 MRS. J. H. WILLARD, Adv. Mgr.

EVERY NOW and then some one attempts to take all the joy out of life and Friday's papers had a story of a bill about to be introduced giving the president power to call in all automobiles for the duration. This reminds us of the old stick in the mud who said the auto was a fad that wouldn't last, but it seems he is about to re-learn that lesson.

THE BOOSTER is carrying the announcement of Chris E. Lock, for reelection as representative to the Texas Legislature. Lock has a reputation as having worked hard, and has voted right just about all the time. He is a good man, who has proven his fitness for the place.

WASHINGTON IS a most pleasant, exciting place in which to live. There flock the wealthy, the retired, to occupy big houses, enjoy the fishing show. Actually they are non-combatants chattering up a battlefield. They should get out, the president suggests, to make room for the people who work to do. He calls them "parasites." Who likes to be called a parasite? No one. It's an insulting epithet. But who wants to be a parasite? Ah, that's the question. Who does not?

JESSE JONES got tough the other day, things became interesting to those perched upon the side lines. It seems reports the Miami Herald, "Chief trouble with Jesse Jones is that he has spent most of his time as a banker and this is a time when the nation needs tax-tap-cutters, not bankers. You can't teach an old dog new tricks. And today, with the war getting worse and worse, and production more and more necessary, Jesse is still keeping his eye glued to the balance sheet. Sometimes he almost seems more interested in saving a few pennies than in saving the nation."

LAST WEEK we told about the would-be emporium rejected because of potholes, who exclaimed "We have to bite the enemy." And now we have this news story from Boston, Mass. Teeth kept chattering, Honorable, 30, from enlisting in the navy Thursday—he had too many. A medical officer told him that he had four more molars than normal. "I'll take care of that," replied Charlie. Back he was today with the extra teeth in his pocket. We predict there will come a time when some of these spitting examiners will not be so anxious to turn down a No. 1 specimen of American citizen wanting to enlist.

HAS FORTUNE ever sneaked up on you and filled your pockets with bank notes? No, indeed. Fortune isn't noted for sneaking up behind the unknown and filling their pockets with gold. For fortune is a specialist—fitting on the sidelines—awaiting the opportunity to pin upon the breasts of those who plod and strive in the light—with one increasing purpose—the badge of purpose, the badge of courage and honor they have earned. Patience is more than a virtue. It is an asset beyond all calculation. No one ever walked the way to great service and distinction without it. To the single-minded purpose of our forefathers we owe it to those who are to follow us that we pass this on in blood. Not until we are controlled by this singleness of purpose are we able to throw off all the many irritating and troublesome events that beset the path of every man striving for a personal objective.

ASK ANY American citizen who has seen any of the many...

BEAT IT, MADAM, I'M BUSY!

lawyers and the first thing we saw was that the papers were even had to bury inside the papers a warning by a man whose reputation for sober responsibility and judicial prescience, and then we found we are not going to ship the Jap leeches of the California Imperial Valley back to their celestial homeland. Yip, we blame for it, a German of a suspected spy and 11 lawyers are engaged to defend and finally the court barn um loose box contain all the information work to this police enemies who are expected to be in the war some 2, 3, 4, and a some government, 6 to 8 years. It will win in three years, we predict all spots all questionable engineers will be informed with one to defend. Just because the America is no reason why all public enemies must be hauled out to sea and shot. Are not prisoners in Japan living on the fat of the land? Even now, no one knows the fate of the 36,853 prisoners taken on the fall of Bataan. This week the daily papers pictured a great detention camp new buildings, etc. Kitchens for food for the captured spy, and they will receive good, clean and wholesome food. It is time for America to get hard. Ah, probably Eleanor will NOT consent.

