ARE YOU putting Ten Per Cent of your Income into U.S. War Bonds & Stamps?

THINK 'MBOBBIES

A suggested solution for the Woodville Eagle will be found in this paper. It is a suggestion for changes that make the publication what it should be.

The battle of the paper is not through the editorial board, but through the hands of the publisher, having done that, it is up to the board to act on it.

Later reports that the board had rejected the suggestion, but that the publisher was still holding out for it.

We would be glad to see a copy of the paper, and if you have any suggestions, we will be glad to hear from you.

Way back in the days of the old newspaper, the publisher was the one who made the paper what it was.

Mrs. Vera Mae Dean visited her mother, Mrs. S. P. Dean in Houston Sunday.

Mrs. Richard Best visited the mother, Mrs. Lilly Bradshaw in Houston Sunday.

Mrs. J. H. Kenness, Jr. and A. W. Harrison were in Nacogdoches yesterday to do some buying for the J. H. Best store.

Mrs. J. H. Kenness, Jr. and small son visited Mrs. Willie Watts in Beaumont Sunday.

Woodville people were startled by the fire alarm about 11:30 a. m. Monday and watched to see where the engine and boys went to learn they have been called to Zavalla. However, the fire was under control when they arrived.

Mrs. H. L. Strickel left Thursday for a visit in Jacksboro and Patsy Sue and Tony are staying in the Esca Walker home during their absence.

H. B. Olson of the Pleasant Hill community was in Woodville Tuesday and tells us that a chicken, thus visited Tyler county relatives, is to be enjoyed at the early this week.

County Defense Council Meets and Elects
A gasoline exchange board has been appointed for the county with Jay Kelley as chairman.

V. F. W. Entertainers Dinner at Church
The V. F. W. Auxiliary will hold its meeting at the Christian church during noon tomorrow.

Epworth League
The Epworth League will meet at 7 o'clock Sunday night for their regular missionary program.

A Corrected Football Schedule
The Woodville high school football schedule for 1942 is hereby given as follows:

First War-Time Navy Day

With plans well advanced for Texas' most wide-spread and enthusiastic celebration of Navy Day, Roy Miller, of Corpus Christi, State Navy Day chairman, has announced the appointment of chairmen in the major Texas cities and towns.

Navy day, which will be celebrated Oct. 27, will have increased significance for Texans this year because of the thousands of volunteers from this state who have gone into the naval service in the past year.

Gov. Stevenson has proclaimed Navy day throughout the state and in virtually every city and town there will be some type of celebration. Speakers will be not only in the cities, but in many instances, Texans who have gone from their homes to see action with the fleet who were not visiting at home.

These Texans, brave, gallant and vigilant, are a vital and essential part of that fighting Navy and the thousands who fight with them are honored on Navy Day for the glorious deeds they have done in this war and for their courage and devotion to duty which help keep us a free nation.

The Art Of Cashing In On Marketable Growing Timber

Various markets for forest products are offering landowners a golden opportunity to obtain premium prices for their timber. As compared with livestock, cotton, tobacco, or other farm products, yields per acre are generally low for this reason many landowners desire to cut their timber all at once and devote their time to other products.

This landowner is not only harvesting his timber selectively, but is selling poles, sawlogs, and pulpwood instead of any single product.

The wise landowner will find it highly advantageous not only to use judgment when selling his timber, but to grow a new crop.

Another important step in timber growing is thinning. If the trees are not thinned, the market offers ready profit from the trees thinned out.

Deputy State Superintendent of Schools, L. O. Phillips of Beaumont part of this week in Tyler county and with Supt. O. A. Riley inspected the several schools.

Mrs. J. D. Frank and Supt. I. V. Burkett of Big Sandy were in Woodville Saturday.

Every Item Guaranteed by the United States Government

Never before have we been able to offer so much for so little. Interest! When held 10 years, the Bonds pay you back \$4 for every \$3 you save. And if you need the money before then, you can get it back anytime.

Freedom from Fear! Freedom from Want! Freedom for you and your children!—all at a price at which you may never again be able to buy these priceless heritages—unless you act now!

