I fought on BATAAN!

One year ago this month the heroic men of Bataan succumbed—not to a superior enemy but to starvation, sickness, physical exhaustion, lack of arms and supplies. They're looking to us now for the help that failed to come them. Let's not fail them!

TAKE THE HOME PAPER

April 14—Dear Miss Willard: I received the many letters that were sent me by the many people who are trying to make it possible for me to get the very best news from our country. I am sure that you will have access to these things every day in the week. May I take this opportunity to express to you my thanks for your loyal and kindliness to me in the past. I do enjoy reading the Home Paper every week. Many of my friends in Woodville and all of Tyler said they had not written to the Home Paper but I think they will think twice before deciding when they realize that we have a job to do and we must do it. I am sure that you will not let me down. I am sure that you will do the best for me. I am sure that you will do the best for me. I am sure that you will do the best for me.

A DREAM OF SPRING

Last night long, while I was thinking of the past, I saw a dream of spring. It was so beautiful, so full of life, that I felt as if I were back in the arms of my loved ones. I saw the flowers that I had planted in the garden, and I saw the children that I had raised. I saw the home that I had built, and I saw the life that I had lived. It was a dream of spring, a dream of hope, a dream of love.

THE 2nd WAR LOAN DRIVE IS ON!

How to invest in "fighting dollars!"

"Lend more money to help carry on the fight!" That's what our Government is asking you and all the rest of us to do. It's asking you to lend it 10 billion fighting dollars in the next few weeks! 73 billion extra dollars—over and above all regular War Bond buying! We can do it ... we must do it ... we owe it to our boys who are fighting overseas. For their sake ... We've got to build more ships! We broke all records last year when we built 5 million tons of shipping. This year, we're building 10 million tons ... but still it's not enough! We've got to do more fighting! More and more of our soldiers and sailors are going into actual combat ... requiring more equipment and more supplies. We cannot let them down! We've got to buy more War Bonds! To help pay for the things our fighting men need ... we've got to buy War Bonds as we never bought them before!

THEY GIVE THEIR LIVES ... YOU LEND YOUR MONEY!
