THINK'MBOBBIES

The work of iron-oreing the new road, highway 45 out of Woodville toward Livingston is about to begin.

The Fourth of July day's celebration claims at this time 164 deaths. Traffic toll leads the entire list. Find the story elsewhere.

One of these days we'll be hearing about the first 1940 bale of cotton. By the way, it is to be sold at auction for the benefit of the local Red Cross fund?

Sonia Henie is married. Every one who has seen her pictures or attended a performance where she appeared in person, will wish her the best the world has to offer.

The smallest independent country is the State of Vatican City—not Monte Carlo, or San Marino, as it is not generally known. Vatican City comprises 108 acres.

Under the head of "His Last Message to His Countrymen" find a report thereof, Teddy Roosevelt, the most admired president and at the same time, most greatly feared, was a sure-enough American.

It is just too bad for a major offender who arrested by Federal authorities. Local enforcers of law can make arrests, but sympathizers soon have the offender out on bail.

Do you suppose Jack Dempsey can come back and clean up on the present champion—the "gemmen of color"? It does not listen just right, but if Jack can land one wallop 'twill be certain for the brown boxer.

Texas editors, they can hardly all be wrong, passed a resolution at the Mineral Wells convention last month as being against the Fair Trade Bill together with its companion bill, the Anti-Discrimination law. Brothers, let's stick to it.

I do not choose to run, cannot be uttered nor denied much longer. A matter of days now, and an anxious hemisphere of people will learn the truth. Perhaps, before The Booster again circulates throughout this part of East Texas.

Absentee voters are now having their own little personally conducted ball, that of voting before leaving for a pleasure, business or vacation trip. The bars were let down Monday, the 8th, and on Wednesday, July 24th, the practice will cease.

We hear a lot these days about the Monroe Doctrine. True it was promulgated by Monroe, but was originated and worked out by John Quincy Adams. Adams was secretary of state under Monroe. Who is putting the Jap's Monroe Doctrine into actual practice?

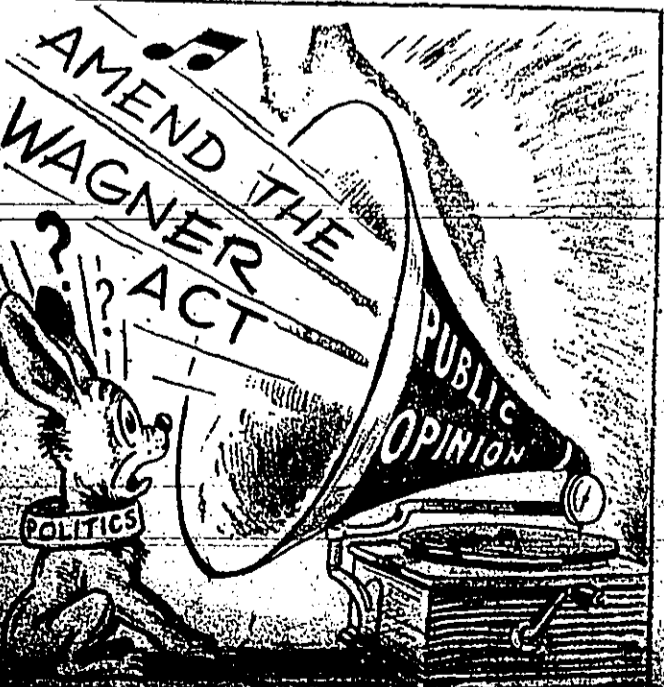

When improvement is made on the main drag, the light and power poles moved back, sidewalks and curb laid, will the city install a red and green stop and go signal with the words attached "No U turn" and the pavement marked for the benefit of the short turners on the corners?

There is no music in a rest, but there is the making of music in it. In our whole life-melody, the music is broken off here and there by "rests," and we foolishly think we have come to the end of time. Be it ours to learn the time, and not be dismayed by the "rest."—John Ruskin.

We are doing our best to aid folks in general to call this wonderful park out on highway 100 by its correct name. This tract of land was purchased by the city of Woodville and turned over to the Texas Highway Department for improvement. The department then named it "State Highway Park." The Booster always names it correctly.

Well, well, well. City the poor, hard overworked candidate. He's worked for soup kitchens, pie suppers, auctions of 11 different varieties, and then, just to keep him in condition to eat and appreciate a few pies, and bowls of soup, he's invited to a cemetery cleaning. And what we mean is just this: He'd better attend all these popular seances (popular did we say?) or have a splendid ice-pick proof, excuse, if he wants to get the universal vote.

