SCOTT HI SCHOOL BRIEFS

A clinic has just been completed in the school. All of the children were inoculated for the prevention and spread of typhoid malaria fever. The school expresses its gratitude for the splendid work of Dr. Watt Barclay and the Tyler county Health unit.

All classes in the high school department have been organized and officers elected for the year. A program of work has been adopted with the assistance of the sponsor's from the faculty. Other chapters and clubs organized are: New Farmers of America, New Home Makers of Texas, Choral Club and a pep squad.

A big financial drive is under way with every class and department assisting in the raising of funds to help like care of current expenses.

The local Masonic lodge, Blooming Star No. 123 held its annual turnout in the high school auditorium Sunday, Sept. 29 with Grand Master Coleman delivering the main address of the day. A big free basket dinner was served on the ground. Several outstanding lodges were present from other towns and gave their support in helping to make it a grand affair. Worshipful Master W. W. Gregory succeeded in bringing in quite a few of our neighboring lodges together which tends to promote a better spirit of co-operation, and we are proud of him, and wish him much success.

The Scott Hi regrets very much the loss of Lawson Keal, bus driver, who has for the past few years served both schools, Doucette and Woodville in a fine way. Plans are under way to hold

COLLEGE HEAD BACKS

Newark, N. J., Oct. 4.—David Bucharest, president of Newark Junior College, not only wants students to wear political buttons in class but he urges them to try to convert their classmates to their own candidates.

In a notice posted on the bulletin board, he said:

"It has come to my attention there is an impression among some students that campaign buttons are prohibited here. Not only is there no such prohibition but I am very anxious that students wear their political hearts on their lapels, so to speak.

"What's more, I hope every Willie adherent will try to convert Roosevelt partisans and vice versa. We are doing our best to fit you for later life. Politics will be a part of that life, even more so, apparently, than was the case with preceding generations."
