## FOR DEFENSE

BUY UNITED STATES SAVINGS BONDS AND STAMPS

Q. Can my children buy Defense Savings Stamps?  
A. Hundreds of thousands of American children are buying Stamps regularly as their share in the national savings program.  
Q. Why should children be encouraged to buy Savings Stamps?  
A. Because of buying Stamps they write their names on a roll of honor of Americans who are doing their part to show the dictators that united America will never flinch to preserve her sacred liberty.  
Q. After my child has collected enough Stamps to exchange for a Bond, can the Bond be registered in the child's name?  
A. Yes. A minor may own a Defense Savings Bond. Many parents are registering Bonds in their children's names to prepare for their future educational needs.

## THINK 'EM BOBBIES

- Don't spread patriotism to thin—Theodore Roosevelt.
- 'Tis time to fear when tyrants seem to kiss, Shakepeare, Pericles.
- Proclaim liberty throughout all the land unto all the inhabitants thereof. Leviticus XXV-10.
- The \$1.00 a year for new subscriptions met with instant approval from all over the county and this week we are printing more Tyler County Boosters than during the last ten years.
- After listening to the auctioneer at the Hobby who was engaged in selling a number of the highest bidder, we are convinced Woodville needs a resident auctioneer.
- There's one thing we like about the 12 o'clock noon whistle—it works on Sunday. Sky pilots cannot expect to get any part of a message over that is not complete before the siren announces "soup's on".
- As usual, it takes an outsider to come to town and tell us what we are doing. Not, perhaps, so much individually, in community centers, out over the county, but as a county in general. And so Pat Shaw addressed the Rotary club Thursday night and gave out a lot of information not known by so many. The Booster has the story elsewhere.

## AIRCRAFT WARNING POSTS

## Patriot Quoted

1843 1901

WE want no war of conquest.  
William McKinley  
McKinley made this declaration in his presidential inaugural address on March 4, 1897, and to it he added these words, "We should never be enticed upon until every grain of peace has tilled."

## Marriage of Colmesneil Coach

Jack Earl Cook and Miss Flo Mantooth, both of Lufkin, were united in marriage Wednesday morning, August 20, at 8 o'clock at the Methodist parsonage, by Rev. W. W. Hardt, pastor officiating. Miss Mantooth is of a prominent family in Lufkin. Mr. Cook has been attending school at Nacogdoches and has been employed as coach in the Colmesneil school for the new year. Maury McKinney and Miss Mary Agnes Walford attended at the wedding.

## WILARD - HAEG NEPTIALS

## BUSINESS SOLD

A deal closed last week-end whereby Lester Gardner of Warren became the owner of the T. H. Townsend Motor Co. Mr. Gardner will carry on in Warren and drive to Woodville. Mr. Townsend has not decided what he will do, but expects to remain in this county.

## RISINGER REUNION SET FOR SUNDAY

For the fifth consecutive year, members of the Risinger family are meeting at the Highway Park on 106. According to Landon Risinger, President, there were well over two hundred present last year, and even more are expected this year. The older people especially come in great numbers and to most of them, it means coming back home.  
As always, gifts will be awarded to the oldest member present, the youngest member present, most recently wed couple, to the head of the largest single family present, and to the member who drove from the most distant point to attend.  
Miss Alva Lee Cobb will welcome the group at 11:30 a. m., and the response will come from Edwin Risinger, attorney in Rosenberg, John Barclay of Beaumont, long time friend of the family and member of Beaumont Tyler County family and others will appear on the program. Misses Odessa Gardner and Katherine Janet Rainey of Woodville, and Mrs. Ira Vick of Beaumont will bring vocal numbers. After a basket dinner, George Woolley of Warren and others will sing from the Sacred Harp Song Book. Mrs. Albert Hudgins of Appleby will lead in another group of songs.  
Herman Risinger of Woodville is vice president, Miss Era Mae Smelley of Nacogdoches, secretary, and Mrs. Ira Vick of Beaumont is treasurer. Bradford Risinger of Sandy Springs is working up a history of the family which he plans to bring in part this year. Everybody is asked to bring a basket lunch.