HIS MASTER'S VOICE

Resolution 5 By P.-T. Assn.

The Texas Press Association expresses its opposition to efforts to fix prices and otherwise restrict free competition under the guise of prohibiting unfair competition. The Texas Press Association urges its members to request candidates for the legislature to carefully consider all such proposals in the light of their possible effect on the cost of living at a time when people will need to conserve every resource and when the natural result of war conditions will be to increase prices without encouragement or stimulation from government. The Texas Press Association is opposed to the passage of the so-called Fair Trade and Anti-Discrimination bills on the ground that they would confer any benefits upon the people generally nor would they, in fact, afford the protection to the independent merchants claimed for them by the sponsors. These conclusions are based upon the experience in other states where similar legislation has been tried.

MILLER LEAVES SPURGER

Supt. A. A. Miller, who has been with the Spurger school the past seven years, will teach next year in Mauriceville and Supt. Hugh B. Colpepper will come from the Mauriceville school to Spurger. He has been with that school the past nine years. He has quite a job ahead of him for a building project is started at Spurger, although the difficult work of getting such a project lined up is the hardest work in many instances. Mr. Miller and his wife, who was also one of the faculty have a host of friends who wish for them a pleasant future in their new home.

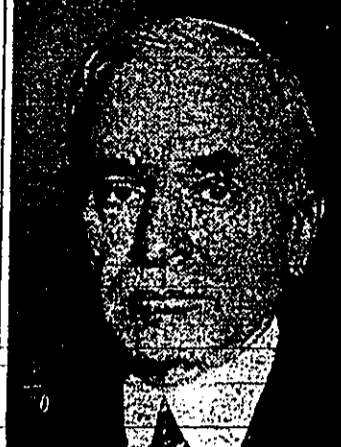

Miss J. Ramsey and daughter, Miss Hazel and Miss Vernon Ramsey and baby attended the Hartgrove reunion at Buna Sunday.

Kind of strange how nature or the weatherman is performing these days. Last winter was the coldest for many years, no one seems to know just how long, and this June the rainfall records are all broken. Ah! we ask you, now, isn't this a bumpy year for weather?

We are doing our best to aid folks in general to call this wonderful park out on highway 100 by its correct name. This tract of land was purchased by the city of Woodville and turned over to the Texas Highway Department for improvement. The department then named it "State Highway Park." The Booster always names it correctly.

Well, well, well. City the poor, hard overworked candidate. He's worked for soup kitchens, pie suppers, auctions of 11 different varieties, and then, just to keep him in condition to eat and appreciate a few pies, and bowls of soup, he's invited to a cemetery cleaning. And what we mean is just this: He'd better attend all these popular seances (popular did we say?) or have a splendid ice-pick proof, excuse, if he wants to get the universal vote.

On Monday, July 15, The Big Democratic Pow-Wow Begins

CORDELL HULL

FRANKLIN ROOSEVELT

BENNET CHAMP CLARK

JAMES BYRNES

ALBEN BARKLEY

Leadoff Contender For R. R. Board

Clyde E. Smith of Tyler county, candidate for railroad commissioner of Texas, went into the second week of July's campaign with assurances from every part of the state that he was the leading contender for the office. This year he visited most of the larger cities of the state last week, perfecting his organizations, and finding active support in each of them. His eight years as a fighting district attorney of Hardin, Liberty, Tyler and Chambers counties put him in position to use his experience to stop the graft and corruption that have shaded the department of government in recent years.

"Our sister state of Louisiana has learned a bitter lesson from corrupt politicians and brooked office holders," the former D. A. stated. "We had an instance of the same thing in Texas recently in the shameful Bigham bribery case in which an employee of the railroad commission was convicted. I intend putting my eight years experience as an enforcer of the law into maintaining an honest and honorable railroad commission, which will render the kind of decisions the law and the facts dictate, and not the kind some special interests dictate."

Smith flayed candidates who conducted dishonest straw-poll in fly-by-night newspapers and try to fool the people into believing that they are the people's choice. He stated that he had more respect for the intelligence of the American people than to think they would fall for such tactics. His own campaign is being conducted on facts, which he believes the people want in this important election year.

SPECIAL NOTICE

It will be necessary, according to the present set up, to print The Booster on Wednesday, a day earlier than usual. Just for next week, that's all. All correspondence must be in Monday, instead of on Tuesday as in the past. Kindly govern yourselves accordingly.

MRS. J. H. WILLARD.

