mrs. Pope's new back home in the Young Democrats' Fellowship meeting Saturday night at Hotel Beaumont at which time was held the annual banquet.

Miss Jimmie Ruth Coppage left the local hospital last week for the Texas In Tanager. Dr. Lufkin as office nurse and bookkeeper.

The annual Barclay-Barclay reunion will be held at Gulf Pump station Sunday, July 16th. The Barclay-Barclay families among the most prominent in the state came to Texas when the territory was still a part of Mexico. Officers of the Barclay-Barclay society of Tyler are: Dr. R. L. Barclay, Kennard, president; Dr. Watt Barclay, Woodville, secretary; Mrs. Eliza Weston Clime, Woodville, treasurer; Mrs. C. M. Redman, Port Arthur, publicity; John H. K. Barclay of Beaumont is returning president, having resigned because of illness.

Mrs. Lee Peugh attended the funeral of Miss Eugenia Sanders in Nacogdoches Wednesday. Mrs. George Boyd and small Billy drove to Trinity Sunday. The new model will probably have a built-in room for Adolph and a bulletin board that keeps repeating "Ja ja," throughout the day.

How To Handle Heat Prostrations

The beating Texas sun these July days is beginning to take its toll in heat prostrations, from reports reaching the Texas State Department of Health. A simple precaution to help prevent heat cramps and prostrations is to add a pinch of ordinary salt to each drink of water taken.

Laborers, mechanics, farmers and white collar workers whose work causes them to sweat profusely are in danger of having their body salt content become deficient with resulting heat cramps or heat fog. Salt is a necessary constituent of sweat; the body loses large quantities of salt during hot days.

Heat cramps are characterized by a cramping of muscles, a feeling of weakness, and a feeling of thirst. A mixture of salt and dextrose with each drink of water. Workers whose duties require muscular exertion should be especially careful to add more than the usual amount of salt to what they eat or drink.

Salt deficiency may be prevented by taking salt in various ways. Where prepared tablets are not available, table salt may be used. Milk is a source of salt and will help to make up for the deficiency caused by sweating. Alcohol drinks should be avoided. Heat cramps are characterized by pains, cramps in the abdominal region, headache, and in severe cases, by nausea and vomiting. The body temperature remains about normal, likewise the pulse rate. Body salt losses occur without the knowledge of the individual until there is a deficiency; then various muscles begin to cramp.

Barclay Clan In Assembly Reunion

Plans are going rapidly forward for the reunion of the Barclay family at the Gulf Pump station park near Chester on Sunday, reports Dr. Watt Barclay, secretary of the family association.

All members of the family are urged to be present and about 500 are expected to attend the reunion of one of the oldest families in the state. Mrs. Elizabeth Weston Clime of Woodville is the family historian. Sen. Collins of Livingston and others will speak during the day. The usual prizes are awarded. Officers of the association are Dr. R. L. Barclay, Kennard, Pres.; Geo. Barclay of Baskin, V. Pres.; Dr. Watt Barclay, Woodville, Sec. At noon a barbecue and a basket dinner will be served to those who will gather from all parts of the state.

To Keep Canyon In Primitive Shape

San Francisco, Cal.—The rugged Kings River canyon country, just north of Sequoia National Park in California, will become a national park itself if plans now under way materialize.

Under a program announced by Sec. of the Interior Ickes, the area would be kept entirely primitive. The only auto road would be along the river bottom and the rest of the mountainous country would be accessible only by foot and horse trails.

Woodville Locals

Mrs. Decatur O'Brien held high score and Miss Julia Belle Cruse out gift. Mrs. Rock presented each honoree with a dainty gift of her own handwork. The large table trays were lovely with tall glasses of iced tea, a dainty and colorful salad plate and iced omelette. A card announcing the date of the Schleitfirth-Ellis marriage.

The occasion was also a happy get-together of young people who are now scattered, where school mates for years in the Woodville schools. Mrs. O'Brien, the former Miss Eloise Reid, Mrs. Lou Lowery, the former Miss Louise Kelley, Mrs. Glen Clow who was Miss Clagie Lee Shivers, and Mrs. Joanna Rock who is at home from the Southern University of California.

Miss Billie Slocum Of Woodville High

Denton, July 5.—Participating in a tournament with high school debaters from all over the state, Miss Billie Slocum of Woodville high school has been debating several times a week as a part of her work in the Speech Institute at Texas State College for Women. She and the 23 other students in the Institute are studying the question chosen by the Interscholastic League for 1939-40, which is, "Resolved: That there should be a system of socialized medicine available to all at public expense."

The two most outstanding debaters at the end of the round robin tournament which is now going on will take part in a final debate Friday night to determine the best debater in the state. Miss Slocum is studying under C. Horton Talley, speech authority at TSCW, and is receiving coaching and practice every day.

