## THINK 'MBOBBIES

We read a squib in a publication saying the average price of motor vehicles was \$200. How about that word average? It covers several million cars that ought to be shooed off the highways.

Cattle men breitbarters figuring on an earth who should not overlook Woodville when looking for green stuff to send through the ensilage cutter. What we mean is there is a superabundance in Woodville.

Did you ever notice that none of our law makers who are so free to pass bills to regulate business, are in business of any kind? Their business experience is confined to that incident to being on the receiving end of a government pay check.

It is expected some railway company held an auction sale of unclaimed and uncalled for baggage that all such sales will be attended by runaway crowds. In Atlanta, Ga. one day last week a fellow paid \$1 for a trunk. It contained quantities worth over \$1,000.

It will be remembered Boyo Cochran failed in Livingston to make a winning team out of a lot of unmountable material, and he was not engaged for a second year of coaching. Some time later he became coach for Hearn. Just to show Livingston he could produce a winning team he brought his lumberjacks to the town's field and trimmed 'em about 37-0. Boyo now is in line for coach of Southwest University. All his friends hope he lands the place. Give him the material with which to build a team and he'll deliver, and incidentally take his boys out of their school and consistently win.

When I Bill McGraw makes up his mind to run again for some state office, he'll have a lot of explaining to do. Perhaps the hardest thing he'll have to do will be to tell the people of Polk county why the suits of the variety packs were transferred out of Polk county into Travis county. It appears the land variety pack has not yet been cleared up, and Bill will not have a friend left in Polk county. Many of the land owners as they were recognized for several decades, are hardly in position to engage lawyers to go to Austin or Dallas to some other place to have their case tried. If there is any one thing Bill could do to forever shut himself as a candidate for any state office in the future, it is the one thing that should be done at this time.

## Son's in the Legislature

I've got a letter, parson, From my son away out west, And my old heart is heavy, As an avid in my breast. To think the boy whose future, I once so proudly planned, Should wander from the path of right.

And even to such an end I told him when he left us, Only three short years ago, He'd find himself a plowman, In a mighty rocky row.

But he said the farm was awful, And he guessed he'd have to go, He writes from out in Texas, An' the story's mighty short, I just can't tell his mother, It might break her poor heart, And so I reckon, parson, You might break the news to her, Bill is in the legislature, And he doesn't say what for!

## Woodville Locals

Mrs. J. B. Means, after spending a three-month honeymoon at the San Francisco Exposition, Carlsbad Caverns and Salt Lake City, visited Friday with their aunt, Mrs. Jennie Hart. They will make their home in Houston.

Aaa Tatum of Colmesneil has been seriously ill but is some better at this time.

Mr. and Mrs. Tom Minyard drove to Livingston Sunday afternoon to see the new bridge.

Mr. and Mrs. Mott will be sorry to know that Mrs. Mott's mother died at this time.

Mr. and Mrs. Mott's mother died at this time.

## New Members of School Faculty

At the special meeting of the school board Monday night four teachers were elected on the faculty. The Misses Mildred Mills of Caldwell and Doretha Pierce of Beaumont, W. B. Erwin of Denton will take the place of Coach Nail. Chas. Fletcher of Austin was also elected. The date of opening of school has not been definitely decided.

## Maybe We've Only Dreamed It

Every newspaper editor knows what summer brings. These torrid weeks are known as the Silly Season, and numbers of otherwise normal persons are up to all sorts of foolishness.

This year's Silly Season opened promisingly. New Dealers tumbled over themselves to devise the most ingenious explanation that a third term for Mr. Roosevelt is not a third term at all. Solicitor General Robert Jackson started the thing with the assertion that Pres. Roosevelt has only served one term: his first four years in office were nullified by decrees of the Supreme Court. Therefore, concludes the Solicitor General, four more years of Roosevelt will be merely a second term.

## 300 STATE EMPLOYEES NOTIFIED OF DISMISSAL

More than 300 state employees, victims of O'Daniel's veto and legislative appropriations slashes, had been notified Wednesday of their dismissals, effective Sept. 1. Department heads labored over reorganization plans and put the notified workers on first-call reserve lists.

## LIVINGSTON PROPOSES SOFT BALL MEET

The Livingston Invitation Softball tournament which will be held here Aug. 14 to 22, will offer attractive cash prizes to the winners.

The winning team will receive \$100 plus 10% of the gate receipts, with \$50 going to the second place team and \$25 to the team finishing third.

Entrance fee in the tournament, which will be limited to 16 teams, will be \$10.