These obligations of the United States Government are in two forms—United States War Savings Bonds and War Savings Stamps. They are the finest investment in the world—the safest any man, woman or child can make.

War Savings Stamps are sold on a money back guarantee! War Savings Bonds are sold on a money-back plus interest-on-your-money guarantee! And good after 60 days from the issue date of the Bond. It sounds good, doesn't it? It is good!

Especially when you know you're saving, not giving! Especially when you know that voluntarily saving 10%—a mere 10¢ out of every dollar now can save 100% from being taken from you by brutal Axis soldiers "selling" you on the idea with the sharp point of a bayonet! And if you doubt that, ask the millions of Europe and Asia who "thought" they were "safe"!

For the only safety now is in having and using more planes and tanks and guns and ships and soldiers than the Axis. We can have them and use them if and only if everybody saves at least 10% of his income in War Bonds.

So the choice is ours. Let's make it today. Take advantage of the greatest sale we've ever had. Never before have we been able to offer so much for so little!

THE JORDAN REUNION

Quite a number attended the Jordan reunion, but we missed those who have gone beyond in glory and also who are in training and fighting for our freedom. Only four brothers were present, D. B. Jordan, T. P. Jordan of Spurger, J. F. Jordan of Kirbyville and Dr. B. L. Jordan of Daisetta, the only sister living, Mrs. Lura Mott of Spurger. Relatives and friends from Batson, Houston, Daisetta, Colmenell, Beaumont, Port Arthur, Barbers Hill, Port Neches, Goose Creek, Groves, Silsbee and Spurger were present.

At noon, in front of the old house place of James P. Jordan place, was spread on a long table delicious eats. Everyone enjoyed report to radio fans while many who had not seen each other for years.

J. L. REIDINGER

Funeral services for Johnnie Lee Reidinger, 31, of Houston, who was crushed to death in a freight elevator at the Decca Distributing company in Houston on Friday, were held at 3 p. m. Sunday in the Allison cemetery, near Warren. The body was brought to Woodville Saturday by Eagle-West company and the Oakley-Metcalf funeral home was in charge of funeral arrangements.

The Spurger 4-H club met on Tuesday and elected officers as follows: Mary Frances Wilson, Pres.; Elmer Watts, V. P.; Cora Jordan, Sec. Treas.; Kitty Jean Jordan, Parliamentarian; Mrs. Watts, sponsor; Marcella Collier, reporter; Charlie Nell Griffith, game leader; Elaine Watts, song leader. Next meeting will be Oct. 21. Everyone invited.

E. W. Tubb tells us that his son Sam, has volunteered for war service and expects to leave within a short time. A number of married men near his home have been called so he just went and signed up.

INSURANCE SURRENDER VALUES

In a survey of 1900-42 policy surrenders, made public by the Institute of Life Insurance, calls for life insurance surrender values are now at an all-time low rate, reflecting the greatly strengthened financial position of American families and at the same time making an important contribution to the anti-inflation program of the nation.

Announcement to this effect has just been received by the local representative of the Southwestern Life Insurance Company, W. W. Cruise.

Surrender values are being paid out this year at an annual rate of 110 million dollars lower than in 1941, indicates better stability of family budgets than in the boom days of 1929, according to the survey, representing an important aid against inflation.

WHAT DOES 35 M. P. H. MEAN?

1. Speed? About 50 feet per second.

2. Stopping distance? About 102 feet. This includes traveling 38 feet while you recognize the danger and get your foot on the brake and 64 feet of actual stopping distance. These figures are for brakes in excellent condition. With average brakes your stopping distance will run to 115 feet. Of course, your figures are for fairly good tires and on a dry road. If your tires are getting smooth (and whose aren't?) and the road is wet or slippery, the actual stopping distance may be much, much more.

3. Accident Rates? There are no reliable figures to tell how the total number of accidents at 35-mile speed, would compare with the normal accident total.

4. Severity? The severity of the accidents which do occur drops off sharply as speeds decrease. Of all drivers involved in accidents a year or so ago, one out of every 77 of those traveling more than 35 m. p. h. was involved in a fatal accident, while only one out of every 250 traveling below 35 was involved in an accident which resulted in death.

