## THINKBOBBIES

Ever say to think that the word American was written in the sky? The sum total of the common sense of the people is the greatest and wisest thing on earth. Thomas Jefferson.

American Red Cross volunteers are called upon to make a list of their own. The list should include their names, addresses, and telephone numbers. This information will be used to contact them in the event of an emergency.

It is the duty of every citizen to vote in the upcoming election. This is the only way to ensure that our government is run by those who are best qualified to lead us.

There are many ways in which we can help our country. One of the simplest is to conserve our resources. Turn off the lights when you leave a room, and use water sparingly.

Woodville has a fine record of progress and prosperity. This is due to the hard work and dedication of its citizens. Let us continue to strive for excellence in all that we do.

## Tyler County Stock War Chest Drive Was Over the Top

The fourth annual livestock drive was held Saturday at the Woodville Livestock Auction, and it was a great success. The drive was organized to raise funds for the Tyler County War Chest, which provides relief for soldiers and their families.

The drive was a record-breaking one, with a large number of livestock sold. The total amount raised was over \$10,000, a significant contribution to the war effort.

The drive was held over several days, with a large crowd of people attending. The auction was well-organized and efficient, with all the livestock sold quickly.

The success of the drive is a testament to the generosity and spirit of the Tyler County community. It shows that we are all working together to support our country and its soldiers.

# PUSHOVER?

**DON'T TELL PRIVATE JONES  
THE JAPS ARE EASY**

**THE JOB IN THE PACIFIC IS STILL TERRIFIC!**

There are still millions of tough, brutal Japs to lick every Jap we kill makes my chank's of getting home, betch, and it costs plenty to kill a Jap.

If you think there is a pushover, you're looking your self in the mirror. Every American soldier, marine, and sailor in the Pacific knows he has a tough fight on his hands. You can't tell the other way is almost over. Even as you read these words, American men are dying in the light against Japan.

Look into your heart and ask yourself honestly.

Have I stopped fighting? Have I stopped buying War Bonds because I think the war is almost over? You're not a quitter, are you?

The fight in the Pacific calls for a highly specialized type of equipment. It is estimated that over \$400,000,000 in War Bonds, National Defense Bonds, and National War Bonds, will be needed to equip our fighting forces. The Government has already spent \$1,000,000,000 in the Pacific. And that's the big reason for the 6th War Loan Drive. Just as long as a single Japanese atom bomb is in the air, we must continue to buy War Bonds.

Do your full share now!

Only you can be asked to buy at least one extra \$100.00 War Bond. Buy more if you possibly can. Not only is it for the good victory, it's for your future. Sign up for extra War Bonds in the Payroll Plan. Welcome to the Victory Volunteer when he or she calls at your home. Remember the job in the Pacific is still terrific.

## HEART DISEASE

Heart disease is now the first cause of death among children aged ten to fourteen, and is second only to tuberculosis at ages 15 to 25. The importance of this disease is not generally realized. **THE JOB IN THE PACIFIC IS STILL TERRIFIC!**

If you think Japan is a pushover, you're fooling yourself, mister. Every American soldier fighting and dying in the Pacific knows he has a tough fight on his hands. You can't tell them there was a sliver of Japan at you and these words, American men are dying in the fight against Japan.

"Have I stopped fighting? Have I stopped buying War Bonds because I think the war is about over? You're not a quitter, are you?"

The fight in the Pacific calls for a highly specialized type of equipment. B-29 bombers that cost \$600,000 in War Bonds; M-4 tanks with bulldozer blades that cost \$67,417; "Hellcats" that cost \$30,000; millions upon millions of gallons of gasoline. We need more, and another equipment item any war has ever called for. And that's the big reason for the 6th War Loan Drive just as long as a single Japanese atom gun at our throats we must continue to buy War Bonds.

**Do your full share now!**

Once again you are asked to buy at least one extra \$100 War Bond. Buy more if you possibly can. Not only is it for the final Victory—it's for your future. **MEET "DOC" GRIMES, H. F. S.**

Things are mighty different for "Doc" these days. He looks back wistfully to the time when he had plenty of gas, tires and other products for his customers... when experienced help was plentiful... and his service was something he could - and did - brag about.

Today - he has to work harder and longer doing most of his work. He knows doctors, war workers and lots of other essential drivers must keep going with old cars and old tires. And he figures it's up to him to see that they do.

There may be times when he can't sell you a thing - but "Doc" is always glad to see you, always glad to give you any of the typical Humble Services that will help keep your car in good shape. For he's looking forward to the day when you can once more drive into his station, road map in hand - and say, "Fill her up, Doc. We're heading for the highway."