Strong clubs from Houston or elsewhere desiring to enter should write to H. A. Thomason, president of the Livingston Softball association.

## Woodville Locals

You are cordially invited to attend morning services Sunday at the Christian church. There will be no night services through August.

Rev. J. C. Boyd was in Beaumont Friday.

Woodville friends deeply sympathize with Dr. E. A. Ingram of Jasper in the death of his beloved mother, Mrs. Elizabeth Ingram on July 27th.

The 2nd annual reunion of the late Jimmy and May Jane Walker Read family will be held at the John Wigley Mill in this county next Sunday. All relatives and friends are invited to bring baskets and come.

Mrs. J. H. Willard made a business trip to Houston Saturday returning to Urbana Sunday for dinner with Mrs. H. C. Filler.

Mrs. J. H. Willard and child returned to Woodville Sunday.

## Just One Man's View

Looking over a magazine recently, this interesting statement on the third term question was found: "I regret that the suggestion of a third term has been made. I doubt whether I am called upon to give it notice. But there are now questions of the gravest importance before the Administration and the country, and their consideration should not be prejudiced in the public mind by even the suspicion of the thought of a third term. In view, therefore, of the reiteration of the suggestion, I will say now, once for all, expressing a long-settled conviction, that I only am not and will not be a candidate for a third term, but would not accept a nomination for it, if it were tendered me."

"My only ambition is to serve through my second term to the acceptance of my countrymen, whose generous confidence I so deeply appreciate, and then with them do my duty in the ranks of private citizenship."

"WILLIAM MCKINLEY, Executive Mansion, Washington, June 10, 1901."

This issue in which the statement appeared was The American Monthly Review of Reviews, July, 1901. When the statement was made, McKinley still had three years and nine months to go on his second term.

## Galveston Dedicates New Causeway

The new \$2,106,000 causeway at Galveston will be dedicated to the memory of Texas' smallest and short-lived famous Navy on Tuesday, August 15th.

A handsome plaque commemorating the Navy will be unveiled on the great steel and concrete structure by the Daughters of the Republic as a part of the ceremonies in connection with the causeway and the centennial of Galveston.

This great causeway, two miles long, and 40 feet wide, spans the waters of Galveston bay frequently used as harbor by the Texas Navy.

The Texas Navy began with the purchase of four vessels by the Republic of Texas in 1836. These ships patrolled the coast and cut off supplies of the Mexican troops during Santa Anna's invasion. Later more vessels were purchased but by the time they arrived in 1839, the original four ships were gone, two of them having been wrecked, one sold, and the other captured. After the independence of the Republic was fully established there were bitter arguments over the proposed sale of the ships of the fleet. They were retained, however, and in 1846, on annexation, they became a part of the United States Navy.

## Orange Gone Dry

City and county enforcement officers backed by what appeared to be popular sentiment, have caused discontinuation of the sale of beer as well as all other intoxicating drink, on Sunday.

A few sellers of beer had operated under supplementary licenses that permitted the serving of beer with food, regardless of the day. All of the supplementary licenses were surrendered, following a public meeting with enforcement officers, and dealers present.

## Fighting Pink Boll Worm in the Valley

Financed by \$460,000 federal appropriation, a new pink boll worm eradication program began, Aug. 2. Administered jointly by state and national governments, the plan lists destruction of cotton stalks, harboring place for the injurious insects, in Cameron, Hidalgo, Willacy, Starr, Brooks, Jim Wells, Kleberg and Nueces counties.

Entomologists reason the destructive pest can be eradicated only by ripping up and burning picked over cotton stalks.

## Special Notice

The regular 2nd Sunday Singing convention will meet next Sunday afternoon at the Bethany church, four miles west of Colmesneil. You are cordially invited and urged to be present.

## Woodville Locals

Mrs. J. H. Willard, enjoyed a chicken pie dinner with the L. H. Jennings family at Gulf Pump Station Thursday.

Mrs. Jeff Reagan of Beaumont are building a new 6-room house on Evalon Street.

## Birth Registrations

Parents of children starting to school for the first time this fall are urged by the State Department of Health to make sure that they have a birth registration certificate regarding their child and if not, to take proper legal steps as soon as possible to obtain this record.

Parents who do not have registration notification of the birth of their child are advised to contact their local registrar of vital statistics with whom the certificate was originally filed.

In many Texas school districts, a notification of birth certificate is required to prove the child is old enough to enter school. As the Vital Statistics department will be called upon to answer numerous requests for school certificates, securing this record early will speed up the process of securing the needed forms before school opens.