COUNTY RECEIVES \$2,045

Austin, July 5.—Tyler county will receive \$2,045 more from the state this year to operate its schools than it did last year, State Supt. L. A. Woods estimated today. This is based on the assumption that the county will have the same number of students next year as it had last year.

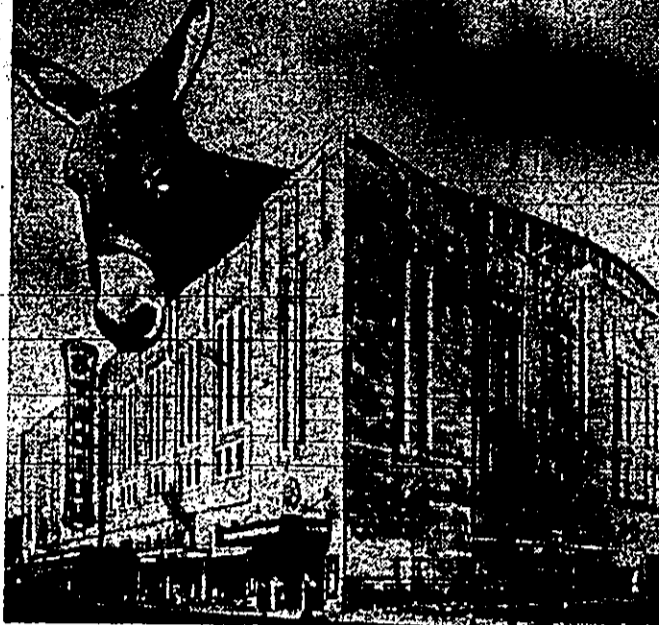

Supt. Woods said the action of the state board of education in raising the per capita from \$22 to \$22.50 was another step toward bettering the educational facilities of Texas.

Supt. Woods has led the fight for increased state per capita appropriations to schools since he came into office. The per capita when Supt. Woods was first elected was \$16, and it has been raised "year by year" until the \$22.50 mark has been established.

Supt. Woods pointed out that increased state assistance to the schools, plus more efficient management and improved teaching methods have been largely responsible for Texas being raised to 18th educational rank in the union from the low mark of 36th which it held in 1932.

It is not expected that the additional per capita appropriation will increase state expenditures as a whole, Woods pointed out, since the scholastic population has decreased in some localities.

Site of 1940 Democratic Convention

Pictured above is Chicago's huge stadium, site of the 1940 Democratic national convention, where 1,094 delegates from every state in the union will gather July 15 to nominate their party's presidential candidate.

Gov. O'Daniel Vetoed That Iniquitous "Fair Trade" Bill

The issue of price-fixing, one of the most bitter controversies of the last regular session of the legislature, was revived in Austin one day last week by news that the Federal Trade Commission is "not ready to release its survey of the effects of the so-called Fair Trade law in other states."

Militant Texas housewives and an aroused Texas press in 1939 arose against the Fair Trade and Anti-Discrimination Laws but the group of lobbyists supporting the two price-fixing laws had done their contact work so early and so thoroughly that the Fair Trade law was passed. After an opinion by Attorney General Gerald Mann, O'Daniel vetoed the law, which would have invalidated the Texas anti-trust laws by legalizing "price maintenance" contracts between a manufacturer and one retailer by which all retailers in the state would have been bound.

The Anti-Discrimination Law would have fixed selling price of all items at about 10% above the wholesale cost of the merchandise. The newspapers and the housewives both are watching this year for a resumption of the "contact work" done by the price-fixing lobbyists. Recently reports began trickling in from all sections of the state that the candidates are again being approached and that the lobbyists are trying to make all of them agree to support the laws regardless of what they do to the state's anti-trust laws or to the consumers the anti-trust laws are designed to protect.

Next major development in the price-fixing campaign will come when the FTC makes its report. In 1934 the FTC made a survey and reported that the Fair Trade Law had resulted in raised prices without any compensation in the form of higher wages or increases in raw material costs.

Apparently to be used as an antidote against the government's

survey, a national druggists' association is conducting a survey of its own, results of which obviously are being withheld until the FTC survey is released. The druggists' association says its survey will not be prejudicial.