Mrs. R. E. Grammer are happy to be settled in their new home. A modern four-room home with a 8x26 sleeping porch should make anyone happy and they are enjoying it.

Hitler's Astrologers Warn Him To Act By September

New York, July 11.—Adolph Hitler maintains an advisory staff of five astrologers. Dr. Nicholas Murray Butler said Tuesday, to read the stars and tell him what the future holds.

"At the present time," Dr. Butler said, "the advice of these wise men is that the climax of Hitler's career will come early in September and that whatever he is to do to add to his fame must be done before that date."

"This may sound like nonsense, but it is the sort of nonsense which may easily give to modern civilization another terrific, not wanted shock."

Dr. Butler, president of Columbia University, returned Monday from London where he attended a conference of the Carnegie Endowment for International Peace of which he is also president.

AQUACADE STAR

Officers were installed on last Thursday night at the Masonic lodge hall. W. B. Morrow, Worshipful Master; Atty. J. A. Mooney, Sec.; Carl Best, Treas.; J. T. McCaughy, Senior Warden; Ernie Martin, Junior Warden; H. M. Brown, Senior Deacon; Otis Best, Junior Deacon and Esca Walker, Tyler. Esca Dean, the retiring Worshipful Master acted as installing officer.

Formal Opening of H & H Store

Mrs. Joe Ramsey, son Vernon and daughter Miss Hazel are happy and proud to be in the new, well lighted brick building, just built by Rev. and Mrs. Tolbert Weaver. This is one of the most lovely corners in Woodville's business district and the town people are glad and happy over the improvement in looks as well as structure at this place. The Ramseys opened the H & H store in Woodville five years ago next January, and since have decided to modernize their permanent home, so last year purchased a lot and built a modern home in the heart of town. The page in The Booster this week tells their friends and patrons they will have a formal opening Saturday and a week's sale with prices that will mean saving to you. The Booster as well as other Woodville people rejoice to see such christian and family people settle here, and wish for the Ramsey's the continued prosperity they have enjoyed the past more than four years.

THE BEAUMONT GAZETTE

Friday Editor H. J. Kuhn of The Booster, California, called on The Booster. Kuhn was on a vacation trip visiting his parents who reside in Port Arthur. The Booster was known to Editor Kuhn as he has read the many press notices in port Arthur journals and papers of The Booster's way of saying Mr. and Mrs. J. C. Boyd.

Baptist Church News

All progress in Christian and missionary work, both at home and on foreign fields, has been accomplished through well organized churches and their denominational agencies. This is true of those who have a real interest in Christian work and are desirous of seeing it go forward can do no better than to give their fullest co-operation to the accepted program of their church. Church loyalty means Christian prosperity.

It is through such love and co-operation that Sunday schools are built up, church houses are built and funds provided for missions and benevolences. Be loyal and true to your church.

Promise now, that on next Sunday you will attend church services somewhere, regardless of the weather.

Mrs. Edwin Martin with Mrs. S. L. Phillips have returned from a ten days stay on the Gulf coast. Mrs. Phillips went on to Pedigo to be with her father, J. H. Pedigo who has been very ill.

Lightning Strikes Too Close For Comfort

Monday afternoon about 6 o'clock a bolt of lightning struck the giant pecan tree at the J. V. Wheat residence. The ladies of the Christian church met that day with Mrs. Wheat, and while it was raining hard not much lightning or thunder has been noticeable.

Out of the silence, except for the rain patter the explosion came, lightning and thunder, as one thunderous roar and all fell well as they came to an end. The giant tree was peeled of bark from top to bottom, and one of the topmost limbs split. Windows in the southwest bedrooms upstairs and down in the home were broken and curtains knocked down.

Mr. Wheat hurried home, feeling they have enjoyed the past more than four years.

Friends are sincerely glad no one was hurt, but grieve with Mrs. Wheat over the tree. Houses can be rebuilt, but such a tree can not be grown in a ordinary lifetime.

SINGING SCHOOL

J. L. Jimerson, who is well known and loved in this section of East Texas is holding a singing school through this week and next at the Baptist church in Woodville. You are cordially invited to attend and enjoy the singing whether you take part or not.

FIRE REPORT

Enrollees of Camp P-58 spent 2020 man-hours fighting forest fires during the week, July 3 through July 9, 1939, and extinguished 20 forest fires containing approximately 600 acres.

This report comes from the local CCC Camp and make us sick to know that this same 600 acres is spoiled for pulp wood for any paper mill. Thousands of baby quail, other birds and game lost its life in this wanton destruction. Fences ruined and also homes threatened. All should be doubly careful during a dry season like the past months.

The President deserves credit for the splendid set up of CCC boys who give of them selves to fight a destructive agency, that the world hates.