TOWN BLUFF AND ANTOCH
 Mrs. T. C. Hicks and son Claude attended the funeral of Lee Hatch in Jasper Saturday.
 Mrs. Willie Lester of Texas City is visiting her parents, Mrs. J. H. Pedigo.
 Mrs. J. M. Lazenby were county seat visitors Tuesday.
 Mrs. W. L. Tucker made a trip to Woodville Saturday.
 Mr. J. Hicks made a business trip to Woodville Saturday.
 Mr. R. M. Burdwell and mother were in Jasper Saturday.
 Mr. James Opal and Lola Co. and Mrs. Joe Faircloth were Woodville shoppers Tuesday.
 A big crowd gathered at the Fairview church for the Friday Night singing Antioch church will have it tomorrow, Friday night. Foxview people thoroughly enjoyed it and urged the singers to meet there every Friday night.
 Mrs. Charles Dean and daughter, Mrs. Vera Mae, Messrs. Charles Morgan, Hill Durham and daughter, Miss Opal, the Misses Lois Hatton, Doris and Elvin Shepherd, Ruby Lee and Alice Foxworth, Miss Delbert White, Miss Bill Chambers and children of the Woodville community attended the singing Friday night.

PLEASANT HILL
 Arrived too late for last week's Mrs. James Clifton and children of Silsbee were visitors in the community Saturday and Sunday.
 Mrs. H. G. Waldrep and family of Springer were visitors in the home of Mrs. G. K. McFarland Sunday.
 Mrs. Lawrence Campbell of Port Arthur was a visitor in the home of Mrs. A. I. McDonald Saturday evening.

GULF OIL STATION
 Lightning struck early Monday and knocked a tree over, not seriously injuring her, near the L. H. Jennings place, burning and a tree lamp and setting the ground on fire. Had the Jennings not been at home when it happened, no doubt the house would have burned, for the cord and curtain was ablaze when it was discovered.
 Mrs. M. Shafford was a county seat visitor Saturday.
 Mrs. Norma Dietrich of Shreveport enjoyed the week end with her parents, Mrs. A. D. Dietrich.
 Mrs. L. H. Jennings drove to Woodville late Monday when they learned that J. H. Willard had been quite ill the week end.
 Mrs. E. McKnight enjoyed a week end visit from a nephew and wife of Fort Worth, who were enroute to Houston.

WARREN
 Miss Lois Downey visited her parents in Port Arthur over the week end.
 Mrs. F. E. McGowan was in Galveston Thursday of last week.
 Miss Mary Blanche Mann spent the week end in Colmesneil with her parents.
 The new oil well near here is under way and prospects look good.
 Mrs. Ida Woods, home economist teacher, and Miss Edna Harrell motored to Dallas over the week end to a home making demonstration. They report a nice trip.
 Rev. and Mrs. Joe Wulfin last week, they went from there to Hallsville to get his parents before returning home.
 Rev. and Mrs. W. W. Hardt and girls of Woodville attended the...

LAND WANTED
 Anywhere in southeast Texas. Will pay all cash. Prices must be cheap.
 Address: ...
 Post Office Box 1858