Acquiring a record of birth is not only an important part of the task of getting the child ready for school, but is an essential item in the larger job of preparing the child for the future. The time will come when he will need a record of his birth. Proper registration now will prevent difficulty later on in his life.

In addition to its importance at the time of admission to school, birth registration may be necessary for obtaining a work permit, an automobile driver's permit, the right to vote and the right to marry; for proof of parentage, inheritance of property, settlement of insurance and in establishing identity.

Little, seven-year-old Dorothy Jo, daughter of Mrs. Lester Duff of Warren fell off a fence this week and broke her arm.

D. T. Bartlett is moving into the house recently remodeled by Judge J. E. Wheat, west of his office. Friends are sincerely glad Mrs. A. P. Little are moving back to Woodville and will be settled in the Mrs. Chloe Barclay apartment where they were living when they left Woodville for Nacogdoches. They have been in Livingston for the past four months.

## Stole All The "SEES"

A Missouri editor on going to press found to his amazement that a thief had entered his office the night before and had stolen every letter in the establishment. Not having time to procure a new supply for the present issue, he explained his predicament as best he could in the following manner: "We wish to apologise the beginning of this issue that the absence of columns is caused by some contemptible culprit who committed a cowardly act last night by entering this place and stealing every letter in our office. Not a single line was left untouched. No doubt the rascal who committed the crime and of which we have a good clue was seeking revenge for some unknown cause. We consider he has done us a favor by exposing the 'bonding' of his letter by kidnapping this issue. We have a good clue that we will follow up on."

So, again, echoing the question which the coroner must frequently ask at the inquest, why the hurry, Sonny Boy?

It can't be that anybody wants you back at the place where you've been or that anybody else will be glad to see you at the place where you're going.

"Really, now, Sonny Boy, what is all the hurry about?"—Courtesy "Western Newspaper Union," and by Irvin Cobb.

## What Mefo Says About WPA

Some 625 WPA workers will be discharged in the Houston district, comprising 21 counties. This district has 14,408 workers. Now the number will be 1783. What will the government save? About \$26,000 a month.

That's a sample of the economy efforts adopted by Congress recently. Thousands of workers will lose their jobs with the WPA throughout the country. A few may find employment with private firms. Others face starvation.

It may be our relief system is all wrong. Probably we should not let the government create work to help the poverty-stricken. Some citizens think every man should make his own living or die. Others think there would be more workers on our farms and in our industries if we had not started the relief system and the WPA.

What is your opinion? Do you want us to adopt the old time system of "root hog, or die" or do you prefer that we continue to use the taxpayers money to prevent starvation and revolution?—Houston Press.

## Ad Valorem Taxes Hiked the Limit

Austin, Aug. 4.—The Maximum state ad valorem tax rate of 77 cents on \$100 valuation was levied by the State Automatic Tax Board. It was the first raise in State taxes in five years.

Gov. O'Daniel, in whose office the board met, barred reporters from the meeting. They were met at the door with the statement he would issue a memorandum after the meeting.

The tax is divided into 35 cents for state general revenue; 35 cents for schools and 7 cents for Confederate pensions. The levy is on each \$100 of property valuation.

It was ascertained that the needs of the state general revenue fund were placed at \$50,375,813 and that \$18,210,905 is expected to be received from other sources for the fiscal year, leaving \$34,164,908 to be raised by ad valorem tax. The 35-cent rate, however, will produce only about \$8,932,851.

State property valuations were placed at \$3,520,148,676 but from this there was deducted \$655,700,776 for remissions to counties so that the net property valuation upon which the tax is levied is \$2,864,447,900.

The tax is the one that becomes payable in October of this year and becomes delinquent and subject to penalties on Jan. 31, 1940.

Mrs. Charlie Smith and the children and Hack Smith visited in Honey Island Friday night.

After reading proof on the local sent in that J. B. Means and bride had returned from a honeymoon trip to San Francisco, we inquired and learned that the bride is the former Miss Ruby Brown, daughter of Mrs. J. M. Brown of Spurger. Five years ago Ruby entered the subscription campaign The Booster put on and earlier she had sent the news from Spurger, so we feel she belongs to us. She attended Business college in Houston and had The Booster sent to her there. We wish for Mrs. Means the best the world has to offer.

## Dismissals in WPA To Continue

Washington, Aug. 6.—The WPA today ordered its state administrators to resume the dismissal of persons who have been on the work relief rolls continuously for 18 months or more.

Col. F. C. Haastington, the work projects commissioner, telegraphed the administrators that the dismissals should be resumed since congress adjourned without changing recently enacted legislation requiring them.