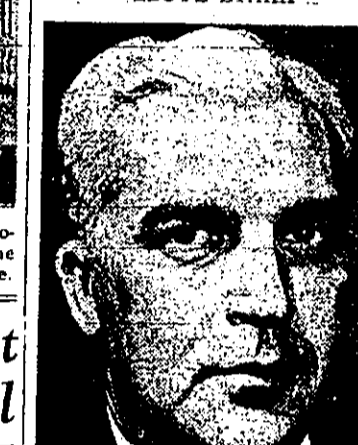

The Fair Trade Act has been passed by 44 states, but is being enforced in that many. Texas, Missouri, Vermont and Delaware have not yet succumbed to the Fair Traders, and the law was invalidated in New Jersey. About 12 states have the anti-Discrimination law in varying forms. The Fair Trade law was being chiefly applied to drug items and whiskey, but recently, the principle of "price maintenance" has been applied to food in Ohio. Any item which carries the name of its manufacturer, whether it is branded or trademarked, can be governed by Fair Trade contracts.

The Anti-Discrimination act's "cost plus" principles are reportedly most effective on fast-selling, low-profit staple food items which sell in bulk such as rice, sugar, flour, shortening, and salt pork. This bill did not even pass the house last session while the Fair Trade sailed through the House and wormed its way eventually through a most determined senate filibuster.

HIS LAST MESSAGE TO HIS COUNTRYMEN
"Any man who says he is an American but something else also, isn't an American at all. We have room for one flag, the American flag. We have room for but one language, and that is the English language, for we intend to see that the crucible turns our people out as Americans, of American nationality, and not dwellers in a polygot boarding house; and we have room for but one soul loyalty to the American people."—Lifted from the Masonic Analysis, owned and published by our life-long friend, Elbert Bede, Portland, Oregon.

LLOYD STARK

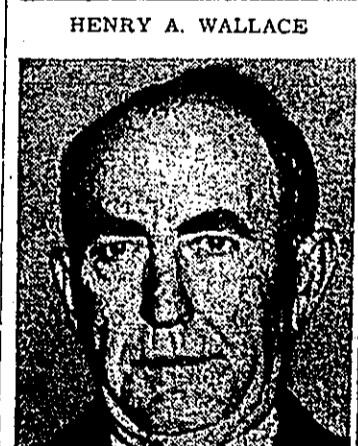

PAUL V. McNUTT

FIGEOLLO LA GUARDIA

HENRY A. WALLACE

WILLIAM B. BANKHEAD

N. R. L. B. For A Rebuild

"No measure now pending before the Congress is more vital to national defense than the bill. Efficient and uninterrupted industrial production is the key to preparedness and national defense. Without it, industry cannot fill its obligation and its desire to make its maximum contribution to national defense."

"The National Association of Manufacturers does not agree with those who say there is not time to deal with this subject at this session. Congress should take its time. Neither is there any necessity for further hearings. A special House Committee spent months investigating the Wagner Act and the National Labor Relations Board and as a result submitted the Smith Bill which the House approved by a two-to-one majority."

H. W. PRENTIS, Jr., President, N. A. M.

TEXAS NYA TO TRAIN 40% MORE YOUTHS IN MECHANICS

Texas young people receiving training in mechanical fields on National Youth Administration shop projects and resident centers will be increased in number by about 40% during the next fiscal year. J. C. Kellam, State NYA Administrator, announced last week. The number of youth learning the fundamentals of metal working, radio and electrical work, aviation mechanics, and ship operation, woodworking and auto mechanics in our local shops and resident centers will be boosted to the full capacity of these facilities.

"Training of the sort given NYA youth during the past few years not only prepares them to aid in our national defense by giving them on-the-job experience in the fields that form our second line of defense but it prepares them to take their places in industry in time of peace as well. Young men between the ages of 18 and 24 who are unemployed and in need of this work experience and training should write us at the State Office in Austin or go to see the NYA representative nearest to them."

JOHN PUNDT VISITS WOODVILLE

John Pundt of Dallas spoke on the town square Friday, and made the plea: "If you do not vote for Clyde Smith for Railroad Commissioner vote for me." His wife and Mrs. H. C. Wadbridge of Lubbock made a friendly call on The Booster folks. Mr. Wadbridge was also with Mr. Pundt.

FOUR HUNDRED POUNDS FISH CAUGHT

Messrs. J. H. Fain, Tommie Townsend, Watt Barclay and the Sweeney, Carlton Young, Frank Fain, Jim Haralson, Bill Pralita who is on his annual visit home from Cincinnati, Ohio, R. E. Patterington, J. Wood Fain, R. B. Barclay and George Dickerson, have returned from a fishing trip some 40 miles out from "Frisco." They landed some 400 pounds of fish, much of it Red Snapper, one of the most delicious of Gulf fish. Oh, yes, The Booster family was remembered.