"You the People" and Your Duty to Your Country and Self

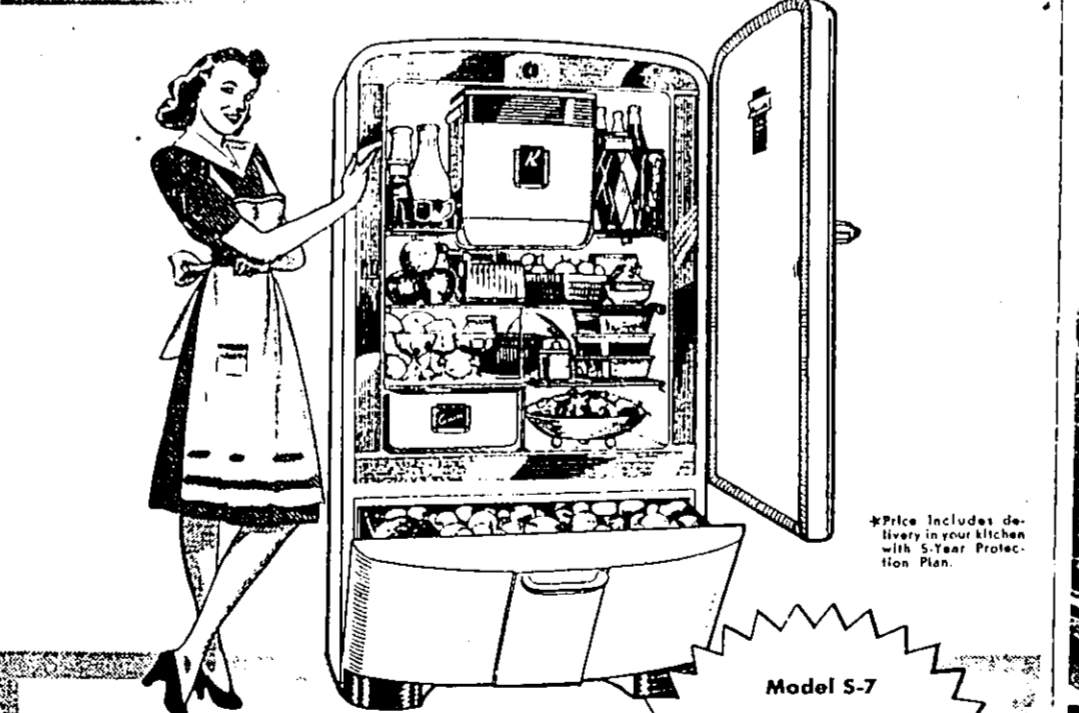

YOU, the People, are fighting for your country just as the Army and Navy are.
 To date YOU, the People, have won more victories than the Army and Navy, and more important ones.
 YOU, the People are showing the way. The drumfire of your voices from coast-to-coast has blended into one thunderous roar that is the American voice. You, the People, are getting results.
 YOU, the People, have made the little men in Congress and in the Administration tremble before your power, and YOU, the People, have strengthened the arms of the big men who have been fighting your battles.
 YOU began when YOU made the Congress turn tail and run to give back its pension grab.
 YOU made the House slash \$60,000,000 budgeting from the Agriculture appropriation bill.
 YOU made Speaker Sam Rayburn, who spoke harshly of YOU,

there been a time when free speech and a free press enjoyed most powerful and most blood-wider latitude of expression as through the Constitutional authority finally is now time for united front determined a course to meet at Springfield State Register (Dem.)

HITLER MUST BE BEATEN
 There is only one foundation stone for American policy: HITLER MUST BE BEATEN. This is no time for debating the dialectics of Communism. The trend of Hitler is our enemy, passively wherever he may be found, is fighting against our foe, and he should have our aid to the extent necessary and feasible. If we cannot comprehend this, then our potential enemies will quarrel among themselves, and he has indeed is right in predicting that slant them all, one by one. The Springfield Public Forum.

TIME TO PULL TOGETHER
 The greatest crisis of all is now at hand. Never has difference of opinion been sharper. Never has

I save 3 ways with my 1942 KELVINATOR

Model S-7
KELVINATOR
 Full 7 cu. ft. capacity—complete equipment
\$174.95

"My big, new S-7 Kelvinator helps me to economize these three important ways:
 "I save on operating cost. Kelvinator's cost-cutting Polarsphere sealed unit uses current only about 12 minutes per hour under average kitchen conditions.
 "I save by quantity buying of food bargains. My Kelvinator's extra roominess—7 full cubic feet—provides ample storage space.
 "I save by eliminating spoilage and conserving leftovers. Kelvinator's scientific design—with meat chest, crisper, vegetable bin and space for tall bottles and frozen foods—assures protection for all types of perishables."
 You, too, can save with Kelvinator. Buy now... make your food and food dollars go further and put the difference into United States Savings Bonds and Stamps.

Other big 7 and 9 cubic foot models from \$149.95 up. Our stock is limited and cannot be replaced, so early purchase is advisable in order to avoid later disappointment. Maximum government terms.