The dismissals has been suspended by Haastington on July 28 pending a final decision by congress on proposals to ease the requirements of the new relief act.

In his telegrams today the commissions said: "All relief workers except (war) veterans who have been continuously employed on WPA projects for 18 months or more must be dismissed prior to August 31, and after August 31 all relief workers except veterans who have been continuously employed for 18 months must be discharged at termination of such continuous employment."

## No Other Press But Mine!

Since the Nazis' rise to power in 1933 more than 6,000 publications—books, periodicals and newspapers—have passed out of existence. Six years ago the official German press almanac listed 4,803 daily newspapers. Today this has been reduced to approximately 2,000.

More than 1,500 persons have been ousted from journalism by Dr. Paul Joseph Goebbels, Minister of Propaganda and Public Enlightenment, with the observation that they represented "unqualified elements."

Strict orders were issued long ago that no Nazi party member must be seen in public reading any newspapers other than official organs.

All party members, Government and State officials and employees also were urged to cancel their newspaper subscriptions and subscribe to a party organ.

This helped greatly to eliminate the non-Nazi press, as no one in party or Government position dared to oppose this "urging."

The Nazi policy toward newspapers in Germany is best illustrated by this statement of Max Amann, president of the Reich's Press Chamber.

"National Socialism knows only one press, and that is a press run by National Socialists for National Socialists."

## Entirely Self-Explanatory

Members of the Dallas Advertising League have been proud of the following telegram received at the regular meeting of the League held on July 4th at the Adolphus Hotel. The telegram was read over the microphone at the Century Room, where President Dudley Kennedy presided over a loyal group carrying out the tradition that the Ad League never misses a meeting. The telegram follows:

"I very much appreciate your kind invitation to participate in your Fourth of July program and sincerely regret my inability to accept because of my duties here. In these troublesome and vexatious times when the processes of Democracy are being subjected to severe tests in many lands the observance and celebration of the signing of the Declaration of Independence should have special significance. If Democracy is to survive in America we should rededicate ourselves to the preservation of the high and noble principles enunciated in that immortal document. We should realize as so forcefully set forth in that declaration that free government derives its just powers from the consent of the governed and that we, therefore, are responsible for the kind and character of government we create for ourselves.

## Trunk Bought Right

UNSEEN FOR ONLY \$4.00 CONTAINS OVER \$1,000.00

Atlanta, Ga.—When W. H. Wilson took time off from his lunch stand to attend a railroad auction of unclaimed baggage he took a fancy to a trunk, got it for \$4 bid, contents unseen.

In the trunk, Wilson found bonds and securities he said were valued at over \$1,000.

## And the State Still In the Red

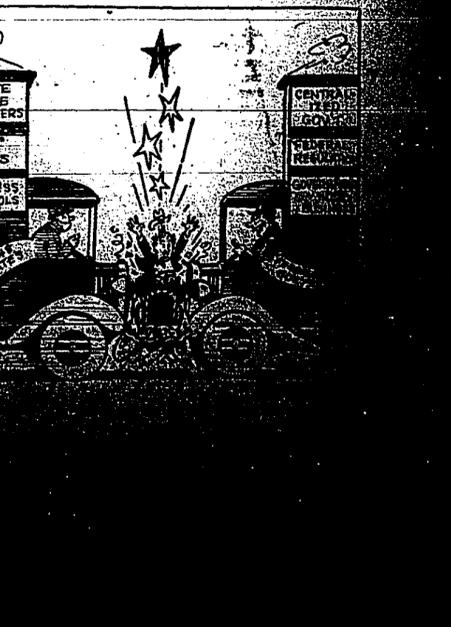

Austin, Aug. 2.—Despite deficits in three funds amounting to \$24,129,100, the state treasury has an overall balance of \$15,719,994. Comptroller George H. Shepherd reported. The comptroller's itemized statement on condition of state funds as of July 31 showed 99 funds with balances totaling \$39,849,094. Unpaid warrants amounted to \$31,624,881 with cash on deposit in state funds aggregating \$47,344,875.

Funds having deficits were the General revenue, \$18,930,780; Confederate pension, \$7,992,237; the state old age pension, \$2,265,817.

Among funds with large balances were: State highway, \$4,586,852; permanent school, \$3,754,552; county and road district highway, \$3,832,624; highway motor fuel tax, \$4,200,094; and relief bond sinking fund, series 11, \$1,192,217.