SINGING CONVENTION IN WOODVILLE WERE

The New Book Convention will be held in Woodville, Saturday night and all day Sunday at the school auditorium. Everyone is invited to bring a basket of songs and song books and have a good time. Many out of county singers are expected.

DANCE AT C. O. C. CAMP

Everyone is invited to attend a dance at the C. O. C. Camp on Friday night of this week.

WOODVILLE

Messrs. Ezra Ely, W. A. Watts were in Beaumont today. Friends are glad to see Ida Mae Triplett, able to get in the Birdwell. Melvin Richmond, attending the Tyler Business College, was at home and the family Mrs. Smith and children, and him, Sunday. Mrs. W. A. Watts, Houston Monday, which is holding a convention for friends. Mrs. W. A. Watts, Houston Monday, which is holding a convention for friends. Mrs. W. A. Watts, Houston Monday, which is holding a convention for friends.

Drys To Turn Out A Record Vote

The liquor forces are again youth who can not vote, and who will be at the mercy of the many roadside honky-tonks and all that goes with beer and wine, if the Wets should slip this across. Let it be a fair and square test, let every one vote on Saturday, July 20, 1940. Let it be a Red Letter day that will forever Black out all intoxicants in our Fair county. Signed: TYLER COUNTY TEMPERANCE LEAGUE.

DR. C. S. LAZENBY ELECTED PRESIDENT AT REUNION

Jasper, July 6.—Dr. C. S. Lazenby, was named president of the Lazenby family reunion for the coming year at the annual reunion held near Woodville at the State Highway Park. Approximately 100 persons attended, descendants of the late Jesse L. Lazenby. The only remaining member of the immediate family is Dr. Lazenby, who is now in Jasper.

TWO BEATEN BY NEWTON CITIZENS

Newton, July 6.—C. E. Smith, candidate for railroad commissioner spoke on "Americanism" on one side of the courthouse here Saturday afternoon, a group of citizens attacked and beat two members of a religious sect on the other side.

As Mr. Smith presented the "Americanism" address before 1,200 persons in the first of a series of patriotic meetings, Sheriff Ebb Budge halted the sect members distributing literature several blocks away and then brought the two to the rear of the courthouse. The group of citizens administered the beating shortly after the sheriff released the two, witnesses said. Two photographs, 30 records and literature printed in English, Spanish, Portuguese and German were confiscated by the sheriff.

184 DIE IN FREAK HOLIDAY ACCIDENTS

The Nation counted at least 184 persons dead of violence today less than half way through the four-day Fourth of July holiday week-end and almost half the toll was attributed to traffic accidents. A United Press survey showed a toll of 78 deaths on the Nation's highways—three more than the average for a normal July Thursday. Thirty-eight persons drowned, 10 committed suicide, two deaths were caused by fireworks, and 30 died of other causes. TWO TYLER CO. BOYS GO. John T. Roney of Chester and Jonathan R. Huff have enlisted in the Army and have been sent to Galveston for coast artillery service. A. W. HOLDER, OHIO REPORT.

READ ELSEWHERE
The Japs have outlined "Peace Terms" with America. The little brown men charge we are "Unwarrantable" in interference with their policy in Asia.

THE STATE Fair at Dallas has a little 4-page paper dubbed "State Fair of Texas Forward." The little sheet is well illustrated and invites newspaper men to send in for mats to use. There are some splendid illustrations we would like to run in The Booster, but we do not use mats. The dates of the big show this year are October 6 to 20.

LAST WEEK this plant printed the official Primary election ballot. A study of the candidates was interesting as several candidates who we had suspected of filing and who had not interviewed The Booster, have their names on the certified list. Of course, any election covering legislative offices, would not be a. If and when Polly A. Durham's name was omitted.

IT SEEMS to The Booster that when any outfit of men or women are arrested and searched, and are found to possess foreign literature printed in German, Portuguese, etc., there should be no question about their intentions. And, certainly, after refusing to recognize the American flag, they are not desirable persons, not good Americans. The time has come to stop defending such characters in any court of American justice. We need detention camps.

SOME WAY, some how, foreign countries, for instance, Japan and Germany, are getting quite independent, insolent, unadaptable and flippant, and Japan actually warned these United States. This, from Japan, seems to be out of line, for America has been termed an ally of the Japs. How come? Well, haven't we gathered about "steep ship loads of scrap iron" from which the Japs have made war munitions with which they have attempted to subdue the Chinese nation? Ally is right.

