**Early Days of War**

**Tough Job**

Harry Truman, elected United States Senator from Missouri in 1940, is seen in a moment of quiet reflection. His tenure in the Senate was marked by a series of tough decisions and a commitment to public service.

**Harry Truman: From Farm to White House**

Harry Truman's journey from a small-town farmer to the 33rd President of the United States is a remarkable story of perseverance and public service. Born in Lamar, Missouri, Truman worked on his father's farm and later served in the military during World War I. His political career began in the Missouri House of Representatives, where he served from 1924 to 1934. He then served in the United States Senate from 1940 to 1945. In 1948, he was elected Vice President and, following the death of Franklin D. Roosevelt, he became the 33rd President of the United States. Truman's presidency was marked by the end of World War II, the beginning of the Cold War, and the establishment of the Truman Doctrine.

**IT HAPPENED IN MISSOURI**

Truman's political journey began in Missouri, where he served in the state legislature and the Senate. His early years in politics were characterized by a focus on agricultural issues and the needs of the common citizen.

**LIFE'S LITTLE TROUBLES**

**CAN'T EAT?**

Don't let a little trouble stop you. Try Life's Little Troubles. It's the only thing that can help you eat again. It's so simple, so easy, and so effective. Try it today. You'll be eating again in no time.

**HERE IN AMERICA**, when a neighbor needs help, it has always been the custom for all the folks to pitch in and give him a hand. Many a farmer would have been lost without the help of a "hogging bee."

**YOUR COUNTRY NEEDS** a few more like you. Millions of tons of fire have been used up to supply the thousands of battleships and home front needs in this war. And there's still a lot of war ahead!

**A PLAN FOR EVERY WOMAN!** Our country is calling on you, the women in small towns and rural areas, to take every drop of used fat. You need fat for soap, for cooking, for many other uses. Don't let it go to waste. Collect it and send it to the nearest collection point. Your contribution is vital to the war effort.