## Tyler County Ships Wool

The Tyler County Wool Association shipped the output of wool this week with average price of 40c on the 5,000 lbs. It was hauled to Kirbyville where it is pooled with the South East Texas clip, which is around 80,000 lbs. Not so bad for the Piney Woods, is it?  
Rev. and Mrs. Robert Weaver of Houston, wife of the daughter.

## Election of Officers In Junior C. Of C.

Woodville's Junior Chamber of Commerce met in the court house Monday evening to elect new officers and incidentally brought up an item of particular interest to residents of Tyler County, O. A. Riley, superintendent of schools, suggested that the Junior Chamber co-sponsor a public library with the Women's Junior Study Club of Woodville. Discussion was lively on the subject, and a committee was appointed by President Jim Haralson, to contact the Women's Club in regard to the library. The formation of the library has the whole-hearted support of the Chamber, and work will begin immediately in which the City of Woodville will be asked to donate old books to aid in this first big job of organization.

## Pat Shaw Told Rotarians a Lot of Juicy Facts

Rotarians met and fed Thursday evening with nearly 100% attendance at the new club room in the Christian Church. The first speaker of the evening was R. A. Shaw, present supervisor of agriculture, district 7, Nacogdoches College and formerly a Vocational Agriculture teacher in Woodville's schools six years ago. The second speaker was S. W. Pridden, teacher of agriculture, Center, in Shelby County.  
Mr. Shaw, interpreting statistics in the 1940 census concerning agriculture, commended us to a policy of alertness and preparedness, and advised us to be ready to welcome industry into our state. A first step in that direction would be the establishment of a trade school in Woodville a project which might very well come into existence under the National Defense set-up. He pointed that industry is coming into the state—industry which will attract wage earners to the state—and further stated that if Texans are to participate in the expected expansion, that if we are to prevent the importation of skilled labor from out-state, we must have trained men ready for the requirements of industry. He said that timber still forms a large part of Texas' wealth, and further urged farmers to build up dairy revenues through milk pasteurization and an adequate customer distribution system. It was suggested that the cultivation of market crops has been neglected, especially sweet potatoes. Mr. Shaw was complimentary to our city in commenting on the many changes and improvements since his residence here.  
The following statistics will be of interest to all agricultural minded persons in the county as these figures apply to Tyler County only:  
In 1930—998 farms planted farms averaging 80.2 acres. In 1940—1522 farms planted farms averaging 68.6 acres. Of Tyler county's 593,280 acres, 17.6% or 104,412 acres were under cultivation.  
In 1929—175 farms comprised 2,969 acres of plowable pasture. In 1939—391 farms comprised 11,881 acres of plowable pasture. In 1930—there were 583 full owners of farms and 35.1% tenants. In 1940—there were 873 full owners of farms and 31.1% tenants.  
In 1930—there were 869 white operators and 129 non-white. In 1940—there were 1,357 white operators and 165 non-white.  
In 1935 there 42 farms under 10 acres; 395 in the 10 to 29 acre class; 5 in the 500 to 999 acre class and 3 only over 1,000 acres. In 1940 there were 247 farms of 10 acres or under; 492 of the 10 to 29 acre class; 10 only in the 500 to 999 acre class; and 3 only over 1,000 acres.  
In 1930—horses and colts over 3 months old, numbered 926; 1420 mules and colts in 1930 numbered 862. In 1940 these decreased to 819. In 1930—cows numbered 3729. In 1940 they numbered 4303. In 1930 dairy cows numbered 1520. In 1940—2652. Eggs produced in 1934 were 102,331 dozen. In 1939, 342,502 dozen were produced. In 1939, only one farm raised No. 1. Continued on Page 4

