THINK'MBOBBIES

Government is management without responsibility for mistakes that may be committed.

After all is said and done, the fact remains that the oil companies have produced an old folks can't afford to live on.

Why we believe in America is because we see that the American flag is flying over the factories of a great nation that realize his ambition.

In our reading of the Texas Outlook we find that the author recommends that the teaching of American history and respect for the American flag.

Remember that a very long ago, when the first of the terrible operations of the world today, the same changes that are about my country.

It seems that the method of the Gatesville Hotel is being immediately to be abandoned. There appears to be a change of extreme.

In the last month we have two women in the state who took off from the state immediately after the divorce.

Does it seem to you that the read that the state of Texas from Baylor University.

The divorce of the state means that the state of Texas is a two groups that are in the wealth and that are in the state.

The Texas Outlook states a new course in the state of Texas, driving lessons in 18 states.

Nation's leaders say that the American state of Texas is a state that is a state that is a state.

Former Park County of Halliday, has cleaned up the state of Mrs. Roy McArthur.

Announcement has been made that Bob Bowen, N.Y.A. director will be in Woodville every month.

Madames Bill Gardner and Jesse Riley of Caldwell visited Mrs. Fred Matthews Tuesday.

NOTED MARFA RANCHER DIES

El Paso, Sept. 4.—L. C. Britz, 81-year-old Texas philanthropist and wealthy Marfa rancher, died in an El Paso hospital today after undergoing an appendectomy.

Mr. Britz, a past president of the National American Livestock association, was prominently identified with the Highland Hereford association, an organization of Big Bend cattlemen. He founded a 140-section ranch in 1885, the largest in Presidio county. He was the chief donor to Britz Bible college, a part of Texas Christian university. The West Texas catleman's holdings were estimated at more than 320,000 acres. L. C. Britz was a great man, a Christian gentleman. This reporter first knew him 36 years ago when he spent weeks in his home in Marfa and enjoyed her first visit to a ranch house for a week's rest.

Mr. Britz, riding home back to the beautiful waterfalls, which were more than Niagara Falls, were at places one could step on and feel the water's maturity value, the cost of water is 15¢.

Nation Grieves With Roosevelt

Mrs. Sarah Delano Roosevelt passed away Sunday at the age of 86 years. Known as one of the beautiful Delano sisters, Mrs. Roosevelt has grown old gracefully and up until a very short time before she passed on, was keenly interested in the happenings of these days. President and Mrs. Roosevelt were with her at the end.

The funeral was held yesterday at Hyde Park. Follows the message of condolence sent for the day.

During the splendid years of her life, Mrs. Roosevelt has been an inspiration for our nation, and particularly for the young mothers who cradle their children in a world stark afraid of foreign tyrant's madness.

The mothers of America now have a new opportunity for the future. Their hope of the future is strengthened because they know that you are working your best to create the details of our country and its freedom.

MANAGING EDITOR STATE OBSERVER HERE YESTERDAY

Yesterday, The Booster family had an interesting visit with D. H. Hays, managing editor of the State Observer.

The Booster family had an interesting visit with D. H. Hays, managing editor of the State Observer.

GOES TO MAURICEVILLE SCHOOL

Friends of Grover Dies will be interested to know he left Tuesday for a short trip to Mauriceville school.

Friends of Grover Dies will be interested to know he left Tuesday for a short trip to Mauriceville school.

LUFKIN BOOSTERS TO BE HERE OCTOBER 2

Live ones in Lufkin have already planned a series of booster trips commencing Sept. 13.

NOTICE

The New Book singers will meet Sunday afternoon with the Bethel church.

Defense Savings Bonds, Series E, are available in denominations of \$2, \$5, \$10, \$20, \$50, \$100, \$200, \$500, \$1,000.

Comments On New Gridiron Rules

The following comments on the new rules are furnished The Booster by John Reid, former coach at A. & M. for 16 years.

The new football rules have already caused considerable discussion in the press and confusion will continue until the public is informed.

There are two rules to be studied in this connection: (1) the rule requiring that the ball be placed in play within 25 seconds.

White-Minter Notice of Hearing On Bond Election

The marriage of Miss Betty Minter, daughter of Rev. and Mrs. Kenneth Minter of Gonzales, to Robert Arthur White, son of Rev. and Mrs. Thomas W. White of Houston, was solemnized in a beautiful ceremony at high noon Sunday at the First Methodist church.

Next week The Booster will publish the Notice of Hearing to qualified property paying voters of Road District No. 6 of Tyler County on the question of a bond election for the purpose of building an all-weather road from Woodville to Seguin and on to Spurger.

