Behind Your Bonds
Use the Might of America

And don't forget the farmer!

In paying tribute to the heroes of this war, remember the farmer. Short of help, short of tools, short of everything except courage and determination, the American farmer has accomplished production miracles. The war is over, but although fighting has stopped, the shortage of pulpwood continues and vast quantities will be needed to overcome the deficit and meet increased civilian needs. The demands of peace, no less than the demands of war, will find the loyal, hard-working American farmer meeting every challenge as he always has. Give him the honor that is his due!