COMMUNITY PUBLIC COMPANY

YOU, the People, must order the abolition of CCC, NYA, WPA and all agencies that are not needed for war.
 YOU must make your representatives attend the sessions of House and Senate so that economy amendments will not be defeated, as 19 were two weeks ago when 51 to 19 House members were present and 384 to 206 absent.
 YOU, the People, must tell your President that he must get tough with the members of his Administration who are not carrying their share of the load, that he must fire his friends who are not doing their jobs, that his first and only duty is to YOU, the People.
 YOU, the People, must tell your Congress and Admirals that YOU want to carry the war to the heart of the enemy's country at the earliest possible moment.
 YOU, the People, must let the industrialists know that no man's patent, whether it be for synthetic rubber or quinine, can be used for any other purpose than to serve the Nation as a whole.
 YOU, the People, must tell the munitions makers that big profits are out for the duration, that no executive can grow fat on

mit budgets already reduced to escape your wrath.
 YOU, the People, have done many other things in the last few dramatic weeks.
 But many things remain yet to be done.
 The Army that wins a battle but does not follow it up to full victory has not done all that it could. So it is with YOU, the People. YOU must follow up your victories and see that the things that must be done are done.
 YOU, the People, must tell those at the top of industry that such dickering with the Germans as those of Standard Oil of New Jersey are shameful and will be punished.
 YOU, the People, must let the industrialists know that no man's patent, whether it be for synthetic rubber or quinine, can be used for any other purpose than to serve the Nation as a whole.
 YOU, the People, must tell the munitions makers that big profits are out for the duration, that no executive can grow fat on

BEECH CREEK

Mrs. Frank Collier went to Woodville last Friday.

J. C. Ratliff went to Jasper Friday, returning to Colmesnell to attend his church services this week end.

Mrs. Jerry Jordan went to Houston to her daughter, Mrs. C. S. Sturrock to spend a few weeks.

Misses Luffena, Marcelle and Harold, Newton Jordan and Bob Brisbin attended the Junior and Senior banquet at Spurger last Friday.

Miss Lina Jordan spent the week end with Lucy B. and Cora Jordan.

Miss Jim Perkins of Houston have been visiting in the home of Mrs. Willie Jordan Sunday.

Miss Dorothy Nell Bailey of Boucette is spending the week with her grandmother, Mrs. C. W. Hollis.

Mrs. Tom Sawyer were visiting in the home of Mrs. Ed Sawyer Thursday.

FORD HAS RUBBERLESS (ALMOST) RUBBER

The Ford Motor Company, it was learned, has developed an automobile tire using only a fraction of the amount of rubber needed for the conventional tire.

Company officials are withholding formal announcement of the new development pending further tests, although leads under operating conditions are said to have shown the tire to be capable of withstanding great wear.

The Ford Company has been making a large part of its own tires in a division that is a part of the great River-Road factory.

Before the restriction upon tire production for civilian uses it was said to have a capacity of more than 8000 units a day.

Home Demonstration Work in Texas

By MRS. LOU CRUSE Dies Club Meeting

BECAUSE of our present war for Democratic ideals, I'm going to give you one instance of its success by quoting the exact words of Maggie W. Barry, Extension Adviser in rural organization work:

"There is no finer example of the satisfactory results that may come through the Democratic process of government than revealed in the history of agricultural education in the United States during the last seventy-five years."

The idea was not conceived by the state of federal government. The idea was born with the people and the creative thinking of a few individuals who realized as far back as the 1860's that our government depended directly on the agriculture, therefore, her land, as a nation, should have some men were probably influenced by farmers of the future.

It would like to draw attention here, at the present time, to the fact that it would be impossible for these men to have been so successful in their work had it not been for the fact that they were working with the cooperation of the people.

The idea was not conceived by the state of federal government. The idea was born with the people and the creative thinking of a few individuals who realized as far back as the 1860's that our government depended directly on the agriculture, therefore, her land, as a nation, should have some men were probably influenced by farmers of the future.

OPERATION

The National Offense program for O. S. Y. is in full operation in the Warren schools shop and has been operating steadily since last November.

The program was started with an enrollment in November with an enrollment of 28 boys, nine of whom received certificates on the course.