Indian Fakir Fondles Crocodile

average person would handle a baby. She comes to the 1941 State Fair Independent Midway and a Spurger.

High School Bands

Madam Tanit-iko, internationally famous Indian Fakir, is shown handling one of her pet crocodiles. The Madam handles this most ferocious of all reptiles as the

Great Interest in Reid's Wildcat

The Navarro Oil Co., now drilling on the Reid No. 1 some miles south of Woodville is a sight worth viewing.

WOODVILLE AND TYLER COUNTY

in general is receiving a lot of publicity these days because of attempts to get new and better roads—just attempting to get in out of the mud.

NOW IS THE TIME TO BE GETTING

while the getting is possible. Everybody with anything to can should be busy preparing for a season when we are not growing much in the gardens. What we gather now will be of use during the long winter, non-growing periods, although some folks have quite a record of success with their winter gardens.

FORTY YEARS AGO

long time, but that was the time oil was discovered with the bringing in of a rusher south of Beaumont. It will be of interest to many to know that on Oct. 9-10-11th the Texas-Mid-Continent Oil & Gas Assn. will dedicate a monument to Spindletop. Of course, this celebration is not altogether an oil discovery celebration, but rather a tribute to Texas enterprise. Yes, Texas has gone far in the last 40 years.

OCCASIONALLY

The Booster learns of a new racket among the cotton growers. We heard of one case last week where some sharper purchased a farmer's equity in a few bales of cotton and later discovered the buyer had cleaned up on the deal. When one of these city slickers comes around to get your money, get your gear, let loose both dogs and if you are still uneasy call the sheriff. Of course, the sheriff can't do much about this particular racket, but that'll be an added sense of security in doing just that.

IT SEEMS TO BE

the opinion of competent men, men not influenced by politics, that the present trend is definitely toward control by the government toward industry, and we have to admit it. Farmers and the prices they are allowed to get. The history of America shows that when farmers are prosperous 90% of all industry is also prosperous. What the farmers need to do is to thoroughly organize and then stick. For the government to tell the farmer what is the top price he can demand for a ready-to-butcher fat hog, seems the proper way to keep agriculture broke, naked and, indeed, aids in non-patriotism.

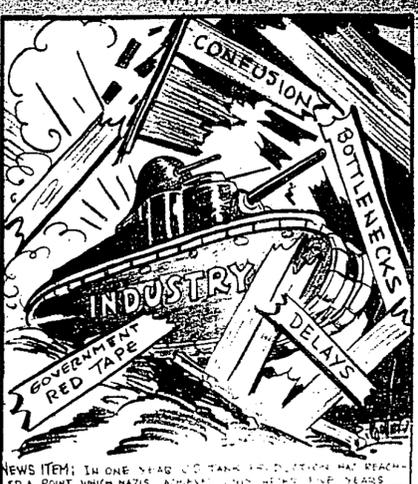

IT IS A FACT

So many reforms are needed and yet cannot be obtained until some outstanding catastrophe splits a given city or community center wide open. One of these days that must busy and dangerous corner, the Hill and Fred Matthews corner is going to witness a killing all for the want of a stop sign or a signal. No, decidedly not. The Booster is not a fanatic on safety, but we are kind of stubbornly anxious for the safety of school children. With the opening of school this place became more dangerous than in any other year for the simple reason there are more cars on the main drag from day to day. Indeed, some days it is almost impossible to find a parking place.

FIND ELSEWHERE

The Booster a communication concerning rat-borne diseases, several of which are now under medical treatment in this our own home community. It seems it is high time the rat situation is taken in hand and an attempt made to clean up in Woodville. In fact too many instances in the past where rats are numerous, action was not taken until several cases had been treated, and possibly a death as the result of lax practice. Right now in Woodville there are two cases in one family that are suspected to be the result of rat infested flea bites, indeed there may be more developing in the immediate territory. The communication and the forces that be in a national eliminate rat.

On the 11th of the daily

NEWS ITEM: IN ONE YEAR NO TRAINS WERE DELAYED BECAUSE OF A POINT WHICH NAZIS ALWAYS STOPPED LINE NEARBY.

COLMESNEIL

file of highway traffic in Colmesneil, Texas, for the past few days. The file shows that the highway is in a state of confusion, with many accidents and delays. The cause of this is attributed to the presence of a point which the Nazis always stopped the line nearby.

MARVIN S. WARD

Marvin S. Ward, a prominent citizen of Colmesneil, Texas, was recently elected to the office of Justice of the Peace. Mr. Ward has served in this capacity for several years and is well known for his fair and impartial handling of legal matters.