5. Is 35 m. p. h. safe? Not according to a lot of drivers who were involved in accidents while traveling 35 miles per hour or even less. Ninety-five per cent of the drivers in urban accidents were traveling under 35 m. p. h.; 75% of those involved in fatal accidents in cities were traveling below 35. Even in rural areas, the slow driver made up 65% of all accident drivers, and 45% of the fatal accident drivers.

6. So what? So even at 35 be alert and drive carefully, legally and courteously.

WAR BONDS

Naval Cruisers are built in two classes, light and heavy, the latter displacing about 10,000 tons. Our navy has about an equal number of light and heavy Cruisers, the 10,000-ton Cruisers costing approximately \$20,000,000. Many Cruisers are under construction and many more are needed.

To pay for these speedy and powerful ships with their heavy guns and armor we must buy War Bonds. Citizens of a large town or a given community, working in unity, could buy one of these ships for the Navy if they put at least ten percent of their income in War Bonds every pay day.

ADA MAE DAVIS DOING HER BIT

"Hard work" stories—not hard luck stories—are being reported to the A&M college extension service by the 200,000 rural men, women, boys and girls who have signed Victory demonstrators' pledges to help win the war. Here are two stories told by Bess Edwards, assistant state home demonstration agent. Because of the illness of her mother, Ada Mae Davis of the Conlan 4-H club in Dallem county did an amount of work which Pauline Hargrove county demonstration agent, considers amazing. Ada Mae cooked, washed and dried dishes for the whole family and hired hands, washed and ironed for the family, cleaned house, made over three dresses for herself and several for her success, tended the garden, canned 10 bushels of grapes and plums, raised 600 chickens, fed the hogs, did the milking, and, in addition, drove the tractor to cut feed so her father might be saved hiring an extra hand.

HOW MANY GEESE HAVE YOU?

With the market price for geese down now around \$4 a pound, Texas farm families who have geese may find plucking their birds will add a few extra dollars to the farm income. At the same time, they will be helping to relieve a current feather shortage.

The Woman's Reading Club met Tuesday night in the dining hall of the "Christian" church. Four new members were initiated.

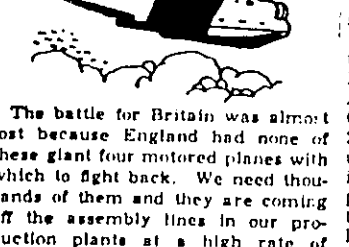

Mrs. W. L. Shillings, Mrs. O. A. Riley, Mrs. W. H. Ridinger, Miss Frances Dean. A program welcoming the new members was presented by the club's old members, which consisted of music, by Miss Kathryn Lennard, the club's song by the group, Legend of the club flower, the dogwood, by Mrs. Carey Cruse, readings by Miss Julia Belle Cruse, Miss Mary Lou McConley, and Mrs. Milton Davis, "Blest Be the Tie" sung by the group, and the presentation of diplomas by Mrs. Carlton Young.

Mrs. Carlton Young, president, called the house to order for business. Mrs. Cross Daniels, Mrs. O. A. Riley and Mrs. W. L. Shillings were appointed in the Red Cross committee. Each member agreed to make garments for the Red Cross. Refreshments were served.

Adjournment by reading a prayer, "The Collect," which will be quoted as the adjournment prayer at each meeting this year. Miss Kathryn Lennard will be hostess for the Woman's Reading Club on Tuesday night, and Mrs. Vernon Ramsey will have charge of the program, which is "Know Your Club" with Miss Frances Dean and Mrs. Milton Davis as helpers.

What You Buy With WAR BONDS

The giant four-motored Navy Patrol Bombers are the world's most powerful planes. They cost approximately \$700,000 each. The Navy also has a lighter Bomber called the Scout Bomber which costs about \$145,000 apiece.

The battle for Britain was almost lost because England had none of these giant four motored planes with which to fight back. We need thousands of them and they are coming off the assembly lines in our production plants at a high rate of speed today. You can help buy these for your Navy by purchasing War Bonds and Stamps every pay day. Put at least ten percent into Bonds or Stamps and help your county go over its quota.

