Texas Farm News Reports

Winter wheat average yield in Texas for harvest in 1942 is estimated by the USDA crop reporting board at 3,491,000 acres. Condition on December 1, 1942, was 92 percent of normal.

A larger number of cattle, sheep and lambs are on the market in Texas than a year ago according to the January 1 report of the United States Department of Agriculture. It is reported to more than 1,000,000 head of cattle, 1,000,000 sheep and 1,000,000 lambs.

W. W. D. ... a large number of cattle, sheep and lambs are on the market in Texas than a year ago according to the January 1 report of the United States Department of Agriculture. It is reported to more than 1,000,000 head of cattle, 1,000,000 sheep and 1,000,000 lambs.

More than 2,000 tons of sugar beets were produced this year out of the shallow water irrigation belt of Hale and Floyd counties of West Texas.

Farmers are advised to give more consideration to the better qualities of grain sorghums. Among the grain crops produced in Texas, grain sorghum ranks third in value.

The Rio Grande Valley 1942-43 Texas citrus crop will be worth an estimated \$10,870,000, or \$7,000,000 more than last year, the U. S. Department of Agriculture reported.

Members of seven Colorado county boys 4-H clubs are gathering varieties of pasture grasses for club locations. The Soil Conservation Service is assisting with the identification and probability table.

Continuing with the Extension Service drive to increase the production of milk, demonstrations were given to various New Mexico county communities during January. M. R. Hill, county agent, reported.

Forty-four percent of the Texas cotton farmers voting in the cotton marketing quota referendum favored using quotas on the 1943 crop, George Slaughter, State AAA committee chairman, announced. Virtually complete returns in vote that 89,664 farmers voted "yes" and 16,121 voted "no," Slaughter said.

USE CUTT

VACCINES AND SERUMS

FOR CATTLE, SHEEP, HORSES, PIGS, AND DOGS

SOLD BY LEADING DRUGGISTS

Foresters of the U. S. Department of Agriculture hold up Texas as an example to other States in converting suitable timber from farm forests into timber for home use.

Houston Chronicle: East Texans are double serving of bird-baited traps, hog hounds and crackling heard on New Year's day, hoping the extra helping should bring victory to the Allies as well as prosperity and good health to themselves.

A San Antonio packing firm says the San Antonio Express serving outlying territory revealed that it is working only at half capacity due to government restrictions. The sales could easily be more than doubled because of demand but the packing at the plant is being curtailed.

From January 15 until May 15 approximately 250,000 turkey eggs will be shipped from Columbia county to Northern Michigan principally to Minnesota. W. W. H. of the State is in charge of shipping. A good price is expected because of the shortage of turkey eggs in the market.

More than 200 cattle have been treated in the county. The 1942 season turned out to be a good year for the major crops in Texas. The Federal Bureau of Agricultural Economics and Statistics valued at \$666,232,000 were harvested on 26,810,000 acres. The combined yield-per-acre index of all harvested crops was 29 per cent above the 1940 average.

County Agricultural Agent L. R. Ellwood reports that Caldwell county 4-H club boys have set up their goals for 1943. (1) increase the number of live stock 10 per cent; (2) increase the production of eggs 10 per cent; (3) each club member to have a garden with a home garden; (4) increase the acreage to provide more home grown food for the additional livestock; (5) increase 4-H enrollment in the county; (6) buy more war bonds and stamps; and (7) re-move the remainder of the scrap iron and metal from the farms.

Jackie Brock, member of the McCoy boys' 4-H of Floyd county, was presented with a \$25 war bond for his achievement as a Victory Domain strator. The presentation occurred at a chapel program of the Floyd high school according to Jason O. Gordon, county agricultural agent. Jackie is one of three boys in Texas to receive this award.

Ybema and Vernon Breckenridge 4-H club boys of the county community, 4-H counts have started economic and housing projects with calves each. The calves will be wintered on wheat and soybean pasture along with the feed and some milk. The 4-H price sudden during the summer and grain so scarce with a supplement of milk the fall. On account of a long shortage, Agricultural Extension Agent L. R. Ellwood has placed a limit on the number of calves to be raised in the county. The 4-H boys have 40 calves as of January 1. It is planned to market them in early March next fall at \$80 to \$90 per head, plus other 4-H boys are feeding.

