The World's News Seen Through THE CHRISTIAN SCIENCE MONITOR.

SHE LOVED A SPY by SYLVIA TAYLOR. (Book cover illustration and title.)

THE STORY SO FAR: In love with Karl Miller, her handsome night club employer, Joan Leland...

CHAPTER XII: "I know you'll excuse me," Mrs. Murdoch explained, "but I'm frightfully busy."

"How would you like to share my apartment?" Joan asked. "I'd love to! And I'll be able to afford it."

Two weeks passed. Fearful weeks of waiting quickly melting before Pat and Paul. Happy weeks for Pat who blossomed under the influence of her romance with Karl Miller.

Pat looked angry. "What in the world are you doing here, Pat?" She asked. "The three of them stood in the living room staring at one another."

When she saw Paul, she gave a little cry, "Paul!" and the color drained from her face. "Why, Paul O'Malley?" As Joan and Paul exchanged glances, she realized that Pat must be telling something about this strange situation.

Try DR. MILES EFFERVESCENT NERVE TABLETS

NO ONE likes to be awake, yet every night thousands toss and tumble, count sheep, worry and fret, because they can't get to sleep. Next day many feel dull, logy, headache and irritable.

Dr. Miles Effervescent Nerve Tablets is a combination of mild sedatives proven useful for generations as an aid in quieting jumpy, over-strained nerves.

CHAPLAIN RAYMOND S. HALL

Parachute troops at the Infantry School, Fort Benning, Georgia, boast of a literal "sky pilot." He is Chaplain Raymond S. Hall, former rector of St. John's Protestant Episcopal church, Lowell, Mass., and the Army's first jumping chaplain.

Chaplain Hall is a quiet, husky young man inclined to regard his present assignment as the happy working of fate. When he was first assigned to Benning, there was no regulation requiring chaplains to jump. Chaplain Hall soon fixed that. After a week of talking to the men he applied for permission to take the gruelling

five-week training course. He found it rough going. It had been more than ten years since Chaplain Hall was captain of Brown University swimming team and a member of the All-American swimmers, and life in the rectory had not prepared him for the enthusiastic body-bending a parachutist must perform in training.

Today, as a qualified parachutist, he looks forward to each jump with zest. He also speaks with modest satisfaction of the men's reaction to his jumping. "It increased attendance at church," he says.

Today, as a qualified parachutist, he looks forward to each jump with zest. He also speaks with modest satisfaction of the men's reaction to his jumping. "It increased attendance at church," he says.

Where classes in First Aid and Home Making have been available the club women have attended. In addition they have found time to sew for the Red Cross and make quilts and pillowcases for the Salvation Army.

By working in an organization club women are learning the importance of co-operation. The discussion and solving of common problems at the club meetings and land use committee meetings serve to bring our people closer together.

There was not a Home Demonstration Club in Tyler County until May, 1940, but when we mothers view the accomplishments of the 277 4-H club girls of our county we know that we club women are just merely laying the foundation now of a great future for the farm home makers of the county.

DOUCETTE SON, PROMOTED
 Pvt. Charles Doucette of Doucette, has been promoted to technician 5th grade, according to an announcement from Camp Wallace headquarters.

Technician 5th grade is a newly-created rank similar to a corporal's rating awarded to an enlisted man who does a specialized type of work. Tech. Pondexter is assigned to work in Camp Wallace headquarters.

HOUSE OF SLAVERY
 The pathological isolationists who are forming the country today seem surprised and bewildered by the fact they attract to their cause many of the obvious enemies of American democracy, including Nazi organizations. The reason is not far to seek. The isolationists are building a house, and it is not the house of freedom. It is the house of slavery.

WHAT NEXT?
 Dallas Junior Red Cross members knit with coat hangers. They straighten old hangers, sharpen them, and use them as needles to knit alphanas for the Dallas chapter.