## If C. R. Wright Calls, Get the Gun

Now there are two famous cows—Mrs. O'Leary's and Mr. Wright's.  
Everybody knows about Mrs. O'Leary's cow, and the lawyers and police officers of Texas are learning about Mr. Wright's cow. It was four years ago that Wright began selling his cow, along with a song and dance, and he's been selling it ever since.  
Wright—his initials are C. R., but his friends call him Charley—always sells his cow to one C. A. Fox for \$42. Mr. Fox pays by check, typing everything but his scrawled signature, and usually notes on its face that the check is "For 1 cow."  
Usually, upon selling the cow again Wright calls upon a lawyer in a medium sized city, retains the lawyer to handle a suit against a railroad whose train has allegedly run into his truck, and gets the lawyer to endorse Fox's check so he can cash it. On two occasions Wright sought the professional services of a dentist. A Cleburne dentist gave him a \$30 set of false teeth and \$12 change for Fox's check. A Seguin dentist endorsed one of the checks after agreeing to work on Wright's teeth.  
Fox's checks always come back marked "no account", and Wright is nowhere to be found.  
Wright's first known offense in Mineral Wells in September, 1937. Subsequently he has cashed worthless checks in Cleburne, Laredo, Waco, Marlin, Cameron, Conroe, Kerville and Seguin.  
Chief Jas. S. Fletcher of the State Police Identification Bureau believes many swindles perpetrated by Wright have never been reported. Wright is described as 55 years old, 150 to 180 pounds, and about 5 feet 10 or 11 inches tall.

## WOODVILLE NEWS

Mrs. C. C. Hightower was in Lufkin Friday.  
Mrs. Mattie Hewett returned to Richard with the family, Miss Donna Elizabeth Hargett, and she and her father, Wm. Oakley, who was already there visiting are expected home this week.  
The friends are delighted that Miss Sue Masterson is much better and able to sit on the porch some. She has had a long, close confining illness and this is a happy relief from the four walls of her home.  
Mrs. Newt Herod of Mincola were week end visitors in the Le Roy Davis home.  
Mrs. Joe Ramsey and Miss Hazel visited the Herbert and Landon Hargrove homes Sunday in Kountze.

## A Son's Letter to His Dead Father

Dear Dad:  
I'm writing this to you, though you have been dead 30 years. From your seat in the Place beyond I hope you can see these lines. I must say some things I didn't know when I was a boy in your house and things I was too stupid to say.  
It's only now, after passing through the long, hard school of years; only now, when my own hair is gray, that I understand how you felt.  
I must have been a bitter trial to you. I was such an ass. I let you down in the way I did. I know how ridiculous it was compared to that calm, ripe, wholesome wisdom of yours.  
Most of all, I want to confess the feeling that you "did not understand."  
When I look back over it now, I know that you did understand. You understood me better than I did myself. Your wisdom flowed around mine like the ocean around an island.  
And how patient you were with me! How full of long suffering and kindness.  
And how patient you were with me! How full of long suffering and kindness.

## Woodville-Spurger Highway Coming Alive

The local committee on roads and streets met Friday to discuss what action is to be taken relative to the completion of the Woodville Spurger road.  
Following suggestions made at the last Senior Chamber of Commerce meeting, the committee decided to hire an engineer to obtain a cost estimate on the construction job. These figures will be of vital importance to Tyler County residents, inasmuch as a bond issue will have to finance with the co-operation of WPA men and funds.  
J. W. Summerville, Beaumont, was the engineer engaged for this preliminary survey. He is being assisted by Martin Nellus and J. W. Pate. The survey was begun Tuesday to determine the road location.  
A preliminary survey is also being made at this time in connection with the contemplated completion of the Woodville to Segno road. As has been mentioned, these jobs are subject to WPA approval, and if they are to be completed will have to be handled as a WPA project.  
City street paving and the sidewalk building plans are under consideration at the present time. Read the Booster for further developments.

