**TONIGHT.** THE American  
flag floats from yonder hill or  
Molly Stark sleeps a widow.  
General John Stark.

**OUR FORMER** friend, Sena-  
tor Clem Fain of Livingston, is  
riding Tyler county. He's intro-  
duced a bill to repeal the present  
law which allows an open season  
on wild turkeys during March  
and April. Anyway Clem includ-  
ed 22 other counties in his con-  
servative proclamation.

**THERE ARE** a few tung oil  
trees in the county in bloom. If  
we had a little warmer winters in  
this section of East Texas we  
could soon advertise the Tung Oil  
Tree Blossom Trails. The blossoms  
are very beautiful. The  
Booster flower lot has one of these  
trees in full bloom.

**WELL HIS** Charish, James  
Caesar Petrillo, of the federation  
of American Musicians, had gra-  
ciously given his permission for  
Army bands to broadcast. No  
understanding has yet been an-  
nounced as to unfair competition  
by Order of Dishwashers but the  
generals are said to be hopeful  
that this latent difficulty can be  
settled without calling out the  
Home Guard.

**HOW WOULD** you like to be  
a congressman and get a let-  
ter like the following? Anyway,  
Rep. Dewey Short of Missouri  
says he received a letter from a  
veteran complaining that the false  
teeth furnished him by the Veter-  
ans' Administration didn't fit, and  
to prove it the indignant consti-  
tuent sent along his teeth in a  
separate package. "He knew Mis-  
sourians have to be shown," said  
the congressman.

**ONE OF** the big banks was  
invited by the Treasury to sub-  
scribe for \$1,200,000 worth of  
bonds. "You will only be as-  
signed \$600,000," said the Treas-  
ury man, "but we want to have  
a nice, fat oversubscription. Make  
things look good." "That isn't  
decent banking," said one director  
to the board. The other members  
of the board agreed that it was  
not decent. But they said they  
would make the subscription just  
the same. They did not want to  
have examiners in the bank's  
hair for the next two months.  
The Nation's Business.

**STATE SOLONS** can be  
forgiven an occasional brain-  
storm now and then, but one hard  
on stomach is the current revival of  
a proposal to abolish penalties and  
interest on delinquent taxes. As  
long as we adopt means which  
result in encouraging the people  
to ignore tax payments, we will  
have the spectacle of some of the  
people carrying the tax load of the  
people. If everyone were to  
pay, the tax bill of all would be  
less. And abolishing penalties and  
interest on back taxes is not the  
way to induce all to pay and con-  
tinue to pay regularly.—Big  
Spring Herald.

**THE POWER** of the Texas  
press was never used with a more  
definite force for any cause than  
it now being exerted in the con-  
centrated drive for traffic safety.  
The positive effect of the printed  
word is being used in a determi-  
ned effort all over the Lone Star  
State to cut the toll of death and  
disability which has swept all  
throughout it during the past  
twelve months. The 1940 score  
for traffic accidents counted  
over 100,000 injured,  
and economic loss of  
over \$100,000,000.  
The death toll  
in 1940 was  
1,100.

**LIFE IN** full of comedi-  
cally. The other day the story of the en-  
gineer fired by the Pennsylvania  
railroad for drunkenness came to  
this desk. He was so perfectly  
potted that he "tagged under the  
stump" according to his friend,  
and that most have been  
considerable of a stagger in the  
stump was the regulation three  
foot height. The railroad ap-  
peared. The N.L.R.B. has ordered  
him reinstated with almost a two-  
years back pay. A competent  
physician and the members of his  
train crew testified that the en-  
gineer was too drunk to handle  
a train safely. He had once be-  
fore been dismissed for the same  
offense. A law of the state makes  
it a penal offense for a railroad to  
permit a trainman to continue  
work when intoxicated. The Na-  
tion's Business.

Look at the  
**FORD TRUCKS**  
ON MAIN STREET!

IN VILLAGE, town, and big city—on farms and  
the highways... wherever you look, you see  
Ford Trucks at work. There are more Ford Trucks  
at work on the nation's hauling jobs than trucks of any  
other make!

There are definite reasons why. Truck owners want  
a truck with the power, performance, and depend-  
ability that Ford Trucks deliver. They want econ-  
omy that starts with low first cost and continues  
with low operating and low maintenance cost. In  
Ford Trucks they get what they want!

It's no wonder Ford Trucks are as popular on Main  
Street as on Broadway! And they'll add to your  
popularity once you try them on your job. See your  
Ford Dealer today.

**COMMUNITY PUBLIC SERVICE**

Under the supervision of Miss  
Ruth Boyd, homemaker teacher,  
the girls of the Woodville N.Y.A.  
residence have been working for  
the past week on their garden.  
On their one-half garden plot  
they have worked out plans to  
grow vegetables to furnish a fam-  
ily of 15 for approximately six  
months. Their budget includes  
a balanced variety of vegetables.  
According to standards set up by  
extension service A&M college  
the girls have worked out their  
garden plot as follows per 100  
feet per girl, potatoes, tomatoes,  
leafy green and yellow vegetables,  
other vegetables as beets, onions,  
okra etc. Peas, etc. 50 ft per girl.  
The girls have built a frame gar-  
den 8 ft by 56 ft in which they  
will keep a supply of salad greens  
as a supplement.

**WISH TO THANK**

We take this method of speak-  
ing our gratitude and appreciation  
of the kindness and thoughtfulness  
of our friends and relatives  
during the illness and death of  
our dear mother, and for the  
beautiful floral offering.

Mrs. Joe Pate and Sisters.

**WARREN**

The Warren declaimers won 1st  
place in the district meet at  
Huntsville. Bobbie Coats won 1st  
in declamation in girls division.  
Billie Scales won 1st in boys di-  
vision. Mattie Lee Wiggins won  
3rd place. Warren group won  
two firsts and one second out of  
three entries. Miss Connally  
their coach, accompanied the stu-  
dents.

Messrs. Watts and Wilbanks  
were state capital visitors last  
week on school legislation and  
annual work. The Warren Cure  
will be off the press May 12. This  
year's book is very attractive and  
according to the editor will be  
well worth the price.

Mrs. C. E. Greenlee will give  
\$100 in cash on April 30. This an-  
nual contest will be in the auditor-  
ium at 8 o'clock. Each contestant  
prepares the speech without aid  
from the faculty, and the contest  
has proven to be one of the out-  
standing events of the school.  
The students do not only  
receive the cash but get the  
training in speaking or playing  
some instrument. Each year the  
auditorium has been filled to hear  
these students do their best to  
win. The audience is the judge  
on who wins each contest and  
is given a fair chance on showing  
what they can do.

The Warren junior and senior  
banquet will be held in the Home  
Making cottage Friday night. The  
juniors are very busy getting the  
program set for this long waited  
affair. The speaker and program  
will be announced later.