Youth Program Termed Acute

Austin, Tex., July 6.—The American youth problem, assertedly acute as the farm or labor problems, must be faced on employment and actual nature of the working world.

The American population has aged from an adult population of about 9 to 10 in 1890 to 9 to 10 this year and calls for the wisest statesmanship at our command to avert a conflict between youth and old age.

Asserting recent studies reveal 50 to 70 per cent of all young people who desire to enter professional fields despite the fact not more than 10 to 14 per cent can be absorbed in their occupations according to Dr. Rainey who continued: "Our education for the common life must devote itself to a continuous refinement of the popular will in order that our society may progress instead of being an education sought solely for the purpose of securing employment. Those who believe the problem is temporary and will be relieved as soon as the present financial trouble of the nation is over, are wrong. The problem involving the present youth problem are long-range and will require long-range solutions."

Don't let it spread!

Silsbee Bee Editor Has His... Wisdom Teeth

The Silsbee Bee came to the
Booster last week minus the mast-
head, but it carried a little squam-
bling the head of Silsbee's editor
that told "doubting Thomas edit-
ors" all over this district that the
chief scribe of the Bee has cut a
wisdom tooth or two by the way
are there two wisdom teeth?
It is good enough to republish
this week in the Booster. And it
may tell a number of Tyler County
men why we have not printed all
the news happenings from time to
time. As Editor Read said in his
"An Editor must be so careful. He
must be careful to say things
about people whose feelings are
easily injured, and he must re-
member not to say things about
things that are tender subjects to
other people." But in spite of
all the care an editor exercises, he
still slips occasionally, not in-
tentionally, mind you—and of-
fends some one whose feelings he
would not hurt for anything. And
all too often it is months before
he learns the reason for the sud-
den coolness or outright hostility
on the part of one of his readers.

Then there is the case of the
local businessman who incidentally
refused to help a contest in the
circulation contest because he
"doesn't give a d—n for the editor
or anything like that." And to
save our neck we won't remem-
ber ever offending this man in
any way. And there's the lady
who doesn't like the editor for
reasons she has never seen fit to
disclose. Not that we blame her,
but the reason is so vague...
And there's the writer who writes
just what you just want to read
on account of a political difference of
opinion. Now that's a reason we
can understand. No one should ac-
ciate either mentally or any
other way, with anyone who has
personal opinions about any
thing especially politics...
But in spite of these occasional
instances where the editor has un-
wittingly made an enemy, the
great majority of readers are
broadminded, and realize that
even an editor has his short com-
ings. To these thousands of read-
ers we doff our hat, and deter-
mine to redouble our efforts to
give them the kind of best news-
paper they like... There is
one thing in particular Editor
Read did not mention, and that is
the fatal blunder a country news-
paper man can make by taking
sides in either a church scrap or
a school misadventure. The editor
can make no difference upon
which side of the fence the editor
may choose to side in with it as
a fact the way he says things
is wrong, and he can explain
why he is right until doom's day
and hell still be wrong.

JOSEPH MILTON REID

Funeral services for Joseph
Milton Reid, 20-year-old son of
Mr. and Mrs. John Reid of the
Fowler community, ten miles east
of Colmesneil, who was fatally in-
jured in an automobile accident
which occurred early Sun-
day morning in Woodville, were
held in the Egyptian cemetery near
Colmesneil, at 2 p. m. Monday.
The Rev. Tom Campbell, pastor of
the Baptist church at Colmesneil,
officiated. Young Reid died at a
Beaumont hospital at noon Sun-
day less than 12 hours following
the accident. Also injured in
the accident was Vernon Mc-
Kee, 18, son of Miss William
McKee of Colmesneil who suf-
fered a broken leg in the mishap.
He is under treatment at Hotel
Dieu where his condition is said
to be satisfactory. A third youth,
Robert Crandy, 20, of the Fowler
community, also hurt in the ac-
cident, was said to be recovering sat-
isfactorily at his home in Emilee.
The accident occurred when the
car occupied by the three youths
crashed into the rear of a truck
parked on the side of the street
and overturned. Young Reid was
thrown from the car by the im-
pact, and he suffered a fracture
of both legs and numerous cuts
and bruises. Surviving young
Reid besides parents are four
sisters, Lucille, Etta, Ruth and
Marie. A younger brother of Reid
was killed in a hunting accident
about two years ago. Deep sym-
pathy is felt for the heart-bro-
ken family.

WHY NOT A SAFE AND...

Historic Hoaxes

By Elmo Scott Watson

"Flying Dutchman"

A YEAR or so ago a picture came
out of Germany which the world
accepted as genuine.
It showed a man flying through
the air just above and a little ahead
of four others who were running after
him. It might have been mistaken
for a skier in action except for the
fact that he was holding two bell-
like objects and apparently blowing
into them through a tube. The de-
scription on this photograph read:
"On the first time in history a
man has succeeded in flying under
his own power. This picture shows
Erich Kocher of Berlin performing
that feat, followed by his excited
friends. He flew into the bell-like
arrangement, causing to revolve two
rotors which also served as wings.
On his feet was a ski landing gear,
and attached to his hips was a tail
skid."