The next ten weeks were devoted to metal work and the enrollment reached 32. At the present time two courses are in operation, metal work in the afternoon under the instruction of B. L. Richardson and Auto mechanics at night with J. P. Miller as instructor.

During the afternoon course many plows have been repaired and reclaimed from the farm junk pile. Cultivators, seeders and fertilizer distributors along with other farm implements are repaired daily by the men taking the course.

Those enrolled in the night course have the opportunity to take down, repair and reassemble automobiles, trucks, tractors and stationary engines.

The Warren school shop with the addition of the National Offense tools is well equipped for work of any type and any person is welcome to use these tools under the supervision of either of the instructors, superintendent of schools or local Vocational Agriculture teacher.

COLMESNELL 4-H CLUB

The 4-H club of Colmesnell celebrated National 4-H week by giving a party and dance in the gym with a large number in attendance. At this time play suits are being completed for the style show to be held May 11 in the Home Economics rooms. We are hoping to do many more things throughout the summer.

NEW HOPE DEMONSTRATION CLUB REPORT

The 13th Women's demonstration club of Tyler county was organized recently with 11 members. This is a small community but very wide awake and are going to prove that 13 is a lucky number. Mrs. S. C. Read was elected president, Mrs. L. D. Watkins, Sec. Mrs. J. N. Holland, reporter.

FAITH AND WORKS IN NORWAY

The designation "good shepherds," as defined by the Master Shepherd, has been well earned by Norway's bishops and clergymen. These advocates of the Christian faith and freedom have not hesitated to place their lives in jeopardy through the courageous stand against all efforts of the Nazi henchmen, Premier Quisling, to force them to betray their flock.

Despite warnings of most serious consequences, the bishops have opposed in speech, in print, and in action the Nazi-organized regime, because, as they stated, they could not "with peace of conscience witness a development which was unfamiliar to Christian ideals and Christian faith."

A final step was taken with him for war work if he is 100.

We don't want men staying away because they may think they are too old.

If a policy of employing older men for all-important war work is sound, certainly blanket discriminations against workers over 40 or even over 60 or 70, in percentage occupations seem to be unjust, if not unwise.

Effervescent NERVE TABLETS

New High in Ship Production

Bethlehem ship production this year will represent the greatest all-around shipbuilding output by any company in the history of the country.

Speed, speed and more speed—the constant objective; and always speed with quality, for a jerry-built ship is virtually useless in the grim tasks of maritime war.

The first Liberty ship which recently discharged supplies at a Red Sea port was built in a yard that was virtually nonexistent a year ago. A battleship will be delivered 14 months ahead of schedule.

Cargo ships are being built in less than one-half the time required in the first World War. Comparable speeding up has been achieved on other types of ships and the schedule is being constantly stepped-up.

Expanding old yards, building new ones, tripling employment in a year's time, training thousands of new men, putting every effective facility to use, adopting pre-assembly and mass production methods—all these spell tonnage and more tonnage, a steadily-mounting output of ships from Bethlehem yards.

All hands are doing their utmost for Victory, working to achieve the maximum for the U. S. Navy and the U. S. Maritime Commission, so that the "bridge of ships" shall be maintained and steadily enlarged.

BETHLEHEM STEEL COMPANY

"I AM AN AMERICAN DAY"

Washington, April 8.—President Roosevelt today designated Sunday, May 17, as "I Am An American" day and in another proclamation set aside Sunday, May 10, as Mother's Day.

The President urged that "I Am An American" day be observed in a manner to impress on all citizens "the duties and opportunities of citizenship and its special responsibilities in a nation at war."

He said it was even more essential in time of war than in time of peace for a people to understand fully "the form and genius of their Government and the responsibilities of citizenship."

Consequently, in accordance with an Act of Congress calling for recognition of all citizens in an "I Am An American" day on the third Sunday in May each year, the chief Executive called upon Federal, State, and Local Officials, Civic and Educational Organizations to take part in appropriate exercises.