THAT BOMB blast in New York at the World's Fair that killed two and injured several others, means, but one thing, America's melting pot failed. The story made us remember a lecture by Dr. James G. Gee, who is an ex-service man. Gee said those who were in the World War learned one thing and learned it well—"You are or you are not an

German American. There is no in-between. There is NO GERMAN AMERICAN BOND. Leave out the American, and then it is what we all know, but American? NEVER!"

IF AND when America gets into this scrap; if and when America has to go on an actual defense, do you suppose the bright (?) newspaper reporters will send in stories about when the fleet will be in 48 hours, or 1,000 air planes are headed for? If and when the radio and the press are given their orders on what may be transmitted through the air or published in the daily American press it will be because these two great American institutions have made a lot of imbeciles of themselves and will have nothing but the word scoop to blame. The Booster is for a free and unimpaired press, but some kind of an unwritten law might be for the press, the radio, and all Americans to aid, not hinder, to do something else but chant the lines of the Bill of Rights.

THE FORCES are already getting lined up in connection with the so-called Fair Trade Act which was snarled under at a recent session of the Texas legislature. The Fair Trade and Anti-Discrimination bills were voted down by the Texas Press Association meet at Mineral Wells. If the Texas Press Association had an all-time paid secretary whose duty it would be to call on every newspaper proprietor-publisher in Texas between now and the November election the bill would be downed even before introduction. However, it is expected the present secretary-treasurer may write a few letters to members and fondly imagine he has done the associational members a great service. You know, it takes elbow grease to turn out words of wisdom.

WE READ of the Grand Coulee dam that will furnish water for irrigation purposes for 30,000 families. Well, now, isn't that something? Let's see, 30,000 families raising more corn, cotton, wheat, vegetables, live stock, cream butter, etc., for which there will be no market outside of the market controlled by their own home use, will, in the main be charged to the fact of no outside market. Transportation facilities will see to that phase of the subject. And in the follow-up of the New Deal, Roosevelt-Wallace & Company, at least three-quarters of the 30,000 families to whom loans will be made, houses built by government grants, etc., crops will be plowed under, etc. What the agriculturalist needs today is to be let alone and given a market for his crops at a price not governed by the New York Stock Exchange and other price-fixing corporations. Agriculture needs NOT 1,200,000 additional acres of tillable land, but rather an honest market. We pay from 10c to 25c a dozen for peaches from the west. The grower gets just about 10c for a bushel, and sometimes it is below the 10c. We know, because we have relatives in Washington state feeding potatoes, corn, apples, peaches, etc., to the hogs—no market.

Berlin ordered American to close four Embassies in Norway, Belgium, Luxembourg and The Netherlands by July 15. Well?

GRIMES McSWEEN
A beautiful wedding of mid-summer was that of Miss Laine McSweeney daughter of Mrs. A. W. Grimes of Lufkin, son of Mrs. G. Grimes, which was solemnized Sunday evening at a'clock in the Lutheran Baptist church. Rev. Decker Sanders of Port Arthur performed the ceremony, against a background of classic beauty. Back of the pulpit were beautiful white panels, intertwined with green wreaths and lovely white flowers. As the wedding guests assembled, Mrs. J. E. Wilson of Nacogdoches played, "I Love You Truly," and sung by Edwin Jones. The bride was given in marriage by her father, A. E. McSweeney, who was in a gown of white satin. A coronet of roses held the short veil. She carried a handkerchief of rare old lace. Her bouquet consisted of roses. Her sister, Miss Marie McSweeney was maid of honor. The bridesmaids included the groom's sister, Miss Rachel Grimes of Lufkin, Miss Grace Gilchrist, Miss Joe Harry Haynes and Miss Willard Hill Woods. They were given in lovely pastel colors, carrying arm bouquets of matching colors. Audrey Maddox served as best man. Witnessing the ceremony were Edwin Jones, L. W. Hyatt, Douglas Swearingen and Elton Allison. They were all dressed in summer tuxedos. Miss McSweeney, mother of the bride, wore gray, with matching accessories. Out of town guests present were Mrs. E. S. Hamelton and two daughters, Miss Elizabeth Ann, Dorothy and son Ernest, Mrs. T. D. Miller, Mrs. L. D. Jr., Miss Elma Lee Cox, Venchie Thompson, all of Lufkin, Miss Nellie Priddy, Mrs. L. A. Miller and daughter, and Miss Ozelle, Louis and Paul, from Huntington, Miss Mildred Louise Foster of Houston, Mrs. C. Z. Wilburn and Miss Lous Robbins of Woodville, and Mrs. Ruby Goode of Rockland. The wedding party came on to Woodville where the Sunset Cafe served a supper. The table decorations were lovely. Mrs. Grimes left that evening for her new home in Bogalusa, La., where Mr. Grimes holds a good position with an oil company.