So cleverly had the photograph
been "doctored" that it passed for
an authentic representation of an
epoch-making incident in aviation
and was accepted as such—yes,
even by American newspapers,
which printed the picture with the
headline, "Man's First Flight Under
His Own Power." It was not until
some time later that the hoax was
revealed. Considering the news that
has been coming out of Germany
about Hitler's treatment of some of
its citizens, one wonders if the "fly-
ing Dutchman's" name has some
symbolic significance. "Kocher" could easily
be mistaken for "Kocher," you
know!

Historic Hoaxes

The Forest City Man

WHEN Grandpa came back
from the World's Columbian
exposition in Chicago in 1893 he re-
ported: "One of the most interesting
things I saw there was a petrified
man—yes, sir, a real one. They
found him out in the Dakotas some-
where, so they tell me..." It's
true that it was "found" out there—
in the edge of the Little Chino
river near Forest City. And that's
why it's famed as the "Forest City
Man."

The "father" of this man was Wil-
liam Sutton, an butcher. Perhaps he
got his idea from the fame of the
Cardiff Giant. Or he may just have
thought it up by himself. Anyway,
he took into his confidence a young
doctor at Redfield, S. D., upon whose
advice a limeburner named William
Horn and James Sutton were taken
into the scheme.
They went to Redfield where
James Sutton allowed his body to
be used as a pattern and a cast was
made of it. To make it seem more
genuine, a real human skeleton was
placed in the cast after which it
was filled with cement. Then the
Suttons and Horn hauled it to Forest
City and "planted" it near the river.
Soon afterwards Horn announced
that during his search for limestone
he had discovered this wonder. It
was carefully exhumed and became
a nine days' wonder in that part
of the country. Then it was exhib-
ited at Chicago, taken on a tour of the
country and fooled innumerable peo-
ple before the hoax was exposed.

GOOD NEWS FOR NERVOUS PEOPLE!

Dr. Miles Nervine

(Liquid or Effervescent Tablets)

Soothers irritated nerves, permits refreshing
sleep, helps you to "get hold of yourself!"

NEARLY everyone is nervous these days. Financial
worries, street and home noises, late hours, hard
work and exciting recreation put a strain on the nerv-
ous system that brings on Sleeplessness, Nervous Head-
ache, Nervous Indigestion, Restlessness, Irritability.

An attack of nerves may make you lose friends
quicker than your husband or wife appear a tyrant
to your children.

DR. MILES NERVINE has been soothing the nerves
of the nation for nearly 50 years. If you are nervous
get a bottle or package at your druggist. It will save you
your money in your own nervousness.

Short Chapter

Granny Bush Roberts

Livingston—Believe it or not, you can't believe everything that appears in Ripley's famous feature, "Believe It or Not." Take for instance the mention of Granny Bush Roberts which appeared recently. Mr. Ripley led his readers to believe that "Granny" Bush Roberts of New Willard, age 79 rides horseback daily. A check reveals Mrs. Roberts does not live in New Willard and is not 79 years of age. However, she does ride a horse. Don't think for a minute this is an effort to belittle Mr. Ripley, because the famous originator of "Believe It or Not" was right about Mrs. Roberts three years ago. Three years ago Carol Saxson of New Willard sent in a photo and data concerning Granny Roberts' unusual fondness for horseback riding. At that time Mrs. Roberts did live in New Willard and was 79 years old. It was not until a month ago that Mrs. J. W. Cruise, who is Mrs. Roberts' daughter, received a letter from the Ripley organization asking if Mrs. Roberts were still alive and if her practice of a daily ride horseback had been continued to date. Granny Bush Roberts is still very much alive, and continues to enjoy her daily ride. Instead of being 79 years old, she is now about 82 and has lived with Mrs. Phoebe Clark of Leggett for more than a year. She frequently rides from Leggett to New Willard to visit her daughter, Mrs. J. W. Cruise. Mrs. Roberts does not go in for the feminine side-saddle type of riding that was popular with the ladies of the early twentieth century. She has used the same old standard stock saddle for more than 20 years. While Mrs. Roberts leads the field of elderly horseback riders in the country, she has several contemporaries among the men. R. R. Laird of Ollie, who is now 85, was accustomed to traveling from the top deck of a horse until a few months ago. J. M. Peters of Livingston has forsaken his automobile because of failing eyesight and now relies on his horse for transportation. Mr. Peters is 82 years old. Jim Smith, a negro, who is on the Howe farm is well past 80, yet he rides horseback almost daily to round up the cows—"Believe it or Not."