A WAR MESSAGE to Truck Owners and Drivers

Join the U.S. TRUCK CONSERVATION CORPS Sign up here

America's truck transportation system is faced today with a critical situation; and the Office of Defense Transportation is asking the help of every truck owner and driver.

HERE'S HOW YOU CAN HELP

AS A TRUCK OWNER - SEE THAT:

- Your truck receives thorough, mechanical checkups regularly
- Your truck is never overloaded
- Your drivers report daily on the condition of their trucks
- Only experienced, competent drivers are allowed to operate your trucks
- Broken or worn-out parts are immediately turned in for scrap if they cannot be repaired

AS A TRUCK DRIVER - SEE THAT:

- You take every precaution to avoid accidents
- You start and stop more gradually and spare your tires, clutch, engine as well as save gasoline
- You report conscientiously on the condition of your truck every day
- You check tires daily for cuts, bruises, glass or other damage
- You avoid unnecessary delays that slow our war effort

With less than a 3 months' supply of new trucks to serve our civilian needs for the duration, we must squeeze every possible mile out of the 5,000,000 trucks now on the road. That's why your government is asking YOU to join in a nation-wide movement to conserve all existing trucks and tires through the program of the U. S. Truck Conservation Corps.

HUMBLE STATIONS ARE COOPERATING

Humble stations are official stations where you may join the U. S. Truck Conservation Corps and receive the Corps insignia for your truck; Humble dealers are cooperating in the program of regular inspections and systematic preventive care. So, drive in to your nearest Humble station soon, sign up to do your part in this important work—and let regular Humble service help you fulfill your pledge to—KEEP 'EM ROLLING LONGER.

Food Prices Up 40 per Cent, Senators Hear
 WASHINGTON, Sept. 1.—The unprecedented and long-continued rise in food prices, which has been estimated at 40 per cent since last Spring, has prompted the Senate to hold a hearing today on the problem. The hearing will be held in the Senate chamber, and will be held in the Senate chamber.

... but ELECTRICITY was never cheaper than it is today
 Almost alone among items in the cost of living, electric service has resisted the upward spiral which made the recent anti-inflation bill necessary. Food, clothing, rent and most other family needs are far above the levels of just a few years ago, but electricity was never cheaper than it is today. And this is true in spite of greatly increased taxes, higher wages and other costs of doing business. What the future holds no one can say, but this much is sure—no effort will be spared to keep your electric service as dependable and cheap as possible under whatever conditions that may prevail.

Cost of Living Still Is Rising
 Dallas, Tex. (Special)—The cost of living in Dallas has risen steadily since the beginning of the year, and is now at a level 40 per cent above that of a year ago. This is due to a combination of factors, including increased taxes, higher wages, and other costs of doing business.

Raised Rents Bring Woes to Tenants
 The Texas Public Service Commission has held a hearing today on the problem of raised rents in the state. The hearing will be held in the Commission's hearing room, and will be held in the Commission's hearing room.

Let's Talk About Money... and WAR
 When you hear that bombing planes cost \$335,000, tanks \$75,000, anti-aircraft guns \$50,000—And when you hear, too, that America needs 60,000 planes, 45,000 tanks, and 20,000 anti-aircraft guns at once—

It doesn't take much figuring to see that winning this war calls for every dollar all of us can scrape together. With our freedom at stake—with our farms, families, even our very lives depending upon the outcome, we'd gladly give this money.

But we aren't asked to do that. Our Government asks us only to lend the money—to put our increased earnings into War Bonds—month after month—until this war is won. In doing so, we save for our own security as well. For we get back \$4 for every \$3 we invest, when the Bonds are held 10 years. And if we need the money, we can get it all back any time after 60 days from issue date.

This is the American way—the volunteer way—to raise the billions needed for Victory. And the money can... will... must be raised.

So let's show them that the farmers of America are helping to win this war in two vitally important ways—by producing more Food for Freedom and by saving more in War Bonds. Make Every Market Day "Bond Day"—Invest At Least 10%.