## WOODVILLE GETS ENGINEERS MEET

The Sabine chapter, Texas Society of Professional Engineers, decided Wednesday the 13th, at a meeting in Hotel Beaumont, to hold the next meeting September 10 in Woodville in carrying out the practice of alternating among the towns of the districts for monthly meetings.  
It is planned to meet soon at Orange. W. E. Suter, with the state highway department, will handle the local arrangements. William Wendt of Beaumont was appointed by O. B. Hartzog, president, as program chairman.  
B. B. Cruse reported on the meeting of the state executive board August 2 in Austin. The chapter decided to press Beaumont's bid for the state convention which will be decided by September 1. Between 500 and 600 engineers from over the state will attend.  
The bill allocating \$60,000 for an engineering library was discussed. The chapter went on record as favoring the placement of some books in the larger cities having public libraries rather than the other alternative of establishing a central library probably at Austin.

## "Keep Your Shirt On; We'll Get a Blanket"

If we had time to stop and dig into family affairs of say 10 to 35 years, we could dig up many little stories that would chase away the aches and groans, and so here's one—yours be the judge.  
It seems, up in Doucette on a certain Sunday, our mutual friend J. H. Fain did not want to go to a Sunday morning service, and J. Wood had to go alone for the reason that his brother Frank was suffering from a cold.  
Noon came and J. Wood's dad thought the youngster was rather quiet, and so he questioned him something like this:  
Dad: "Wood, you go to church this morning?"  
Wood: "Yes, father."

## State Fair Shows A Great Aid to Poultry

Texas has come from a low place below third rank in poultry production in 1910, to the second ranking in the Union, according to statistics just released by Beaumont.  
The advance of the state in poultry production can be traced directly to the poultry show at the State Fair of Texas. For example in 1913 there were no Texas chickens shown at this institution a poultry show, instead the poultry show consisted of four or five carloads of show chickens. These chickens were bred for show purposes only, and the owners paid their entries, making the entire circuit of fairs.  
It was in 1913 that officials of the State Fair of Texas decided to have a Texas Poultry Show and entries were limited to Breeder Shows. At that time less than 500 birds of poultry was shown, and these were of the mongrel type of farm yard chickens.  
However, the show began to grow. During the intervening years the State Fair of Texas has shown more than 150,000 chickens, ducks, geese, turkeys, pigeons, and other members of the poultry family.  
WOODVILLE OFFICER REPORTS TO GOODFELLOW FIELD

**SUBJECT OF DOGS** brought up at a meeting of the local C. of C. interested all. It seems a certain population of the dogs in Woodville are ownerless, homeless and friendless, and an objection was raised. The Booster has always stood for more dogs and better dogs. Better dogs are owned and cared for and trained, at least to the extent of not howling all night every night. The objector wondered how a change could be brought. The answer is easy. An ordinance should be passed by the city commission, and to make it legal, published in legal form and for the required number of times (required by law) in a newspaper qualified by law, thus furnishing a foundation upon which to institute legal procedure. The ordinance should require a dog license, number attached to a dog collar, and registered upon the minute book of the proceedings of the city commission. Dogs that have no collar, therefore no registry number may be taken up and if not bailed out in a prescribed length of time. That is the answer to what can be done to increase the Woodville dog unsance.

**AND AS** America gets closer into actual warfare the remembrance of how the farmers were fed, hand and foot at the time of the World War, comes flooding in America was the popular pass time, and how it was carried on by everyone with something to sell was a national disgrace. But what we are alluding to here is how the farmer was ruled against by the Wilson administration. Elsewhere in this issue will be found a list of five quizzes, and No. 4 follows: "Do you favor a federal law regulating commodity prices?" The answer was 451 to 380 against. Nearly everything from underwear to croquet saw handles was hiked, but get this, the farmer was not allowed to raise wheat at what price he must sell his wheat. The farmer, then as now, needs every cent he can get for any and all of his commodities. Price yonder he was not allowed to get a big advance in price for his wheat, but everything else was out-of-sight. We remember paying \$15 for a pair of good work shoes. Today everything is going up. When we get a little further in the war business, the federal commission is going to have a No. 1 Pink Tea party in keeping American manufacturers, as well as extensive holders of merchandise in warehouses from selling everything at just about 100% raise in prices.

