One small bridge has a weight capacity of 25 tons, using about 2,000 individual metal pontoons. The smallest is used only to take troops over smaller streams. But whether our army uses the smaller or largest pontoon, our engineers need plenty of them. If you and every American invest at least 10 cents in War Bonds every day, you can help supply the military with the thousands of pontoons needed for the war.

What You Buy With WAR BONDS

Our army spells and pronounces it ponton, not "ponton", as you do. Ponton bridges cost all the way from \$15,000 to \$700,000. The smaller bridge using individual metal pontoons is pictured here. The largest ponton bridge is 1,080 feet long and is made of rubber instead of aluminum.

But whether our army uses the smaller or largest ponton, our engineers need plenty of them. WARRIORS

The 1942 tags are in for the duration, apparently, and a little elbow exercise by way of cleaning and waxing will ease their long range job.

The State Highway Department has settled on a policy of one-by-four-inch tabs for 1942, the tabs to be bolted on the present 1942 plates after they have been obtained through regular registration channels.

Apparently a similar policy will be followed as long as the war lasts but right now department officials are happy to have settled the 1942 problem, a months-long headache.

Well, what of 1944? Said one official who prefers to remain anonymous, "If the paint on your car is as bad as mine you won't be worrying about licenses or any other part of the car in 1944."

He does, however, recommend taking good care of the 1942 plates just in case.

Regular cleaning and application of preservative wax or shellac will help unless you live on the coast. There nothing will or can help. The damp air defies most any protective measures.

Mrs. Edwin Martin of Beaumont arrived Monday to join her husband at the Stratton Phillips home for a visit.

WOODVILLE NEWS

Mrs. F. V. Smith of Beaumont were in Woodville this week visiting relatives and friends.

Mrs. Y. L. Hanson and small daughter of Lufkin visited the Dr. J. B. Cruise home Sunday and Miss Bettie Mae Haynes of Lubbock went on home with them for a visit.

Mrs. Perkins of Corrigan has been visiting her daughter, Mrs. Dora.

S. P. Sims and brother Jim were home for the week end with the parents, Mrs. S. P. Sims, Miss Mozelle Willis was also home from S. F. A. Nacogdoches.

Henry La Rue of Kaufman, who is electrician 3rd class in the navy stationed at San Francisco, was home on a short furlough and came on here for a short visit with Mrs. Virginia Dunn last week. He left Friday to return to California.

Mrs. Emmett Potter, Red Cross representative was guest speaker at Rotary Thursday night; 10 other guests were present.

Friends of the Getsinger family will be interested to learn that Capt. Floyd Getsinger is now stationed at Ft. Lewis in Washington State. Mrs. Getsinger is still in New Orleans, but plans to join him if possible.

E. P. Miller returned last week from A&W and drove by Palestine to also bring Mrs. Miller on home.

Bomb 'em with JUNK

Let's blast Japan—and Germany—and Italy—with the chain lightning of destruction that can be built from the scrap in our cellars, attics and garages, on our farms and in our places of business.

Scrap iron and steel, other metals, rubber and waste materials. It will all be used to make tanks, ships, planes and the fighting weapons our boys must have. It is needed at once.

Sell it to a Junk dealer—give it to a charity or collection agency—take it yourself to the nearest collection point—or consult the Local Salvage Committee... If you live on a farm, and have found no means of disposing of your Junk, get in touch with the County War Board or your farm implement dealer.

Throw YOUR scrap into the fight!

WELL EARNED

Members of the Missionary Society had assembled to turn in their money for charity, and regulate the different and amusing experiences of earning it.

"Sister Lamm, how did you earn your dollar?" asked the chairman.

"I got it from my husband," replied the good sister.

"Oh, but that is not earning it," remonstrated another sister.

"Evidently you don't know my husband," said Mrs. Lamm.

NOT FAR WRONG

Sen. Pa. why do we have two the laws and senators talk them houses of Congress?"

Pa: "The representatives make over, then pigeon-hole them."