**THE ADVALOREM** tax has been  
 hiked by the State board and  
 the rate is now 77 cents per \$100  
 valuation.

**THERE ARE** still a few  
 owners who would rather  
 "depreciate" their cars with  
 foreign licenses. In Houston  
 they are picking 'em up here  
 and there. That's all a. k.  
 These fellows would sooner  
 purchase two licenses and keep  
 outside the law, than to pur-  
 chase one at home and be law-  
 abiding citizens.

**IN SPITE** of the fact Wood-  
 ville has been building homes  
 ever since the late depression,  
 there is still not a suitable place  
 obtainable. Last week a most de-  
 sirable citizen was looking every-  
 where. She wants to come to  
 Woodville to live and H. H. will  
 in the bounds of human possi-  
 bility her family might perman-  
 ently locate in Woodville.

**THE MORE** people think of  
 Germany and Italy hooking up  
 in actual battle against the balance  
 of the old world, stronger be-  
 comes the belief Mussolini will  
 not jump the moment Hitler  
 cracks his whip, because, in the  
 settlement, in case Germany  
 wins, Germany would get all the  
 worth-while pickings and Italy  
 —well, perhaps you can imagine.

**NOW THAT** CIO Lewis has  
 had his say about Cactus Jack  
 Garner, thinks political are no  
 longer normal. Garner received  
 from Lewis what is equivalent to  
 a nominating speech at the Na-  
 tional convention to be held  
 on — 1940. Anyway Garner  
 is in Uvalde and the chair pre-  
 sented by his congressional  
 friends is doped out to be in the  
 truck yard under Jack's favorite  
 shade tree.

**THE GREAT** daily news  
 papers are running rings about  
 themselves in an attempt to de-  
 pict in word pictures, the funeral  
 of Herman O. Floyd, who had two  
 wives, blonds, and both of whom  
 attended the obsequies. Feature  
 bunc is right. Scare heads, in  
 fact flaring heads told the world  
 the rotten story. By the way, do  
 you suppose the Christian Science  
 Monitor would dirty up their  
 pages with recitals of how the  
 wives performed?

**IT'S GOING** to be dry on  
 Sunday in Orange from now on  
 because the sale of beer and all  
 other intoxicating beverages can-  
 not be procured on the Lord's  
 day. Incidentally, that's an or-  
 der that should be made and en-  
 forced in every hamlet, town and  
 city in Texas. And the thought  
 occurred, what's the difference  
 between a package store and a  
 beer parlor and a saloon? Pri-  
 marily a huge dissimilarity.  
 Practically, and in practice, well,  
 there's plenty of booze imbibed  
 in many a package store.

**IF SOMEBODY** would dig  
 up and move some of the weeds  
 in different parts of the city  
 and plant them around the trash  
 pile directly south of the new  
 F & H store; they might grow  
 and in time hide the truck loads  
 of trash, junk, etc. that is posi-  
 tively an eyesore to native Wood-  
 villians. And, too, were the weeds  
 high enough they could hide the  
 trash and tourists driving through  
 town would not accumulate the  
 idea civic pride was an unknown  
 quantity in the capitol city of  
 Tyler county.

**JUST AS** sure as a State  
 legislature passes a new law, it is  
 "acted" in all states, lawyers begin  
 study of time to find out how  
 it can be abrogated, legally. Right  
 now a new railroad commission  
 bill that is supposed to keep  
 the highways Saturday  
 closed is being subjected to  
 "study." The exception is  
 that trucks carrying  
 commodities may pro-  
 ceed on operating roads  
 on Saturdays.

**NATURALLY** WHEN one  
 reads the heading of the Junior  
 base ball affiliation, AMERICAN  
 LEAGUE, folks wonder what its  
 all about, when, for instance, the  
 roster of the several participating  
 clubs is perused. As a single  
 instance we refer you to the fol-  
 lowing from the Galveston News:

"Proof Readers Green as Sena  
 Being in Another Typographical  
 Terror; Battery; Palagiri and Giu-  
 liana." It seems as though there  
 ought to be enough Americans  
 good enough to make up the  
 members of the several clubs in  
 the National and American  
 leagues of base ball which is the  
 American National sport, as is La  
 Croisse for the Canadians.

**TALK ABOUT** a sales tax  
 will not down, and then there's  
 a lot of fellows who imagine Gov.  
 O'Daniel is bluffing when he tells  
 the world he will not call a spec-  
 ial session. Why should he? Has  
 he or can he get any idea that  
 an added session would be any  
 more successful than the 1939  
 meet? That bunch of members  
 of both houses did nothing to sat-  
 isfy the public on several money  
 raising plans during a record-  
 breaking length of term, conse-  
 quently there is no reason they  
 would or could agree on any  
 thing that might be offered if  
 given another opportunity? These  
 geeks muffed their fly ball out  
 in the field, and Texas voters will  
 be looking for new outfielders in  
 1940.