**CAN BE NOT** deceived. All the public cannot be fooled all the time. At the called meeting of the local C. of C. Monday night a talk was introduced suggesting a paper biter, to take care of the great amount of waste paper accumulating in stores and in office buildings. Possibly Woodville's waste paper amounts to about 1% of 1-50th% of the total amount that would make a success of baling paper, storing and shipping together with the expense of usual local gathering. In St. Paul when we were employed in two great publishing houses for 15 1/2 years, one of these big establishments shipped great truck loads of baled paper about three times a week. But with a baler in Woodville, it would be only a great laugh. Here's about how it would work out for The Booster. With a baler located somewhere (?), we suppose we would have to truck under our arms twice a week two packing boxes of waste paper, and wonder how far from somewhere where the baler happened to be located. Upon arrival, there would be only a lock-up to rubber it, and wouldn't you know it, the baler would be at the door. The baler would be at the door.

**MUCH BOMBED CHUNGKING ROTARIANS SEND CASH FOR EUROPEAN VICTIMS**

Though bombed and re-bombarded, Rotarians of Chungking, China, have sent contribution to the Rotary Relief Fund which provides for the needs of refugees everywhere and keeps Eurasian war prisoners supplied with boxes of comforts each month. Writes Jeff H. Williams, chairman of the fund, in the current Rotary magazine.

Quoting from the Chungking bulletin, Williams writes: "The reason for our poor attendance last week was that two of the worst raids came Thursday, meeting day, and only 13 showed up. membership is 25. We regret to report the death of 'Steady' Hse after the bombing. In the raid 'Dent' Chen's office, and home was completely destroyed. David Ngon's office was hit and home burned. His family was lost for three days."

Once a month, packages are sent to Rotarians and members of their immediate families in prison camps, and reply cards listing the contents come back. So far, all packages have gone through French, Belgian and Dutch prisoners are on the lists at present. The usual parcel contains canned meats, chocolate, dried fruits, nuts, cigarettes, and pipe tobacco. Have escaped from conquered countries without means, or who have had their homes or businesses ruined by the war.

The funds used for this service are raised by individual Rotary clubs in various ways or are the gifts of individual members. So far, Rotarians or Rotary clubs in 21 countries besides the United States have contributed to the fund, which was authorized at the 1940 convention of Rotary International, held in Havana, Cuba.

# 1940 BEEF CATTLE CHAMPIONS

Amicus Bull, owned and shown by Elliott Brown, of Rose Hill, Iowa. These two animals were champions at the 1940 Livestock Show. Two national Beef Cattle Shows will feature the \$150,000 Livestock Show at the 1941 State Fair of Texas.

# HOW STATE OF IOWA OBTAINED ITS NAME

There has been considerable speculation concerning the origin and significance of the name Iowa. It seems to be an open question as to whether it is (1) an Indian tribal designation, or (2) a place name, or (3) a name descriptive of some characteristic of the region.

Less than three years after Marquette and Joliet first set foot on what is now Iowa soil, Father Andre alluded to a nation of Indians called Aonona, living 12 days' journey beyond "the Mississippi." Other spellings found in the "Documents of the French Regime" include "Aonoz" and also "Ayonov." Lewis and Clark spelled the name "Ayonway."

George Rogers Clark, in 1779, wrote of the "Iowas." The modern spelling, "Iowa," appeared at first for the first time in a Gazette published in 1801, and said was applied to a river along which these Indians had several villages.

