BOY I'VE GOT TO PAMPER THIS BABY NOW!

With less than a normal 3 months' supply of new trucks to be rationed for all our civilian needs for the duration—truck owners and drivers have got to make every existing truck last longer. In order to do this job most effectively, the Office of Defense Transportation has outlined a nationwide program of conservation, in which you can join through the U. S. Truck Conservation Corps.

HUMBLE CAN HELP YOU KEEP 'EM ROLLING LONGER

Humble stations have been named official stations for the U. S. Truck Conservation Corps, where you may sign up to cooperate in the government's program. Your Humble dealer is pledged to help you—and his systematic inspections and accurate written reports to you will go a long way toward keeping your truck in good shape for the big job ahead. Your truck is a vital link in America's Transportation Line. Join the Truck Conservation Corps—and let Humble's Planned Maintenance Service help you—KEEP 'EM ROLLING LONGER.

TEACHERS ASSN. HOUSTON SAYING THINGS

The Houston Teachers Association recently was quoted as having written to the Houston School Board six suggestions for reduction of expenses in Houston schools:

1. Observe the (Texas) law that only children six before Sept. 1 may go to school.
2. Reduce the number of assistant superintendents, supervisors and clerks.
3. Have curriculum employes actually do some teaching.
4. Eliminate May Fetes and all unnecessary activities.
5. Eliminate all car allowances.
6. Let principals teach and thus avoid employing additional teachers.
7. Cooperate to rent down on equipment supplies and utilities.
