### VICTORY!! P-TA Meet Next Best Story of the Storm Disaster Can We Keep It? Friday Night, 14th

**THINK MICROIDS**

Microids are the tiny organisms that cause typhoid fever. They are so small that they can be seen only with a microscope. They are spread by the feces of infected persons and animals. They can live in water for several weeks. They are also found in soil and food. They are a serious danger to public health. We must take care to prevent the spread of microids. We should drink clean water and eat clean food. We should also avoid contact with infected persons and animals.

Best Story of the Storm Disaster  
Famous Bells May Have Been Ruined  
Neches-Angelina Dam Development

The story of the storm disaster in the Tyler County area is one of the most tragic in the history of the county. The storm, which struck on September 3rd, 1945, was one of the most powerful ever recorded. It caused the destruction of many homes and businesses, and the loss of many lives. The destruction was so great that it is difficult to imagine. The famous bells in the area, which have been a source of pride for many years, may have been ruined by the storm. The Neches-Angelina dam development is also a subject of interest to the community. It is a project that has been planned for many years and is expected to provide many benefits to the area in the future.

**Man Ignored Suit, Saves for Bonds**

Miss Cross in Vigil Attires Moved to Court House

WOODVILLE NEWS

Mess Jean Gustafson and a girl friend of Houston spent the week end holidays in the city. Miss Cross in vigil attire moved to the court house. The vigil was held in honor of the late Mr. Cross. The vigil was a moving experience for all who attended. Miss Cross was the center of attention. She was dressed in a simple but elegant manner. Her vigil attire was a symbol of her grief and her love for the late Mr. Cross. The vigil was held at the court house, which was a fitting place for such a solemn occasion. The vigil was held on Tuesday night, September 5th, 1945. It was a time of reflection and mourning for the community.

### THE OPINION OF SOCIETY

Are the American people so physically, socially, mentally, and financially that they require powerful and continuing hypodermic injections of the injection of social security to dull their minds and keep them stupid? The whole economy, the very social life of Americans is being shaken to its foundations. The people are being led to believe that they are being deceived and that they are being deceived. The people are being led to believe that they are being deceived and that they are being deceived. The people are being led to believe that they are being deceived and that they are being deceived.

### CHIEFS WHO REPORT TO THE HOUSE

Members of the House of Representatives are expected to report on the progress of their work during the past session. The House has been busy with a variety of bills and resolutions, and the members are expected to provide a detailed account of their efforts.

## THUNDERHEAD

BY MARY O'HARA  
 Author of "The Thunderhead"

It doesn't read like fiction, does it? But for a story of this kind, it's a masterpiece. Read it and you'll see why it's so popular. It's a story of a boy and his dog, and it's a story that will stay with you for ever.

Look for THUNDERHEAD IN THIS NEWSPAPER

"An our Armed Forces press forward relentlessly in the Pacific, the enemy becomes more desperate than ever for information about our war plans. Duty falls on each of us to resist all temptations to tell the world how much we know about the war. Let us have no black market in information so dangerous to American life."

Wm. H. Williams