# GEORGE J. ODOM

A verdict of accidental death was returned by Coroner H. B. O'Brien in connection with the death of George J. Odom, 71, on Thursday evening at his home in the Empire community, as a result of gunshot wounds. A WPA worker, Mr. Odom returned to his home Thursday afternoon and found the house closed. He entered the house through a window apparently to get his shotgun to hunt rabbits. It is believed that as he was leaving the house through the same window, the hammer of the gun in some way struck the window sill. A ball had hit him in the face. He was found lying near the window by his wife and friends. The funeral was held at Fairview Friday with the Rev. Robert Gant, Mormon minister in charge of the services. Surviving are his wife, the former Lucy Cowart, one son, John Carroll Odom, two brothers, Buel and Henry Odom, eight sisters, Miss Alline Cowart, Mrs. Harlie Williams, Mrs. Johnnie Law Cowart, Mrs. Lucille McKee, Misses Sadie Belle, Bernice, Laura and Wanda Lee Odom, all of Colmesneil.

It is the purpose of the Committee in the United States to keep its depots in England supplied with an adequate amount of clothing and blankets for emergency use, so the London Committee is becoming known as a storehouse from which emergencies can be met. This was evidenced by the fact that it was crates of clothing from this Committee which first reached Coventry, and when the great fire occurred in London, The Christian Science War-time Committee was able to meet an appeal for blankets. Fortunately, many hundreds of blankets had been shipped and had just arrived.

*The first thing a hometown booster after do is spend his money with hometown merchants.*

*Sum men kin enjoy smoking a ten-cent cigar while their wife works in th' kitchen washin' dishes.*

WELL, customers, it peers th' further long we git with this national defense programme th' more we are gittin' th' wimmen back on th' right track. I figger if we kin put 'em back where they were fifty years ago all th' money we is spendin' will be well worth while.

I know we can't do without th' wimmen an' at times they cum in mighty handy but th' American man has bin so busy workin' an' makin' money they has let th' wimmen get their outta hand. It ain't exactly th' fault of th' men or th' wimmen. It's just one of them things what happen unexpected like—like a mule gittin' out on th' day you need him t' plow.

But Roosevelt is joinin' in now an' helpin' us men. First a lot of wimmen found out they cud cook in sunthin' sides aluminum. Now they'll find out that they kin git long without silk stockings. They ain't talkin' this without grumblin' but they'll find out a lot o' things later on.

Gosh, I member th' time a woman visited in our town an' th' wimmen folks wudn't have immy truck with her 'cause she wore silk stockings. Th' first woman of our town what wore 'em cum dema near bein' churchered. All that saved her was th' fact her husband was th' banker an' th' church owed her a thousand bucks.

Wimmen in show bizness started other wimmen wearin' silk stockings. Men admired th' legs of th' show gals an' sed so an' other wimmen started wearin' 'em. Ninety-nine outta a hundred wimmen will do anything fer 't git men t' admire 'em.

We cud talk what wimmen spendin' paint, powder, permanent waves, beauty parlor work, silk stockings an' girdles an' built a five ocean navy. Course we ain't goin' t' do that but it's a ideeer just th' same.

"Me?" returned Tom, looking at him dubiously.

"Yes, I was so pleased to see you at the prayer meeting last night."

"Oh," said Tom, light breaking in on him. "So that's where I was, is it?"—Lifted from an exchange paper.

### DRIVEN BY NEW LAW

More than 700 persons, says the Dallas Herald, have been deprived of drivers' licenses since the new driving-while-intoxicated law, making the offense a misdemeanor instead of felony, went into effect. The Department of Public Safety announced Saturday.

Insanity, physical unfitness, habitual drunkenness, reckless driving and driving while intoxicated, negligent homicide, aggravated assault with a motor vehicle and falling to stop and render aid were among the charges against drivers whose licenses were suspended or revoked.