BAPTIST CHURCH
J. C. Boyd, Pastor
The open air revival now being conducted at the State Highway park is being well attended. People from both the local communities and from Woodville are attending the services. The preaching service of last Sunday evening was transferred to the park and an increased number of the church members was in attendance.

THE PROHIBITION election called for Saturday, July 20, has in it the possibilities for all manner of evil. If those who are responsible for cutting of the election are successful it will mean the return of not only beer to the county but also other forms of liquor. It will mean that saloons and honkeytonks will be placed in Woodville and all other towns and villages of the county and at every choice road side spot as well. It must not happen. This prohibition election is being sponsored by the liquor interests and will cost the taxpayers of the county approximately \$400. It is less than six months ago that our county was overwhelmingly dry.

MT. CARMEL
Many people enjoyed the Davis reunion and singing and dinner Sunday at Mt. Carmel church. Mrs. Austin Davis and Mrs. Loren of Texarkana were at the reunion. Mrs. D. K. Thorton and children of Dayton, Mrs. M. T. White and daughter, Mrs. J. B. Greenwood and the children of Rockland, Mrs. Jack Gibbs and children, Mrs. E. W. Gibbs Sunday, 23 grandchildren and 7 children were present Sunday at the Gibbs reunion. A barbecue dinner was enjoyed by all. Mrs. F. E. Stems and children visited Mrs. Bud Davis at Acol. Mrs. Lorraine Cunningham and son of Acol are spending this week with Mrs. Floyd Stems. Mrs. Frank Creed of Galvestone visited Mrs. Berna Wilkison Friday. Mrs. Rue Wilson and children of Acol visited Mrs. E. W. Gibbs last week. Mrs. J. J. Davis and son and Lee Louie of Acol were also at the Davis reunion.

AT THE DEM. CONVENTION
responsible for loss of 188,000 man days in Texas each year. Typhoid prevention is a simple procedure. Typhoid vaccine is injected under the skin in the upper part of the arm, in three doses, usually at weekly intervals. It ordinarily protects against the disease from two to three years or longer, although one who is definitely exposed to infection should be revaccinated at more frequent intervals. Typhoid fever can be controlled by the use of pure water, pasteurized milk or clean milk, clean foods, proper disposal of sewage, screening against flies and destroying their breeding places, by search and care of human typhoid carriers, and by the general practice of vaccination. Certain people, apparently healthy, carry the germs of typhoid in their intestines or urinary tract and cause many cases of typhoid each year by unsanitary personal habits. They are called typhoid carriers, and many cases of typhoid result from personal contact with these carriers. In selecting a place for a vacation, choose one where the water and milk supplies are pure. Be sure that the food supply is screened against flies. When camping, it is best to boil water used for drinking, unless it is purely has been certified. Clear, sparkling stream water may be polluted.

RECRUITING UNLIMITED FOR MONTH OF JULY
The recruiting quota for the U. S. Marine Corps remains unlimited for July. Since the start of this recruiting drive, men have been pouring in the District office at Dallas steadily. In order that young men residing long distances from Dallas may apply for enlistment without traveling four additional stations have been opened in Texas. These stations are located at Austin, Fort Worth, Houston, San Antonio. It is expected that the additional 9,000 men authorized for the Marines will be reached in record time, bringing the total strength of the Marine Corps to 34,000 men. After this figure has been reached, recruiting activities will no doubt fall off again and only a few men will be accepted each month. Many young men, having just finished school, are taking advantage of the opportunities offered by the Marine Corps Institute, which offers more than 175 courses, free to members of the Marines. These courses cover many subjects taught in our larger colleges and the high school course is comparable with that of any high school in America. Young men desiring information regarding the Marine Corps, may

CONTROL OF TYPHOID OUTSTANDING ACHIEVEMENT
The control of typhoid fever in the United States represents an outstanding achievement in preventive medicine. In 1900, the national death rate from this disease was 31.3 per hundred thousand; today, the rate is 1.8. This marked decrease in typhoid deaths is based on knowledge to scientific attack than typhoid fever. "Indeed, it is no exaggeration to say that from a public health point of view, there should be no typhoid fever," declares Dr. Geo. W. Cox, State health officer. However, Dr. Cox pointed out that typhoid, while an "unbearably evil" was a persistent threat to health.