CARD OF THANKS

Our hearts are full of gratitude for the loving kindness and assistance of our friends and neighbors during the illness and death of our dear one, Mrs. Fannie Hanks. The flowers were beautiful and the ladies of the church and Hillister community who visited the dear one at the home, have our sincere thanks. The Ward and Pope families.

EMILEE

Miss Willie Belle Wood, who is attending business college at Houston, has been visiting Mrs. J. L. Hanks. Leslie Nash has returned from Port Arthur, where he visited his cousin, Berlin Nash. Bud Sheffield of Port Arthur visited A. L. Sheffield over the week end.

WOODVILLE NEWS

HOT AND TIRED... AND SO'S YOUR CAR

Vacation weariness isn't an ailment of people alone. Cars have it too. While you were "ah-ing" at the mountain scenery, your car was "oh-ing" under the straining climb. While you sunned on the sand, your car simmered in the sun. And as you travelled the back roads your car was getting rattled and squeaks... Let the Humble service man prescribe the proper services for travel-pains in your car.

- Drain, flush, and refill the crankcase with fresh, clean motor oil
- Wash and Humble Charted Lubrication
- Polish and wax job
- Wheel-bearing repairs
- Complete inspection of tires, battery and spark plugs

THE VENERAL DISEASE PROGRAM

The venerable disease program in Texas is being carried out by the Texas State Health Department, which has a staff of 130 physicians, nurses, and health officers. The program is designed to prevent the spread of the disease by isolating patients and tracing contacts. The state health department has a central office in Austin and district offices in major cities. The program is a cooperative effort between the state and local health departments. The state health department provides the necessary supplies and personnel, while the local health departments handle the day-to-day operations. The program has been successful in preventing the spread of the disease in Texas. The state health department has a budget of \$1,000,000 for the program. The program is a model for other states. The state health department has a long history of successful public health programs. The program is a testament to the dedication and hard work of the state health department staff. The program is a source of pride for the state health department. The program is a source of pride for the state. The program is a source of pride for the nation. The program is a source of pride for the world.

HIGH STEPPERS

Up to the present, about the only men in the Army who wore low-cut shoes are the fliers. But that is going to be changed. To make enlisted men presentable on the dance floor and in the drawing room, the Quartermaster Dept. at Boston last week invited bids for 1,250,000 pairs of tan hiker oxfords suitable for off-duty wear.

THE BETTER WAY

I'd rather see a sermon than hear one any day. I'd rather one should walk with me than merely show the way. The eyes a better pupil and more willing than the ear. The hand is more convincing than the tongue. The life is more convincing than the lips. And the best of all the preachers are the men who live their lives.

ANY OFFERS?

An old Negro preacher owned a mule which had an efficient padlock on its nose. One Sunday morning while the preacher was delivering his sermon, the mule persisted in putting his head in the at the window and baying loudly. The preacher finally said "Brethren and sisters, is there one among you all who knows how to keep dat mule quiet?"

BUY UNITED STATES BONDS AND STAMPS

Q. Why should Americans buy Defense Bonds now?

A. Among the reasons are: 1. It is the quickest way in which every citizen can both serve his country and conserve his earnings. 2. The purchase of the Bonds and Stamps helps not only to finance National Defense but also to prevent high prices and increased cost of living.

Q. Can I pledge a Defense Bond as collateral for a bank loan?

A. No. Bonds are registered and are NOT transferable. They are payable only to the person named on the Bond.

Q. I would like to provide a regular income for myself when I retire. Can this be done by buying Defense Savings Bonds?

A. If you purchase a Bond for \$37.50 each month, each Bond will mature in exactly 10 years. Thus at the end of 10 years you will have \$50 payable each month as long as your Bonds reaches maturity.

Q. But I will need more than \$50 a month.

A. Then you should invest a larger amount each month. Every \$75 you put into Defense Bonds will pay you \$100 ten years from now. Meanwhile, your money serves your Government during this period of National Emergency.

SWAM A RIVER WITH AN ANVIL

Disturbing officers of our prospective army are urged to brush up on their bookkeeping and skull-duggery at once. Army accountants never forget, never count, and never quit. The only way out for a disbursing officer caught in a technical shortage is to always blame everything on a disserter. The classic army story is of the disbursing officer who was short an anvil.

"Private John Smith stole this anvil when he deserted," he reported.

"How did he get away with the anvil?" asked the professional doubters.

"He swam the Rio Grande."

It is a fact that an army of four once hired 12 Mexicans as a bucket brigade to put out a fire in an army stable, and turned in a nine-dollar voucher for the money he had paid them. It was returned because he had not advertised for bids. Young officers take notice.

OWN GROWN WHEAT

Panhandle people who raise wheat say there's no sense in selling their wheat for 75 cents a bushel and buying the germ back in vitamin concentrate tablets at 5 cents apiece.