The new law provides that upon final conviction the offender shall be punished by confinement in the county jail for not less than ten days nor more than two years by a fine of not less than \$50 nor more than \$500 or both.

Thus the new law is proving that not the severity of the penalty but the certainty of punishment will bring about a decrease in drunk driving on Texas highways.

### U. S. SAW BUILT FOR JAPAN AIDS CANADA'S WAR EFFORT

Trenton, Nova Scotia, Aug. 11.—One of the largest saw mills in the world, originally built in the United States for a Japanese firm, will be installed in the Trenton Steel plant as part of an improvement program.

The saw has a 120-inch blade and is capable of cutting through steel up to a diameter of 40 inches. Now en route here, its shipment to the Orient was blocked by recent United States restrictions on Japanese trade.

A concrete foundation for the saw has been poured. This and other improvements here, officials say, will speed up war production considerably.

### East Is East West Is West

Rudard Kipling once wrote something about "East is East and West is West, and never the twain shall meet," but that was long ago, years and years before Texas started to raise \$400,000 for the United States Service Organization. Now it looks as though Kipling was wrong. At the far western corner of Texas, El Paso county joins up with San Augustine county over in the pine thickets of far East Texas is going over the top with their quotas for the USO.

Now comes Big Spring in Howard county on the far western plains to meet again on this common ground of "over-the-top" for USO. Howard county, according to E. B. Garmany, regional chairman, Dallas, has finished on top of the heap by more than \$300. Hugh S. White has been the chief fund raising captain at Gladewater, to push Gregg county over its quota. He has been working under Sybil A. Parker, Gladewater publisher and county chairman, and Murry C. Sells, chairman for the third congressional district.

No, no report has been made affecting Tyler county.

WOODVILLE NEWS

Mr. Sam Reid of Lubbock has been visiting in the old home with the mother and sister, Mrs. S. H. Reid and Mrs. Decatur O'Brien. Royce Reid of Houston was here for a few days last week and Mr. O'Brien has returned to Mt. Pleasant after a two-week vacation.

Miss V. M. Martin, Sr., has been visiting her sister, Mrs. W. A. Hodges while Mr. Martin, son and daughter, went on to Indiana for a vacation trip.

Miss W. E. Suter spent the week end on Wolf Creek camping with her brother and wife, Mrs. W. E. Suter of Houston. Mrs. A. E. Pedigo and daughter, Mrs. Maurine and Gerald Smith visited Mrs. A. L. Tucker in Sabal one day last week.

Miss D. L. Armstrong and Mrs. Wilson Ellison visited in the Charles Young home and attended the shower given in honor of Mrs. A. L. Tucker, Mrs. S. H. Reid and Mrs. Decatur O'Brien.

Messrs. Lee Hanks and Archie Nash of Emloe were county seat visitors Friday.

Miss Mary Louise Hughes has been visiting Miss Mittie Sue Carter in Comal.

Friends are sincerely glad that Mrs. A. King of Doucette is able to be at home after a light with a bad attack of summer flu at the local hospital.

Friends were indeed glad to have R. A. (Pat) Shaw at the Rotary club last week.

Messrs. Frank Fann of Livingston, J. H. of Doucette and J. Wood Fann were in Dallas Tuesday on business.

Miss A. P. Little and Gaynell were in Minnola one day last week.

Miss Marie Stone of Sabal has been visiting friends in this community.

Mr. W. T. Ogden has been enjoying a visit from her mother and sister, Mrs. M. E. Noel and Maxine Durlin.

SHAW SERVES ON BOARD TO TEST PATROLMEN

The State department of public safety in Austin last week held examinations for some 200 young men, between 21 and 25 years of age, who aspired to become members of the State Highway Patrol. A similar examination was held in Dallas.

The applicants were given both oral and written examinations, and a number of excellent questions came up against such questions that stumped even the best of them. Some of the questions contained in a mimeographed form were simple enough on first glance, but were stummers just the same.

