Big Business

A lot of the selling and making that is going on these days is being done by business men who are not only making money but also making a profit.

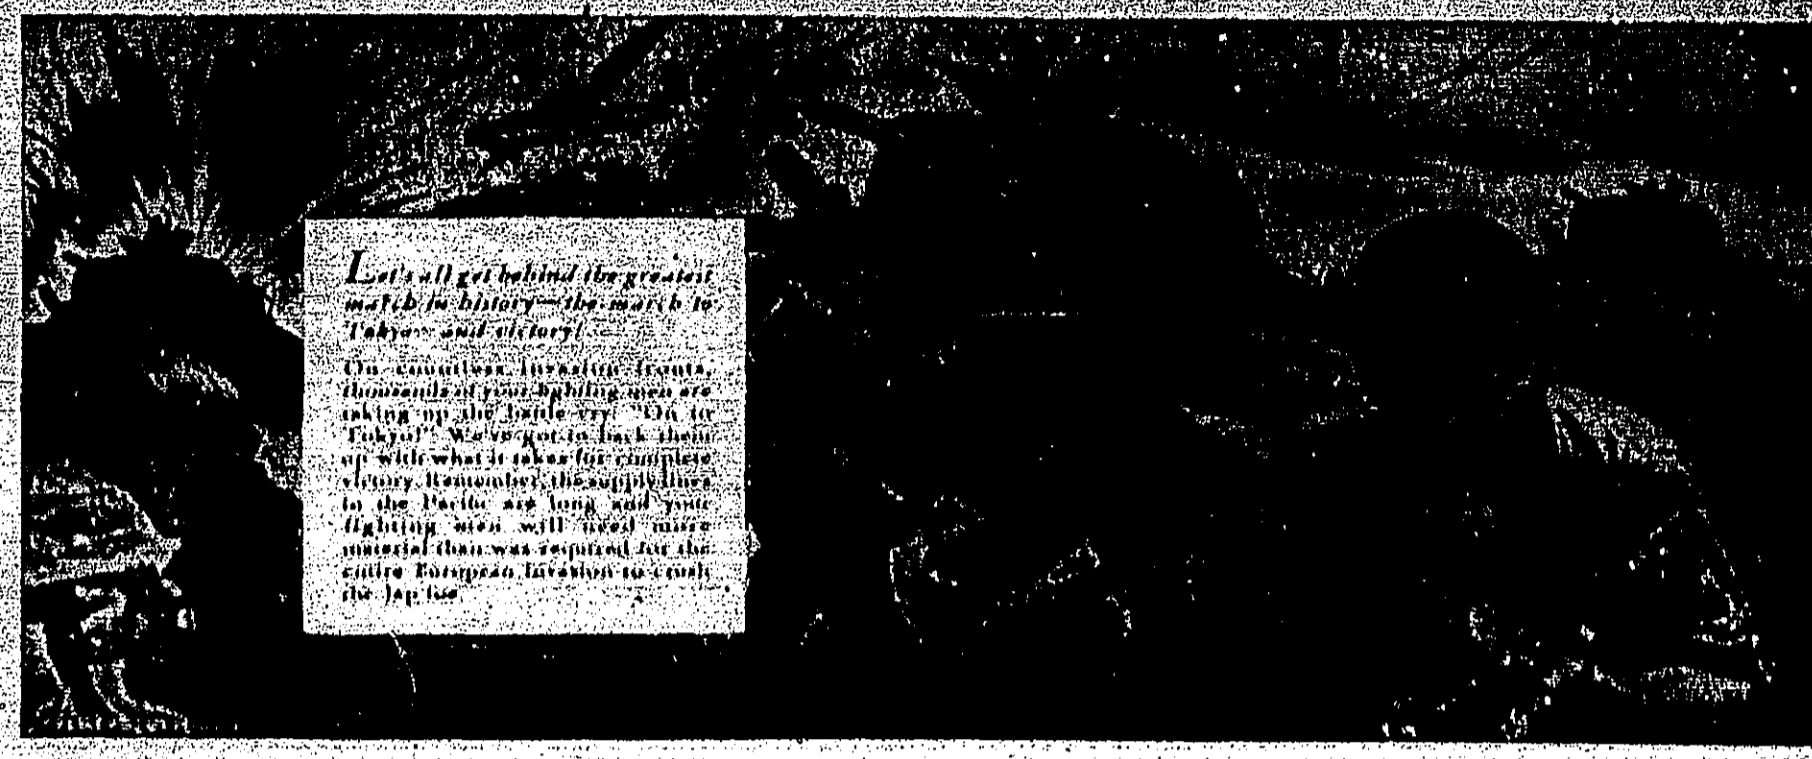

After all, it is not enough to make money, it is also necessary to make a profit. And it is not enough to make a profit, it is also necessary to make a profit that is worth making.

The way that business men are making money these days is by selling things that are not only useful but also profitable. And it is not enough to sell things that are useful and profitable, it is also necessary to sell things that are worth selling.

This is official U. S. Treasury advertisement prepared under auspices of Treasury Department and War Advertising Council.

Southland Paper Mill, Inc.

E. L. KURTH, President
Lufkin, Texas

"LIKE TO SWAP NIGHT CLUBS, PAL?"

"Sorry, chum—no change here. You'll be in the mud, see?"
"You got a hour show of heads and shoulders crawling over your face."
"You got a nice little space orchestra of jazz, moans, 'singing' machine guns, and your best friend screaming in the next booth."
"Come try this, pal. The show goes on all night. Put a long time. There's never a cover charge. Not even for the 'leg' they put over you when they carry you out."
"We're all human."
"We all like to go dancing or see a show or buy an extra bill or three occasionally."

But this war still has a long way to go. There are still 78 billion Japs who don't believe in surrendering.
So during this 6th War Loan, how about putting all that money into something a little more permanent—an extra \$100 War Bond at 12%—to help get this thing really over and bring these boys out of our home?
It'll hurt. But not as much as the Jap bugs in your neighbor's stomach. You get something back—in ten years—\$1 for every \$1 invested. He doesn't."

WINE GLASS PULPIT
 All over New England churches, pulpits of wine glasses are being used. The idea is to have a glass of wine on the pulpit to remind the minister of the words of Christ: 'This is my blood of the new covenant which is shed for many for the remission of sins.' The wine is not drunk, but it is a symbol of the blood of Christ. VITAL WAR FACT

1 out of every 3 trucks is a Chevrolet

Trucks are war workers too. In fact, "transportation spells liberation" by performing miracles of movement of men and supplies on the war front as it does on the fighting fronts abroad. Millions upon millions of vital war business jobs are being performed by Chevrolet trucks today with characteristic Chevrolet sturdiness and reliability.
