...the sky was a deep, dark blue, and the stars were beginning to appear. The Thunderhead was still there, its great wings spread wide, its body gleaming in the moonlight. It was a sight to behold, a sight that would stay in the minds of all who saw it.

...the Thunderhead was a creature of mystery and power. It was a creature that had lived for centuries, a creature that had seen the rise and fall of many empires. It was a creature that had a will of its own, a will that was as strong as any mortal's.
