

BILL JONES IS DEAD

Now that another rationing program (Canned fruits, etc.) has been announced, some of the members in this community will probably begin griping. For their benefit, we are reprinting the following story written by Rose Fulkerson of Hollywood, editorial writer for Kiwanis International magazine, which seems on the way to become a newspaper classic. It was recently quoted in Congress, and into the Congressional Record, and has since been reprinted in hundreds of newspapers.

BILL JONES IS DEAD
Bill Jones is dead. Bill Jones had just graduated from agricultural college. He was supposed to get into action all by himself, but instead of that, he had to be taken care of by his father. He was a very good boy, and he was very smart. He was a very good boy, and he was very smart. He was a very good boy, and he was very smart.

This happened about the time you were telling the folks at your house that it was all darned nonsense to ration sugar, because cake and candy were certainly no diet for all.

Bill Jones is dead. Bill's dad had a lot of money. Bill's dad had a lot of money. Bill's dad had a lot of money. Bill's dad had a lot of money.