**EVERY COUNTY** seat city  
 should have stationed therein two  
 highway patrol men, on day and  
 night service, with automobiles  
 equipped with receiving and  
 sending apparatus. This fact was  
 demonstrated by the late Hull  
 bank robbery. Had there been  
 these patrol men, etc., in all the  
 county-seat towns the word  
 would have been flashed out over  
 the territory in no time at all, and  
 highways would have been patrol-  
 led by all kinds of police officers,  
 from sheriff's on down the line.  
 And, too, in the enforcement of  
 many highway laws receiving and  
 sending apparatus would prove to  
 be of inestimable value, for, it  
 is a fact, one of these days the  
 laws of highway musts and must  
 not be enforced.

**DELAY IN** the law does not  
 always win out in a murder trial.  
 In Livingston last week Roderick  
 Gates, Trinity county farmer, was  
 sentenced to 25 years in the pen  
 for a murder committed in 1937.  
 And we have, at the next term  
 of court, a murder case coming  
 up for trial. A drunken driver  
 smashing head-on into a truck  
 south of town and killing as fine  
 a young man as ever trod the  
 streets of Woodville. The case has  
 been continued for about a year.  
 Of course, no one doubts the com-  
 mune is for the express pur-  
 pose that sentiment may subside.  
 It has not, and incidentally the  
 booster will see to it the terri-  
 ble affair is not forgotten. It  
 was a plain murder case, and  
 drunkenness should not, and to  
 all eyes, save perhaps the law's,  
 is absolutely no excuse, and  
 the Texas law proscribing and  
 prescribing punishment in such  
 murder cases, is no more or less  
 than an insult to intelligence.

**HOW WOULD** you like to  
 be a trusted and honored secre-  
 tary of the Texas Press Associa-  
 tion and make a record of service  
 of some 27, to be exact, 37 years  
 and suddenly find what an abso-  
 lute failure you have been, not  
 only to yourself but to a great  
 percentage of the chiques you  
 were supposed to represent? Com-  
 pared with Minnesota, Missouri,  
 Oregon, Washington and Utah  
 the State of Texas is the poorest  
 state in which to conduct a news-  
 paper as pertaining to the legal  
 status of what constitutes a legal  
 notice and must be published in  
 designated papers, and also as for  
 the remuneration therefor. We  
 happen to know how the legal  
 rate came into practice in Oregon.  
 It did not take a young man of  
 many years friendship with us,  
 very long to introduce and carry  
 out to a successful conclusion the  
 matter of legal printing in that  
 state. About 1/2 of 1% of the  
 time Sam Harben is supposed to  
 have been looking after Texas  
 newspaper men. Can anybody  
 tell the Booster of a thing worth  
 mentioning Sam has done? True,  
 he may have drummed up a good  
 membership. But the association  
 has made it possible for him to own  
 and operate a magazine known  
 as the Texas Press Messenger, to  
 which publishers have supposed  
 to be very much indebted. And

**6 MILLION MILES**  
 a year  
 IN TEXAS  
 without a serious  
 accident

EACH MORNING this Texas  
 telephone man climbs into his  
 blue-grey truck and goes about  
 his job of making telephone talk.  
 Safety rides with him as he drives  
 through city streets and over  
 country highways.

Last year, he and other tele-  
 phone men in Texas, drove 600  
 telephone cars and trucks more  
 than six million miles — the  
 equivalent of 241 trips around  
 the world — without a serious  
 accident. There were a few  
 scratched fenders, to be sure...  
 but last year's average for  
 minor accidents was only one in  
 177,000 miles of telephone driv-  
 ing in Texas.

Safe, courteous, considerate  
 driving is an important part of  
 a telephone man's training. Safe-  
 ty, the duty of every good citizen  
 to his community, is one of  
 his company's goals. It goes  
 about its job of furnishing good  
 telephone service at low cost to  
 you.

**Woodville Locals**  
 Little Miss Fredna Matthews  
 has returned from a month's visit  
 in Beaumont with her aunt, Mrs.  
 J. F. Pittman. Last week they  
 visited Miss Lucy Adams in Gal-  
 veston.

**Room Bureaus Set Up**  
 For New York Fair

NEW YORK (Special)—Two  
 agencies have been set up in  
 New York City to insure  
 World's Fair visitors getting  
 living accommodations at a  
 most reasonable price.