In the Mother's Day proclamation, the President's message under terms of an Act of Congress, ordered the flag flown from all government buildings on that day and asked the people also to fly and cherish the flag in their homes and by tokens and messages of affection to "express the love and reverence which we feel for the mothers of our country."

THIS IS AN OLD ONE, BUT GOOD ENOUGH

One of the very few times on record when Al Smith lost his poise as a speaker was on that occasion when, as Governor of New York, he addressed the inmates of Sing Sing Prison.

Forgetting the nature of his audience, he began in his usual fashion: "Fellow citizens."

A gust of giggles swept the hall.

The Governor blushed, cleared his throat and tried again: "Fellow convicts."

This time the laughter was unrestrained.

"Oh," the famous speaker stammered, "mean, I'm glad to see so many of you here."

BLESSINGS ON THEE

Blessings on thee, little man, Hirohito of Japan; With thy crafty, sneaking ways, Thy louchee'd donkey brays; Covered by Adolph's lustful cries, And Il Duce's wistful sighs, With thy red hands redder still With the blood thy lackers spill, Hast thou ever seen a Yank? Knowest thou that he's craft? About who steps upon his toes, Or blithly all demurely bows?

Whether you want your wife to have a check she can cash every month, as long as she lives, or a plan through which you can protect your business investments—you, too, may get SOUND COUNSEL by consulting your SOUTHWESTERN LIFE INSURANCE representative.

More than 155,000 other Texans have profited by availing themselves of SOUTHWESTERN LIFE INSURANCE counsel. Let us discuss your case with you today.

General appeal agent is J. A. Mooney.

DOUCETTE HOME DEMONSTRATION CLUB

The Home Demonstration club met April 21, with six members present. We have started on our candle wick bed spread and when it is completed will sell it to get money for the treasurer.

Our next meeting will be at Mrs. J. T. Ayers, and Mrs. Tugate will be present.

HOME DEMONSTRATION COUNCIL MET THURSDAY

The Tyler county home demonstration council met Thursday, April 16, in the home demonstration agent's office with 18 members present, representing seven clubs. Plans were completed for the Texas Home Demonstration association, that meets in Rusk April 23, with nine women planning to attend.

BY-COUNTY COUNCIL MEETS TO ELECT

Mrs. A. L. Mason of Loeb will be the president of the Hardin and Tyler by-county council of the Parent-Teacher organization for the coming year, elected Wednesday afternoon at the regular meeting.

Other officers selected are Mrs. F. C. Tate, first vice president; Imogene Poadexter, Reporter.

4-H CLUB

The Colmesnell 4-H club met Monday. The president was absent, but meeting was called April 14. Prior to enrollment he had been elected by the club.

Mrs. Tugate was present. We studied posture, she showed us how to walk, stand and sit. We had several new members who have just become of age to join the club.

Imogene Poadexter, Reporter.

LOCAL BOY MAKES GOOD

Word comes to Mrs. Joe Brindin that the son Edward, better known as Teddie, and wife left Dallas to report in Washington, D. C. on the 9th, where Mr. Brindin has a civil service position. His brother Joseph, another Woodville high school graduate is in Fort Mann, San Francisco.

NYLON OFF MARKET

The present stock of Nylon hose is all that will be put on the market as Uncle Sam has discovered that Nylon parachutes will open even more readily than silk. It takes 86 yards for one parachute so we can readily see that all that can be manufactured will be needed for our boys. God bless them, who are risking their lives to save us and the future.

ROCKLAND BOY NOW AIR TECHNICAL MAN

Sheppard Field, Texas. Pvt. Paul E. Walker, son of Mrs. L. H. Johnson, of Rockland, has been graduated from the world's largest air corps technical school at Sheppard Field, Texas, where he has been attending classes for the past several months.

Attached to the 311 Technical School squadron while in the school here, he was graduated April 14. Prior to enrollment he attended Colmesnell High school. Having undergone intensive training designed to give him a complete working knowledge of the battle birds, he is now qualified as one of the eight specialists necessary to keep one plane in the air. Graduates of this technical school are:
