

WOODVILLE BOOSTER

...to raise funds for a new... as worthy school projects. The Eagles will put on six and possibly more games for the year at home. There also will be the countless room mother's meetings together with the School Athletic Council's work. It looks as if the balance of this year and all of next year's time up until vacation time has already been spoken for.

SUBSCRIPTION RATES
(Payable in Advance)
One Year, Out of County \$2.00
Six Months \$1.10
Three Months \$0.60
One Year, In Tyler County \$1.50
Six Months \$0.80

Display Advertising rates made known on application at the office. Obituaries, Cards of Thanks and all like matter that is not strictly news will be charged two (2) cents a word, payable in advance. Reader Notices, 10¢ a line.

J. H. WILLARD, Editor-Owner
MRS. J. H. WILLARD, Adv. Mgr.

HOW WOULD a motto like this apply in Woodville? "No axes ground in Woodville?"

THE NATION'S fund for Red Cross exceeds twenty millions of dollars. No one can accuse Americans of being mercenary.

MOST TEXANS are happy to know Sam Rayburn of Bonham has been selected as speaker of the House of Representatives. Another honor for Texas.

WOULD YOU believe it? Income Taxes were in force in 1848? Find the story elsewhere. It is authentic and interesting and will be a surprise to many.

IT APPEARS every time Candidate Willie opens his mouth he loses votes, and if he'll talk in enough cities of the U. S., he'll make it easier for the Democratic party to win.

COLMESNEIL COMES to life with this issue of the Booster, will a program of the fair which opens Oct. 3. The list also gives the prizes offered, other than those printed in the fair catalogue for displays, etc.

MORE AND more in every way, users of automobiles are learning the necessity for parking rules and stop and go signals. Because we have been fortunate for years is no absolute reason we shall continue to be lucky. Lucky is right.

THE BOOSTER is publishing a complete list of all presidents of these United States since America began having them. The practice began in 1789, shortly before we arrived. However, about the first president we can remember was James A. Garfield in 1881 at the time of his assassination. How many presidents can you, reader, actually remember?

MANY ARE congratulating the participants of those in the two-car wreck here one day last week in that no one appears to have been seriously injured. Also many are glad the pileup did not happen on the main drag on the corner leading to the educational center. Any mixup at this corner would be particularly dangerous on a school day and when the youngsters are on their way to the schools.

MORE AND more in every way Hitler is discovering England is not easily frightened. Fact of the whole matter is just this: John Bull was a bit worried when the air boats began pebbling the cities, but with each additional raid comes more courage and will tell the world England is a long way from defeat. The absolute destruction of London will not defeat the Britishers, any more than the wiping out of New York City clean up the American continent.

FRIDAY, OCTOBER 4th Groveton comes to Woodville and, too, with the supreme effort in mind, of course, of wiping out the sensational defeat of that team by Woodville Eagle a few years back. There'll be plenty of fireworks injected into the game. As a matter of fact Woodvillians—the citizens, we mean, have not forgotten Grepeland's effort to have a couple of the Eagles declared ineligible. As a matter of fact they couldn't make their charges a. k.

ACTIVITIES FOR school are now the main program. There

DEATHS IN the American Congress, a story of Gov. W. Simson, will make interesting reading. You all have read of them during the year, can you tell how many there were? But what is really interesting is the fact Uncle Sam pays up. It is a matter of fact we did not know it, for instance, the widow of Thomas S. McMillan, South Carolina, received \$10,000 on account of her husband's death while in the line of duty, but read it and find out what happened to her.

THE QUESTION of the moment is whether John L. Lewis did not step into a fast one when he patronized that "International labor congress in Mexico?" It was commonly regarded as Communist in intent and act. It may be as sweet as Shirley Temple, but it has a poor reputation. Communism is not popular with Americans. Mr. Lewis' C.I.O. has the name of being well staffed with Communists. A dark split is, so to say, hovering on the horizon. Flowers are being gathered by the American Federation of Labor.

IF THERE is one act or law, call it what you will, that is un-American and should be declared null and void, it is the Wagner Act. Can you imagine, here in America, a law which says to a foreman he cannot talk to men under his command? This brings to light a case of two men who grew up together; were always the best of friends, saw service in the late World War; in fact, were like brothers, and, further, were employed in a great manufacturing plant. One later became the foreman in charge, and because he talked to his friend, the Wagner outfit called him on the carpet and actually deprived him of the privilege of visiting with his friend. Natural human relationships are prohibited as far as conversation and contact and exchange of speech are concerned. How much longer will the Wagner bill be left alone to do as labor leaders, C.I.O., etc., wish? The bill is un-American. Recently Fortune, one of the Greatest American Journals headed its story on Wagner, Act better known as the National Labor Relations Board, as the G. D. N. L. R. B. Of course, our interpretation of that set of initials is that "Gosh Darn, etc. But the decision as mentioned here would do with the abolishment of the Bill of Rights, free speech, etc.

FEAR COMPLEX IN DENTISTRY UNCALLED FOR In spite of the great advance in dental instruments, local anesthesia and operative methods in recent years, there yet are many persons who have unjustified fear of the dental chair. Unfortunately, this attitude influences thousands to postpone the visit to the dentist until there is actual pain or until an accident to tooth structure occurs. Such a fear-complex not only is foolish but often produces real suffering, loss of teeth, serious illness in addition to unnecessary expenditure of money, Dr. Geo. W. Cox, state health officer states. It is true that some discomfort is connected with dental corrections, though often this fear may be psychological fear of pain rather than the pain itself. However, in view of the actual damage that can result because of delay temporary inconvenience deserves no consideration whatsoever in a wise and economical personal dental program. Common sense suggests that early dental faults are more easily and painlessly corrected than those that are permitted to become aggravated through neglect and for which a cure is sought only as a last resort. The time to discover dental defects, therefore, is before one is aware that such trouble exists. Prevention of dental defects is less painful than correction. For this reason, it is excellent practice to adopt a regular semi-annual schedule as the minimum number of visits to be made to your dentist. Of course, if the necessity for dental attention should arise in the meantime, it is wise to make an immediate appointment with the dentist. Postponing a consultation on the fear alibi increases the probability of real discomfort not to mention more serious complications. In fact, what one should fear is not the slight discomfort of the dentist's office when the visit is put

PAYING FOR RELIEF CHECKS We pause and reflect wistfully on two items in the daily newspaper. An old Italian laborer in a Pennsylvania town regularly sweeps the street on which he lives, spending several hours a day, as payment to his adopted country for the relief check it sends him every week. "It makes my bread taste sweet; I feel like a man because I work for it," he said.

TEXAS TRUCK overloading fines during the month of August seem to indicate that enforcement officers feel the heat, too, for the total for the month is almost \$2,000 below the July total of \$28,371 reports the Texas Motor Transportation Association.

TOO HOT TO WORK In no time at all Texas housewives will be gathering up the

clothing and paper dress bags outside of the line. This is a sure sign of a hot day. All boxes or paper dress bags should be labeled giving description of contents such as: "Mary's pink party dress," etc. Labels should be pasted on the side of hat boxes giving description of contents.

Soft silk fabrics and heavily trimmed knitted garments should be folded carefully with

Don't—THAT'S THE MOST IMPORTANT THING YOU'LL HEAR TONIGHT

When statements about Alka-Seltzer are made over the air, please, please believe them.

Miss Oma Catherine Jones

Millions suffer less from Headache, Acid Indigestion, Distress of Stomach, "Morning After" and Muscular Fatigue because they have heard—and believed—Alka-Seltzer radio announcements. To these millions, the relief obtained by the use of Alka-Seltzer is worth far more than the genuine enjoyment they get from the broadcast.

Announcing the big NEW FORD 1941 FORD

In some years, some cars take a big jump ahead. The Ford does that for 1941.

It has jumped ahead in size. It's the biggest Ford we've ever built, inside and out. It's wider. It has a longer wheelbase. Its seating room is wider by as much as 7 inches. It has new wide doors and semi-concealed running boards.

You'll notice also a new beauty, achieved by a skillful blending of mass with longer flowing lines. Larger windshield and windows give better vision all around.

One of its biggest advantages is the new soft ride.

New, slower-action springs give a slow, gentle, gliding movement. A newly designed stabilizer helps absorb road shocks, and maintains balance on sharp curves and in cross winds.

More rapid acceleration to match its familiar speed and power makes this new Ford an even livelier car to drive.

These are only a few of this new car's outstanding features. It represents all the rich experience gained in building more than 28 million motor cars.

Any Ford dealer can give you many good reasons for making this your 1941 car.

KIDNEY STAGNATION IS WORSE THAN CONSTIPATION!

Because We Treat Constipation at The Onset, While We Neglect Our Kidneys Indefinitely

No other organ in your body is so more important than your kidneys. For in your kidneys there are nine million tubes which must work day and night to filter the fluids and keep the system free from wastes, acids, poisons which, if permitted to remain, may cause serious kidney and bladder troubles.

It is no wonder then that Nature's own call for help to clean out the kidneys. So if you are troubled with Getting-Up-Nights, Leg Pains, Backaches, Nervous Headaches, Distress or Loss of Energy, due to functional kidney disorders, try KIDANS, the famous kidney remedy, which aids Nature to flush out the kidneys, to filter all wastes, to prevent kidney stagnation.

KIDANS is Safe and Reliable. Thousands report entire satisfaction. Taken according to directions, KIDANS will give splendid results. Try KIDANS. Buy it at our Special Price Offer on two boxes. Use one box. If not satisfied, return unopened box and GET YOUR MONEY BACK.

If your local druggist cannot supply you, send \$1 to The Kidans Company, Atlanta, Ga., for two full-size boxes on a money-back guarantee.

STATE HI-WAY MAINTENANCE FUND 10% OFF

The State Highway Engineer has announced the customary annual provision of funds has been made to cover the cost of maintaining the State Highway System during the fiscal year beginning September 1, 1940, and ending August 31, 1941. The total appropriation made by the highway commission for regular maintenance was \$7,668,358.75. This amount is to be distributed to the 25 field districts to cover the cost of roadway maintenance, bridge maintenance, center-stripping, erection and maintenance of highway signs, etc.

This appropriation for regular highway maintenance represents a reduction of about 10% in comparison with the state-wide maintenance budget of last year. The highway department realizes that with its limited revenues very slow progress is being made looking to the completion of the Texas Highway system and the closing of the many unsurfaced gaps over the state. It has been voluntarily decided this year to reduce the regular maintenance expenditures approximately 10% in order that the saving of approximately \$784,773.49 derived from such reduction might be used in the completion of the much needed improvements to the riding surface of existing highways and the surfacing of gaps in the system. This matter is very important at this time since it is known that the requirements of the new act of the National Congress will place practically all of the Federal Funds available to the State Highway department on the roads designated as being of strategic military importance by the War department. For this reason all available state highway funds will be necessary to carry on the needed work on the majority of mileage of highways in the state that will not be considered a part of the strategic military network.

It is not the intention of the department to decrease the standards of maintenance on the Texas highway system to which the public is accustomed but to practice every possible economy to accomplish the result at minimum cost. The department is now maintaining 22,832 miles, which is an increase of 557 miles during the past twelve months, but it is felt that the economy can be effected. The highway department takes pride in seeking ways of economizing and in making every road dollar go as far as possible.

An appropriation of \$150,000 was also made for the next fiscal year to cover the cost of operating the Galveston-Bellevue Ferry, on State Highway No. 87 in Galveston county, and the Morgans Point Ferry, on state highway no. 146 in Harris county.

MICKIE SAYS—
EVEN IF YOU'VE GOT PLENTY OF BUSINESS, KEEP ON ADVERTISING! IT'S GOOD INSURANCE FOR THE RAINY DAY

Atty. and Mrs. Clyde Smith are expected home today from San Francisco where he was a delegate from Texas to the National Grand Chapter of Eastern Star. They visited Yellowstone Park and many other points of interest enroute.

Mrs. Jim Best and baby of Daisetta visited relatives here on Sunday.

A NEWSPAPER SUSPENDS

Everyone who has ever lived in a small town and enjoyed reading a country weekly realize the interest and devotion that develops for the rural home-town paper. The size of the paper is immaterial. The typography is not important. The paper's contents may appear dry to strangers; but to homefolks and persons who formerly lived there—especially the latter—there is no substitute for reports that Miss Jo Williams' cake recipe won a prize, or that Mrs. Joe Johnston spent Saturday in the county seat, visiting Mrs. Henry Kemper.

When a small-town newspaper discontinues publication, its absence is felt more than the loss

BAPTIST CHURCH

J. C. Boyd, Pastor
There will be presented at the Baptist church, Sunday evening at the regular preaching hour, a religious drama in motion picture, entitled "The Beneficent Reprobate." This picture is gotten out by the Women's Christian Temperance Union of America and is recommended as being a very effective presentation of the effects of alcohol on the human body. There will be no admission charges. The public is invited.

The picture will also be presented on page 4

FOREST FESTIVAL
REPRESENTATIVE CHOSEN

The Woodville Chamber of Commerce has selected Miss Jacqueline Connolly, daughter of Mrs. Tom Connolly to represent us at the Forest Festival to be held in Lufkin in October.

Miss "Jackie" is one of the popular senior girls, a member of the school band and is quite efficient as a tap dancer.

BETTER LIGHT MEANS BETTER GRADES

Does your child ever look or act like this? The cause may be eyestrain. Better have his eyes examined. Then begin Light Conditioning.

See that you have enough light with right angles in the right places for safe, easy seeing. Not only the children, but the whole family will benefit from the protection afforded by good, glareless light. We'll gladly help you.

Ask for Free Lighting Check-up.

DODGE DEALERS
MEET IN SAN ANTONIO

With enthusiastic prophesies that motorists will be surprised and delighted with the stylized, mechanical innovations and other features of the new cars and trucks for 1941, Paul Powell has returned from a meeting of Dodge dealers and their sales personnel at San Antonio.

At this gathering, sales officials from Dodge headquarters in
