LET US HONOR THE LIVING

Next Thursday is Armistice Day. In other years that day has been dedicated to the memory of the men who gave their lives in World War I. But this year we believe those honored dead would rather join with us, the living, in paying honor to the men of another generation who have taken up the weapons that fell from their lifeless hands.

This year we in this community are asked to observe Armistice Day not with words but with deeds. (This year we have a special responsibility.)

This Armistice Day marks the beginning of a new drive to make up the shortage in pulpwood. Everyone who can possibly do so is asked to put an extra cord in honor of some friend or relative in the service.

There are two good reasons for putting the drive on this basis.

First, it takes nearly a ton of pulpwood to supply each man in the service with the many things he needs.

Second, the present pulpwood shortage, 254 million cords, is just about equal to the number of service men who came from the pulpwood-producing areas.

So if every one of us in this and other pulpwood-producing communities cut an extra cord for our service men, our supplies will be more than adequate.
