Number 10

THINK BOBBIES

● Ever stop to think that the word "American" ends with "I OAH?"

● What's building "the future" has more than 60 million children in the country. In this regard, it is American-born.

● The men who are in charge of the future are the fathers and mothers of the boys and girls of the land.

● The daily news is full of stories of children who are being neglected. They are the children of the 60 million American-born people of the United States.

● I should have noted that in the war I have seen 200,000 children in the streets of Europe. The only ones who are not American-born are the children of the Axis powers.

● Woods Johnson, president of the American Legion, says: "We must not think of the child as a helpless creature. He is the child of the future. He is the child of the nation. He is the child of the world."

● The Federal Government has set aside \$100,000,000 for the care of the children of the United States. This money is to be used for the care of the children who are in need of it.

● Abraham Lincoln said: "The only way to keep a government is to keep it as you would wish to be governed." We must keep the children of the United States as we would wish to be governed.

● Why does it happen that when the Democratic ticket is a candidate for Vice President, the child of the United States is the only one who is not a native-born American?

● Well, well, well. There is no one in the world who is more patriotic than the child of the United States. He is the child of the United States. He is the child of the United States. He is the child of the United States.

● We Americans are so proud of our country that we do not even notice when our children are being neglected. We must stop this. We must stop this. We must stop this.

● The United States is a great country. We must keep it that way. We must keep it that way. We must keep it that way.

● The children of the United States are the future of the United States. We must take care of them. We must take care of them. We must take care of them.

● The children of the United States are the future of the United States. We must take care of them. We must take care of them. We must take care of them.

● The children of the United States are the future of the United States. We must take care of them. We must take care of them. We must take care of them.

● The children of the United States are the future of the United States. We must take care of them. We must take care of them. We must take care of them.

● The children of the United States are the future of the United States. We must take care of them. We must take care of them. We must take care of them.

● The children of the United States are the future of the United States. We must take care of them. We must take care of them. We must take care of them.

● The children of the United States are the future of the United States. We must take care of them. We must take care of them. We must take care of them.

● The children of the United States are the future of the United States. We must take care of them. We must take care of them. We must take care of them.

Enigmas of Income Taxes On Way Out For 30,000,000

Washington, Sept. 20. (AP)—A new wave of tax enigmas is being unraveled as the new income tax law goes into effect. The new law is full of new provisions that will affect the lives of 30,000,000 taxpayers. The new law is full of new provisions that will affect the lives of 30,000,000 taxpayers.

THIS IS WHAT WAR BONDS DO

THEY give every American at home a personal weapon against the Axis.
 They tell our boys in France and Italy, in Asia and the Pacific what their boys' men want to hear - that we're behind them!
 They make our country strong not only for the purchase of weapons today, but also to maintain and increase the productivity of our farms tomorrow.
 Each bond you buy forms a financial reserve which is indispensable to the efficient and profitable operation of your farm. Make it a rule to put into War Bonds a good percentage of every dollar you take in.
 When those Bonds mature, they will be worth many times the effort it took to buy them. For they will mean new and more efficient equipment, the ability to buy advantageously the prices of increasing crops, a sound education for the children, and a means of retirement when you turn that farm over to your son.

REASONS FOR INCREASING YOUR WAR BOND PURCHASES

1. The success of this war is being in large part determined by the amount of money you put in the bank when you buy a War Bond.
2. In proportion to what you put in the bank, you will receive a larger share of the War Bonds. Another reason for putting the money in the bank is that it will be there when you need it.
3. War Bonds provide the money and credit which are needed to buy the equipment and supplies which are necessary to the success of our fighting men.
4. Money will be needed to buy the food and clothing which our fighting men need.
5. War Bonds are the only investment which will give you a good percentage of every dollar you take in.

CAN'T YOU SLEEP?

When the stress of history is a good quality and as a lot of people have learned, to make a good night's sleep, to make a good night's sleep, to make a good night's sleep.

WRIGHTS' Continued