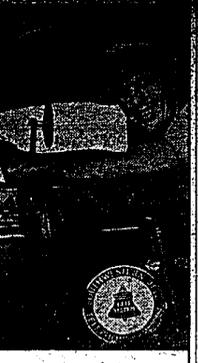

One is the Mayor's Official  
 World's Fair Housing Bureau,  
 with headquarters in the  
 Chamin Building, 172 East 42d  
 Street, set up by Mayor La  
 Guardia to locate rooms for  
 visitors in private homes and  
 dwellings.

The other is the Hotel Room  
 Information Bureau of the  
 Hotel Association of New York  
 City, representing 180 hotels  
 with a total capacity of 80,000  
 rooms. The bureau is at associa-  
 tion headquarters, 221 West  
 57th Street.

Both agencies function with-  
 out any charge to the visitor in  
 finding him clean and comfort-  
 able accommodations at a price  
 within his means. Rooms in  
 private dwellings range in price  
 from \$1 per night per person  
 upward, with the average per  
 person \$1.50.

Every Western Union and  
 Postal Telegraph office is  
 equipped to handle requests for  
 rooms in conjunction with the  
 Housing Bureau's operation.  
 Every policeman in New York  
 City is familiar with the plan,  
 and is equipped to give visitors  
 first-hand information on meth-  
 ods of obtaining registered and  
 approved rooms.

**Historic Hoaxes**

**The Drake Estate**  
 FOR more than half a century the  
 "Drake estate" legend has been  
 used to defraud Americans of mil-  
 lions of dollars but so long as the  
 "get rich quick" desire persists, it  
 will probably continue to harvest  
 its crop of gold for swindlers.

The story they tell is that Sir  
 Francis Drake, naval hero and free-  
 booter of Queen Elizabeth's day, left an estate which, held in trust  
 by the British government, is now  
 estimated at 10 billion to 25 bil-  
 lion dollars. They claim that they  
 have discovered a "lost heir" to  
 this fortune and offer persons bear-  
 ing the name Drake as descended  
 from persons of that name an op-  
 portunity to contribute to a fund  
 which will be used in establishing  
 the "lost heir's" title. Once that is  
 established, they promise that any  
 anyone who has contributed to the  
 fund will be repaid a thousandfold.

The fact is that Drake was never  
 married, he did not leave any  
 heirs, and his estate was divided  
 among his children. In 1885 the state  
 of New York passed a law which  
 set a time limit on the recovery of  
 estates and the Drake estate was  
 closed.

**John Sturrock** was a Beaumont  
 visitor last Friday.

The families of O. S. Sturrock  
 and J. B. Mann were made happy  
 by the return Sunday of the father  
 and husband from Beaumont  
 after a two week's stay for treat-  
 ment. Mr. Sturrock was given a  
 blood transfusion and Mr. Mann  
 was treated for a stubborn rheu-  
 matism attack. Mr. Mann still  
 has his leg in a cast and is hav-  
 ing to keep a weight attached to  
 his foot, but says his pain has  
 greatly subsided and he hopes to  
 overcome his trouble by adhering  
 to the treatment for a few more  
 weeks.

**S. L. Mann** of Groveton spent  
 several days with relatives in this  
 vicinity.

A. G. Massey, who is attending  
 State U came Saturday to visit  
 his wife and son, who are visit-  
 ing her uncle, J. D. Enloe.

**Mrs. E. C. McCurley** of Beaumont  
 and Mrs. R. A. McCurley of Port  
 Neches were Sunday visitors in  
 the O. S. Sturrock home.

Arthur Sturrock and family of  
 Diboll visited relatives here Sun-  
 day.

Bill Mann of State U and Miss  
 Mary Blanche Mann of Nacogdo-  
 ches were here to welcome the  
 father home Sunday.

**Mrs. Fred Matthews** drove to  
 Colmesneil Sunday to spend a  
 few hours with the parents, Mrs.  
 Matthews.

**AMERICAN BOY MAGAZINE**  
 COMPANION TO THOUSANDS

Hundreds of thousands of boys  
 and young men read THE AMER-  
 ICAN BOY Magazine every  
 month and consider it more as a  
 living companion than as a mag-  
 azine.

"It's as much a buddy to me as  
 my neighborhood chum," writes  
 one highschool senior. "THE  
 AMERICAN BOY seems to un-  
 derstand a boy's problems and  
 considers them in such a sympa-  
 thetic and helpful way. It gives  
 advice and entertaining reading  
 on every subject in which a  
 young fellow is interested. It is  
 particularly helpful in sports. I  
 made our school basketball team  
 because of playing tips I read in  
 THE AMERICAN BOY."