GRIMES McSWEEN
A beautiful wedding of mid-summer was that of Miss Laine McSweeney daughter of Mrs. A. W. Grimes of Lufkin, son of Mrs. G. Grimes, which was solemnized Sunday evening at a'clock in the Lutheran Baptist church. Rev. Decker Sanders of Port Arthur performed the ceremony, against a background of classic beauty. Back of the pulpit were beautiful white panels, intertwined with green wreaths and lovely white flowers. As the wedding guests assembled, Mrs. J. E. Wilson of Nacogdoches played, "I Love You Truly," and sung by Edwin Jones. The bride was given in marriage by her father, A. E. McSweeney, who was in a gown of white satin. A coronet of roses held the short veil. She carried a handkerchief of rare old lace. Her bouquet consisted of roses. Her sister, Miss Marie McSweeney was maid of honor. The bridesmaids included the groom's sister, Miss Rachel Grimes of Lufkin, Miss Grace Gilchrist, Miss Joe Harry Haynes and Miss Willard Hill Woods. They were given in lovely pastel colors, carrying arm bouquets of matching colors. Audrey Maddox served as best man. Witnessing the ceremony were Edwin Jones, L. W. Hyatt, Douglas Swearingen and Elton Allison. They were all dressed in summer tuxedos. Miss McSweeney, mother of the bride, wore gray, with matching accessories. Out of town guests present were Mrs. E. S. Hamelton and two daughters, Miss Elizabeth Ann, Dorothy and son Ernest, Mrs. T. D. Miller, Mrs. L. D. Jr., Miss Elma Lee Cox, Venchie Thompson, all of Lufkin, Miss Nellie Priddy, Mrs. L. A. Miller and daughter, and Miss Ozelle, Louis and Paul, from Huntington, Miss Mildred Louise Foster of Houston, Mrs. C. Z. Wilburn and Miss Lous Robbins of Woodville, and Mrs. Ruby Goode of Rockland. The wedding party came on to Woodville where the Sunset Cafe served a supper. The table decorations were lovely. Mrs. Grimes left that evening for her new home in Bogalusa, La., where Mr. Grimes holds a good position with an oil company.

BAPTIST CHURCH
J. C. Boyd, Pastor
The open air revival now being conducted at the State Highway park is being well attended. People from both the local communities and from Woodville are attending the services. The preaching service of last Sunday evening was transferred to the park and an increased number of the church members was in attendance.

MT. CARMEL
Many people enjoyed the Davis reunion and singing and dinner Sunday at Mt. Carmel church. Mrs. Austin Davis and Mrs. Loren of Texarkana were at the reunion. Mrs. D. K. Thorton and children of Dayton, Mrs. M. T. White and daughter, Mrs. J. B. Greenwood and the children of Rockland, Mrs. Jack Gibbs and children, Mrs. E. W. Gibbs Sunday, 23 grandchildren and 7 children were present Sunday at the Gibbs reunion. A barbecue dinner was enjoyed by all. Mrs. F. E. Stems and children visited Mrs. Bud Davis at Acol. Mrs. Lorraine Cunningham and son of Acol are spending this week with Mrs. Floyd Stems. Mrs. Frank Creed of Galvestone visited Mrs. Berna Wilkison Friday. Mrs. Rue Wilson and children of Acol visited Mrs. E. W. Gibbs last week. Mrs. J. J. Davis and son and Lee Louie of Acol were also at the Davis reunion.

HILLISTER
The Misses Grace Gilcrease and Joe Harry Haynes entertained in the home of Mrs. Lem Bullock with a bridal shower honoring Miss Laine McSweeney Friday afternoon from 5 to 6. The rooms were lovely with cut flowers and ferns. After several enjoyable games Miss McSweeney was told to find the end of the cord. She followed the cord all over the dining room, sun porch and into the bedroom, where many lovely and useful gifts were displayed and after thanking each guest for their kindness, delicious refreshments were served to 15 guests. Marvin Maddox, Elton Spurlock and Pete Abbott left last week for Camp Bullis, Fort Sam Houston to be gone for 30 days. Mesdames J. M. Swearingen, W. M. Maddox and Douglas Swearingen attended the Ratcliff reunion Sunday. Visitors in the Rev. Holt home over the week end were Mrs. Sybil Holt and son, E. Robertson and Miss Har-