That's why the Food for Defense program in most Panhandle counties started with observation of "Whole Wheat Week," says Donis Leggett, Extension Service district agent who supervises home demonstration work in 22 Northwest Texas counties. County land use planning committees who sponsored the movement, wanted first to make it easy for farm families to get whole wheat flour and cracked wheat at prices they could afford to pay. Then they wanted people to get their Vitamin B-1 from one serving a day of a whole grain product rather than buy it from a drug store.

Here are some highlights of the movement:

Hansford county home demonstration club women have arranged exhibits of whole wheat products in grocery stores, and have what improvement program have become interested in better nutrition. Many homemakers in Hutchinson county have canned their own wheat. Miss Leggett reports. In addition, members of the county home demonstration club in that county have helped distribute recipes for using whole wheat to all the families in the county.

Mrs. J. N. Birdwell and members of the Texoma Girls' 4-H Club in Sherman county have taught many of their neighbors to make good whole wheat bread. Graders in Moore county are now stocking grain bins in large sacks now that there is a demand for it.

Cooperating in the campaign to handle wheat were flour mills, grocers, 4-H and home demonstration clubs, home economics classes, cafes, newspapers, radio stations, service clubs, war veterans' study clubs and farm organizations.

WHEN HENRY WAS JUST A CANDIDATE

Our people on the street and in the soil must change their attitude concerning the nature of man and the nature of human society. They must develop the capacity to envision a cooperative objective and be willing to pay the price to attain it. (The bold face letters are not credited to Mr. Wallace H. Henry Wallace, President.)

WOODVILLE NEWS

Mrs. W. T. Ogden have purchased a new house just vacated by H. B. Jordan in the northwest part of Woodville, just west of the B. F. Davis home. The Jordans are now residing in one of the new apartments.

Head of Dillard visited his father, W. H. Hood Sunday. Mrs. Carl McKnight of Gulf Pump station attended the show at Fair Theatre Thursday night.

Mrs. C. V. Young and children of Tyler have been visiting friends and relatives.

Please sign below and present ad at Fain's Theatre for admission

TOO BUSY WITH OLD FRIENDS TO WORRY

Either you are successful or you are not successful. If you are successful there is nothing to worry about. If you are not successful, there are only two things to worry about. Your health is either good or you are sick. If your health is good there is nothing to worry about. If you are quite sick, there are only two things to worry about. You are either going to get well or you are going to die. If you are going to get well, there is nothing to worry about. If you are going to die, there are only two things to worry about. You are either going to heaven or you are not going to heaven. If you are going to heaven, there is nothing to worry about. If you are not going to heaven, you will be busy shaking hands with old friends and acquaintances that you won't have anything to worry about. So why worry?

THE BIGGER MARVEL

She had spent most of the morning telling her class of wonders something of the wonders of nature. At the finish, she thought she'd score a point with the little chickens get out their shells.

But one quick-witted little nine-year-old went one better. "What gets their shells, is how they get in."

Spindle Top STARTED IT!

Forty years ago an oil gusher roared in on a low hill south of Beaumont to open a new industrial era for Texas.

That discovery at Spindletop started our modern Texas petroleum industry and made Texas the nation's leading oil state.

In the forty years since Spindletop blew in, nearly 200,000 wells have been drilled throughout Texas. Over 500 separate fields are now producing in all parts of the State. Today Texas supplies over one-third of the Nation's oil and has over half of its petroleum reserves.

Our industry, by refining almost all of this oil in Texas, has created our largest manufacturing enterprise. By furnishing cheap fuel it has laid the foundation for many other Texas industries.

From a handful of Texans forty years ago, this industry has grown until now, directly or indirectly, it supports almost one million of our people. Its expenditures reach into every section of the State and benefit every Texan.

The discovery of America's first gusher oil field at Spindletop has turned out to be one of the most important events in the history of our state.

Today all of Texas salutes Spindletop!

On October 9, 10 and 11, during its annual convention at Beaumont, the Texas-Mid-Continent Oil & Gas Association will dedicate a monument to Spindletop.

Inscribed in agesless Texas granite will be the story of oil.

This is more than a monument to petroleum. It is a tribute to Texas enterprise and initiative which in every way has built a great better life for our people.

WOODVILLE NEWS

Another will be going down between Spurger and Silsbee and as Silsbee could not house all the families a number have located in Woodville and entered their children in school.

Mrs. Ida Mae Triplett was brot home Friday by the Oakley-Metcalf Ambulance. Mrs. Eaves, her mother, who had been in Beaumont, with her also came and found her husband confined to the bed with fever.