**STOP IT WITH**  
**Alka-Seltzer**

Does Headache "slow you  
 down?" You are a rare ex-  
 ception if it does not. Headache  
 One or two tablets of ALKA-  
 SELTZER in a glass of water  
 makes a pleasant alkalinizing  
 solution that usually brings  
 relief in just a few minutes.  
 ALKA-SELTZER is also recom-  
 mended for:

Stomach, "Morning  
 After," Acid Indigestion,  
 Colds, and Muscular Pains.

You will like the tangy flavor  
 and the results when you take  
 Alka-Seltzer. Alka-Seltzer, when  
 dissolved in water, contains an  
 analgesic (Sodium Acetyl-Salicyl-  
 ate). In addition, the alkalinizing  
 agents in Alka-Seltzer help to re-  
 lieve those everyday disor-  
 ders associated with hyper-  
 acidity.

## Baptist Church News

Sunday's services at the Baptist church were among the best we have enjoyed in many weeks. It is good to have a church composed of a group of humble Christians who are at peace with themselves and with God and who find satisfaction in marching along together with all other Christians and with their fellow Baptists throughout the land.

A good man need not proclaim his own goodness from the housetops. We are commanded to "let our lights shine." And light is a silent, subtle sort of thing.

The multiplied thousands of Baptists, Methodists, Presbyterians, Christians, bear testimony of the honesty, integrity and moral fitness of their ministers and lay-leaders.

The several churches of Woodville are just now demonstrating commendable loyalty and devotion to their respective churches. Our Methodist friends are especially to be commended for the splendid work they have accomplished in recent months. Our Christian friends are talking the enlargement of their church plant. Our Pentecostal friends are doing good. The Baptists will in a few days begin an extensive enlargement program. These churches will stick to their tasks and will continue undisturbed.

HAPPY OCCASION FOR  
METHODIST LADIES

Tuesday afternoon the ladies of the Methodist W.M.U. held open house at the new parsonage which Rev. and Mrs. J. C. Marshall moved into last week. The lovely six-room modern residence was very lovely and made more so by many red and pink roses, coral sash and zinnias. Guests were met by the president of the W.M.S., Mrs. J. Wood Fain, and the pastor's wife, Mrs. Marshall, then led through the lovely rooms, with their new furniture. The kitchen with its electric stove, electric ice box and hot water heater held the attention of all house-wives. In the dining room the Misses Dorothy Faye Paschall, Lucy Jane Nellius, Mary Louise Hughes and Jackie Connolly served punch, open faced sandwiches and cakes from the lace covered table. During the afternoon Mesdames Lewis Parr and Mrs. T. H. Towns send played a number of piano solos and the Misses Juanita, Rita and Anita Murrach of Beaumont entertained with violin and piano numbers. It was all very lovely and the whole community is rejoicing with the M. E. congregation that their dream of a new home for the pastor has been realized.

Notice of Hearing Upon Organization of Proposed Tyler County-Neches River Soil Conservation District, Embracing land lying in Tyler County, Texas.

WHEREAS, on the 20th day of July, 1939, there was duly filed in the office of the State Soil Conservation Board at Temple, Texas, a petition signed by fifty or a majority of land owners pursuant to the provisions of the State Soil Conservation Law, as enacted by the 46th Legislature, known as House Bill No. 20, requesting the establishment of Tyler County-Neches River Soil Conservation District, and

WHEREAS, the lands described by said petition and other lands which will be considered for inclusion in said district, are located in Tyler county, described substantially as follows:

All that portion of Tyler County lying north of State Highway No. 45.

NOW, THEREFORE, notice is hereby given that a public hearing will be held pursuant to the said petition, on the question of the desirability and necessity, in the interest of the public health, safety, and welfare, of the creation of such district, on the question of the appropriate boundaries to be assigned to such district; upon the propriety of the petition, and of all other proceedings taken under the said Act, and upon all questions relevant to such inquiries. The said public hearing will be held by the State Soil Conservation Board on the 23rd day of August, 1939, beginning at 10 o'clock a. m. at Colmesneil, in the county of Tyler, Texas.

All persons, firms, and corporations who claim title to any lands lying within the limits of the above described district, and who desire to be heard in opposition to the creation of such district, should appear at the public hearing on the 23rd day of August, 1939, at Colmesneil, Texas, at 10 o'clock a. m.
