

# Tyler County Booster

A First Class Publication Entered as Second Class Matter      A Weekly Newspaper, Boasting Tyler County and Woodville  
**VOLUME XXVI      WOODVILLE, TYLER COUNTY, TEXAS, THURSDAY, AUGUST 19, 1943      PRINTED IN WOODVILLE**

### THINK 'BOBBIES'

● Most of us think that the word "bobby" is a thing of the past. We think that the word is an old-fashioned term. But it is not. It is a very modern word. It is a word that has been used for many years. It is a word that has been used by many people. It is a word that has been used in many places. It is a word that has been used in many ways. It is a word that has been used in many languages. It is a word that has been used in many cultures. It is a word that has been used in many times. It is a word that has been used in many places. It is a word that has been used in many ways. It is a word that has been used in many languages. It is a word that has been used in many cultures. It is a word that has been used in many times.

### Just Who Was It Declared 'Nothing to This Friday, 13'

The Wilford drive to Mossburne yesterday afternoon and found people pretty gloomy. On Friday night a "nothing to this Friday, 13" party was held at the home of Mrs. W. A. Hodges. The party was a success and many people enjoyed it. The party was held at the home of Mrs. W. A. Hodges. The party was a success and many people enjoyed it.

### Mrs. Jay Kelley Sell Their Business Stock

Mrs. Jay Kelley, who has been a resident of Woodville for many years, has sold her business stock. The sale was completed recently. Mrs. Kelley has been a successful businesswoman and her sale of stock is a significant event. The sale was completed recently.

THIS COMMUNITY HAS A SPECIAL WAR JOB

THIS COMMUNITY is on the spot! We are in a pulpwood growing section and there is now a pulpwood shortage. The country needs vast quantities of pulpwood for explosives, rayon parachutes, gas mask filters, shipping containers and a thousand other uses — yet some of the mills that make these things are actually shutting down for lack of wood. This is a desperate situation — a war emergency. Something must be done QUICKLY! And only we who live in the pulpwood cutting areas can do anything about it. This is OUR responsibility.

How the problem can be solved  
 Mr. Donald M. Nelson, Chairman of the War Production Board, gave the key to the solution in the following statement: "If every one of the more than 3,800,000 farmers in the 27 pulpwood producing states were to devote 3 EXTRA days in 1943 to cutting pulpwood, we could overcome the threatened 2,500,000 cord shortage with wood to spare."

**Will you enlist for 3 EXTRA days?**  
 If you are now cutting pulpwood part time, if you have cut in the past, or if you have never cut it but know how to use an axe and saw, will you pledge 3 extra days (at regular pay) to meet Mr. Nelson's challenge?

Fill in the coupon, Mail It in this newspaper and you will receive the pledge badge which identifies you as a Victory Pulpwood Cutter.

This is a war emergency.

Blasting for Axis Oil

"Torpedo starboard stern" was the watch. The bells in the engine room ring excited orders. "The transport veers sharply in its course." "Up here," whistles the captain as the fish passes harmlessly by. "That was a close call."

Though it had been weeks since the Yagis had seen action, every part of the mechanism functioned perfectly. Non-corrosive grease, marine paints, rust preventives protected all working parts against the insidious attacks of the salt air of the sea.

Figuratively the uses of oil in war are myriad and their importance cannot be overestimated (see partial list below). These products are made available for war and industry through leadership in petroleum research, the same research which produces for your car and truck, Econ and Humble gasolines, Econ-DUT and Velox motor-oils.

**Home Food Waste**  
 ...took more of the U.S. food supply last year than the armed services and Lend-Lease combined.

**SAVING FOOD IS YOUR NO. 1 JOB TODAY**

LAST YEAR, according to the Department of Agriculture, food waste in the U. S. took 13% of the nation's food supply, compared to 1% for our armed forces and 7% for Lend-Lease.

Before the war, this tremendous loss had only the pocketbooks of consumers. Today, it threatens to seriously undermine the war effort. It has become the patriotic duty of every homemaker to save every scrap of food possible.

Ready to help you do your part is your ever-dependable electric refrigerator. Top perforated into its safe, cold interior as quickly as possible after purchase. Use it to save even the smallest bits of leftovers. And take care of it, so it will continue to operate efficiently for the duration. Help the war effort and help your pocketbook by saving Food for Victory!

**COMMUNITY PUBLIC SERVICE COMPANY**

**FOOD SAVING TRICKS Via Your Refrigerator**

- SAVE cooking liquids from roasting. Use for making gravy, soup and sauce. They're delicious!
- SAVE small bits of leftover vegetables for use in making salads.
- SAVE the good in leftover cooked meat by making a turkey dish. Prevent drying and loss of moisture.
- SAVE beer, coffee, coffee tops, and other liquids. They're perfect for soups.