Several were having trouble with queries such as:

Who is the chief of staff of the United States army?

What is called the cradle of Texas liberty?

Name Texas' two leading industries.

Lynn H. Shaw, general manager of the Texas Motor Transportation Association was one of the examiners.

Miss Margie Dean has returned from a visit in Houston with Miss Margie Cheatham.

ISN'T IT A RELIEF — by Elec

WHEN YOU HAD TO DIG INTO YOUR POCKET A LITTLE DEEPER EACH WEEK TO PAY FOR YOUR GROCERIES

—AND YOU'VE WATCHED THE PRICE OF MEAT GO UP GRADUALLY FROM MONTH TO MONTH

—AND YOU'VE NOTICED SIMILAR INCREASES IN THE COST OF CLOTHING, HOUSE FURNISHINGS AND OTHER ESSENTIALS DUE TO THE DEFENSE BOOM

ISN'T IT A RELIEF — TO KNOW THAT THERE'S ONE ITEM IN THE COST OF LIVING — ELECTRICITY — THAT NOT ONLY HAS NOT INCREASED IN COST BUT IS CHEAPER NOW THAN EVER BEFORE

IT'S A FACT! The cost of food and other essentials is going up, due to circumstances beyond the control of your local merchants, but there's one item in the cost of living which has not only held its own, but actually costs less today than ever before.

Mr. B. C. Smith of Yuma, Ariz., and sister, Mrs. C. E. Britton of Vista, Cal., are visiting their mother and sister, Mrs. Phoebe Smith and Mr. C. Shivers.

The Misses Pat and Mike Anderson of Beauchamp, La., are visiting the grandparents, Mrs. Joe Anderson.

Mrs. Glen Clow and children of Ft. Worth are visiting in the Dr. J. F. Shivers home.

Little Diane Fain of Livingston returned home with her grandparents, Mrs. J. H. Fain of Doucette, on Sunday week but for the first time in her stay got homesick the next day and had to be carried back to her parents.

Mrs. J. E. McAllister of Liberty and Mrs. Jim Langston of Dallas were in town Saturday.

ported any corn cut for silage the same year 2 farms reported sorghum cut for silage, and 3 farms comprising 88 acres cut and fed unthreshed oats. During 1939 9 farms of 27 acres cut and fed unthreshed oats.

Cotton, during 1939 was cultivated on 3,018 acres which produced 1,566 bales. In 1934, 6,222 acres yielded 7,220 bales.

The second speaker, E. W. Pridden of Joquin, and a teacher of Agriculture in Center, Shelby County, presented an interesting discussion on cattle raising and marketing. With frequent references to his own work in auto-toneering, he pointed out that cattle auctions have benefited beef raisers in his county to the tune of higher prices per animal sold. He suggested that the only way to increase a stock farmer's revenue is to raise the herd's standard through good breeding. His experience has shown that a bull imported from states of greater than one thousand foot elevation are costlier to feed here, and seemingly do not thrive in Texas.

Fellow Rotarians learned to their dismay that Woodville stock is not highly regarded outside Tyler county.

Mr. Pridden brought the meeting to a close by auctioning off eight watermelons, ostensibly to demonstrate his manner of conducting an auction sale. His methods were a bit "high-handed," albeit vastly humorous as Messrs. Barclay, Shaw, Davis, Martin, Wheat, Suter, and Hensley will willingly testify.

SWIMMING PARTY

Miss Margeurite Rainey has as houseguest, Miss Mary Pearl Etzel of Houston, who was last night honored here with a swimming party at Lake Texas. Among the guests were Miss Lucy Pearl and Evelyn Kenness of Beaumont and Mrs. Roy Watts of Colmesnil.

Dr. and Mrs. Sladerek and children of Port Arthur are spending a two-week vacation at their summer home north of Woodville.