HOLLYWOOD'S LUCKY GIRL
Starlet Donna Reed can't start any more about egg shortages. This is her flock of chickens and she laughs at rationing.

Farmer and landowner of the Midford area in the county, most successful upland business reported that he had sold \$513.00 worth of pigs from a firm will furnish the land owners with 2,000 pine seedlings to be planted to replant the timber stock. Mr. Pringle doesn't appear to be in a hurry to get his just an additional farmer who believes in raising everything on the farm. He also has a large herd of cattle on his farm.

County Agricultural Agent L. R. Ellwood reports that Caldwell county 4-H club boys have set up their goals for 1943. (1) increase the number of live stock 10 per cent; (2) increase the production of eggs 10 per cent; (3) each club member to have a garden with a home garden; (4) increase the acreage to provide more home grown food for the additional livestock; (5) increase 4-H enrollment in the county; (6) buy more war bonds and stamps; and (7) remove the remainder of the scrap iron and metal from the farms.

Members of Hornet county 4-H club are putting their stamp in demonstration to produce use. This has been divided into groups and are treating public cattle for a small fee. County Agricultural Agent O. C. Lutz reports and subplot were obtained at cost, and Lutz adds that the boys really are getting the job done. More than 200 cattle have been treated in the county.

County Agricultural Agent L. R. Ellwood reports that Caldwell county 4-H club boys have set up their goals for 1943. (1) increase the number of live stock 10 per cent; (2) increase the production of eggs 10 per cent; (3) each club member to have a garden with a home garden; (4) increase the acreage to provide more home grown food for the additional livestock; (5) increase 4-H enrollment in the county; (6) buy more war bonds and stamps; and (7) remove the remainder of the scrap iron and metal from the farms.

WHERE ARE THOSE FUSES?

Keeping EXTRA FUSES handy can shorten "homemade blackouts"

You may go along for months or even years without having any trouble with the fuses on your electric circuits. But when one does burn out, it is a defective appliance, and it is a waste of time and money to try to repair it or to replace it with a new one. Better stock up now on the supply of extra fuses for your electric circuits. Extra fuses for your electric circuits are even more important than a spare tire for your car.

1. In the factory electricity catches the same of tank armor, and on the battlefield it controls the operation of those spearheads of modern combat.

2. In induction center, and field hospital, the X-ray helps safeguard the health of our fighting men, aiding in the diagnosis and treatment of disease.

3. Far from the usual power source, mobile power plants supply electricity for 800,000,000 and power aeroplanes by which a newspaper can be read 12,000 miles away.

4. Here we require such communication with the soldier's back in field and the radio communicates the striking force of American arms, planes and tanks.

General Electric believes that its first duty as a good citizen is to be a good soldier.

General Electric Company, Schenectady, N. Y.

WARREN

Misses Hattie Toan and Little Bell have returned from a visit in Fort Worth. T. K. Gable made a business trip to Woodville Monday. Misses Mable Toan and child son and Miss W. J. Hatchell of Beaumont were visitors in the W. J. Bussett and J. W. Raines homes Sunday. Mrs. Hattie Toan made a business trip to Beaumont Tuesday. Miss Margaret Hattie of Houston spent the week end with her mother, Mrs. Mable Toan. Mrs. Herbert Larkin, Mrs. Dick Nichols and daughter, Verne Mae, were in Beaumont Sunday. Thank you...

Your response to this company's appeal to conserve telephone service your sacrifice of precious minutes in conversation, have helped keep our calls flowing over the wires in ever-increasing volume. Thank you!

Under the handicap of stringent material shortages, the telephone problem during 1942 was something to add more telephones than in any two years before the war... while handling 67 million long distance calls - 18% more than in 1941 - 40% more than in 1939.

During the present year, 1942, even more war calls must be handled. They must and shall get through. But your help will be needed every day and every evening in making...

Fewer and later telephone calls, please, and...

Only vital long distance calls to busy war centers. Again... thank you!
