National Defense in Woodville, Reports Lee Hensley

Superintendent Lee Hensley has received word that Woodville has been approved for a national defense training center. A class will begin Monday, January 19 in operation, care and repair of trucks, tractors and automobiles. The class will be taught by J. P. Miller at his garage with F. B. Sullivan as the local supervisor.

This course will be free to out-of-school young men, married or single, who wish to do their part in the National Defense program by learning to be able to operate and care for a gasoline engine when the need arises.

DIXIE LEAGUE UNION MEET

The Dixie League Union met in Corran, Tuesday night with 85 present. LaFkin, Kelly, Diboll, Ryan, Chapin, and Woodville were represented. Mrs. R. B. Alexander of Woodville was the devotional speaker. Miss Ruby Free, the president, presided over the business session. There will be no more sub district meetings until further notice because of the tire situation. Each league is to continue its records as though it were having the meetings each six weeks omitting points for union attendance. The secretary of each league is to send the points each six weeks to the sub district secretary, Miss Loyce Forture, Corran. She will mail the banner to the winning league. Woodville won the banner the past six weeks.
